that there is, therefore, double the factor of safety, as compared with the usual push-button elevator installation; that this building is a cooperatively owned building with responsible supervision and constant maintenance; that there is a resident superintendent in the basement; that the buildings are not open to the general public; dumbwaiters, however, are accessible to the public for deliveries independently of any entrance arrangements; that as regards the requirement for a toe-guard on the cab, it is felt that this is not necessary because of limited use (eight families at most) and the regular inspection and maintenance contract which insures proper operation of the elevator; that as regards the removal of the lock on the basement door, it should be noted that only the tenants and superintendent now have access to this door so that it is not open to the general public; that removal of this lock would facilitate entry by unauthorized persons and create a grave risk of vandalism and burglary since the elevators open directly into apartments and not into a public hall; that the present installation is as safe as any which would result from the relocation of the doors; that because of the limited use (8 families) it is substantially safer than the usual installation acceptable under the building requirements and does not warrant the cost and hardship which would ensue from such changes; and

WHEREAS, in the opinion of the Board the condition as previously approved cannot be practically altered to comply in view of there being two sets of sliding doors from each car opening on each floor to separate apartments.

Resolved, that the decision of the Borough Superintendent, acting on Elev. Applic. No. 85/53, Objection 1, be and it hereby is *modified* and that the appeal be and it hereby is *granted* to permit the continuance of the existing conditions as to elevators, as indicated on plans filed with this appeal marked "Received February 10, 1954" (2 sheets), and to permit the continuance of conditions as approved by the Department of Housing and Buildings at the time of erection of the building, *on condition* that a toe-guard shall be installed in the car platform if the Borough Superintendent requires it and if it is feasible to attach it; that the lock on the basement doors, required to be removed under violation issued, may be continued; that in all other respects the elevators and enclosures shall comply with all laws, rules and regulations applicable thereto.

608-53-A

APPLICANT—The Queensboro Corp., for 169—23rd street, J. H. Inc., owner.

SUBJECT—Application July 30, 1953—Appeal from a decision of the borough superintendent.

PREMISES AFFECTED—34-36 80th street, west side, 255 ft. north of 35th avenue (Block 1266, Lot 22), Jackson Heights, Borough of Queens.

APPEARANCES—

For Applicant: A. O. Dahl and Alfred H. Lindberg.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, the decision of the borough superintendent, dated July 2, 1953, acting on Elev. App. 86/53, reads:

"1. Above application cannot be accepted as it is contrary to Local Law 73 of 1950."

and

WHEREAS, this building is one of a group of similar buildings, 4 and 5 stories in height, 65 ft. by 66 ft. in area, and 74 ft. by 66 in area erected in 1922 as Class A multiple dwellings of class 3 construction, for which certificates of occupancy have been issued permitting their use as tenements; and

MINUTES

WHEREAS, each of these buildings has been the subject of a violation issued by the Borough Superintendent requiring:

1. The installation of new approved hoistway doors or the relocation of the existing doors to within $1\frac{1}{2}$ in. for swing doors and $2\frac{1}{4}$ in. for slide doors to comply with Local Law 73 (Sec. C26-898.0 of the Administrative Code).

2. The distance from the hoistway door to car door shall not exceed $5\frac{1}{2}$ in.

3. The basement hoistway door house type lock shall be removed or made inoperative.

and

WHEREAS, the applicant contends that if the apartment entrance doors are relocated to within $1\frac{1}{2}$ in. of hatchway edge, the space between the apartment door and the elevator door will be greater than now exists between the safety pans on the apartment doors and the elevator doors, because the face of the safety pan is flush with the hatchway, whereas the relocated door without the pan would be at least $1\frac{1}{2}$ in. further away from the elevator door; that these safety pans are sturdily constructed, well installed, and the size of the pan and the weight of metal are such as to make them extremely rigid; that the pan has a slope of 60 deg. at top which makes it virtually impossible for anyone to stand on it; that the knob of the apartment entrance door is so located as not to be accessible should anyone try to stand on the safety pan by hanging on to the knob; that these elevators are under complete maintenance contract with a reputable concern and have been so maintained since the initial installation so that they have had constant responsible and technical supervision of their safety and operating conditions; that this installation is unusual in that the elevator cab serves two apartments at each floor by means of sliding doors on the cab, consequently, there are inter-locks on the cab doors and two apartment entrance doors on each floor and the car will not move unless all four contacts are made; that there is, therefore, double the factor of safety, as compared with the usual push-button elevator installation; that this building is a cooperatively owned building with responsible supervision and constant maintenance; that there is a resident superintendent in the basement; that the buildings are not open to the general public; dumbwaiters, however, are accessible to the public for deliveries independently of any entrance arrangements; that as regards the requirement for a toe-guard on the cab, it is felt that this is not necessary because of limited use (eight families at most) and the regular inspection and maintenance contract which insures proper operation of the elevator; that as regards the removal of the lock on the basement door, it should be noted that only the tenants and superintendent now have access to this door so that it is not open to the general public; that removal of this lock would facilitate entry by unauthorized persons and create a grave risk of vandalism and burglary since the elevators open directly into apartments and not into a public hall; that the present installation is as safe as any which would result from the relocation of the doors; that because of the limited use (8 families) it is substantially safer than the usual installation acceptable under the building requirements and does not warrant the cost and hardship which would ensue from such changes; and

WHEREAS, in the opinion of the Board the condition as previously approved cannot be practically altered to comply in view of there being two sets of sliding doors from each car opening on each floor to separate apartments.

Resolved, that the decision of the Borough Superintendent, acting on Elev. Applic. No. 86/53, Objection 1, be and it hereby is *modified* and that the appeal be and it hereby is *granted* to permit the continuance of the existing conditions as to elevators, as indicated on plans filed with this appeal marked "Received February 10, 1954" (2 sheets), and to permit the continuance of conditions as approved by the Department of Housing and Buildings at the time of erection of the building, *on condition* that a toe-guard shall be installed in the car platform if the Borough Superintendent

requires it and if it is feasible to attach it; that the lock on the basement doors, required to be removed under violation issued, may be continued; that in all other respects the elevators and enclosures shall comply with all laws, rules and regulations applicable thereto.

654-53-A

APPLICANT—Samuel Carr, for Coopersmith Brothers, owner.

SUBJECT—Application September 17, 1953—Appeal from a decision of the borough superintendent.

PREMISES AFFECTED—43-09 47th avenue, north side, from 43rd to 44th streets (Block 168, Lot 1), Sunnyside, Borough of Queens.

APPEARANCES—

For Applicant: Samuel Carr.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Klei-
ert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated August 20, 1953 on Elev. Applic. No. 138/53, reads:

"1. Above application cannot be approved as it is contrary to Local Law 73, 1950 and Elevator violation 204/1951."

and

WHEREAS, violation No. 204/51 issued January 12, 1951 by the Borough Superintendent, was for violation of section C26-848.0 of the Administrative Code, applying to passenger elevators No. 63 and No. 72 and required the installation of new approved hoistway doors or the relocation of the existing doors to within 1½ in. for swing doors and 2¼ in. for slide doors to comply with Local Law No. 73-C26-898.0 of the Administrative Code; and

WHEREAS, the applicant states the building is six stories, 60 ft. in height, 190 ft. by 87 and 90 ft. in area, of class 3 construction, erected 1928, located on a lot 190 ft. front by 100 ft. in depth, in a business use, B area, class 1½ height district, and used and occupied since 1928 as a class A multiple dwelling; that the building has four interior 34 in. wide fireproof stairs and ten fire escapes; and

WHEREAS, Certificate of Occupancy #37916 was issued September 24, 1928 upon completion of work under N.B. Applic. 3727/28 permitting the use of the building as a tenement throughout; and

WHEREAS, the applicant states that the building has two elevator shafts, each having 7 openings, one opening on each shaft on each of the cellar and 1st to 6th floors; that all of the hoistway doors swing out; that all of the elevator doors are sliding, mechanically operated with electric contacts; and

WHEREAS, the applicant contends that to comply with section C26-898.0 of the Administrative Code for swing doors would result in the condition shown on section b-b of plans filed with this appeal as against the existing condition as shown on section a-a of plans filed with this appeal; that if these hoistway doors are relocated to within 1½ in. of the hoistway face or edge, then the space between the inside face of the relocated door and the outside face of the elevator slide door, when in closed position, would be greater than now exists between the safety pans on the hoistway doors and the elevator doors; and

WHEREAS, the applicant contends that the safety pans are solidly constructed and are a permanent extension of the doors themselves, rigidly attached thereto; that the slope of the pan prevents anyone using it for a resting place under any circumstances; and

WHEREAS, the applicant contends that as the superintendent of the building resides on the premises there is complete maintenance and in addition there is a maintenance contract covering the safety and operating conditions of these

elevators, and the maintenance of the safety pans in good condition; and

WHEREAS, the applicant contends that the owner is operating in compliance with section C26-844, paragraph 3 of the Administrative Code, which states that equipment legally installed prior to January 1, 1938 may be used without being reconstructed; and

WHEREAS, the applicant contends that to be required to conform with Local Law No. 73 would result in an expenditure of approximately \$4,000, as a result of which no greater safety would result and the large expenditure of money involved would constitute an unnecessary hardship.

Resolved, that the decision of the Borough Superintendent, acting on Elev. Applic. 138/53, Obj. 1, be and it hereby is modified and that the appeal be and it hereby is granted on condition that the hoistway doors shall be maintained as indicated on plan filed with this appeal marked "Received September 17, 1953" (6 sheets), and detail drawing marked "Received September 18, 1953" (1 sheet), showing under Section AA, the existing conditions and under Section B, showing the conditions that would exist in complying with the requirements of the law; that in all other respects the elevator shafts and doors throughout shall comply with all laws, rules and regulations applicable thereto.

3-54-A

APPLICANT—A. H. Salkowitz, for Kingston Development Corp., owner.

SUBJECT—Application January 6, 1954—Appeal from a decision of the borough superintendent, filed pursuant to sec. 310 of the Multiple Dwelling Law for variation of section 4, subdivision 33 re height and bulk of Multiple Dwelling.

PREMISES AFFECTED—87-50 Kingston place, south side, 239.20 ft. northwest of Hillside avenue (Block 9844, Lot 110), Jamaica, Borough of Queens.

APPEARANCES—

For Applicant: A. H. Salkowitz and Carl Heinberger.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Klei-
ert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated December 30, 1953, as to N.B. Applic. 2642/53, reads:

"5M. Election of grade elevation 106.46 within the property for the purpose of measuring the height of the proposed building is contrary to Sec. 4, Subd. 33 Multiple Dwelling Law in that proposed building, exclusive of space used only for storage of passenger motor vehicles, occupies an area in excess of 35% of the area of the plot."

and

WHEREAS, the applicant states that the premises consist of a plot 158.19 ft. by 122.94 and 173.18 ft. in depth, located in a business and residence use, C and E area, class 1 and 1½ height districts, upon which it is proposed to erect a 6-story, Class 3 constructed, Class A multiple dwelling, 65 ft. in height, 115 ft. front by 131 ft. 8 in. in depth, to be used and occupied as follows: sub-subcellar, subcellar, boiler room, storage garage and utilities; cellar, 11 apartments; 1st to 6th floors, 11 apartments each; that the building will be provided with one 4 ft. 6 in. wide interior metal stairs enclosed in solid masonry equipped with fireproof self-closing doors and extending to roof bulkhead and six fire escapes extending to roof by ladder and to street and yard by ladder; and

WHEREAS, the applicant states that it is proposed to erect a multiple dwelling, facing Kingston place, for a width of 158.19 ft. and running through to Hillside avenue along the

MINUTES

rear of the plot and having a frontage of 150 ft. thereon; and

WHEREAS, the applicant contends that the site is marked by a steep incline from Hillside avenue to Kingston place; that the legal curb elevation at the extremes of the plot are 79.02 ft. and 77.08 ft. along Hillside avenue and 98.86 and 108.07 ft. along Kingston place; that the difference of elevations between these two streets varies from 19.84 ft. to 30.99 ft.; and

WHEREAS, the applicant contends that Sec. 4, Subd. 33 of the Multiple Dwelling Law provides that the curb level for the purpose of measuring height of any portion of a building is the level of the curb at the center of the front of the building except that where a building faces on more than one street the curb level is the average of the levels of the curbs at the center of each front; that the average of all of these curbs would bring the average curb elevation to 90.76; that Sec. 4, Subd. 31.b, provides that the front of the lot is that boundary line which abuts on the street or if there be more than one street abutting on the street designated by the owner; that due to the character of Hillside avenue the only entrances to the proposed multiple dwelling were selected from Kingston place including one garage exit and entrance and only garage access door was provided along Hillside avenue; that if the average curb elevation of 90.76 ft. had been elected the lobby would be on the 2nd floor of the building and the two lower floors would be unsuitable for apartments as the only light and ventilation obtainable would be directly off Hillside avenue, rendering these few apartments undesirable and creating a large interior dead space against the incline below Kingston place; that if such a building had to be erected on this site the site would be unsuitable for a multiple dwelling; and

WHEREAS, the applicant states that plans filed with this application show that it is proposed to elect a curb elevation of 106.46 ft. within the site which is the average curb elevation of Kingston place, in addition to a three ft. terrace in front of the building as outlined in Sec. 4, Subd. 33, 2nd paragraph of the Multiple Dwelling Law; that the subcellar and sub-subcellar floors will be used for parking of tenants cars, boiler room, storage, laundry, etc.; that the upper floors, including the cellar, are setback from Hillside avenue and separated therefrom by a 10 ft. terrace at a much higher elevation; that it is proposed to construct all cellar floors to the underside of the 1st floor in Class 1 construction and to provide an approved sprinkler system for all parking spaces; that the upper six stories will be constructed of Class 3 construction; that the apartment floor levels and garage and boiler room levels will be further separated by a horizontal concrete slab constructed as a horizontal offset of a fire wall; that the property to the east is developed with a one story taxpayer at the level of the subcellar of the proposed building in question so that all apartments in the building in question will have light and ventilation equivalent to a corner lot; and

WHEREAS, the applicant contends that if 5 ft. were deducted from the plot along the Hillside avenue frontage an interior lot would be created fronting on Kingston place only and the curb level now elected would be legal and the structure could be built directly to the side lot lines instead of maintaining 20 ft. side yards as required for lots running through from street to street; that the structure as proposed provides for better light and ventilation than required by the Zoning Law or the Multiple Dwelling Law; that there is no attempt to circumvent the requirements of the Multiple Dwelling Law as to sub curb apartments since these would be permissible were this an interior lot coming under the provisions of Section 34, Subdivision 1f(2); and

WHEREAS, the applicant contends that if the plot were subdivided into two parts, one each along the two street, and the building designed so as to elect two average curbs as permitted by General Resolution adopted by the Board the lower floor levels along Hillside avenue would be of no practical use; that the portion of the building contingent with the higher curb elevation would be mostly in a E area district and could therefore not exceed more than 30%

of the area of that portion of the plot as compared to 60% allowed in the C area district portion of the plot; that only one-third of the area of the building could therefore be erected contingent with the higher elevation; and

WHEREAS, the applicant states that it is therefore requested that the Board pursuant to the authority vested in it by Section 310 of the Multiple Dwelling Law permit the acceptance of conditions as proposed to permit the bulk and shape of the building as proposed due to the topography of the land, the nature of the site in relation to surrounding commercial and residential uses as serious hardship would be imposed on the owners if such structure had to be erected in accordance with the strict letter of the law.

Resolved, that the decision of the Borough Superintendent, acting on N. B. Applic. 2642/53, Obj. 5M, be and it hereby is *modified* and that the appeal be and it hereby is *granted* under the powers vested in the Board under Section 310 of the Multiple Dwelling Law, and to make a variance of Section 4, Subdivision 33, of the Multiple Dwelling Law, to permit the coverage in excess of 35% of the area of the plot and at the grade as proposed and as indicated on plans filed with this appeal marked "Received January 6, 1954" (11 sheets), and "January 29, 1954" (1 sheet), *on condition* that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; that the fireproof floor construction shall be constructed at the level shown as the cellar level and also as the first floor level.

22-54-A

APPLICANT—Stanley H. Klein, for Samuel Palley, owner.

SUBJECT—Application January 19, 1954—Appeal from a decision of the borough superintendent.

PREMISES AFFECTED—82-26 190th street, west side, 181.5 ft. north of Radnor road (Block 7278, Lot 15), Jamaica, Borough of Queens.

APPEARANCES—

For Applicant: Joseph C. Kiepler and Samuel Palley.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated January 7, 1954, acting on N. B. Applic. 4/54, reads:

"1. Maximum of eight livable rooms permitted in a frame residence. 4.1.3.

2. Maximum area of frame bldg. restricted to 2500 sq. ft. C26-254.0 (table)."

and

WHEREAS, the applicant states that the plot is 98.5 ft. front by 100 ft. in depth, located in a residence use, G-1 area, class 1 height district, upon which it is proposed to erect a one and a half story frame dwelling, 24 ft. in height, 76:67 ft. by 43.83 ft., irregular in depth, for use as a one family dwelling, and three car accessory garage; and

WHEREAS, the applicant states that the proposed building will be irregular in shape and have a gross building area of 2868 sq. ft. and will be of brick and stone veneer construction, with some wood siding; that the roof will be surfaced with 250 lb. asphalt shingles or with slate; that the building will be so situated on the lot as to provide a minimum of 10 ft. side yards in lieu of 5 ft. side yard required in a G-1 area; that the building will not exceed 30% of the lot area in lieu of the 45% coverage permitted; that the building will be provided with a 20 ft. 6 in. setback and a rear yard of 26 ft. 8 in.; and

WHEREAS, the applicant contends that the owner has a large family consisting of four adults and four children;

MINUTES

that the total number of rooms proposed is ten, although the kitchen and laundry could be construed as a non-habitable room; that two of the bedrooms will be in the roof area over the bedroom wing and there is no provision for future expansion within the roof area over the balance of the house; that the cellar will provide for a 3 car garage, properly enclosed and fire retarded; that the balance of the cellar will be open area for a heating system, storage and recreation room; that it is therefore requested that a modification of the decision of the Borough Superintendent, items 1 and 2, be granted so as to permit the construction of the building as herein proposed.

Resolved, that the decision of the Borough Superintendent, acting on N. B. Applic. 4/54, Obj. 1 and 2, be and it hereby is *modified* and that the appeal be and it hereby is *granted* to permit the erection and use of the building as proposed with the number of living rooms as proposed and of the area as proposed, as shown on plans filed with this appeal marked "Received January 19, 1954," 6 sheets, *on condition* that in all other respects the building and occupancy shall comply with the requirements of the Zoning Resolution for a similar building in a residence G-1 area district and with the requirements of the Building Code, and all other laws and rules applicable thereto; that the building at no time shall be occupied for more than one family and shall not be increased in height or area.

27-52-BZ

APPLICANT—Morris Hannes, for Wilda Service Corp., owner.

SUBJECT—Application for consideration—reopening and extension of term of variance—re Application (decision of the borough superintendent) previously granted on condition, under section 7h of the zoning resolution, permitting in a residence use district, the parking and storage of motor vehicles for a term of years.

MINUTES

PREMISES AFFECTED—2957-2961 West 30th street, east side, 330 ft. north of Surf avenue (Block 7051, Lot 68), Borough of Brooklyn.

APPEARANCES—

For Applicant: Morris Hannes.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF THE BOARD—Application reopened; term of variance and time to complete work extended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Klei-
ert and Keating and Deputy Chief Connors..... 4

Negative 0

THE RESOLUTION—

WHEREAS, this application was granted by the Board on May 20, 1952, on certain conditions; and

WHEREAS, the applicant requested an extension of the term of variance and time to complete the work.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on May 20, 1952, only so far as it has reference to the term of the variance, so that as *amended* this portion of the resolution shall read:

"* * * granted under Section 7, Subdivision h for a term of two (2) years, from the date of this *amended* resolution, to permit * * * that other than as herein *amended* the resolution adopted on May 20, 1952, shall be complied with in all respects; and that a new certificate of occupancy shall be obtained; and that all permits required shall be obtained and all work completed within six (6) months from the date of this *amended* resolution." (Alt. App. 3576/51)

846-52-BZ

APPLICANT—Paul Friedman, for Sutway Realty Corp., owner.

SUBJECT—Application for consideration—reopening and extension of time to complete—re Application (decision of the borough superintendent) previously granted on condition, under section 9A of the zoning resolution, permitting partly in a residence use, E area and class one half times height district, and partly in a business use, D area and class one times height district, the erection and maintenance of a three unit six story apartment building with accessory garages more than the permitted height within two miles of an airport.

PREMISES AFFECTED—125-02; 125-06; 125-20; 125-24; 125-36 and 125-40 Sutphin boulevard, west side, 245.36 ft. south of 123rd avenue through to Rockaway boulevard (Block 12051, Lot 1), South Ozone Park, Borough of Queens.

APPEARANCES—

For Applicant: Arthur Levine.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF THE BOARD—Application reopened and time to complete work extended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Klein-
ert and Keating and Deputy Chief Connors..... 4

Negative 0

THE RESOLUTION—

WHEREAS, this application was granted by the Board on February 25, 1953, on certain conditions; and

WHEREAS, the resolution was amended on December 22, 1953; and

WHEREAS, the applicant requested an extension of time to obtain permits and complete the work.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on February 25, 1953, as thereafter *amended* by resolution adopted December 22, 1953, only so far as it has reference to the time within which to obtain permits and complete the work, so that as *amended* this portion of the resolution shall read:

"that in view of the statement by the applicant that no work has been done, that all permits required shall be

obtained and all work completed within the requirements of Section 22A of the Zoning Resolution from the date of this *amended* resolution." (NB 5485/52)

227-53-BZ

APPLICANT—Herman Kron, for Banner Service Station, Inc., owner.

SUBJECT—Application for consideration—reopening and amendment of resolution—re Application (decision of the borough superintendent) previously granted on condition, under section 7c of the zoning resolution, permitting in a business and unrestricted use district, the reconstruction and extension of existing gasoline service station, lubricatorium, auto laundry, motor vehicle repair shop and office.

PREMISES AFFECTED—2501 Bruckner boulevard, northwest corner of former Brush avenue (Block 5293, Lot 175), Borough of The Bronx.

APPEARANCES—

For Applicant: Herman Kron.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application reopened, resolution amended and working drawings approved.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Klein-
ert and Keating and Deputy Chief Connors..... 4

Negative 0

THE RESOLUTION—

WHEREAS, this application was granted by the Board on July 7, 1953, on certain conditions; and

WHEREAS, the resolution was amended and working drawings, submitted as being in substantial compliance with the Board's requirements, were approved on July 28, 1953; and

WHEREAS, the applicant requested an amendment of the resolution and submitted revised working drawings, for approval by the Board, as being in substantial compliance with the requirements of the resolution.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on July 28, 1953 and *approve* amended working drawings marked "Received February 10, 1954" (4 sheets) *on condition* that all work shall be carried out in accordance with such working drawings and the requirements of the resolution adopted by the Board on July 28, 1953, where not inconsistent with such revised drawings; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the zoning resolution. (Alt. 68/53)

532-24-BZ

APPLICANT—John O'Brien, owner.

SUBJECT—Application for consideration—reopening and extension of term of variance—re Application (decision of the borough superintendent) previously granted on condition under section 7e for a term of two years, permitting in a residence use district, the maintenance of a garage for the storage of five pleasure motor vehicles, four spaces rented to persons not residing on the premises.

PREMISES AFFECTED—1075 Summit avenue, west side, 168.38 ft. north of West 165th street (Block 2526, Lot 52), Borough of The Bronx.

APPEARANCES—

For Applicant: John E. O'Brien.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application reopened and set for hearing March 30, 1954, at 10 A. M., subject to the regular procedure, waiving all requirements except two publications in the Bulletin and new decision of the Borough Superintendent.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Klein-
ert and Keating and Deputy Chief Connors 4

Negative 0

RULES

RULES FOR THE TESTING AND USE OF BLENDED CEMENTS

ADOPTED BY THE BOARD OF STANDARDS AND APPEALS, AUGUST 2, 1940. EFFECTIVE, IN ACCORDANCE WITH SECTION 665, SUBDIVISION C, OF THE NEW YORK CITY CHARTER, AUGUST 26, 1940.

(584-39-SR)

Authority:

Pursuant to the Authority vested in the Board of Standards and Appeals by Section 666, paragraph 2, Charter of the City of New York, and C26-189.0, Administrative Building Code (2.2.1.1), and C26-312.0, paragraph c, subdivision 2, Administrative Building Code (7.1.1.7.3) reading: "Nothing herein contained shall be construed to prohibit the use of cements of other types which are approved by the board and are used in accordance with rules of the board governing their use."

1.0 Scope.

1.1 The intent of these rules is to provide a basis for the use of blended cements other than Portland Cement. Subject to the restrictions in the approval of the Board as to each brand, such blended cements may be used as substitutes for Portland Cement on an equivalent weight basis where Portland Cement is permitted.

2.0 Blended Cements.

2.1 Blended cements shall include an intimately interground mixture of approved Portland Cement with natural or artificial products composed of silica and alumina, which shall be mixed with Portland Cement in limited proportions, (except as may be otherwise provided for in the Administrative Code) and which will react in the presence of water to form a hydraulic cement.

2.2 Admixtures to Portland Cement shall have a previous record of satisfactory experience.

2.3 These rules shall not be applicable to harmless materials used as coloring, waterproofing, plasticizing, and freezing preventatives when used as admixtures to Portland Cement in quantities not in excess of 1%.

3.0 Manufacture and quality of Blended Cements.

3.1 A flow sheet in duplicate showing the process of manufacture and blending shall be filed with the Board as part of any application for approval which shall include the origin and the amount of materials used and proof as to quality and uniformity.

4.0 Available supply of raw materials.

4.1 Evidence shall be filed with the Board showing the potential supply of raw material available to the manufacture.

5.0 Fineness.

5.1 The specific surface shall be not less than 1800 sq. cm. per gram, as determined by methods of test described in A.S.T.M. specifications C115-38T.

5.2 The residue shall not exceed 15% by weight on a No. 325 standard sieve.

6.0 Soundness.

6.1 A pat of neat cement of normal consistency shall be subjected to tests for soundness by the methods outlined in A.S.T.M. specifications C77-36, and when

so tested it shall show no signs of distortion, cracking, checking or disintegration when subjected to the steam test, nor shall the expansion of the pat be greater than 5mm, when molded in Le Chatelier tongs and stored in a standard moist closet for 24 hours.

6.2 In addition to these requirements, the expansion of three 1" x 1" x 10" bars of neat cement of normal consistency when subjected to the Autoclave test, A.S.T.M. tentative method, shall not have an expansion in excess of 0.75%.

7.0 Time of set.

7.1 Time of setting shall be determined by test described in A.S.T.M. Specification C77-36, and the mortar so tested shall not develop initial set in less than one hour and final set in more than 10 hours, as tested with Vicat or Gillmore needle.

8.0 Compressive strength for normal blended cements.

8.1 The average compressive strength of five 2-inch mortar cubes composed of one part of blended cement and 2.75 parts graded Ottawa sand by weight shall be not less than the following:

Age at Test	Storage of Cubes	*Compressive Strength
7 days	1 day in moist air, 6 days in water	2200 lbs. sq. in.
28 days	1 day in moist air, 27 days in water	3500 lbs. sq. in.

*When tested in accordance with Fed. Spec. SS-C-158.

8.2 Tensile Strength.

The average tensile strength in lbs. sq. in. of not less than 5 mortar briquets composed of one part cement and 3 parts of Ottawa sand, by weight, shall be equal to or greater than the following:

Age at Test	Storage of Briquets	Tensile Strength Lbs. Sq. In.
3 days	1 day in moist air, 2 days in water	175
7 days	1 day in moist air, 6 days in water	275
28 days	1 day in moist air, 27 days in water	350

The average tensile strength of the mortar at 7 and 28 days shall be higher than that at 3 and 7 days, respectively.

9.0 Blended cements having other properties.

9.1 When approval of the board is requested for the use of Blended Cements having high early strength, sulfate resistance or low heat of hydration, application shall be made to the board for additional tests to develop these properties.

RULES

RULES RELATING TO SMOKING IN PROTECTED PORTIONS OF FACTORIES, AND IN SPECIAL CLASSES OF OCCUPANCIES.

Adopted by the Board of Standards and Appeals August 13, 1918, effective September 9, 1918, under the powers conferred upon the Board by Section 718-a, Subsections 2 and 3 (Old Charter) to supplement Section 283 of the Labor Law (Old Section 83c).

[Cal. 1262-18-SR]

Labor Law

Section 283. Smoking.

1. No person shall smoke in a factory. A notice of such prohibition stating the penalty for violation thereof shall be kept posted in every entrance hall, elevator, stair hall and room of a factory in English, and in such other languages as the fire commissioner of the city of New York in such city and elsewhere the commissioner shall direct.

2. The board in its rules may permit smoking in protected portions of a factory, or in such classes of occupancies where in its opinion the safety of the employees will not be endangered thereby. The fire commissioner of the city of New York in such city and elsewhere the commissioner may issue such permits in accordance with rules adopted by the board.

3. The fire commissioner of the city of New York in such city and elsewhere the commissioner shall enforce this section.

Rule 1. Permit.

(a) **Prohibition.** No person shall smoke, or carry a lighted cigar or cigarette in any factory as defined in Article 1, Section 2, of the State Labor Law, nor in any portion of a factory, within the City of New York, except in such protected portions or special classes of occupancies as are specified in Rule 2 of these rules, and then only after the issuance of a permit by the administrative official.

It shall be the joint and several duty of the owner and of the lessee or lessees of the building containing such factory or factories to cause to be posted in each and every entrance hall, stair hall or room throughout the building, as well as in every elevator-car, in English, and also in such other language or languages—as the administrative official shall direct, a notice of such prohibition, and the penalty for its violation.

(b) **Application.** Application for such permit shall be made only by the owner of the building on suitable blank forms to be furnished by the administrative official.

(c) **Time Limit.** Such permit shall be for a definite period, not exceeding one year, and shall not be renewed upon the expiration until a reinspection of the premises for which it is issued has been made for the purpose of determining whether existing conditions warrant a renewal.

(d) **Conditions.** The permit shall state the conditions under which the hours between which, and the place or places in such factory where smoking may be permitted, and this permit shall be framed and kept posted in a conspicuous place in the factory.

(e) **Revocation.** Violation of any of the conditions specified in the permit in addition to incurring such penalties as are prescribed by law, shall be full and sufficient cause for the revocation of such permit by the administrative official, and shall not again issue a permit for the same premises until at least one year has elapsed.

Rule 2. Permissible Cases.

Smoking may be permitted in:

(a) Factories engaged in the manufacture of cigars, cigarettes, or smoking tobacco, when necessary for the efficient conduct of the business, provided that:

(1) No smoking other than that for sampling, testing and experimental purposes is carried on.

(2) Such smoking is conducted in a room provided especially for that purpose, separated from the rest of the building by fireproof or fire-resisting partitions, with all openings therein protected by selfclosing fire doors, and further, unless the building is of fireproof construction or provided with an approved automatic sprinkler system, the floor and ceiling of such room shall be covered with fire retarding material.

(3) Such chemical fire extinguishers as the administrative official may direct are installed.

(4) All waste paper and other inflammable waste materials are deposited in fireproof receptacles.

(b) Factories devoted entirely to one of the following occupancies:

Blacksmithing or horseshoeing;
Boiler making;
Brick, terra cotta or artificial stone works;
Forge shops;
Foundries;
Iron, steel, brass or copper works;
Machine shops;
Smelting;
Stone or monumental works;

provided that in any case:

(1) The building is not of wooden construction;

(2) Such chemical fire extinguishers as the administrative official may direct are installed;

(3) All waste paper and other inflammable waste materials are deposited in fireproof receptacles.

PETITION FOR CERTIORARI ORDER SERVED ON THE BOARD OF STANDARDS AND APPEALS

On February 15, 1954, Copy of Petition and Order of Certiorari and
an Order to Show Cause for a Stay were served on the Board by
Fulton, Walter & Halley, attorneys for the Astor Village Taxpayers,
Inc., Charlottee Lasko and others, seeking a review of the Board's
denial of their appeal on January 29, 1954, to revoke Permit issued
by the Borough Superintendent on N.B. Application 1103-53; Cal. No.
823-53-A; premises Northwest Corner of Pelham Parkway North and
Hering Avenue, Borough of The Bronx.

PUBLIC HEARINGS

Tuesdays at 10 a. m. to 2 p. m.

Special meetings as published in this Bulletin.

All hearings are held in Room 1013, Municipal Building,
Borough of Manhattan.

NOTICE TO APPELLANTS AND APPLICANTS

No appeal or application will be entertained in connection
with which court proceedings are pending or in progress,
unless exception is granted by the chairman, nor accepted
which is not filed within thirty days from the date of the
action of the Administrative Official.

Any communication purporting to be an appeal or appli-
cation shall be regarded as a mere notice of intention to seek
relief until it is filed on the form required by the rules of
this board.

Upon receipt of any such communication the writer will
be supplied with the official forms for presenting his appeal
or application.

At the time of filing an appeal or application, the appel-
lant or applicant shall forward a signed notice of appeal
addressed to the administrative official either borough super-
intendent of buildings or fire commissioner and file with
this board a duplicate of said notice.

Appellant and applicants are advised that their plans must
indicate the points of the compass so as to establish the true
location and position of the property, the subject of the
appeal or application.

Appeals and applications will be simplified and disposition
of same expedited by conforming to these directions.

APPLICANT—Paul Friedman, for Duleff Realty Co., Inc., owner.

SUBJECT—Application reopened October 20, 1953 (order of the Court) Vol. II (decision of the borough superintendent) under sections 7f and 7e of the zoning resolution, to permit in the business use district portion of a lot located in a residence and business use district, the erection and maintenance of a gasoline service station, lubricatorium, auto washing, storage and sale of accessories and office, for a term of ten years.

PREMISES AFFECTED—32-27 to 32-35 Francis Lewis boulevard and 198-02 to 198-08 32nd road, southeast corner (Block 6025, Lot 1), Bayside, Borough of Queens.

APPEARANCES—

For Applicant: Paul Friedman.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Laid over to March 9, 1954, at 10 A.M. for decision; hearing previously closed.

153-53-BZ

APPLICANT—Siegel and Green, for The 216 East 70th Street Corp., owner (Yorkville Medical Group, lessee).

SUBJECT—Application February 25, 1953—(decision of the borough superintendent) under section 7c of the zoning

MINUTES

resolution, to permit in a residence use district the change in occupancy from two family dwelling to group medical center.

PREMISES AFFECTED—216 East 70th street, south side, 268 ft. east of 3rd avenue (Block 1424, Lot 38), Borough of Manhattan.

APPEARANCES—

For Applicant: Max Siegel.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Laid over to March 16, 1954, at 10 A.M. for applicant to file revised plans; hearing closed.

154-53-A

APPLICANT—Siegel and Green, for The 216 East 70th Street Corp., owner (Yorkville Medical Group, lessee).

SUBJECT—Application February 25, 1953—Appeal from a decision of the borough superintendent.

PREMISES AFFECTED—216 East 70th street, south side, 268 ft. east of 3rd avenue (Block 1424, Lot 38), Borough of Manhattan.

APPEARANCES—

For Applicant: Max Siegel.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Laid over to March 16, 1954, at 10 A. M. in conjunction with Cal. 153-53-BZ for applicant to file revised plans.

329-53-BZ

APPLICANT—Henry Nordheim, for Catherine DeMasi, owner.

SUBJECT—Application April 28, 1953—(decision of the borough superintendent) under sections 7e and 21 of the zoning resolution, to permit in a residence use district the sale and display of used cars on vacant plot.

PREMISES AFFECTED—1915 Bruckner boulevard and 1003 Virginia avenue, northwest corner (Block 3733, Lots 69-72 inclusive), Borough of The Bronx.

APPEARANCES—

For Applicant: H. Nordheim.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Laid over to April 6, 1954, at 10 A. M. for inspection and decision; hearing closed.

454-53-BZ

APPLICANT—Larry Meltzer, for Charles Meineke, owner (Wolf Sportwear Shop, lessee).

SUBJECT—Application June 10, 1953—(decision of the borough superintendent) under section 21 of the zoning resolution, to permit in a residence and business use, D area district, the extension of existing structure on first floor, using more than the area permitted.

PREMISES AFFECTED—1237 Avenue U, north side, 80 ft. west of East 13th street (Block 7317, Lot 44), Borough of Brooklyn.

APPEARANCES—

For Applicant: Larry Meltzer and Abraham Wolf.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Laid over to April 6, 1954, at 10 A. M. for inspection and decision; hearing closed.

642-53-BZ

APPLICANT—Norman Lederer, Leonard Joseph and Victor Civkin, for Congregation Chab Zedek, owner.

SUBJECT—Application September 3, 1953—(decision of the borough superintendent) under section 21 of the zoning resolution, to permit in a residence use, E 1 area district the erection and maintenance of a synagogue and community center, using more than the area permitted.

PREMISES AFFECTED—134-03 Rockaway Beach boulevard, south side, from Beach 134th to Beach 135th streets, 195 Beach 134th street and 196 Beach 135th street (Block 774, Lot 1), Belle Harbor, Borough of Queens.

APPEARANCES—

For Applicant: Norman Lederer, Seymour Frank and Victor Civkin.

For Opposition: Marcy Finke, Charles H. Fier, Louis D. Tanenbaum, George F. Knapp, Louis Oltchick, Irving Lifton, Mary Frem, Walter Reinhardt, Marjorie Bornstein, Henrietta C. Vollman, Stella Strahs, Ann N. Hickey, Charlotte Rosen, William F. Dolen, Louis W. Granirer, Harold Leznos, M. Handel, Harry H. Schoning, Bob Barasch, Clare Shea, Sarah O'Connell, Milton B. Newman and James J. Sexton, Jr.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Laid over to March 23, 1954 at 10 A. M., for inspection and decision.

792-53-BZ

APPLICANT—Henry Nordheim, for 214th Street Realty Corp., owner.

SUBJECT—Application November 4, 1953—(decision of the borough superintendent) under section 7h of the zoning resolution, to permit in a residence use district, the parking and storage of motor vehicles for a term of years.

PREMISES AFFECTED—3371 Elwood place, south side, from East 213th to East 214th streets, 1165 East 213th street and 1174 East 214th street (Block 4708, Lots 9 and 70), Borough of The Bronx.

APPEARANCES—

For Applicant: H. Nordheim.

For Opposition: Robert J. Perillo.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Laid over to April 6, 1954, at 10 A. M. for inspection and decision; hearing closed.

795-53-BZ

APPLICANT—Sidney Daub, for Joseph Rimland, Selig Rimland and Sophie Lenefsky, owners.

SUBJECT—Application November 9, 1953—(decision of the borough superintendent) under section 7e of the zoning resolution, to permit in a residence use district, the change in occupancy from storage to the repairing and storage of oil burners and the storage of ten motor vehicles.

PREMISES AFFECTED—466-468 West 152nd street, south side, 175 ft. east of Amsterdam avenue (Block 2066, Lot 59), Borough of Manhattan.

APPEARANCES—

For Applicant: Sidney Daub.

For Opposition: Alex Gross.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Laid over to April 6, 1954, at 10 A. M. for inspection and decision; hearing closed.

826-53-BZ

APPLICANT—David Postal, for Post Bayside #1, owner.

SUBJECT—Application November 20, 1953—(decision of the borough superintendent) under sections 7e and 7h of the zoning resolution, to permit in a residence use district, the erection and maintenance of a business building (stores), and to permit the off street parking of customer's and employees cars, on unbuilt upon portion of plot at rear; for a term of fifteen years.

MINUTES

PREMISES AFFECTED—260-02 to 260-22 Union turnpike, southeast corner of 260th street (Block 8677, Lot 61), Bellerose, Borough of Queens.

APPEARANCES—

For Applicant: J. V. McKee and David Postal.

For Opposition: Gilbert T. Redleaf, Lou Orenstein, Mauro Calia, Irving Karlif, Frank Di Benedetto, Maureen Boyce, Sidney Schwartz, Armand R. Capuorro Das, Barnett Guthartz, Herman C. Reuben, Andrew J. Gilligan, Lee Auster, Bridget F. Recker, Helen Monforte, Estella Phillips, Hermine Tatzel, R. Mac Farland, Daniel Rothfeld, Juan Rodriguez, Harry Guberman, Morris Rosenstock, Morris Rosen, Lawrence Schwartz, Richard J. Hughes and Julius Kessler and others.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Laid over to April 20, 1954, at 10 A. M. for inspection and decision; hearing closed.

140-44-BZ—Vol. III

APPLICANT—Lama, Proskauer and Prober, for Lillian B. Leavitt, executrix of Estate of Louis Leavitt, owner.

SUBJECT—Application reopened November 24, 1953 as Vol. III—(decision of the borough superintendent) under sections 7e and 7A of the zoning resolution, to permit in the residence use district portion of a plot the erection and maintenance of a building to be used as stores and for loading and to permit the extension of parking in local retail use district for the parking of patrons cars of proposed refreshment stand, with curb cuts nearer the residence use district than is permitted.

PREMISES AFFECTED—223-06 to 223-30 and 224-04 Hempstead avenue, 102-28 to 102-32 225th street, southwest corner of 225th street and 102-01 to 102-09 223rd street (Block 11159, Lot 28), Queens Village, Borough of Queens.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: Edw. Hoffman for Park Dept.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application withdrawn after inspection of premises by committee of Board and full hearing.

Affirmative: Chairman Murdock, Commissioners Klei-
ert and Keating and Deputy Chief Connors 4

Negative 0

718-49-BZ—Vol. II

APPLICANT—David Cybul, for Vincent Mastroianni, owner (Paul Carachiolo, lessee) and owner under contract.

SUBJECT—Application, June 17, 1953, reopened June 30, 1953 as Vol. II—re (decision of the borough superintendent) under section 7e of the zoning resolution, to permit in a business district, the erection and maintenance of an automatic auto laundry (principal business), and office.

PREMISES AFFECTED—2547-2549 86th street, north side, 97.3 ft. west of Stillwell avenue and 2016 Stillwell avenue (Block 6860, part of Lot 32), Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rothkrug and David N. Cybul.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application withdrawn for applicant to submit amended proposal to include additional land.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Klei-
ert and Keating and Deputy Chief Connors 4

Negative 0

478-28-BZ—Vol. III

APPLICANT—Kenneth W. Milnes, for Stapleton Service Laundry, Inc., owner.

SUBJECT—Application April 8, 1953 (decision of the borough superintendent), under section 7c of the zoning resolution, to permit in a residence use district the extension of existing garage for more than five motor vehicles (previously granted by the Board for commercial trucks), by a one story extension.

PREMISES AFFECTED—201 Dubois avenue, east side, 165 ft. south of Forest avenue (Block 352, Lot 21), West Brighton, Borough of Richmond.

APPEARANCES—

For Applicant: Kenneth W. Milnes.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Klei-
ert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. III on May 5, 1953 subject to regular procedure, to consider extension of use; and

WHEREAS, a public hearing was held on this application on March 2, 1954 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a residence use E area, class $\frac{3}{4}$ height district; Dubois avenue is in a residence use, D and E area, class $\frac{3}{4}$ height district; Forest avenue is in a retail use, E area, class $\frac{3}{4}$ height district; and

WHEREAS, the decision of the borough superintendent, dated March 31, 1953 acting on Alt. Applic. 39-53, reads:

"1. Addition to non-conforming use garage, previously granted, by the Board of Standards & Appeals is contrary to Art. II, Sec. 3, Zoning Resolution. (Should be referred to the Board of Standards & Appeals.)"

and

WHEREAS, the applicant states the premises consist of a plot, 100 ft. frontage by 200 ft. in depth, on which is located a one-story garage 50 ft. 6 in. by 70 ft. 5 in., one story, 24 ft. in height, of class 3 construction, used for 17 motor vehicles; that it is proposed to erect an extension 53 ft. 4 in. by 60 ft. to existing garage to be used for an additional 18 motor vehicles; and

WHEREAS, the applicant contends that this building and property was the subject of a request for such a variance in 1928 under Cal. 478-28-BZ, which was to permit the then owners to erect a structure for the storage of contractors' motorized equipment and materials; that this appeal was granted by the Board April 9, 1929; that in 1943 the then owner died and the building and premises were idle and vacant; that the premises deteriorated badly and became an eyesore to the neighborhood; that in 1945, the present owner, whose main plant is about $\frac{1}{2}$ mile away, were in need of a building such as this one in which to store their route trucks at night; that at that time they were, and still are renting various small garages near the laundry from private owners to house their delivery trucks; that it was felt that this building would meet their requirements for some time and considerable money was spent by the laundry company to place the building and premises in first class condition, including a chain link fence, which was of course an improvement for the neighborhood; that the owners would now like permission to extend the building so that all trucks (about 35) may be under the one roof; that this extension will be kept in line with the present building, backing up on the rear line of the lots facing Forest avenue; that under present means of operation there is no loading or transfer of laundry done at the garage building; that there is also no major repairs done to any of the trucks at the garage building, only minor adjustments with hand tools or hand power tools

MINUTES

inside the building; that under the present method of operation and maintenance of the premises, no detriment has been caused to surrounding property owners.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on April 9, 1929, by adding thereto:

"that in the event the new owner desires to occupy the building for a similar use and to extend the building as proposed for such use, as indicated on plans filed with this application, marked 'Received April 8, 1953' (5 sheets), such extension may be permitted under Section 7c, provided that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto and that substantial fences shall be maintained on the lot lines, including the street building line, with exits and entrances as proposed to protect the area as indicated; that where premises are not occupied by existing or proposed buildings the unbuilt upon area shall be leveled and surfaced with clean gravel or steam cinders and treated with a binder and properly rolled; that a sign may be maintained on the fence near the entrance to the parking area, indicating this is restricted to use of motor vehicles owned or operated by the Stapleton Service Laundry, Inc.; that such portable fire fighting appliances shall be maintained as the fire commissioner shall direct; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the zoning resolution from the date of this *amended* resolution."

63-46-BZ

APPLICANT—Henry Nordheim, for William E. Winkle, owner.

SUBJECT—Application reopened February 9, 1954—(decision of the borough superintendent), previously granted on condition, under section 7c of the zoning resolution, permitting in a business use district, the erection and maintenance of a gasoline service station, battery and ignition, repairing, lubratorium, office and auto laundry.

PREMISES AFFECTED—108-05 to 108-15 Rockaway boulevard, north side, 30 ft. east of 108th street (Block 11475, Lot 1), Richmond Hill, Borough of Queens.

APPEARANCES—

For Applicant: H. Nordheim.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Time extended to complete the work.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, on June 18, 1946 this application was granted by the Board on certain conditions, under section 7c of the zoning resolution, to permit in a business use district, the lawfully existing gasoline service station to be reconstructed and rearranged; and

WHEREAS, on June 24, 1947, June 15, 1948, June 21, 1949, June 20, 1950, June 26, 1951 and July 1, 1952 time was extended to complete work; and

WHEREAS, the applicant requested reopening of this application and extension of time to complete the work, which had expired by limitation; and

WHEREAS, this application was reopened on February 9, 1954 and set for hearing on March 2, 1954 at 10 A. M., subject to regular procedure, waiving all requirements except a new decision of the borough superintendent and two publications in the Bulletin, and authorization of owner; and

WHEREAS, a public hearing was held on this application on March 2, 1954 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the borough superintendent, dated February 8, 1954 acting on N.B. Applic. 139-54, reads:

"1. The extension of an existing non-conforming use by the erection of a new building for car washing, greasing and gasoline service station in a business zone is contrary to Art. II Sec. 4 of the Zoning Resolution."

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on June 18, 1946, as thereafter amended by resolutions adopted through July 1, 1952, only as to the time in which to obtain permits and complete the work so that as amended this portion of the resolution shall read:

"that in view of the decision by the Borough Superintendent, dated February 8, 1954, under N.B. Applic. 139/53, all permits required shall be obtained and all work completed within the requirements of Section 22A of the zoning resolution from the date of this *amended* resolution."

725-48-BZ—Vol. II

APPLICANT—Herman Kron, for Benjamin Waldman, owner.

SUBJECT—Application September 24, 1953 as Vol. II—(decision of the borough superintendent) under section 7h of the zoning resolution, to permit in a residence use district, an additional (curb cut) to part of existing parking and storage of motor vehicles, and to permit new owner to continue use of Lot 26 as a parking lot for motor vehicles.

PREMISES AFFECTED—411 West 25th street, north side, 150 ft. west of 9th avenue (Block 723, Lot 26), Borough of Manhattan.

APPEARANCES—

For Applicant: Herman Kron and Benjamin Waldman.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on October 14, 1953 subject to regular procedure, to consider additional curb cuts; and

WHEREAS, a public hearing was held on this application on February 24, 1954 after due notice by publication in the Bulletin; laid over to March 2, 1954, for applicant to file revised plans showing correct existing conditions; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a residence use, B area, class 1½ height district; West 25th street is in residence and retail use, B area, class 1½ height districts; 9th avenue is in a retail use, B area, class 1½ height district; and

WHEREAS, the decision of the borough superintendent, dated October 13, 1953 acting on Alt. Applic. 1254-53, reads:

"1. Although area comprising lots 26, 27 and 28 has been approved for a parking lot by Board of Standards and Appeals resolution 725-48-BZ (Bulletin 39 volume 35), the present plan seeks a curb cut in addition to the one approved and therefore constitutes an extension of a non-conforming use. This plan should be taken back to the Board of Standards and Appeals for its consideration. A parking lot is not permitted in a residence use district as per Article II section 3 of the Zoning Resolution."

and

WHEREAS, the applicant states the premises consist of a plot, 27.6 ft. frontage by 98.9 ft. in depth, presently used for parking and storage in conjunction with lots 27 and 28; that it is proposed to install an additional curb cut on lot

MINUTES

26 and permit continuation of existing parking and storage of motor vehicles; and

WHEREAS, the applicant contends that on September 9, 1950 the Board extended the permit for a term of five years that these premises may be occupied as a parking lot; that on June 11, 1953 the owner purchased lot 26 only, known as 411 West 25th street and is 150 ft. south of 9th avenue, as shown on plans filed with this application; that the drop curb faces the other two lots to the north and an application was filed with the building department for a curb cut permit and the objection issued by that department is the subject of this appeal.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on November 9, 1948, as thereafter amended by resolutions adopted through September 19, 1950, by adding thereto:

"that in the event there is a change of ownership and it is desired to separate lot 26 from the other lots previously permitted to be used for parking, namely 27 and 28, lot 26 may be occupied for such use, as hereinbefore permitted, by the new owner, as proposed and as indicated on plans filed with this application marked 'Received August 25, 1953' (2 sheets), 'January 6, 1954' (1 sheet) and 'February 26, 1954' (1 sheet), *on condition* that there shall be no connection between this lot 26 and the adjoining lots 27 and 28; that there shall be a woven wire fence of the chain link type not less than 5 ft. 6 in. in height erected and maintained along the easterly lot line; that there may be a new curb cut as shown on plan marked 'Received August 25, 1953' showing proposed conditions; that such curb cut shall not exceed 10 feet in width; that all other fences and all conditions of the resolutions above cited shall be maintained, including the time of the term of the variance, as set forth in such resolution adopted February 19, 1950; that during the term of this variance the premises shall be occupied for no other use and no buildings shall be erected thereon, except one building may be erected near the entrance to lot 26 for office and shelter for the attendant and which shall not exceed 100 sq. ft. in area, one story in height and may be of frame; and that such portable firefighting appliances shall be maintained as the fire commissioner shall direct; and that all permits required shall be obtained and all work completed within six (6) months from the date of this *amended* resolution."

303-49-BZ—Vol. II

APPLICANT—Norman Lederer and Leonard Joseph for M. F. & S. Plumbing Supply Co., owner.

SUBJECT—Application June 4, 1953 (decision of the borough superintendent), under sections 7f and 7h of the zoning resolution, to permit in a business use district the extension in use and area of existing gasoline service station and the parking and storage of motor vehicles (previously granted by the Board for a term of fifteen years, expires September 1964), to include auto laundry, lubritorium and office.

PREMISES AFFECTED—251 Beach 73rd street and 73-05 Beach Channel drive, southwest corner (Block 542, Lot 1), Arverne, Borough of Queens.

APPEARANCES—

For Applicant: Norman Lederer.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on June 23, 1953 subject to regular procedure, to consider extension of use; and

WHEREAS, a public hearing was held on this application on January 26, 1954 after due notice by publication in the Bulletin; laid over to March 2, 1954, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a business use, A area, class 1 height district; Beach 73rd street is in residence and business use, A area, class 1 height districts; Beach Channel drive is in a residence, business and unrestricted use, A area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated May 29, 1953 acting on Alt. Applic. 123-53, which gave incorrect lot number and has been superseded by Alt. Applic. 123-53 dated December 8, 1953, reads:

"1. Proposed enlargement of the existing legal gasoline service station, auto laundry, lubritorium and parking and storage of more than 5 motor vehicles is contrary to Art. 2 Sec. 4(46) of Zone Res."

and

WHEREAS, the applicant states the premises consist of a plot, 231.89 ft. and 215.40 ft. frontage by 99.04 ft. in depth, irregular, on which is located a gasoline service station on part of lot near intersection of Beach 73rd street and Beach Channel drive (original lot No. 5); that it is proposed to extend the existing gasoline station, 110 ft. on the Long Island Freeway and 84.40 ft. on Beach Channel drive and to install six additional 550-gallon gasoline tanks and two additional pumps; that it is further proposed to add parking of motor vehicles on the unbuilt upon portion of the plot with one new curb cut on Beach Channel drive (original lots 1 and 5, now called lot 1); and

WHEREAS, the applicant contends that the Shell Oil Co., lessee, operates a gasoline service station, auto laundry, lubritorium and the parking and open air storage of more than 5 motor vehicles operating under a variance granted by the Board on September 13, 1949 under Cal. No. 303-49-BZ; that the lessees have complained to the owner that the present gasoline dispensing facilities are inadequate for the demand and there is not sufficient area on the present plot for the parking of vehicles waiting to be serviced nor for the vehicles whose owners want to park their cars on the property; that to meet the lessee's requirements, the owner has purchased the adjoining plot to the west, which will provide additional parking space and on which the lessee proposes to install two additional gasoline pumps and six underground 550-gallon gasoline tanks; that the additional area will provide a new space of 110 ft. along the Freeway and, together with the original plot on Beach 73rd street, Beach Channel drive and the mapped Beach 74th street, will comprise the small but entire area of block No. 542; that the additional area of the plot will continue to be north of the elevated tracks of the Long Island railroad, known as the Freeway, which separate it from the residence area and will continue to be maintained as neatly as the original plot in accordance with the high standards maintained by the Shell Oil Company; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application to permit extension of area as proposed be granted under certain conditions.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on September 20, 1949, by adding thereto:

"that in the event the owner desires to extend the area of the gasoline service station, as proposed and as indicated on plans filed with this application marked 'Received December 2, 1953' (1 sheet) 'December 23, 1953' (1 sheet) and 'January 4, 1954' (1 sheet), such extension and rearrangement may be permitted, *on condition* that the proposed plan shall be carried out, and to permit under section 7h for a term of five years, the parking and storage of motor vehicles waiting to be serviced or stored for the public as proposed, *on condition* that such portion of the premises shall be properly surfaced; that the fences proposed shall be of the woven wire chain link type with anchored steel posts erected on the lot lines to a height of not less than 5 ft. 6 in. except for

MINUTES

the street building line of Beach Channel Drive where an additional curb cut may be permitted, not exceeding a width of 27 feet as proposed and not nearer than 5 feet to the westerly side lot line as extended; that the additional pumps proposed shall be of the low approved type not nearer than 15 feet to the street building line; that six additional 550 gallon tanks may be installed; that such other changes as proposed in the arrangement of the accessory building may be permitted; and that all permits required may be obtained and all work completed within six (6) months from the date of this amended resolution."

380-49-BZ—Vol. II

APPLICANT—Henry G. Harris, or Georgian Estates, Inc., owner.

SUBJECT—Application September 21, 1953 reopened October 14, 1953—(decision of the borough superintendent) under section 7h of the zoning resolution, to permit in a residence use district, the parking and storage of motor vehicles for a term of years.

PREMISES AFFECTED—108-26 to 106-34 72nd avenue, and 109-102 to 109-10 Queens boulevard, southeast corner (Block 3258, Lots 1 and 4), Forest Hills, Borough of Queens.

APPEARANCES—

For Applicant: Henry G. Harris.

For Opposition: John F. Fitzsimons.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors..... 4

Negative 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on October 14, 1953 subject to regular procedure, to consider new proposal; and

WHEREAS, a public hearing was held on this application on January 19, 1954 after due notice by publication in the Bulletin; laid over to January 26, 1954, at request of objector and for further consideration; then to March 2nd, 1954, for inspection and decision without further argument; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Queens boulevard are in a residence use, D area, class 1 height district; 72nd avenue is in residence and retail use, D area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated August 26, 1953, acting on Alt. Applic. 1908-53, reads:

"1. Use of premises located in a residence use district as a parking lot for more than five motor vehicles is contrary to Art. II, Sec. 3 of the Zoning Resol."

and

WHEREAS, the applicant states that the premises consist of a plot, 105.33 ft. frontage by 107.09 ft. in depth, presently vacant; that it is proposed to permit the parking and storage of motor vehicles for a term of years; and

WHEREAS, the applicant contends that the plot will be graded and a 5 ft. 6 in. high chain link fence will be erected around its perimeter; that the Board is requested to vary the application of the use district regulations and grant its owner a temporary and conditional permit for a stated term of years for the parking of motor vehicles on the vacant land in this residence district without any other non-conforming use and without the servicing of motor vehicles, all as per section 7h of the zoning resolution; and

WHEREAS, the premises and the surrounding area were inspected by a committee of the Board which recommended that the application be granted for a temporary term under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the zoning resolution and that the application be and it hereby is granted under Section 7h for a term of two (2) years, to permit the premises to be occupied for the parking and storage of motor vehicles of the pleasure car type only, on condition that the premises shall be leveled substantially to the grade of the surrounding streets and shall be surfaced with clean gravel or steam cinders, treated with a binder and properly rolled; that there shall be erected on the interior and street building lines a woven wire fence of the chain link type not less than 5 ft. 6 in. in height with no openings therein except one to the service road for exit and entrance, not exceeding ten feet in width with curb cut opposite, 15 feet in width; that proper aisles shall be maintained at all times for easy entrance and exit; that during the term of this variance the premises shall be occupied for no other use and no signs shall be erected thereon except there may be one sign attached to the fence at the entrance, advertising only the parking and storage use, the rates charged and such other information as may be required by the Commissioner of Licenses; that such sign shall not extend beyond the building line, shall not be illuminated and shall not exceed 25 square feet in area; that no building shall be erected except that there may be one located near the entrance and which may be of frame, not over 100 sq. ft. in area and not over one story in height, for use solely as an office and shelter for the attendant; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; and that all permits required shall be obtained and all work completed within six (6) months from the date of this resolution.

878-52-BZ

APPLICANT—George W. Swiller, for Herman W. Judelson, owner.

SUBJECT—Application December 16, 1952—(decision of the borough superintendent) under section 7e of the zoning resolution, to permit in a residence use district, the erection and maintenance of a business building (stores).

PREMISES AFFECTED—1563-1565 Longfellow avenue, west side, 75 ft. south of East 173rd street (Block 3001, Lots 28, 29 and 30), Borough of The Bronx.

APPEARANCES—

For Applicant: Fred C. Dahlem and George Swiller.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative: 0

Negative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on February 2, 1954 after due notice by publication in the Bulletin; laid over to February 24, 1954, for inspection and decision without further argument; hearing closed; then to March 2, 1954, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Longfellow avenue are in a residence use, B area, class 1½ height district; East 173rd street is in residence and unrestricted use, B area, class 1½ height districts; and

WHEREAS, the decision of the borough superintendent, dated December 5, 1952 acting on N. B. Applic. 1392-52, reads:

"1. In a residence district a building designed for stores and storage is contrary to Section 3 of Article II of the Zoning Resolution."

and

MINUTES

WHEREAS, the applicant states that the premises consist of a plot, 75 ft. frontage by 100 ft. in depth, presently vacant; that it is proposed to erect a building 75 ft. front by 65 ft. in depth, one story, 13 ft. in height, of class 3 construction, to be used as stores and storage in the basement; and

WHEREAS, the applicant contends that the physical characteristics of the lots are poor from a building point of view, as the rear portion is composed of hard rock; that these premises are located in a neighborhood in descendance and is in the low rental brackets; that to erect a multiple dwelling or one or two-family dwellings in this type of neighborhood would obviously be a disastrous financial venture; that untiring efforts on the owner's part to sell this plot have met with no success whatsoever; that he has owned this land for a period of more than 10 years and has suffered a great hardship from these lots which lend themselves unfit for residential development; that this parcel has become a garbage dump and is unsightly in appearance and is also adding to the deterioration of the area; that this land can be successfully developed with a one-story taxpayer which will help to alleviate an unsightly scar in the area by eliminating a refuse dump, which may become a health and fire hazard; that the erection of a one-story taxpayer will in no way affect the light and ventilation of the adjoining multiple dwellings but will perpetuate permanently the present light and ventilation of these adjoining premises; that there are no taxpayers in this vicinity and as an aid in facilitating accessible shopping for the families in this neighborhood it would not be objectionable; that as a cure for an area of land that will become dilapidated and add to the decay of the neighborhood, it is requested that the Board grant permission for the erection of a one story taxpayer; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under section 7, subdivision e of the zoning resolution.

Resolved, that the decision of the borough superintendent, acting on N. B. Applic. 1392/52, Objection 1, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

295-53-BZ

APPLICANT—James J. Lyons, Jr., for Emil Guterman, owner.

SUBJECT—Application April 16, 1953 (decision of the borough superintendent), under sections 7f and 21 of the zoning resolution, to permit in a business use district the erection and maintenance of a gasoline service station, lubritorium, car wash (non-automatic) and office.

PREMISES AFFECTED—2630-2634 Bailey avenue, east side, 150 ft. south of West 193rd street (Block 3239, Lots 14, 16 and 17), Borough of The Bronx.

APPEARANCES—

For Applicant: J. J. Lyons, Jr.

For Opposition: Leonard Orrstein, Emily Taylor, Mary Harrington and John J. Harrington.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Klei-

ert and Keating 3

Negative 0

Not Voting: Deputy Chief Connors 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on February 2, 1954 after due notice by publication in the Bulletin; laid over to March 2, 1954, for inspection and decision without further argument; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Bailey avenue are in a business use, B area, class 1½ height district; West 193rd street is

in residence and business use, B area, class 1½ height districts; and

WHEREAS, the decision of the borough superintendent, dated March 18, 1953 acting on N.B. Applic. 280-53, reads:

"1. In a business district the proposed gasoline service station, lubritorium and car washing is contrary to Section 4, Article II of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 125 ft. frontage by 100 ft. in depth, presently vacant; that it is proposed to erect a building 34 ft. 4 in. by 28 ft. 8 in., one story, 13 ft. 11 in. in height, of class 3 construction, to be used accessory to proposed gasoline service station; that it is further proposed to install ten 550-gallon gasoline tanks, six dispensing pumps, with two 26 ft. curb cuts; and

WHEREAS, the applicant contends that Bailey avenue is a heavily trafficked automobile and truck highway, carrying a large volume of commercial traffic and for that reason the subject site is adaptable for development as a gasoline service station; that because of the surrounding development, it is not feasible to develop the premises with a conforming use at this time; that the affected area along the west side of Bailey avenue is unrestricted; that before the city took title to the property on the west side of Bailey avenue for the construction of the Major Deegan expressway, said property was developed in the following manner; that block 3238 was developed with a Sheffield Farm company factory, said factory being right across the street from the site of the proposed gas station and extending northward past West 193rd street; that to the north of this factory and continuing northward across West Kingsbridge road, there had been a number of garages, all with service facilities; that on the west side of Bailey avenue, just southwest of the junction between Heath and Bailey avenues, there had been a Standard oil gas station; that at the intersection of Fordham road and Harlem river terrace, the city took title to a piece of property developed with a garage, upon which the owner of the site now in question, had a long term lease; that by taking over this property for the Major Deegan expressway, the City put the owner out of business; that on the southeast corner of Bailey avenue and West Kingsbridge road, there had been a Gulf gas station and to the south of the site, on the west side of Sedgwick avenue, between the end of Bailey avenue and Fordham road, there is now in existence a garage with servicing facilities; that all in all, there had been 13 garages with servicing facilities and two gas stations in the vicinity; that due to the construction of the Major Deegan expressway a great number of garages, with their service facilities, and the two gas stations have been demolished, and the erection of this gasoline station would be a great benefit to the neighborhood, especially so in view of the two large housing projects in the vicinity; that the land cannot yield a reasonable return if used only for a purpose allowed in that zone; that the plight of the owner is due to unique circumstances in that after the City put him out of business, he had to relocate himself in an area as close as possible to his original place of business in order that he should not lose the trade which had taken him 23 years to build up; that the use will not alter the essential character of the neighborhood; that the granting of the variance would result in the improvement of a vacant plot practically unsuitable for any other use, resulting in a substantial investment; that no other development would tend to bring a reasonable return on the investment required; that the gas station would be of modern design with a protective concrete wall along the interior lot lines, and with other conditions as the Board may impose; and

WHEREAS, the premises and the surrounding area were inspected by a committee of the Board; and

WHEREAS, the Committee found that there is no basis for granting under Section 21, but that under Section 7f for a temporary term, the application could be permitted partly because previous gasoline stations and services have been discontinued because of the new school structure and that the station proposed constructed below the grade of Heath

MINUTES

avenue could not be injurious to nearby owners, among other reasons and that there will be no connection to Deegan Highway; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision f of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7f for a term of fifteen (15) years, to permit the premises to be occupied as a gasoline service station, substantially as proposed and as indicated on plans filed with this application marked "Received April 16, 1953" (4 sheets) and "February 15, 1954" (1 sheet), *on condition* that the premises shall be leveled substantially to the grade of Bailey avenue and arranged substantially as indicated on such plans; that pumps shall be of the low approved type and erected not nearer than 15 feet to the street building lines; that masonry walls as proposed shall be erected on interior lot lines; that curb cuts shall be restricted to two, as shown, each not over 30 feet in width, including splays; that the premises shall be paved with concrete or approved asphaltic paving; that the accessory building shall have no cellar and in all other respects shall comply with all requirements of the Building Code; that the number of gasoline storage tanks shall not exceed ten 550 gallon tanks; that the sidewalk and curbing in front of premises shall be repaired or constructed to the satisfaction of the Borough President; that such portable fire-fighting equipment shall be maintained as the Fire Commissioner shall direct; that signs shall be restricted to a permanent sign on the facade of the accessory building, excluding all temporary signs and roof signs, but permitting the erection within the building line of one post standard for supporting a sign which may be illuminated, advertising only the brand of gasoline on sale and permitting such sign to extend beyond the building line for a distance of not more than 4 feet; that complete working drawings shall be submitted to the Board within two months for further consideration and additional conditions before same are filed with the Borough Superintendent and after approval of same, all permits required shall be obtained and all work completed within the requirements of Section 22A of the zoning resolution.

346-53-BZ

APPLICANT—Hannibal F. Zumba, for Sol Goldman and Irving Goldman, owners.

SUBJECT—Application May 6, 1953 (decision of the borough superintendent), under section 7c of the zoning resolution, to permit in a residence and business use district, the change in occupancy from motion picture theatre to store on first floor and manufacturing on second.

PREMISES AFFECTED—211-213 Columbia street, east side, 37 ft. south of Sackett street and 138 Sackett street (Block 336, Lots 7 and 12), Borough of Brooklyn.

APPEARANCES—

For Applicant: Hannibal F. Zumba and Leonard F. Rothkrug.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on February 2, 1954, after due notice by publication in the Bulletin; laid over to March 2, 1954, for inspection and decision without further argument; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Sackett street are in residence and business use, C area, class 1½ height districts; Columbia

street is in a business use, C area, class 1½ height district; and

WHEREAS, the decision of the borough superintendent, dated April 7, 1953 acting on Alt. Applic. 4556-52, reads:

"1. The change in use of the building which is partly within a business and partly within a residence use district from motion picture theatre to store on the 1st floor and manufacturing on the second is contrary to the Zoning Res. Art. II, Sec. 3."

and

WHEREAS, the applicant states the premises consist of a plot 42 ft. and 20 ft. frontage by 117 ft. in depth, irregular, on which is located a building covering the entire plot, 2 stories, 27 ft. in height, of class 3 construction, used as a motion picture theatre, for which certificate of occupancy 7608-26 has been issued, and is now vacant; that it is proposed to alter the building by constructing an intermediate floor and providing for two remotely located fireproof stairways leading directly to the street, and to change the use to a retail sales store on the 1st floor and light manufacturing on the second; that it is also proposed to remove the steps leading to the exit on Sackett street and provide a new door at the street level; and

WHEREAS, the applicant contends that the rear portion of the building, which extends into the residence use district 15 ft. by 91.25 ft.; that the premises have been in a single ownership since before 1916; that there are no windows or any other openings on the lot lines abutting into the residence use district except for that portion of the building fronting on Sackett street, which portion of the building will be used only as a secondary means of egress; that the neighborhood is non-residential in character and the proposed alteration and change in use is in keeping with uses already established on Sackett Street and there can be no adverse effect upon property owners within the affected area; that there will be compliance with all exit provisions of the Administrative Code, and all other objections which have been raised have been corrected; and

WHEREAS, the premises and the surrounding area were inspected by a committee of the Board; and

WHEREAS, the applicant amended his application so as to limit the height of the building to one story; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7c, to permit the extension of the proposed use into the more restricted district, as indicated on plans filed with this application, marked "Received May 6, 1953" (4 sheets) and "February 26, 1954" (1 sheet) except that the building shall be one story only, as proposed by amended application, *on condition* that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; and that all permits required shall be obtained and all work completed within six (6) months from the date of this resolution.

417-53-BZ

APPLICANT—George L. Bousquet, for William Laku-bowski, owner.

SUBJECT—Application May 26, 1953 (decision of the borough superintendent), under sections 7e, 7i, 7f and 7A of the zoning resolution, to permit in a residence and retail use district the erection and maintenance of a gasoline service station, lubritorium, car wash (non-automatic), motor vehicle repairs, storage and sale of accessories and office, with a business entrance (curb cut) nearer the residence use district than is permitted, for a term of fifteen years.

PREMISES AFFECTED—45-28 Bell boulevard, southwest corner of 45th road (Block 7314, Lot 27) Bayside, Borough of Queens.

MINUTES

APPEARANCES—

For Applicant: Joseph Trapani.

For Opposition: Felix Klosowski.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative: 0

Negative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on January 26, 1954 after due notice by publication in the Bulletin; laid over to March 2, 1954, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and 45th road are in residence and business use, D area, class 1 height districts; Bell boulevard is in a business use, D area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated May 25, 1953 acting on Alt. Applic. 177-53, reads:

"1. The construction of a gasoline service station, lubritorium, car wash, motor vehicle repair shop & sale & storage of accessories & office in a retail & res. dist. is contrary to Art. 2 Secs. 3 & 4A of Zone Res."

and

WHEREAS, the decision of the borough superintendent, dated December 11, 1953 on Alt. Applic. 177-53, reads:

"1. The proposed change in use & extension of the existing 2 car garage & tool house, to include the uses of gasoline service station, lubritorium, car washing, motor vehicle repairs, sale & storage of accessories, & office on a plot partially in a res. & partially in a bus. use dist. is contrary to Art. 2 Secs. 3 & 4A(29)(46) of Zone Res.

2. The entrance on 45th Road is contrary to Art. 2 Sec. 7A of Zone Res."

and

WHEREAS, the applicant states the premises consist of a plot, 50.08 ft. frontage by 108.49 ft. in depth, irregular, on which is located a one-story, class 3 building, 22 ft. 8 in. by 45 ft. 4 in., used as a 2-car garage and tool shed; that it is proposed to alter and enlarge an existing storage garage and tool shed to a gas station, lubritorium, car wash, motor vehicle repairs, sale and storage of accessories and office; and

WHEREAS, the applicant contends that he has owned this property for 15 years and is unable to use the property for a store or dwelling because of the character of the surrounding structure; that a large garage used by the Department of Sanitation is directly across the street; that the large trucks stored therein are moved about at odd intervals of the morning or night, and in addition to being noisy, are unsightly and deter prospective tenants for other than a commercial use; that Bell boulevard has become a heavily travelled traffic artery and is devoted to automotive uses in the block north of the site; that there is insufficient development to support a retail business use and the owner has been unable to sell the premises for a conforming use; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, committee found that there is an existing use of the plot and that the proposed use should not be added in view thereof and in view of the smallness of the lot among other reasons; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under section 7, subdivisions e, i, f and A of the zoning resolution.

Resolved, that the decision of the borough superintendent, acting on Alt. Applic. 177/53, Objection 1 dated May 25, 1953, and acting on decision of December 11, 1953, on Alt. App. 175/53, Objection 1, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

484-53-BZ

APPLICANT—Frank J. Ross, for Thomas and Louis Filomio, owners.

SUBJECT—Application June 23, 1953—(decision of the borough superintendent) under sections 7e and 7A of the zoning resolution, to permit in a residence and business use district, the erection and maintenance of an automobile laundry (principal business) with an entrance nearer to the residence use district than is permitted.

PREMISES AFFECTED—3816 Boston road, southwest corner of DeReimer avenue (Block 5257, Lot 7), Borough of The Bronx.

APPEARANCES—

For Applicant: P. D. Concagh and P. R. Viscardi.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors..... 4

Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on January 12, 1954 after due notice by publication in the Bulletin; laid over to February 9, 1954, for inspection and decision; hearing closed; then laid over to March 2, 1954, for applicant to file more complete plans; no further argument; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and DeReimer avenue are in residence and business use, C area, class 1 height districts; Boston road is in a business use, C area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated June 22, 1953 acting on amendment to N. B. Applic. 619-53, and superseded by corrected decision, reads:

"1. In a business and residence use districts the proposed Auto Laundry is contrary to Sections 3 and 4(52) of the Zon. Res.

2. Openings in wall facing DeReimer Ave. must comply with restrictions of Sect. 7-A of the Zon. Res."

and

WHEREAS, the applicant states that the premises consist of a plot, 50 ft. frontage by 130 ft. in depth, irregular presently vacant; that it is proposed to erect a building 25 ft. front by 70 ft. in depth, one story, 13 ft. 6 in. in height, of class 3 construction, to be used as an automatic auto laundry; and

WHEREAS, the applicant contends that Boston Post road is one of the main highways leading to and from New England and is extremely heavily trafficked by both commercial and pleasure vehicles, thousands of such vehicles passing the subject site hourly; that there are gasoline service stations, garages, motor vehicle repair shops and used car lots and other commercially used lots in the vicinity of the proposed automobile laundry; that the New York Westchester and Boston railway is about 250 ft. from the property in question; that in the main, the lots within the affected area are vacant and undeveloped, there being only about a dozen plots improved with residential and commercial buildings within the entire 500 ft. radius circle; that some of the plottage is below grade and required filling-in operations, particularly in the rear of the plot in question; that the general development of the property along Boston road, from Baychester avenue easterly to the City line, is towards commercial of a heavy industrial character, generally permissible in manufacturing and unrestricted use districts; that the improvement of the subject premises with an automobile laundry for a term of years will enable the owner to realize a reasonable return on his investment without interfering with the normal development of the surrounding property; that adequate vacant space for cars waiting to be washed has been provided and entrances and exits thereto so arranged

MINUTES

that it will not interfere with traffic on Boston Post road or DeReimer avenue; that the portion of the plot in the rear thereof facing DeReimer avenue will be used for the parking of cars waiting to be serviced; and

WHEREAS, the premises and the surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board deemed that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions e, h and A, of the zoning resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under section 7e for a term of ten (10) years, to permit the erection and maintenance of an automobile laundry, as proposed, and under Section 7A to permit entrance within the more restricted district, as proposed and as shown on plans filed with this application marked "Received June 23, 1953" (1 sheet), "November 20, 1953" (2 sheets) and "February 19, 1954" (3 sheets), *on condition* that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; that sidewalks and curbing around the premises shall be repaired or restored to the satisfaction of the Borough President; that curb cuts shall be restricted to one from DeReimer avenue, not more than 20 feet in width, located where shown, and used for entrance only to the premises, and one curb cut to Boston Road, not exceeding 15 feet in width and not nearer than 5 feet to the side lot line as prolonged, for exit only; that under sections 7e and 7h, for a term of five (5) years, the premises where not built upon may be occupied for the parking and storage of motor vehicles awaiting service or having been serviced; that such portable fire fighting appliances shall be maintained as the fire commissioner may direct; that the unbuilt upon portion of the premises shall be paved with concrete or asphaltic paving; that along all lot lines there shall be erected woven wire fences of the chain link type with anchored steel posts, not less than 5 ft. 6 in. in height, except for openings for curb cuts as proposed; that signs shall be restricted to such signs as permitted for such use under the zoning resolution, excluding all temporary and roof signs and all signs painted on the exterior walls of the building; that during the term of this variance the premises shall be occupied for no other use than as herein permitted; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution; that a certificate of occupancy shall be obtained; that this variance shall not be deemed to increase or extend other uses on the block.

571-53-BZ

APPLICANT—Fred C. Dahlem, for Astoria Motors, owner.
SUBJECT—Application July 29, 1953—(decision of the borough superintendent) under section 7e of the zoning resolution, to permit in a business use district, the erection and maintenance of an automatic auto laundry, and for the sale and display of used cars.

PREMISES AFFECTED—8406 Queens boulevard and 52-21 Van Loon street, southeast corner (Block 2477, Lots 1, 3 and 35), Newtown, Borough of Queens.

APPEARANCES—

For Applicant: Fred C. Dahlem and W. S. Engill.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative: 0

Negative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on January 19, 1954 after due notice by publication in the Bulletin; laid over to February 24, 1954, for revised plan and inspection and decision; hearing closed; then laid over to March 2, 1954, for further consideration and decision; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Queens boulevard and Van Loon street are in a business use, C area, class 1½ height district; and

WHEREAS, the decision of the borough superintendent, dated June 29, 1953 acting on N. B. Applic. 1858-53, reads:

"1. Proposed use of premises located in a business use district as an auto laundry and sale of used cars is contrary to Article II, Sec. 52 of Zoning Resolution."

and

WHEREAS, the applicant states the premises consist of a plot, 80.96 ft., 257.83 ft., and 59.13 ft. frontage by 99.60 ft. and 100 ft. in depth, irregular, presently used in part for the sale and display of more than five motor vehicles, for which certificate of occupancy No. 53575-49 has been filed; that it is proposed to erect a building 35 ft. front by 100 ft. in depth, one story, 16 ft. in height, of class 3 construction, to be used as an automatic auto laundry; that it is further proposed to display and sell used cars; and

WHEREAS, the applicant contends that the premises are enclosed on Van Loon street and Grand avenue with a 4 ft. 6 in. wire woven fence and there is a one-story building at the rear of the lot which is used to service the used cars for sale; that it is proposed to move the present frame office to the east lot line, keeping same 4 ft. from same, and erect a new one story modern auto laundry along the building line at Van Loon street; that the new building will be face brick on 3 sides, and front will be landscaped; that the rear lot along Grand avenue will be fenced in with no exit or entrance from Grand avenue; that cars will enter laundry from Van Loon street and exit into service road of Queens boulevard; that there is a demand for an auto laundry on this side of Queens boulevard although there is an auto laundry on the opposite side of Queens boulevard a block east; that it is necessary to augment the used car sales business with this laundry as the carrying charges on this property are very high; that the owner is willing to comply with any conditions to enhance or beautify the property that the Board may deem proper; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which took into consideration the proposal to erect a wall; notwithstanding, the committee is of the opinion that the application should not be granted because of the condition in connection with the service road that the proposed use would cause, and for other reasons; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under section 7, subdivision e of the zoning resolution;

Resolved, that the decision of the borough superintendent, acting on N. B. App. 1858/53, Objection 1, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

THE VOTE TO GRANT—

Affirmative 0
Negative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on January 26, 1954 after due notice by publication in the Bulletin; laid over to March 2, 1954, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, McDonald avenue and Foster avenue are in a business use, C area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated August 17, 1953 acting on N.B. Applic. 844-53, reads:

"1. Proposed gasoline service station, lubritorium, car washing, minor auto repairs, parking & storage of motor vehicles within a business use district is contrary to Art. II Sec. 4a-29 & 46 of the Zoning Resolution."

and

WHEREAS, the applicant states the premises consist of a plot, 88 ft. $\frac{3}{8}$ ft. frontage by 104 ft. $7\frac{1}{4}$ in. in depth, irregular, presently vacant; that it is proposed to erect a modern gasoline service station consisting of eight 550-gallon gasoline tanks and four approved type gas pumps; that the proposed accessory building will be a modern, one-story, class 3 building containing the conjunctive uses of office and sales, lubritorium, car washing, minor auto repairs and parking and storage of motor vehicles; and

WHEREAS, the applicant contends that the development of McDonald avenue with a noisy elevated railroad renders the site useless for anything but a non-conforming use as proposed; that McDonald avenue and Foster avenue are both highly traversed auto lanes and as such the proposed gas station is in keeping at this point; that the present gas station opposite, in block 5452, lot 40, precludes the use of the site in question for anything but a gas station; that the present non-conforming use in block 6504, lots 1 and 7, consisting of a coal yard, also shows that McDonald avenue, although in a business zone, has not developed along strictly business use requirements; that there are sufficient stores in the area for public requirements; that it is mandatory that the site now be developed as proposed and in the only feasible manner so that the owner may continue to pay city taxes and receive an equitable return on his investment; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the committee found that there are ample gasoline stations available to the area and that for this, among other reasons, the application should not be granted; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under section 7, subdivisions f and i of the zoning resolution.

Resolved, that the decision of the borough superintendent, acting on N.B. Applic. 844,53, Objection 1, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

635-53-BZ

APPLICANT—Lama, Proskauer and Prober, for Palmeri's Service Station, owner.

SUBJECT—Application September 3, 1953 (decision of borough superintendent), under sections 7i and 7h of the zoning resolution, to permit in a business use district the erection and maintenance of a structure to be used as a motor vehicle repair shop and to permit the parking of motor vehicles waiting to be serviced.

PREMISES AFFECTED—3564 Boston Post road and 3425-3431 Teimann avenue, southwest corner (Block 4728, Lot 79), Borough of The Bronx.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on February 2, 1954 after due notice by publication in the Bulletin; laid over to March 2, 1954, for inspection and decision without further argument; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Boston road are in a business use, C area, class 1 height district; Teimann avenue is in residence and business use, C area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated August 13, 1953 acting on N.B. Applic. 832-53, reads:

"1. The proposed 'Motor Vehicle Repairing, office & parts department, parking of cars waiting to be serviced in the open area', in a business use district is contrary to Sec. 4(a) 29 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 49.59 ft. frontage by 101.03 ft. in depth, irregular, presently used for the parking and storage of motor vehicles, installed under Alt. 896-52, for which no certificate of occupancy has been issued; that it is proposed to erect a new building having a frontage of 44 ft. 8 in., a depth of 69 ft. and a height of 20 ft. of class 3 construction; that the building will be used for motor vehicle repairing and the proposed mezzanine in the building will be used as office, toilets and the storage of parts; that a space will be reserved at the rear of the building for the loading and unloading of parts; that a space will be reserved at the front of the site for parking of motor vehicles waiting to be serviced; and

WHEREAS, the applicant contends that the proposed parking of cars waiting to be serviced will stop any parking problem this business may create and the loading and unloading space within the building will prevent any pedestrian hazard or the possible blocking of the sidewalk on Tieman avenue; that there are to be glass blocks in the openings on the southerly lot wall and the westerly lot line wall will be unpierced, therefore adjoining premises cannot be affected; that the facades of the building will be highly modern and in keeping with any future development that may take place in the area; that Boston Post road is a main auto lane leading across the Bronx and as such the proposed auto service is entirely in keeping at this point; that there are many non-conforming uses within the affected area; that block 4723, lot 28; block 4724, lot 26; block 4728, lots 42 and 70 all contain gas stations, and block 4729, lot 39 contains an auto repair shop; that the many non-conforming uses in the area show that although Boston Post road is zoned for business, the street has not developed in that manner and it would be a hardship to develop the site with anything but a non-conforming use; that the site to the west is developed with a gas station occupying 50% of the Boston Post road block front that the proposed repair shop fronts on; that in addition to the many non-conforming uses, the affected area is occupied by the following conforming uses having to do with the auto trade; block 4729, lot 1—used car lot; block 4729, lot 36—auto parts; block 4728, lot 31—used car lot and block 4728, lot 76—parking lot; that the proposed motor vehicle repairing will be in complete harmony with the affected area; and

WHEREAS, the premises and the surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions i and h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7i, to permit the maintenance of the building for motor vehicle repairing, as proposed and as indicated on plans marked "Received September 3, 1953" (4 sheets); and under section 7h for a term

MINUTES

of five years, to permit the parking of cars waiting to be serviced; that curb cuts shall be restricted to one to Boston Post Road, not exceeding 30 feet in width as shown; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; and that in all other respects the building and occupancy shall comply with the requirements of the zoning resolution and all other laws, rules and regulations applicable thereto; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the zoning resolution and a new certificate of occupancy shall be obtained.

677-53-BZ

APPLICANT—Lama, Proskauer and Prober, for Marker Brothers Fresh Meadow Garage, Inc., owner.

SUBJECT—Application September 21, 1953 (decision of the borough superintendent) under sections 7i and 7h of the zoning resolution, to permit in a business use district the erection and maintenance of a structure to be used for motor vehicle repairs, body and fender work, painting, spraying and welding and to permit the parking of cars waiting to be serviced.

PREMISES AFFECTED—61-26 to 61-30 Fresh Meadow lane, west side, 240.05 ft. south of Horace Harding boulevard (Block 6901, Lot 48), Flushing, Borough of Queens.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors..... 4

Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on February 2, 1954 after due notice by publication in the Bulletin; laid over to March 2, 1954, for inspection and decision without further argument; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Fresh Meadow lane and Horace Harding boulevard are in a business use, D area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated September 3, 1953 acting on N.B. Applic. 3367-53, reads:

"1. Proposed use of premises located in a Business use district for body & fender work, minor auto repairs, Incidental Painting & Spraying, Welding & Parking and storage of Motor Vehicles awaiting service is contrary to Sec. 4-29 of Zoning Resolution."

and

WHEREAS, the applicant states the premises consist of a plot, 66.84 ft. frontage by 93.49 ft. in depth, presently vacant; that it is proposed to erect a building having a frontage of 60 ft. and an irregular depth of 60 ft., to be used for body and fender work, minor auto repairs, welding and incidental painting and spraying; that the building will be modern in design, of class 3 construction, one story in height; that the front portion of the site will be reserved for parking and storage of motor vehicles awaiting service; and

WHEREAS, the applicant contends that Fresh Meadow lane is a main auto artery leading across Queens; that the site is adjoined on the north, in block 6901, lot 42, by a gasoline service station and within the same block, lot 56 is also developed with a gas station; that diagonally across the street in block 6902, lot 26 is also developed with a gas station and therefore, although Fresh Meadow lane is zoned for business, it has developed in that manner and the proposal is entirely in keeping at this point; that in view of the present gas station adjoining immediately to the north, it would be impractical to develop the site with a conform-

ing use; that inasmuch as part of the site will be reserved for parking and storage of motor vehicles awaiting service, no parking problem will be created due to the type of business proposed; that all openings in the lot line walls will receive glass blocks so that adjoining premises cannot be affected; and

WHEREAS, the premises and the surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board deemed that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions i and h, of the zoning resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the zoning resolution and that the application be and it hereby is granted under section 7i to permit the building to be occupied for motor vehicle repairing, as proposed and as indicated on plans filed with this application, marked "Received September 21, 1953" (3 sheets), and under section 7h for a term of five (5) years, to permit the parking and storage of motor vehicles awaiting service, on condition that the building shall comply in all other respects with all requirements of the zoning resolution and the Building Code; that there shall be no windows or other openings in the rear or side lot lines to the north and west in the space proposed for welding; that any skylight in such room shall be located approximately 15 feet from the rear lot line; that the balance of the premises where not occupied for proposed building shall be paved with concrete or asphaltic paving; that there shall be erected on the side lot lines a woven wire fence of the chain link type with anchored steel posts, not less than 5 ft. 6 in. in height with substantial posts at the lot lines; that curb cuts may be as proposed, not more than 20 feet in width and not nearer than 5 feet to the side lot line as prolonged; that sidewalks surrounding the premises shall be reconstructed or repaired to the satisfaction of the Borough President; that such portable fire-fighting appliances shall be maintained within the building as the fire commissioner shall direct; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution and that a certificate of occupancy shall be obtained.

697-53-BZ

APPLICANT—John F. Fitzsimons, for Courtney Fleet and John Dalisa, owners.

SUBJECT—Application October 1, 1953 (decision of the borough superintendent), under sections 7b, 7c and 7h of the zoning resolution, to permit in a residence and business use district the parking and storage of motor vehicles on plot.

PREMISES AFFECTED—35-29 31st street, east side, 275.2 ft. south of 35th avenue and 35-22 to 35-32 32nd street (Block 604, Lots 12, 34, 35, 36, 37 and part of Lots 13 and 14), Astoria, Borough of Queens.

APPEARANCES—

For Applicant: John F. Fitzsimons and John Dalisa.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors..... 4

Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on January 26, 1954 after due notice by publication in the Bulletin; laid over to March 2, 1954, for inspection and decision without further argument; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, 31st street and 32nd street are in residence and business use, B area, class 1½ height districts; 35th avenue is in a business use, B area, class 1½ height district; and

MINUTES

WHEREAS, the decision of the borough superintendent, dated September 14, 1953 acting on Alt. Applic. 1654-53, reads:

"1. Proposed parking of motor vehicles on a lot which is partly in a business use district and partly in a residence use district is contrary to Art. 2 Sec. 3 of the Z. R."

and

WHEREAS, the applicant states that the premises consist of a plot 39.08 ft. and 100.08 ft. frontage by 180.21 ft. in depth, irregular, on which are located a metal garage and two frame sheds, all to be demolished; that it is proposed to use the plot for the parking and storage of motor vehicles; and

WHEREAS, the applicant contends that the premises which are the subject of this application, together with the remaining portions of lots 13 and 14, were the subject of an application to the City planning commission dated December 2, 1949, for approval of a public garage for 200 or more motor vehicles, which application was favorably reported upon by the City planning commission; that the resolution of approval was filed with the Board of Estimate on April 12, 1950 and became effective 30 days thereafter; that because of financing problems the proposed garage was never constructed and the owners seek this variance in order to park and store automobiles in the residential portion of the premises; that it is proposed to demolish existing structures on the premises, to construct a 10 ft. curb cut on 31st street and to utilize the more southerly of the two existing 10 ft. curb cuts on the 32nd street frontage; that the existing frame shed indicated in the northeasterly corner of the premises was originally used as a garage for which there is an existing curb cut no longer in use; that it is proposed to comply with all rules and regulations of the Department of housing and buildings relating to the use of vacant lands for the parking and storage of motor vehicles as modified or added to by any appropriate conditions and safeguards which may be imposed by the Board, should this application be approved; that on October 16, 1953 a copy of violation No. 3626 was received and a copy has been filed with this application; that a search of the records in the Register's office back to October 25, 1915, prior to zoning, shows the first conveyance of the property to have been made in one parcel by deed dated July 7, 1949 and subsequent conveyance in one parcel to the present owners by deed dated August 11, 1949; that as will be noted from the block diagram submitted, when read in conjunction with the zoning maps, lots 12 and 13 and the westerly 20 ft. of lots 34, 35, 36 and 37 are in a business use district and the easterly 80 ft. of the premises are in a residence use district; that the above statements are made to substantiate this application under section 7b; and

WHEREAS, the premises and the surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7h, to permit the extension of the proposed parking use into the more restricted district for a term of five (5) years, for the parking and storage of motor vehicles of the pleasure car type only, as proposed and as indicated on plans filed with this application, marked "Received October 1, 1953" (3 sheets) and "February 10, 1954" (1 sheet), on condition that all buildings proposed to be removed from the premises shall be removed and the plot shall be leveled substantially to the grades of 31st and 32nd streets and shall be surfaced with clean gravel, steam cinders and treated with a binder and properly rolled; that there shall be erected on all lot lines a woven wire fence of the chain link type with anchored steel posts not less than 5 ft. 6 in. in height, except for openings therein as shown on such plans; that all live trees on the premises shall remain and be properly protected against damage; that the curb cut

for entrance to 31st street shall be not over 15 feet in width and a similar curb cut may be maintained to 32nd street; that during the term of this variance the premises shall be occupied for no other use and no building shall be erected thereon except there may be a building of frame not over 100 sq. ft. in area and one story in height for use as an office and shelter for the operator; that such portable fire-fighting appliances shall be maintained as the fire commissioner shall direct; that signs shall be restricted to a sign attached to the fence at either entrance, advertising only the parking and storage use, the rates charged and such other information as may be required by the commissioner of licenses; that such signs shall not extend beyond the building line, shall not be illuminated and shall not exceed 25 sq. ft. in area each; and that all permits required shall be obtained and all work completed within six (6) months from the date of this resolution and that a certificate of occupancy shall be obtained.

736-53-BZ

APPLICANT—Ralph E. Leff, for The Church of St. Elizabeth, owner.

SUBJECT—Application October 14, 1953 (decision of the borough superintendent), under sections 7e, 7f, 7i and 7h of the zoning resolution, to permit in the business use district portion of plot, the erection and maintenance of a gasoline service station, lubritorium, car wash, motor vehicle repairs and office, and to permit the parking and storage of motor vehicles on unbuilt portion of plot for a term of fifteen years.

PREMISES AFFECTED—4381-4387 Broadway and 710 West 187th street, northeast corner (Block 2180, Lots 309, 311 and 314), Borough of Manhattan.

APPEARANCES—

For Applicant: Ralph E. Leff.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative 0

Negative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on January 26, 1954 after due notice by publication in the Bulletin; laid over to March 2, 1954, for inspection and decision without further argument; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and West 187th street are in residence and business use, B area, class 1½ height districts; Broadway is in a business use, B area, class 1½ height district; and

WHEREAS, the decision of the borough superintendent, dated October 13, 1953 acting on N.B. Applic. 110-53, reads:

"1. A gasoline service station, lubritorium, car wash, motor vehicle repairs & storage of motor vehicles on unbuilt portion of lot, located in a Business Use District, is contrary to Art. II, P. 4, Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 120 ft. frontage by 204 ft. 4½ in. in depth, irregular, on which is located a church in the process of demolition; that it is proposed to erect a building 46 ft. 4 in. front by 30 ft. 8 in., one story, 23 ft. 5 in., of class 3 construction, to be used as an accessory building to proposed gasoline service station as lubritorium, car wash, motor vehicle repairs, storage and sale of accessories and office; that it is further proposed to install eight 550-gallon gasoline tanks, four dispensing pumps, two curb cuts on Broadway and one fronting on West 187th street; and

WHEREAS, the applicant contends that Broadway is a principal traffic artery carrying a heavy volume of through traffic and the existing gas stations in the neighborhood are not now sufficient to meet the demands of the area; that existing conditions indicate that the granting of this applica-

MINUTES

tion will not adversely affect the area; that the surrounding neighborhood on Broadway is replete with nonconforming uses such as garages, motor vehicle repair shops, automobile show rooms and used car lots; that immediately across the street on Broadway there is located a used car lot and warehouse, and the northwest corner of 186th street and Broadway contains a used car lot; that the easterly side of Broadway between 186th and 187th streets is devoted almost entirely to two public garages; that the neighborhood is in fact a fairly well developed business area, devoted substantially to uses with which the proposed use will be in harmony; that there is no demand whatsoever for the construction of residences along Broadway because the existing uses and the noise of traffic are not conducive to residential purposes, nor is there a demand for stores, inasmuch as there are already sufficient shopping facilities in the vicinity; that the property was formerly used for a parochial school but the school was gutted by fire some years ago and the structure is now in process of demolition; that the proposed structure will be erected and maintained under such conditions as will safeguard the character of the area and will be located only in the business district of the plot; that the gas station will face only on Broadway and there will be erected a 6 ft. brick wall separating the gas station from the residential portion of the plot to the west; that the proposed gas station will be constructed of limestone with pitched slate roof with approved parkway type pumps only; that it will provide an open area and will thus insure to owners of adjacent property, permanent light and air, which such properties would not derive from a large conforming structure; that the limitation of the term of the gas station use to 15 years will serve as a protection to the future of the neighborhood in the event its present character should change; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board which recommended that the application should not be granted; and

WHEREAS, the committee found that there are ample stations for gas supply in the area and that the premises can be occupied for a conforming use; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under section 7, subdivisions e, f, i and h of the zoning resolution.

Resolved, that the decision of the borough superintendent, acting on N. B. Applic. 110/53, Objection 1, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

759-53-BZ

APPLICANT—Ludwig P. Bono, for G. and H. Realty Corp., owner.

SUBJECT—Application October 19, 1953 (decision of the borough superintendent), under sections 21 and 19A (d) of the zoning resolution, to permit in a retail use, D area district the erection and maintenance of a one story and cellar structure to be used as stores and bowling alley, using more than the area permitted and without the required loading platform (previously granted by the Board under Cal. No. 360-51-BZ, using more than area permitted—never built).

PREMISES AFFECTED—2106-2116 Starling avenue, southwest corner of Odell street (Block 3933, Lots 70-75, inclusive), Borough of The Bronx.

APPEARANCES—

For Applicant: Ludwig P. Bono.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Resolution adopted July 1, 1952, under Cal. 360-51-BZ, reaffirmed.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 2, 1954 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Starling avenue are in a retail use, D area, class 1 height district; Odell street is in residence and retail use, D area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated October 14, 1953 acting on amendment to N.B. Applic. 18-51 and superseded by amendment to N.B. Applic. 18-51 dated January 15, 1954, reads:

"1. Proposed structure to be used for Bowling Alleys, storage, kitchen, bar & restaurant & office & boiler room in cellar, retail stores on 1st floor will occupy more than permitted area coverage of lot at curb level in a 'D' area district Art. IV Sec. 4(c) Zoning Resolution.

2. Provide loading space as per Sec. 19A(d) Zoning Resolution effective June 26, 1952."

and

WHEREAS, the applicant states that the premises consist of a plot, 161 ft. frontage by 105 ft. in depth, irregular, presently vacant except for foundations of demolished buildings; that it is proposed to erect a building 160 ft. 10 in. by 71 ft. 8 in. in depth, one story and cellar, 13 ft. in height, of class 3 construction, to be used as stores and bowling alley in cellar; and

WHEREAS, the applicant contends that the property was purchased by the present owner on December 15, 1948 for the definite purpose of erecting stores on the 1st floor, with the cellar occupying a 95 ft. depth, to be used for bowling alleys, toilets, storage, office, refreshment space and bar; that in order to comply with the New York State non-eviction laws then in effect, the owner acquired in June, 1949 a vacant plot with 201 ft. 8 in. frontage and 98 ft. depth on the east side of Purdy street, 203 ft. 4 in. south of Starling avenue (block 3935, lots 23, 26, 27, 28, 29 and 30), so that the six existing dwellings on the subject premises could be relocated; that three of the structures, of non-fireproof, class 3 construction, were moved after approvals of Alt. Applics. 496, 497 and 498 of 1949 by the Department of Housing and Buildings, and for the other three frame structures a variance was obtained on July 22, 1949 from the Board under Cal. 494-49-A; that due to prohibitive repair costs, two were subsequently demolished after new accommodations, plus financial compensations, were provided to the tenants; that the remaining frame structure was demolished in August 1952; that what was carefully planned in advance to be a quick and efficient operation turned into a seven-year loss of money dispersed into taxes, loan interests, additional cash investments (vacant lots on Odell street) and loss of revenue on demolished buildings; that this precarious financial situation was aggravated by increased cost of construction over preliminary estimates, particularly because of the new zoning requirements for an off-street loading berth over the cellar rear extension, never contemplated in the original planning; that this unforeseeable zoning amendment, which became effective June 26, 1952, six days prior to the granting of the variance by the Board on July 1, 1952 and for which no relief could be asked at that time since the new law was not in effect when applications were completed, creates now an unsurmountable financial problem; that the requested loading berth, supported by cellar columns over bowling alleys with uneconomical spans, fireproof construction and increased live loads for the whole 23 ft. by 161 ft. rear yard area, constitutes a severe hardship in this case since the requested parking berth, particularly on a corner lot, occurs within an unexcavated mandatory rear yard accessible from a side street; that the only possible future financial redemption of these premises, after 5 years of stagnation, is to use this property more extensively, namely, to provide bowling alleys in cellar and to extend the depth of the stores an additional 13 ft. 2 in., which width the permissible 58 ft. 6 in. depth will give a total store depth of 71 ft. 8 in., thus providing the indis-

MINUTES

pensable rear storage space; that this extension, if granted, will still leave a rear yard depth of 23 ft. 4 in. at its east portion and 33 ft. 4 in. at its west portion; that in view of the costly commitments and in order to compensate for previous and existing losses incurred and reduce future expenses, the Board is requested to grant the additional 13 ft. 2 in. 1st floor rear extension and to waive the requirement for an off-street loading berth.

Resolved, that the Board of Standards and Appeals does hereby *reaffirm* the resolution adopted on July 1, 1952, under Cal. 360-51-BZ, and reading as follows:

"Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the area district regulations of the zoning resolution and that the application be and it hereby is *granted* under section 21 of the zoning resolution, as to extension of area, to permit the erection of the building as proposed and as indicated on plans filed with this application marked 'Received April 25, 1952' 1 sheet, and 'April 30, 1952', 5 sheets, *on condition* that the building in all other respects complies with all laws, rules and regulations applicable thereto; that the rear portion of the one story building shall be entirely below grade; that there shall be no skylights in the roof over such extension in view of the proposed occupancy as a bowling alley; that ventilation of cellar shall be by mechanical means; that the exit stairway, without enclosure above grade, may be constructed, provided such exit is used only as an emergency exit; that the main entrances and exits to the bowling alley shall be from Starling avenue; that the bowling alley equipment shall be of the most modern type, designed to be as near noiseless as possible; that there shall be no signs erected along the side streets; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto." (N.B. 18-51)

and does hereby *modify* the decision of the borough superintendent as to Objection 2, under Section 19A, subdivision d, to omit the required loading space in view of the occupancy of the building as now proposed and shown on plans filed with this Cal. No. 759-53-BZ, marked "Received October 19, 1953", 4 sheets and "January 6, 1954", 1 sheet, *on condition* that in all other respects the resolution adopted by the Board under Cal. 360-51-BZ on July 1, 1952, shall be complied with, based on the revised plans now presented under Cal. #759-53-BZ; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

Adjourned: 1:35 P.M.

JOSEPH J. DOYLE, *Chief Clerk*.

REGULAR MEETING

TUESDAY AFTERNOON, MARCH 2, 1954, 2 P.M.

Present: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors.

255-43-A—Vol. II

APPLICANT—Myron A. Ellis, for Highview Realty Co., Inc., new owner (Rose Aaminsky, doing business as Hyland Nursing Home, lessee).

SUBJECT—Application for consideration—reopening and amendment of resolution—re Appeal from a decision of the borough superintendent, previously granted on condition.

PREMISES AFFECTED—28-53 216th street, north side, 477.32 ft. east of 38th avenue (Block 61019, Lot 1), Bay-side, Borough of Queens.

APPEARANCES—

For Applicant: Myron A. Ellis.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application reopened and resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, this application was amended by the Board as Vol. II, on January 22, 1946, on certain conditions; and

WHEREAS, the term of variance was extended from time to time and last extended on January 5, 1954; and

WHEREAS, the applicant requested an amendment of the resolution.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on October 5, 1943, as *amended* by resolutions adopted through January 5, 1954, so as to record the new owner of the premises, as follows: Highview Realty Co., Inc., new owner; Rose Aaminsky, former owner, and Hyland Nursing Home, owner prior to Rose Aaminsky. (Alt. 1628/44)

254-49-A—Vol. II

APPLICANT—Louis Lieberman, for Dayton Properties, Inc., owner.

SUBJECT—Application reopened September 9, 1952 as vol. II—re Appeal from a decision of the borough superintendent.

PREMISES AFFECTED—1884 Marmion avenue, east side, 100 ft. north of East 176th street (basement and 1st floors); (Block 2959, Lot 32), Borough of The Bronx.

APPEARANCES—

For Applicant: Louis Lieberman.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings, and Joseph A. Sweeney, Dep't of Hospitals.

ACTION OF BOARD—Appeal denied.

THE VOTE—

Affirmative: Chairman Murdock and Commissioner Keating 2

Negative: Commissioner Kleinert and Deputy Chief Connors 2

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated December 26, 1951, acting on Alt. Applic. 1016/51, reads:

"1. Proposed extension of sanitorium, which is of Class IV construction, not permitted by Section 4.2.1 Building Code; is contrary to the approval of Board of Standards and Appeals resolution, Cal. No. 254-49-A."

and

WHEREAS, the applicant states that the building is 2 stories and basement, 28 ft. in height; 36 ft. front by 97 ft. in area at street floor; 36 ft. front by 50 ft. in area at typical floor; of Class 4 construction; erected 1906; located on a lot 47 ft. by 117 ft. in area, in a residence use, B area, district, and used and occupied since 1924—basement, boiler room, storage, office, kitchen and 3 beds, 5 persons; 1st floor, sanitorium, 36 persons; 2nd floor, dwelling, 1 family for caretaker; proposed to be used and occupied as follows: basement, heating, storage, 5 beds, office and kitchen, total 8 persons; 1st floor, sanitorium, 37 beds, total 42 persons; 2nd floor, dwelling, 1 family for caretaker; total occupancy—sanitorium 42 beds and 1 family dwelling; that the building is provided with one interior 2 ft. 10 in. wide iron stairs, unenclosed at the front of the building, leading to street, provided with a ladder and scuttle to roof and two exterior stairs leading to street and yard by stair; that windows and door openings on the course of the exterior stairs are not fireproof self-closing; and

WHEREAS, Certificate of Occupancy #7623 issued August 29, 1950, upon completion of work under Alt. Applic. 1002/48, and pursuant to resolution adopted by the Board under Cal.

MINUTES

No. 254-49-A, Vol. I, permits the following use and occupancy, basement, 2 persons, heating, storage, office, kitchen and 1 ward (containing 2 bedrooms); 1st floor, sanitorium, 30 beds, total number of occupants 36 persons; 2nd floor, 1 family, caretaker; and

WHEREAS, the applicant states that the building is 38 ft. by 113 ft. in area, 2 stories and basement in height, of frame and masonry construction, constructed in 1906 as a frame residential building; that in 1924 a certificate of occupancy was issued permitting the use of the original structure as sanitorium with 5 beds; that in 1926 an extension to the building was completed involving a one story extension, and a partial certificate of occupancy issued in 1928 for 21 beds in the extension; that until 1948 the building was occupied as follows: basement, kitchen, heating and storage, nurse's bedroom and 2 single rooms for patients; 1st floor, sanitorium consisting of 9 private rooms (21 beds), 4 ward rooms each of which easily contain 4 beds and a doctor's office; 2nd floor, caretaker's apartment; that in 1949 an application was made for a certificate of occupancy for a reduced occupancy and was the subject of an appeal to the Board as the result of which a certificate of occupancy was issued in 1950 for the following uses; basement, kitchen, heating, storage, office, mortuary and ward room (3 beds); 1st floor, sanitorium, consisting of 9 private rooms in extension (17 beds); ward rooms (13 beds) dining room and sitting room; 2nd floor, caretaker's apartment; total sanitorium, 33 beds; that due to the expensive fixed operating costs such as minimum nursing, etc., it has become difficult to operate the sanitorium without increasing the number of patients and it is therefore proposed to change the occupancy to the following: basement, kitchen, heating, storage, office, mortuary, ward room (3 beds) private room (2 beds); 1st floor, sanitorium consisting of 9 private rooms in extension (21 beds) 5 ward rooms (16 persons) and combination dining room and sitting room; 2nd floor, caretaker's apartment, one family; total—sanitorium, 42 beds and one family; and

WHEREAS, the applicant contends that inasmuch as the basement floor is of masonry construction, the first floor frame portion of the building contains approximately 1400 sq. ft. and the frame walls have been covered with wire lath and cement plaster and brick veneer; that since the greater portion of the building is of fireproof construction, it is requested that the Board grant a variation to permit the increased occupancy in this Class 4 building for sanitorium purposes; and

WHEREAS, the Board is in receipt of a report from the General Inspector of the Department of Hospitals stating that the department will approve the increase in occupancy of the building to a total of 36 beds consisting of 3 on the basement story and 33 on the 1st floor, and enclosing a report dated November 19, 1952, from the Institutional Inspector, containing specific recommendations as to the occupancy of each room in the building; and

WHEREAS, a resolution was offered, to permit a modified use, based on the favorable report of the General Inspector of the Department of Hospitals; and

WHEREAS, the premises had been previously inspected by a Committee of the Board.

Resolved, that the decision of the Borough Superintendent, acting on Alt. Applic. 1016/51, Objection 1, be and it hereby is affirmed and that the appeal be and it hereby is denied.

739-52-A

APPLICANT—Irving Kudroff, for Samuel Hirsch, owner.
SUBJECT—Application October 20, 1952—Appeal from a decision of the Borough Superintendent.

PREMISES AFFECTED—209 East 2nd street and 15 Avenue B, southeast corner (Block 384, Lot 9), Borough of Manhattan.

APPEARANCES—

For Applicant: H. E. Horwood.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Klein-ert and Keating and Deputy Chief Connors..... 4
Negative 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated November 13, 1953, acting on Amend. to Alt. Applic. 2354/50, reads:

"4. Exits should comply with Sec. 271 of the Labor Law.

4. Required live load for factory use is 120 lbs. per sq. ft."

and

WHEREAS, the applicant states that the building is 7 stories, 75 ft. in height; 19 ft. 10½ in. front by 80 ft. in depth, of class 3 construction; erected 1909, on a lot 19 ft. 10½ in. front by 80 ft. in depth, now located in a business use, B area, class 1½ height district, and used and occupied since 1909: cellar, storage and boiler room, no persons; 1st floor, restaurant, 50 persons; 2nd floor, manufacturing, cosmetics, 7 persons; 3rd floor, manufacturing skirts, 6 persons; 4th floor, manufacturing lingerie, 2 persons; 5th floor, manufacturing fur novelties, 4 persons; 6th floor, manufacturing school bags, 4 persons; 7th floor, manufacturing dresses, 15 persons; no change in use or occupancy is now proposed; that the building is provided with one interior 36 in. wide steel stairs, with cement treads, primary enclosed in brick and proposed to be enclosed in partitions of wire lath and cement plaster, equipped with fireproof self-closing doors; that stair hall leads to street and is provided with ladder and scuttle to roof; that in addition there is one fire escape on the north side extending to street by ladder; that window and door openings on the course of the fire escape will be made fireproof self-closing; and

WHEREAS, the owner was convicted and fined in Municipal Term, Magistrates Court, October 3, 1951, on a charge of violation of the Administrative Code, as cited in Viol. #3643 of 1949, issued by the Borough Superintendent January 23, 1952, for changing the use of the building to factory without obtaining a certificate of occupancy; and

WHEREAS, revised plans filed with this appeal indicate that the 2nd to 7th floors inclusive will be used as office, showrooms and factory, with the area used for manufacturing limited to 25% of the area of the building; and

WHEREAS, the applicant states that the building was erected under N. B. Applic. 95/09 as store and light factory and except for the 2nd floor has been so used since that time; that the 2nd floor was used as a dance floor from 1914 to 1919 and meeting rooms from 1919 to 1946 and as office, showroom and factory from 1946 to date; and

WHEREAS, the applicant states that there is a 3 ft. wide iron stairway with cement treads at the east end of the building, enclosed in masonry partitions in part and that any portion not so enclosed will be enclosed in fire retarded partitions of wire lath and cement mortar and the doors on the 3rd to 7th floors will be vestibuled in fire retarded partitions with fireproof self-closing doors opening out so as not to obstruct the stairway; that it is also proposed to replace the present fire escape which complied with regulations in force at the time the building was erected by installing a new 45 deg. fire escape with counter-balanced stairway to street and steps to sills and to provide fireproof windows and door on each story leading to such fire escape; and

WHEREAS, the applicant contends as to Objection 4, issued by the Borough Superintendent, that it would not be feasible to construct an additional interior stairway or fire tower as the building is only 19 ft. 10½ in. in width and extends the full depth of the lot; and

WHEREAS, the applicant contends as to Objection 5, issued by the Borough Superintendent, that under the calculations in use at the time the building was erected the floors were good for 120 lbs. per sq. ft. live load; that these floors now figure on the present basis as adequate for 75 lbs. live load; that there is no heavy machinery used and most of the work is of the needle trades requiring sewing machines; that it is proposed to continue the present use of the allowable 25% of the floor area of the 2nd to 7th floors for such manu-

MINUTES

facturing as may be legally permitted in a business use district; that the number of occupants is small and the interior stairway alone is good for 28 persons per floor or 168 above the street floor, while there will never be more than half that number of occupants in the building and the actual floor load will be kept below the 75 lbs. now computed.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the requirements of the Labor Law, as cited in a decision of the Borough Superintendent, acting on amendment to Alt. Applic. 2354/50, Objections 4 and 5, and that the appeal be and it hereby is *granted on condition* that the exits shall be maintained as shown on plans marked "Received January 7, 1954" (5 sheets) showing proposed conditions, as against similar plans marked "Received January 10, 1954" (5 sheets) showing present conditions; that the exits shall be maintained in accordance with such revised plans; that the enclosure and primary means of exit and doorways thereto shall be maintained as proposed, and to construct, as proposed, a new fire escape in place of existing fire escape with counterbalanced stair to street; that the occupancy of each floor shall be limited to that permitted for the primary means of exit; and as to Objection 5, that the liveload may be 75 pounds per superficial foot and so posted, provided the loading of such floor shall not exceed such loading of 75 pounds per superficial foot; that the building shall not be increased in height or area; that such fire-fighting equipment shall be maintained as the Fire Commissioner shall direct; and that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; and that a new certificate of occupancy shall be obtained.

532-53-A

APPLICANT—Leonard F. Rothkrug, for Miret Realty Corp., owner (Famous Trading Co., Inc., lessee).

SUBJECT—Appeal filed July 7, 1953 from a decision of the borough superintendent.

PREMISES AFFECTED—2137-2139 86th street, north side, 240 ft. east of 21st avenue (Block 6347, Lot 61), Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Klei-
ert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated July 13, 1953 on amendment as to Alt. Applic. 994/53, reads:

"3. Repeated—Two 3'-8" wide stairs leading directly to street without obstruction of cellar doors at sidewalk level are required from cellar area. Stair exits from cellar area as shown on plans violate Sec. C26-273.0 and Sec. C26-292.0."

and

WHEREAS, the applicant states the building is one story, 13 ft. 6 in. in height, 120 ft. front by 80 ft. in depth, of class 3 construction, erected 1926, located on a lot 120 ft. front by 100 ft. in depth, in a business use, C area, class 1 height district, and used and occupied since 1946; cellar, boiler room and storage; 1st floor, stores and restaurant, 120 persons, for which Certificate of Occupancy #115383 was issued October 11, 1946 upon completion of work under Alt. Applic. 980/35 and P.A. Applic. 269/43, and permitted the following use and occupancy: cellar—ordinary use; 1st floor—100 lb. live load—restaurant, 120 persons; and

WHEREAS, the applicant states that the building which was erected in 1926 is set back 10 ft. along 86th street and is occupied by several separate retail stores and a restaurant; that it is now proposed to enlarge the restaurant facilities

by adding one of the adjoining retail stores; that the restaurant is now 30 ft. front by 90 ft. irregular in depth and it is proposed to increase the restaurant area 12 ft. front by 90 ft. in depth on its westerly side, and to change the use of the cellar from boiler room and storage to boiler room, storage and food preparation, with a limitation of five persons, and to increase the number of occupants on the 1st floor to 215 persons; that it is also proposed to relocate the kitchen facilities to the rear of the new area so that they will be located behind the existing counter area; that the proposed food preparation to be conducted in the cellar will be limited to the existing bakery area and not more than five persons will be employed; that there is an existing interior 3 ft. wide stair from cellar to 1st floor on the easterly side of the building approximately 25 ft. from the front exit to 86th street; that this stairway is now used for to storage space and water closet facilities in conjunction with the restaurant; that there are two 3 ft. wide stairs from the cellar directly to the street at the front of the building having flush iron doors, and an existing exit to 86th street from the 1st floor of the new area; that it is proposed to construct an additional interior 3 ft. wide stairs from cellar to the proposed kitchen and it is further proposed that the flush iron doors will be made openable from the underside without lock and key; and

WHEREAS, the applicant states that Certificate of Occupancy #75492 issued April 8, 1935 provided for the use of this part of the building as a restaurant for 50 persons and such certificate was superseded by Certificate #115383 issued October 11, 1946 upon completion of an extensive alteration and renovation of the restaurant including an increase in area of the restaurant and permitted the use of the cellar for ordinary use and the 1st floor as a restaurant with an occupancy of 120 persons; and

WHEREAS, the applicant contends that in view of the foregoing it is requested that this application be granted.

Resolved, that the decision of the Borough Superintendent, acting on Alt. Applic. 994-53, Objection 3, be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the exit shall be maintained from the cellar as shown on revised plan marked "Received February 26, 1954" (2 sheets); that such portable firefighting appliances shall be installed as the Fire Commissioner shall direct; and that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto.

655-53-A

APPLICANT—21 East 8th Street Realty Corp., for The Trustees of Sailors Snug Harbor in the City of New York, owner.

SUBJECT—Application August 11, 1953—Appeal from a decision of the borough superintendent.

PREMISES AFFECTED—21 East 8th street, north side, 83.92 ft. west of University place (Block 566, Lot 26), Borough of Manhattan.

APPEARANCES—

For Applicant: Robert H. Fraser and Daniel M. Brams.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Klei-
ert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated July 13, 1953, on Alt. Applic. 926/53, reads:

"1. A fire escape as a secondary means of egress in a factory bldg. over fire stories high is not acceptable in accordance with Sect. 271 of the Labor Law.

Note: The Labor Law was amended subsequent to Resol. 872-27-S making outside fire escapes illegal means of egress in factory bldgs. over 5 stories high."

and

MINUTES

WHEREAS, the applicant states that the building is 7 stories, 75 ft. in height, 25 ft. by 88 ft. 6 in. in area, Class 3 construction, erected in 1901 on a lot 25 ft. by 93 ft. 11 in. in area, in a residence use, C area, Class 1¼ height district; used and occupied since 1901; Cellar—kitchen, 6 persons; 1st floor—restaurant and dancing, 150 persons; 2nd floor—vacant; 3rd floor—manufacturing uniform hats, 17 persons; 4th floor—manufacturing silk screen prints and posters, 4 persons; 5th floor—vacant; 6th floor—manufacturing display fixtures and wire racks, 10 persons; 7th floor—manufacturing plaster ornaments, 11 persons; now proposed to be used and occupied as follows: Cellar—same; 1st floor—same; 2nd, 3rd and 4th floors—factory, 20 persons each floor; 5th, 6th and 7th floors—factory, 15 persons each floor. The building is provided with an approved interior fire alarm system and regular monthly fire drills are maintained. There is one interior 3 ft. wide stairs enclosed in partitions of plaster and mesh on wood studs and brick masonry; stair doors are steel plate, self-closing; stairhall leads direct to street and to roof bulkhead; in addition there is one fire escape at rear, extending to roof by stair and to yard by stair, with egress from lower termination through adjoining premises; window and door openings on course thereof are fireproof, self-closing; and

WHEREAS, Violation No. 4729/52 issued July 20, 1952, was for violation of Section 271 of the Labor Law in that all floors of the building are not provided with a legal second means of egress as required by law; and

WHEREAS, Certificate of Occupancy #5519 issued November 21, 1922 to an existing building describes the building as public and business classification and permits the following use and occupancy: Cellar—kitchen, 6 persons; 1st floor—restaurant and dancing, 150 persons; 2nd to 7th floors—factory, 30 persons each floor; and

WHEREAS, the applicant states this is an application for variation of the requirements of Section 271 of the Labor Law; and

WHEREAS, the applicant contends that since erection under N.B. 1561/01 the building has had a continuous use as a factory on the upper six stories, pursuant to Certificate of Occupancy 5519/22 and a variance granted by the Board under Cal. No. 872-27-S relative to the rear egress; and that the building has had a continuous use for the ground floor for restaurant and dancing as approved under the same certificate of occupancy and P.A. Application #5-1943; and

WHEREAS, the applicant further contends that the existing uses are not hazardous; that the present fire escape is superior to one complying with the requirements in that it has approximately only 7-inch risers with 8-inch treads and enclosing railings throughout 5 feet in height; that due to the narrow building width and heavy masonry walls, the building has a net work space of approximately 1550 sq. ft. per floor; that the installation of a second interior stair would infringe on the net work space to the extent of approximately 15% and would constitute an unnecessary hardship on the lessees and the owner; that due to the size limitations of the rear yard and the story heights it is physically impossible to install an exterior stairway of proper dimensions; that the same surrounding conditions exist now as existed at the time of acceptance of the egress by the Board in 1927; that by written agreement between the applicant and present tenant of premises 20 East 9th street, directly to the north, the occupants of 21 East 8th street are permitted egress through the yard of said building directly to the north, which agreement is on file and has been approved by the Fire Commissioner; and

WHEREAS, the applicant further contends that there will continue to be but one tenant on each floor of the building; that each of the present tenants employs only a minimum number of persons far less than the number permitted by the certificate of occupancy; that the tenants to whom it is proposed to rent the vacant floors will also employ only a minimum number of persons; that the certificate of occupancy presently permits 30 persons on each floor above the first; that in view of the minimum number of persons now

employed on each floor and the policy of the applicant to restrict the number of persons on each floor, the applicant will consent to a reduction of the total number of employees on the upper six floors and it is therefore requested that the Board permit the existing fire escape to remain as previously accepted by the Board for use as a secondary means of egress; and

WHEREAS, under Cal. No. 872-27-S the Board modified Item I of Order #23176 LC issued by the Fire Commissioner June 20, 1927, requiring a fireproof passageway from the lower termination of the rear fire escape, on condition that an opening in the fence unfastened be maintained to the yard of adjoining premises in the rear, also an opening unfastened maintained in the fence to the west embracing 8 buildings with egress through any and all of the same through East 8th street and East 9th street, and granted only so long as conditions as to occupancy and use remained substantially unchanged.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the requirements of the Labor Law, as cited in a decision of the Borough Superintendent, acting on Alt. Applic. 926/53, Objection 1, and that the appeal be and it hereby is granted, to permit the existing exits from the building, as indicated on plans filed with this appeal, marked "Received August 11, 1953" (3 sheets) and "February 8, 1954" (5 sheets) and to permit the exit from the rear fire escape across the adjoining premises as permitted by owner of said premises as per letter filed with this Board marked "Received February 24, 1954."

661-53-A

APPLICANT—David N. Cybul, for Estate of S. Klein, Aaron Simon, Executor, owner (S. Klein on the Square, Inc., lessee).

SUBJECT—Application August 26, 1953—Appeal from a decision of the Borough Superintendent.

PREMISES AFFECTED—100-102 East 15th street and 14-18 Union Square East, northeast corner (Block 870, Lot 2), Borough of Manhattan.

APPEARANCES—

For Applicant: David N. Cybul and Leonard F. Rothkrug.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating 3

Negative: Deputy Chief Connors 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated July 27, 1953, on amendment as to Alt. Applic. 404/53, reads:

"2. Proposed commercial occupancy in a Class III nonfireproof building above the 4th story is contrary to section 4.2.1 of the B.C."

and

WHEREAS, the applicant states that the building is 6 stories, 78 ft. in height, 95 ft. by 123 ft. by 60 ft. irregular in area, of Class 3 construction, erected in 1881, in a retail use, B area, Class 2 height district; used and occupied since 1948; Cellar—storage and boiler room, 200 persons; 1st floor—store and hotel lobby, 500 persons; 2nd to 6th floors, inclusive—hotel, 20 rooms on each of the 2nd, 3rd, 4th floors and 22 rooms on the 5th floor and 25 rooms on the 6th floor; proposed to be used and occupied upon completion of alteration as follows: Cellar—same; 1st floor—store, 500 persons; 2nd floor—lounge and locker room, 200 persons; 3rd floor, office and storage, 35 persons; 4th, 5th and 6th floors—offices, 45 persons on the 4th, 58 on the 5th and 24 on the 6th. The building is equipped with an approved standpipe system and an approved 2-source sprinkler system. There are two 3 ft. 10 in. and 3 ft. 8 in. wide steel stairs, enclosed with fireproof partitions, equipped with fireproof self-closing doors, extend-

MINUTES

ing to roof bulkhead; and two fire escapes on E. 15th street front, extending to roof by stair and to street by ladder; window and door openings on course of same are not fire proof, self-closing; and

WHEREAS, Certificate of Occupancy #84542 issued upon completion of Alt. App. 514/47 classifies the building as an heretofore erected existing Class B hotel of nonfireproof construction and permits the existing use and occupancy; and

WHEREAS, the applicant states that the building was erected in 1881 and used and occupied since as a residential Class B hotel; that it is now proposed to alter the building and change the use to commercial purposes in conjunction with the adjoining structure presently owned and occupied by the same lessee, S. Klein On the Square, Inc.; that the building is equipped with a sprinkler system approved by the Fire Department September 15, 1948, a fire alarm system approved by the Fire Department August 5, 1948, and a watchman's time detector approved by the Fire Department August 5, 1948; and

WHEREAS, the applicant contends that the proposed number of occupants will be well within the stair capacity, based on the present administrative code provisions; that the proposed extensive alteration of the existing hotel building will provide necessary department store administrative office space on the upper four floors and additional sales area on the 2nd floor; that the two existing multiple dwelling law type fire escapes on the East 15th street front will be maintained; that in addition the present interior open stairs will be completely enclosed with 1-hour fire-resistive partitions, equipped with $\frac{3}{4}$ -hour fire test fireproof enclosing doors, and a new fireproof enclosed stairway will be constructed on the 4th, 5th and 6th floors of the hotel building; this new stairway will be made continuous with the existing fireproof enclosed stairway in the northerly wing of the adjoining structure; that the new stairway will also exit on to the 4th floor office area of the converted hotel building; through a 3 ft. 8 in. by 7 ft. opening, protected with a 3-hour fire test self-closing door; that from this area it is proposed to have an opening in the dividing wall between the hotel building and the easterly wing of the adjoining building 7 ft. in width by 8 ft. in height, protected by 3-hour test automatic sliding door with fusible link capable of being activated from either side of the wall; that the two adjoining buildings operated conjunctively by S. Klein On the Square, Inc. as a retail department store are fully sprinklered throughout; that there will be an opening in the dividing wall of the 3rd floor leading from the employees' lounge to the adjoining building protected as on the 4th floor and in addition there will be another exit leading to the existing fireproof stairway of the northerly wing of the adjoining building 3 ft. 8 in. by 7 ft. protected by 3-hour test fireproof self-closing door; that the occupancy of the 2nd floor will be changed to allow for additional retail sales area; that there will be two new 7 ft. by 8 ft. openings in the dividing wall between the hotel building and the easterly wing of the adjoining building protected by approved 3-hour test fireproof self-closing overhead rolling door assemblies; that one of the openings will lead to the mezzanine floor of the adjoining structure, the other to the 3rd floor of such adjoining structure; that there will be a new steel stairway from the 2nd floor area 8 ft. wide protected by an approved 3-hour test overhead rolling door assembly, leading to the northerly wing of the adjoining building; that in addition, there will be an exit to the existing fireproof stairway in the adjoining building to a new stair enclosed 3-hour fire-resistive partition, protected with $1\frac{1}{2}$ hour fire test self-closing door on one side and a $1\frac{1}{2}$ hour test sliding door on the other side; that it is believed that with the improved exit facilities and the fact that building will only be used in the daytime, whereas it is now a hotel building, there will be reduction in the fire hazard and it is therefore requested that the Board grant this appeal; and

WHEREAS, the applicant states that under sprinkler and standpipe application #985/53, the existing multiple dwelling type system will be replaced by a new 3-source sprinkler system throughout; and

WHEREAS, the applicant states that the Alteration Application was approved by the Borough Superintendent for occupancy of the first four floors only and upon amendment filed July 16, 1953, proposing to occupy the 5th and 6th floors as office area the decision herein appealed was issued; and

WHEREAS, the premises were inspected by a committee of the Board.

Resolved, that the decision of the Borough Superintendent, acting on amendment to Alt. Applic. 404/53, Objection 2, be and it hereby is *granted on condition* that the building shall be occupied only as proposed and only for office work above the fourth floor and shall be maintained in accordance with plans filed with this appeal marked "Received August 26, 1953" (9 sheets) showing existing conditions and "Received November 25, 1953" (19 sheets) showing proposed conditions and "Received December 30, 1953" (9 sheets); that all openings into the adjoining cellar space shall be as proposed with self-closing fireproof doors; that all windows on interior shafts at all floors shall be fitted with approved fireproof self-closing windows glazed with wire glass; that the sprinkler system throughout the building shall be installed and maintained in accordance with requirements therefor and to the satisfaction of the Fire Commissioner; that the sprinkler system shall be connected to fire headquarters through an approved central station; that the building shall also be equipped with a fire alarm system; that the building shall not be increased in height or area; that in all other respects it shall comply with all laws, rules and regulations applicable thereto.

675-53-A

APPLICANT—R. L. Beaird, for Frank G. Shattuck, lessee (May Patterson, Mary S. Nutting and Estate of Agnes Nutting Ladd, owners).

SUBJECT—Application September 14, 1953—Appeal from an order and a decision of the fire commissioner.

PREMISES AFFECTED—386-390 Fulton street and 1-15 Smith street, southeast corner (Block 155, Lots 10 and 12), Borough of Brooklyn.

APPEARANCES—

For Applicant: Robert L. Beaird.

For Administration: Lieut. John P. Manfredi, Fire Dep't.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors..... 4

Negative 0

THE RESOLUTION—

WHEREAS, Order #47329-LC, issued by the Fire Commissioner February 9, 1953, and referred to in a decision of the Fire Commissioner dated August 27, 1953, reads:

"Before a permit for the purpose indicated above may be issued to you, the following order must be complied with. Kindly notify this Department when such order has been complied with.

1. Discontinue use of the direct refrigeration system above the 1st floor

OR

2. Submit evidence that the Board of Standards and Appeals, has no objection to the use of the Hartford Automatic direct refrigeration ammonia unit under conditions of multiple tenancy which violates the conditions in original Board of Standards and Appeals resolution 104/30, of December 16, 1930."

and

WHEREAS, the applicant states that the building is 1 and 3 stories, 42 ft. in height; 75 ft. by 150 ft. in area, of Class 3 construction; erected 1925; located on a lot 75 ft. by 150 ft. in area, in a restricted retail use, B area, Class 2 height district, and used and occupied since 1927: cellar, kitchen, stockroom and lockers, 175 persons; 1st floor, stores and restaurant, 350 persons; mezzanine, restaurant, 200 persons; 2nd floor, bakery, dance school and lockers, 100 persons; 3rd

MINUTES

floor, dentist's office and dance school, 100 persons; no change in use or occupancy is now proposed; that the building is provided with two interior stairs, and two fire towers; 3 ft. 9 in. wide, of fireproof construction, equipped with self-closing doors and leading direct to street and to roof bulkhead; and

WHEREAS, Certificate of Occupancy #126591, issued to 384-388, displ. 384-392 Fulton street, southeast corner of Smith street and 1-15 Smith street (Block 155, Lots 10 and 12), upon completion of Alt. 1271/45, permits the following use and occupancy: cellar, kitchen, storage, locker, repair and refrigerator room, 175 persons; 1st floor, restaurant and stores, 350 persons; mezzanine, restaurant, 200 persons; 2nd floor, dance studios, offices, bakery, employees dining rooms and locker rooms; 3rd floor, dance studios and offices, 100 persons; and

WHEREAS, the applicant states that the order appears to be due to an incorrect description of the premises by the party who represented the owner in 1930 under Cal. No. 104-30-A; that the building at no time was in single tenancy; that the building has always been occupied by store tenants and that there was a tenant on the 2nd floor; that the 3rd floor in 1930 was vacant; and

WHEREAS, the applicant contends that the only direct refrigeration above the 1st floor is a low pressure ammonia system used on the refrigeration system of one walk-in refrigerator in the bakery at the rear of the 2nd floor, with the expansion valve in the basement, so that no high pressure ammonia is on the 2nd floor; that all high pressure ammonia is confined to the basement area; that the 2nd floor space occupied by the Shattuck Company is separated from the space of the tenant, Arthur Murray, by terra cotta and cement block partitions; that the space in which the refrigerator is installed is ventilated by mechanical ventilation, and also has a multiple of windows; that there are two interior exit stairways from the roof to the 1st floor and street; that the entire plant is under the constant care of a licensed engineer and kept in perfect mechanical condition; that in view of these facts, it is felt that the building being of multiple tenancy is not hazardous, and it is therefore requested that the Board amend the resolution adopted under Cal. No. 104-30-A so as to permit the operation of the Hardford Automatic refrigerating compressor with multiple tenancy in the building; and

WHEREAS, the premises was inspected by a Committee of the Board.

Resolved, that the decision of the Fire Commissioner, as expressed in Order #47329-LC be and it hereby is *modified* and that the appeal be and it hereby is *granted*, to permit the continuation of the direct system of refrigeration above the first floor, *on condition* that the system shall be maintained to the satisfaction of the Fire Commissioner and that in all other respects the systems within the building shall be maintained in accordance with all requirements therefor and to the satisfaction of the Fire Commissioner.

783-53-A

APPLICANT—Philip Freshman, for Aurora Undergarment Co., Inc., owner.

SUBJECT—Application for consideration—reopening and amendment of resolution—re Appeal from a decision of the borough superintendent, previously granted on condition.

PREMISES AFFECTED—2582-2586 Atlantic avenue, south side, 40 ft. 11½ in. west of Georgia avenue (2nd floor); (Block 3684, Lot 22), Borough of Brooklyn.

APPEARANCES—

For Applicant: Philip Freshman.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Appeal reopened and resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, this application was granted by the Board on December 1, 1953, on certain conditions; and

WHEREAS, the applicant requested an amendment of the resolution.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on December 1, 1953, by adding thereto:

"that in the event the owner desires to construct a vestibule for the exit to Atlantic avenue from the first floor, as shown on revised plan marked 'Received February 5, 1954' and as passed on by the Borough Superintendent under amendment to Alt. Applic. 863/53, dated February 2, 1954, Objection 4, such change may be permitted, *on condition* that in all other respects the requirements of the resolution above cited shall be complied with."

865-53-A

APPLICANT—Ralph E. Leff, for Bedford Associated, Inc., owner.

SUBJECT—Application November 30, 1953—Appeal from a decision of the borough superintendent.

PREMISES AFFECTED—21-02 to 21-24 43rd avenue, south side, from 21st to 22nd streets, 21-01 to 21-17 21st street and 21-02 to 21-18 22nd street (3rd floor); (Block 441, Lot 16), Long Island City, Borough of Queens.

APPEARANCES—

For Applicant: Ralph E. Leff.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating 3

Negative: Deputy Chief Connors 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated October 28, 1953 on amendment to Alt. Applic. 2167/52, reads:

"1. Provide standpipe as required 16.1.1;"

and

WHEREAS, the applicant states the building is 3 stories, 46 ft. in height, 254 ft. 9 in. by 175 ft. in area, of fireproof construction, erected 1920, located in an unrestricted use, B area, class 1½ height district and used and occupied since 1920; cellar, boiler room; 1st, 2nd and 3rd floors, factory, 216 persons on the 1st, 275 on the 2nd and 76 persons on the 3rd, and proposed to be used and occupied as follows: cellar, boiler room; 1st floor, factory—225 persons; 2nd floor, factory—240 persons; 3rd floor, factory and caretaker's apartment—380 persons; that the building is provided with a 2-source sprinkler system, an approved interior fire alarm system; that there are four 3 ft. 8 in. wide interior reenforced concrete stairs, enclosed in 4 in. T.C. block equipped with metal self-closing doors; that one stairs leads to roof bulkhead and 3 scuttles are provided to roof; and

WHEREAS, Certificate of Occupancy #Q-26772 issued July 9, 1942 against N.B. 3454/19 permits the present use and occupancy and contains a note that the Fire Department approval of sprinkler was obtained July 9, 1942; and

WHEREAS, the applicant states that the building is now being altered to provide an additional freight elevator and off-street loading bay on the 22nd street side and the 3rd floor is being extended in area by the erection of an additional 22,765 sq. ft. over the unoccupied roof of the existing 2nd floor; that all construction will be of class 1 construction; that the building is now equipped with an approved two source sprinkler system and this sprinkler system is being extended to all areas being added under this alteration application; and

MINUTES

WHEREAS, the applicant contends that the building was erected prior to January 1, 1938 and is not being increased in height; that the building is used for light manufacturing purposes of a non-hazardous nature; that inasmuch as the building is of class 1 construction throughout and is equipped with a two-source wet sprinkler system and an approved fire alarm system, it is requested that permission be granted to omit the installation of a standpipe system.

Resolved, that the decision of the Borough Superintendent, acting on amendment to Alt. Applic. 2167/52, Objection 1, be and it hereby is *modified* and that the appeal be and it hereby is *granted*, to permit the omission of the standpipe, *on condition* that the building shall not be increased further in area than as proposed and as indicated on plans filed with this appeal, marked "Received November 30, 1953" (7 sheets) showing existing conditions; that the building shall otherwise be maintained in accordance with requirements therefor and to the satisfaction of the administrative official and shall be connected with fire headquarters through a central station; that the fire alarm system shall be maintained in accordance with the requirements therefor; that the building shall not be increased in height or area and in all other respects shall comply with all laws, rules and regulations applicable thereto.

874-53-A

APPLICANT—Samuel Rosenblum, for Freed Transformer Co., Inc., owner.

SUBJECT—Application December 10, 1953—Appeal from a decision of the borough superintendent.

PREMISES AFFECTED—1715 Weirfield street, north side, 74 ft. east of Cypress avenue (Block 3561, Lot 1), Ridgewood, Borough of Queens.

APPEARANCES—

For Applicant: Samuel Rosenblum.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated December 9, 1953 on Misc. Applic. 1084/53, reads:

"1. Provide a sprinkler system having two (2) automatic sources as required by Sec. 4.2.1 and Sec. 15.36 B.C. re Alt. 2592-52."

and

WHEREAS, the applicant states the building is 1 and 2 stories, 19 ft. and 36 ft. 2 in. in height, 254 ft. 6 in. by 100 ft. in area, of class 3 construction, erected 1911, used and occupied since July 1953 for the manufacture of transformers on the 1st floor—150 persons and on the 2nd floor, office and manufacturing transformers—25 persons; that no change in use or occupancy is now proposed; that the building is equipped with a one-source sprinkler system throughout; that there are two 44 in. wide interior fireproof stairs leading direct to street but not to roof; and

WHEREAS, the applicant states that this appeal is from a requirement of the Borough Superintendent that the building be provided with a 2-source sprinkler system due to the non-fireproof construction; and

WHEREAS, the applicant contends that the rear portion of building B, having an area of approximately 33 ft. by 113 ft. is the only portion of non-fireproof construction and that this portion is of Class III construction; that a sprinkler system is being installed throughout the building connected to the city main which has a pressure of 50 lbs. per sq. in.; that this connection will be 4 in. to a 6 in. city main with 4 by 6 increaser; that the total number of heads will be 358; that the building is divided into separate fire areas; that the sprinkler installation will comply in all respects with the requirements of the Administrative Code except for the second source of supply; and

WHEREAS, the applicant contends that if the building were fireproof throughout, no sprinkler of any type would be required and the Board is therefore requested to permit the installation of a one-source sprinkler system in view of the fact that the greater portion of the building is fireproof.

Resolved, that the decision of the Borough Superintendent, acting on Misc. Applic. 1084/53, Objection 1, be and it hereby is *modified* and that the appeal be and it hereby is *granted*, to permit in lieu of a two-source automatic sprinkler system, a one-source system throughout the building, as proposed and shown on plans filed with this appeal marked "Received December 10, 1953" (2 sheets), *on condition* that the building shall not be increased in height or area; that any openings in the division walls as shown separating into fire areas shall be fitted with automatic self-closing fire doors; that the one-source sprinkler system shall comply with all requirements therefor and have connection with fire headquarters through an approved central station; and that in all other respects the building shall comply with all laws, rules and regulations applicable thereto.

29-54-A

APPLICANT—Joseph B. Lynch, for Esso Standard Oil Co., owner.

SUBJECT—Application January 15, 1954—filed pursuant to section 35, General City Law re construction of part of tank in bed of a mapped street (Duck street) as cited in a decision of the commissioner of Marine and Aviation.

PREMISES AFFECTED—Block bounded by Paidge avenue, Whale Creek Canal, Newtown Creek and Duck street (Block 2501, Lot 1), Borough of Brooklyn.

APPEARANCES—

For Applicant: Joseph B. Lynch.

For Administration: Charles Pekus, Dept. of Marine and Aviation.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Keating and Deputy Chief Connors 3
Not voting: Commissioner Kleinert 1
Negative 0

THE RESOLUTION—

WHEREAS, the decision of the Commissioner of Marine and Aviation dated December 17, 1953, on Applic. #44906, reads:

"Permit will not be issued until the following objections are removed:

Construction of part of tank, concrete mat on piles and crib retaining wall is within the bed of a mapped street (Duck street), which is contrary to Sec. 35 of the General City Law."

and

WHEREAS, the applicant states that the premises consist of a plot 260.19 ft. by 434.78 ft. and 442.52 ft. in area; located in an unrestricted use, A area, Class II height district, upon which it is proposed to erect a fuel oil storage tank having a capacity of 4,000,000 gallons, concrete mat, pile foundation, crib retaining walls, earth fill, oil and foam piping, yard hydrant system, and foam and boiler house; and

WHEREAS, the applicant states that the mapped street extends from the north side of Paidge avenue, a distance of 444 ft. to the southerly side of Newtown Creek and is shown to have a width of 60 ft. on the city map; that this street is not legally or physically opened and the city has not vested title in the land necessary for any street opening; and

WHEREAS, the applicant states that the present owner purchased the property on December 21, 1950, running to the Center line of Duck street, as shown on the city map; that a petition has been filed with the City Planning Commission for removal of Duck street from the city map; and

WHEREAS, the applicant states that it is proposed to erect a 9 compartment, 4,000,000 gallon steel storage tank for Nos. 2, 4, and 6 fuel oil and the necessary reinforced concrete mat and pile foundation, earth enclosure and crib retaining

MINUTES

walls and to erect a combination foam and boiler house and to install a yard hydrant system and to grade and to pave the entire plot; and

WHEREAS, the applicant states that the steel tanks will be 122 ft. by 200 ft. x 22 ft. in height and will extend into Duck street for a distance of 7 ft. and the earth enclosure together with the crib retaining walls will extend an additional 23 ft. into said mapped street; and

WHEREAS, the applicant states that Permit #46331 was obtained from the Department of Marine and Aviation on December 28, 1953, and includes the Fire Department approval for the proposed work; that work under this permit is limited to the land to the east side of Duck street and does not include the 30 ft. parcel extending to the center line of Duck street; and

WHEREAS, the applicant states that construction work is now under way and piles are being driven; and

WHEREAS, the applicant contends that plant expansion and consolidation of the fuel oil storage plant and gasoline plant on the southerly side of Paidge avenue require the acquisition of this additional property; and

WHEREAS, the applicant states that Fire Department regulations require certain spaces between storage tanks and a boiler or foam house and it is necessary in order to conform with Code requirements that the 30 ft. strip extending into the bed of Duck street be utilized in the proper planning of this project; and

WHEREAS, the applicant states that he has been informed by the Office of the Borough President that Duck street was mapped about 1905 and that in all likelihood the city will never vest title to the land as witnessed by the removing from the city map of Bryant and Setauket streets which were immediately to the west and had the same characteristics as Duck street; that the removal of these two mapped streets from the city map was in conjunction with the plant expansion of the Williamsburg Iron and Steel Works.

Resolved, that the appeal be and it hereby is *granted*, under the powers vested in the Board under Section 35 of the General City Law, to permit the erection of the proposed oil storage tank within the bed of the mapped street proposed to be removed from the city map, *on condition* that in the event the street is not removed from the map and it is proposed to construct such street, the company shall remove any encroachments within the said area *on condition* that in all other respects, the installation shall comply with the Oil Burner Rules and all other laws and rules applicable.

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4
Negative 0

964-40-SM

APPLICANT—Jamestown Metal Corp., owner.

SUBJECT Application reopened September 27, 1949—reopening and amendment of resolution as to construction—re Jamestown Three Hour Hollow Metal Fire Door (previously approved).

APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Application dismissed as to reopening September 27, 1949.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4
Negative 0

202-41-SM—Vol. II

APPLICANT—Alfred Dunhill of London, Inc., agent, for R. P. Scherer Corp., Gelatin Products Division, owner.

SUBJECT—Application reopened January 13, 1948—re Dunhill Lighter Fluid Tubules (improved); previously approved.

APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Application dismissed as to Vol. II for lack of prosecution.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4
Negative 0

139-42-SM

APPLICANT—The Pelton and Crane Co., owner.

SUBJECT—Application reopened July 8, 1952—reopening and test and report as to revised design—re Pelton Surgical Cuspidor (previously approved).

APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Application dismissed for lack of prosecution.

THE VOTE:

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4
Negative 0

204-42-SA

APPLICANT—F. S. Payne Co., owner.

SUBJECT—Application March 14, 1942—re F. S. Payne Company, Bulletin 765, No. 3, Interlock, approval of.

APPEARANCES—

For applicant: None.

ACTION OF BOARD—Application dismissed for lack of prosecution.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4
Negative 0

628-43-SM

APPLICANT—Allan S. Platt, for National Fireproofing Corp., owner.

SUBJECT—Application December 27, 1943—re Natco Structural Clay Load Bearing Tile Units, approval of.

APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Application dismissed for lack of prosecution.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4
Negative 0

165-44-SM

APPLICANT—Steers Sand and Gravel Corp., owner.

MINUTES

SUBJECT—Application March 17, 1944—re Steers Sand and Gravel Corporation Sand and Gravel, approval of.

APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Application dismissed for lack of prosecution.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating and Deputy Chief Connors 4

Negative 0

214-44-SM

APPLICANT—Metropolitan Sand and Gravel Corp., owner.

SUBJECT—Application April 7, 1944—re Metropolitan Sand and Gravel Corp. Sand Gravel, approval of.

APPEARANCES—

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating and Deputy Chief Connors 4

Negative 0

351-44-SM

APPLICANT—American Kiln and Furnace Co., for Henry G. Begeman, owner.

SUBJECT—Application June 13, 1944—re American Kiln and Furnace Co. Down Draft Ceramic Kiln, approval of.

APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Application dismissed for lack of prosecution.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating and Deputy Chief Connors 4

Negative 0

592-47-SM

APPLICANT—Bow Arch Corporation, owner.

SUBJECT—Bow Arch Roof Truss, approval of.

APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Application dismissed for lack of prosecution.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating and Deputy Chief Connors 4

Negative 0

603-47-SA

APPLICANT—Spacarb Inc., owner.

SUBJECT—Spacarb Cooler-Carbonator, DiPietro Carbonator and Heat-X-Changer Cooler, approval of.

APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Application dismissed for lack of prosecution.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating and Deputy Chief Connors 4

Negative 0

664-47-SA

APPLICANT—King Machine Co., Inc., for Universal Engineering Co., owner.

SUBJECT—King o' Heat Oil Burner, Model 3L, approval of.

APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Application dismissed for lack of prosecution.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating and Deputy Chief Connors 4

Negative 0

729-47-SA

APPLICANT—Florence Stove Co.

SUBJECT—Kenmore Pot Type Oil Heater, Model No. 103.79415, approval of.

APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Application dismissed for lack of prosecution.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating and Deputy Chief Connors 4

Negative 0

763-47-SA

APPLICANT—Dualflame Co., owner.

SUBJECT—Dualflame Oil Burner, Models A and AA, approval of.

APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Application dismissed for lack of prosecution.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating and Deputy Chief Connors 4

Negative 0

785-47-SA

APPLICANT—Florence Stove Company, owner (Sears, Roebuck & Company agent.)

SUBJECT—Kenmore Blue Flame Oil Heater, Model 103.81815., approval of.

APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Application dismissed for lack of prosecution.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating and Deputy Chief Connors 4

Negative 0

1101-47-SM

APPLICANT—The Perfix Company, owner.

SUBJECT—Perfix Stainless Steel Shower Stall Receptor, approval of.

APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Application dismissed for lack of prosecution.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating and Deputy Chief Connors 4

Negative 0

1106-47-SM

APPLICANT—Leo Stillman, for Thermo-Concrete Corp., owner.

SUBJECT—Thermo-Crete Plank (2" thick vermiculite concrete plank), approval of.

APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Application dismissed for lack of prosecution.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating and Deputy Chief Connors 4

Negative 0

HARRIS H. MURDOCK, *Chairman.*

PUBLIC HEARING

PROPOSED RULES COVERING DRY CLEANING ESTABLISHMENTS PURSUANT TO THE ZONING RESOLUTION OF THE CITY OF NEW YORK (CAL. 958-47-SR VOL. II)

NOTICE IS HEREBY GIVEN that a public hearing will be held by the Board of Standards and Appeals on *Friday, March 12, 1954* at 10 A. M., in Room 1013, Municipal Building, Manhattan, on the Proposed Rules Covering Dry Cleaning Establishments, Pursuant to the Zoning Resolution of The City of New York.

Authority

Section 666, Subd. 2 of the Charter of the City of New York and Article V, Section 21 and Article II, Section 4(a), Subd. 53 of the Zoning Resolution of the City of New York.

Application of Rules.

These rules shall be deemed to apply only to those accepted dry cleaning establishments existing or hereafter established, pursuant to Article II, Sections 4(a), Subd. 53, 4-A, 4-B and 4-C of the Zoning Resolution.

These rules shall not be deemed to modify or repeal Chapter 19 of the Administrative Code of the City of New York.

Zoning Resolution.

ARTICLE I—DEFINITIONS

§1. Definitions. * * *

(cc) For the purpose of this resolution, "dry cleaning" includes cleaning textiles, fabrics, garments or other articles by the use of solvents other than water, extraction of the solvents therefrom, and drying the same. A "dry cleaning unit" is the machinery or equipment in which textiles, fabrics, garments or other articles are carried through a complete cleaning cycle. A "dry cleaning unit" may consist of one or more detached component machines.

ARTICLE II—USE DISTRICTS

§4. Business Districts. (a) In a business district no building or premises shall be used, and no building shall be erected which is arranged, intended or designed to be used, for any of the following specified trades, industries or uses:

(11) Dyeing establishments.

(53) Dry cleaning establishments, except for establishments which conform to the restrictions set forth below:

(a) Not more than two dry cleaning units shall be installed, and such units shall have an aggregate dry load capacity of not more than 60 pounds, as rated by the Board.

(b) The gross floor area of the dry cleaning establishment, including space used for dry cleaning, pressing and incidental operations, and space used for storage, service of customers and convenience of employees, shall not exceed 2,000 square feet. However, additional space may be used on a lower floor which is either a basement or a cellar, provided that on such floor there shall be no dry cleaning and no storage of recently cleaned articles.

(c) No solvent having a flash point less than 138.2 degrees Fahrenheit shall be used, except for incidental removal of spots.

To protect the public health, safety and welfare in accordance with the general purpose and intent of this resolution, to safeguard the character of the predominant types of uses located in the districts affected, and to protect the occupants of nearby residences and other premises from traffic congestion, fire, explosion, vibration, noise, heat, smoke, odors, toxic vapors and other forms of air pollution, the Board, after public notice and hearing, may adopt, and from time to time amend, rules and regulations for the operation and maintenance of dry cleaning establishments permitted under subsections (a), (b) and (c) above. Such rules and regu-

lations may cover inter alia location of entrances to and exits from such establishments, installation of equipment and hours of operation of such establishments. Such rules and regulations may also prescribe the conditions under which such establishments may exist in buildings in which residences are located.

Any dry cleaning establishment which was in existence prior to January 1, 1953 in any use district to which the provisions of this section apply, may be continued, but no such establishment shall be enlarged or extended, nor shall the capacity of its dry cleaning units be enlarged, except in conformity with all the provisions of this section. Such existing establishments shall be subject to the aforesaid rules and regulations of the Board.

Section 4-A. Retail Districts. In a retail district the same regulations and restrictions shall apply as are provided for business districts except that no manufacturing or treatment of products shall be carried on other than such as are incidental to the conduct of a retail business conducted on the premises, or such other manufacturing as is now permitted in a business district, provided that in such other manufacturing not more than five per cent (5%) of the total floor space of the building is so used. However, any use or uses specifically authorized under the provisions of §3 (10) shall be permitted in a retail district. In addition, dry cleaning establishments conforming to the provisions of §4(a) (53) shall be permitted in a retail district, provided such establishments are for retail purposes where services are performed directly for consumers or for transient hotels, or as an accessory use in transient hotels and department stores.

Section 4-B. Restricted Retail Districts. In a restricted retail district, the same regulations and restrictions shall apply as are provided for retail districts except, that in a restricted retail district no building or premises shall be used and no building shall be erected which is arranged, intended or designed to be used for any of the following purposes:

(m) Dry cleaning establishments, other than an establishment conforming to the provisions of §4-A, which is located in a passenger terminal, or as an accessory use in a transient hotel or a department store.

Section 4-C. Local Retail Districts. In a local retail district, the same regulations and restrictions shall apply below the level of that first story ceiling as are provided for restricted retail districts, except that no manufacturing of any kind shall be permitted; and no building shall be erected or structurally altered which is arranged, intended or designed to be used above the level of the first story ceiling for any use not permitted in a residence district. However, the provisions of this section shall not apply to projects authorized pursuant to §3 (10) of this resolution. In addition, the provisions of §4-B(m) shall not apply, and dry cleaning establishments conforming to the provisions of §4-A shall be permitted in local retail districts.

Rule 1. Definitions.

For the purpose of these rules, the following definitions shall apply:

1.1. The term "dry cleaning establishment" shall mean any room, place or space in which dry cleaning is performed, as defined in the Zoning Resolution.

1.1.1. For other purposes a dry cleaning establishment shall be as defined in Ch. 19 Adm. Code.

1.2. The term "retail", "retail purposes" and "retail business" shall mean only such dry cleaning establishment performing services on articles conveyed directly by

PUBLIC HEARING

a retail customer to such dry cleaning establishment, or collected directly from the retail customer by such dry cleaning establishment, and directly processing such articles for said customer.

1.3. The term "hereafter" or "hereafter established" shall mean established after January 1, 1953.

1.4. The term "existing" shall mean established before January 1, 1953.

1.5. All other terms used shall be as defined in the Zoning Resolution, Administrative Building Code, Multiple Dwelling Law or Labor Law when not inconsistent with the specific terms defined herein.

1.6. The term "spotting or sponging" shall mean the local application of inflammable liquid solvents and other cleaning preparations to remove spots of dirt, grease, paint or stains from wearing apparel, fabrics, textiles or articles of any other sort.

Rule 2. Permits.

2.1. It shall be unlawful to maintain or operate any dry cleaning establishment as herein defined without a permit from the Fire Commissioner.

Rule 3. General Provisions.

3.1. No dry cleaning unit, system, device, machinery or equipment shall be installed or used unless each such appliance is approved by the Board.

3.1.1. The dry load capacity of any dry cleaning unit for the purpose of these rules shall be rated by the Board on the basis of 2.8 lbs. per cubic foot of the volume of the washing compartment for each washing cycle.

3.2. No solvent shall be used in any dry cleaning establishment as defined herein, unless same has been tested and rated by the Fire Commissioner as being permissible under these rules.

3.3. Before any premises may hereafter be used for a dry cleaning establishment, plans or diagrams and applications shall be filed with the Department of Housing and Buildings by the owner, lessee or agent of such premises on forms furnished by the Department, and an approval obtained thereon.

3.4. Before the Fire Commissioner shall issue or renew a permit pursuant to the Fire Prevention Code and these rules for a dry cleaning establishment existing or hereafter established, he shall require certification from the Department of Housing and Buildings of compliance with these rules.

3.5. Before the Department of Housing and Buildings shall approve any existing dry cleaning establishment, there shall be filed on forms furnished by the Department a statement under oath by the proprietor or agent of such existing establishment as to the extent, capacity and equipment of said dry cleaning establishment as the same existed on January 1, 1953.

3.6. No non-conforming existing establishment shall be enlarged or extended in any conforming manner or respect, unless it is made to comply in each respect to the requirements for dry cleaning establishments hereafter established.

Rule 4. Restrictions on Locations.

4.1. No dry cleaning establishment hereafter established shall be permitted on any floor above the first floor of any building, except when within a fireproof department store, fireproof transient hotel or fireproof passenger terminal.

4.2. No dry cleaning establishment hereafter established shall be permitted within any building:

4.2.1. which is of wood frame construction;

4.2.2. which is classified as a "Public Building" or non-fireproof "Residence Building", pursuant to Section C26-235.0 Administrative Building Code;

4.2.3. any part of which establishment is within twenty feet (20 feet) of any Public Building or any non-fireproof Residence Building;

4.2.4. the restriction against Non-Fireproof Residence Buildings shall not be applicable when the proprietor of the dry cleaning establishment is the occupant of the residential part of the building.

Rule 5. Egress.

5.1. The means of egress in all dry cleaning establishments shall be in conformity with the applicable provisions of the building laws and regulations governing such establishments. In addition thereto, all establishments shall conform to the following:

5.1.1. Three foot (3'-0") clear wide aisles shall be provided, affording proper access to all required means of egress. Such required aisles shall not be obstructed in any manner whatsoever.

5.1.2. Required means of egress shall be indicated by signs reading "EXIT" with letters eight inches in height. Where exits are not visible from any area, illuminated directional signs shall be provided indicating direction of travel to such exits. Each exit sign shall be illuminated by a red light of not less than twenty-five watts or equivalent photometric rating. Directional signs shall be the same dimensions as specified in this section for exit signs. It shall be unlawful to obscure in any manner any required means of egress, passageway, exit sign, exit light or directional exit sign.

5.1.3. All required exit doorways shall be arranged to swing outwardly in the direction of the egress.

5.2. No dry cleaning unit hereafter installed shall be located more than fifty feet (50') from any exit doorway.

Rule 6. Fire Prevention.

6.1. All dry cleaning establishments shall comply with the following:

6.1.1. Be equipped with adequate sand buckets or approved fire extinguishers as the Fire Commissioner may direct.

6.1.2. No device or apparatus employing flame or fire, or which is likely to produce an exposed spark, shall be used in any establishment, except electric apparatus placed at least five feet (5') above floor or approved type of "explosion proof" electric motors.

6.1.3. Electric lighting shall be fitted with keyless sockets, and all switches and receptacles shall be placed at least four feet (4') above floor.

6.1.4. All sludge or residue removed from a dry cleaning unit shall be placed in a metal container not exceeding 55 gallon capacity, with a tight-fitting cover, and when filled shall be removed from the premises and disposed of in a lawful manner.

6.2. All solvent shall be received in approved metal containers, not exceeding 55 gallons each, and in such total quantities as may be required for initial charging

PUBLIC HEARING

of dry cleaning units, plus a reserve supply equal to initial charge. Reserve supply shall be stored outside of area devoted to dry cleaning in well ventilated spaces approved by the Fire Commissioner.

- 6.3. All spotting and sponging shall be done within well ventilated spaces. All solvent used for such purposes shall be contained in an approved metal container, not exceeding two quart capacity.
- 6.4. It shall be unlawful to store any inflammable liquids or solvents in any dry cleaning establishment in excess of five gallons.
- 6.5. No smoking shall be permitted in any dry cleaning establishment. Approved signs shall be conspicuously posted to that effect as directed by the Fire Commissioner.
- 6.6. Any heating plant within a dry cleaning establishment shall be a steam or hot water system. No heating plant shall be permitted in the same area or space where dry cleaning units are located, unless such plant shall be placed in a separate ventilated room enclosed by one-hour fire resistive partitions and doors. No heating plant shall be located directly under any dry cleaning unit.
- 6.7. Non-fireproof partitions and ceilings enclosing any dry cleaning establishment hereafter established shall be fire retarded with one-hour fire resistive materials and doors, or in lieu thereof be equipped with an approved automatic wet pipe sprinkler system having its source of supply from the house water system.
- 6.8. All openings from any dry cleaning establishment leading to a fire escape shall be equipped with a fire-proof self-closing door or fireproof window assembly.
- 6.9. Where, in the opinion of the Fire Commissioner, an existing dry cleaning establishment requires additional fire protection facilities for the safety of the occupants or adjoining property, he may order such fire extinguishing appliances as deemed necessary pursuant to Ch. 19 Adm. Code Sec. C19-161.0.

Rule 7. Ventilation.

- 7.1. Every dry cleaning establishment shall be equipped with adequate mechanical ventilation to provide a complete change of air at least once every three minutes of the air volume of such establishment during the

operation of any dry cleaning equipment. Such method of ventilation shall exhaust to the outer air, and be provided with fresh air inlets. Exhaust ventilation shall discharge at least seven feet above any roof or grade and at least five feet away from any other premises, window, door or vent openings.

- 7.2. Any direct equipment exhausts or vents shall terminate to the outer air, at least seven feet (7') above any roof or grade, and at least ten feet (10') away from any other premises, window, door or vent openings.

Rule 8. Operating Precautions.

- 8.1. A printed notice specifying instructions for safe operating methods shall be posted in a conspicuous place in all establishments.
- 8.2. The proprietor of an establishment shall furnish to any person cleaning or servicing a dry cleaning unit containing any chlorinated hydrocarbon solvent an approved type gas mask for his personal use during such process. It shall be the duty of the proprietor to enforce this rule.
- 8.3. All dry cleaning establishments shall operate its mechanical equipment only within the hours of 8:00 A.M. and 6:00 P.M. during regular working days. No such work shall be performed on Sundays and legal holidays.

Rule 9. Equipment Installations.

- 9.1. All equipment shall be installed in a manner to minimize noise, vibration, smoke, odors and other forms of nuisances to the occupants or any adjacent premises.
- 9.2. Should the operation of any equipment or conduct of a dry cleaning establishment be declared a "nuisance" by the administrative official having jurisdiction it shall be forthwith abated or removed upon notice to the proprietor and upon failure to do so within a reasonable time, the Permit for the establishment may be revoked by the Fire Commissioner.

Rule 10. Penalties.

- 10.1. Any violation of these rules shall be subject to the penalties prescribed in the Zoning Resolution therefor, in addition to other penalties prescribed by law.

PETITIONS FOR CERTIORARI ORDERS SERVED ON THE BOARD OF STANDARDS AND APPEALS

On March 4, 1954, Copy of Petition and Order of Certiorari was served on the Board by Reginald S. Hardy, attorney for Sam Mintz, owner, seeking a review of the Board's denial of his application under Sections 7c and 21 of the Zoning Resolution, to permit in a business use district, the erection and maintenance of two buildings to be used as junk shop for sorting, packing and baling of scrap metal and to permit the open storage in yard of scrap metal and rubber, and also to permit a loading and unloading space nearer to intersection than is permitted; Cal. No. 632-53-BZ, Premises 739-745 East 95th Street, 9501-9529 Ditmas Avenue and 736-746 East 96th Street, Borough of Brooklyn.

* * * * *

On March 4, 1954, Copy of Petition and Order of Certiorari was served on the Board by Lester Grossman, attorney for Mary A. Nappi, owner, seeking a review of the Board's denial of her application under Section 7 subdivisions f and i, of the Zoning Resolution, on February 2, 1954, to permit in a residence and business use district, the change of occupancy, reconstruction and alteration of a garage for more than five motor vehicles, to a gasoline service station and repair shop, previously granted for a temporary term for extension of parking; Cal. No. 1051-21-BZ, Vol. III; Premises 1820-1832 Cropsey Avenue and 231-243 Bay 19th Street, southeast corner, Borough of Brooklyn.

* * * * *

On March 5, 1954, Copy of Writ of Certiorari was served on the Board by Friedland & Masone, attorneys for John H. Ring and Irene J. Ring, objecting property owners, seeking a review of the Board's determination on February 9, 1954, granting a variance under Section 7, subdivision c, of the Zoning Resolution, to permit in a residence and business use district, the erection and maintenance of a business building, with curb cut nearer to residence use district than is permitted; Cal. No. 540-53-BZ; Premises 87-11—111th Street, East Side, 99.6 ft. south of Jamaica Avenue, Richmond Hill, Borough of Queens.

DISCONTINUANCE OF PROCEEDINGS

Matter of Louis L. Horowitz, Jennie Feinberg and Benjamin Horowitz vs. Board of Standards and Appeals:—On February 17, 1953, the Board denied an application under Sections 7f and 7h to permit in a business use district portion of a lot located in a residence and business use district, the erection and maintenance of a gasoline service station, lubritorium, auto washing, sale and storage of accessories, office and to permit the parking of more than five motor vehicles, for a term of fifteen years (previously denied by the Board for part of site); Cal. No. 966-48-BZ, Vol. II, Premises 2700-2722 Coney Island Avenue, north side, from Desmond to Dunne Court; 752-762 Desmond Court and 747-757 Dunne Court, Borough of Brooklyn.

At Supreme Court, Kings County, a stipulation and agreement by and between the attorneys for the respective parties hereto for the discontinuance of the certiorari proceedings in the above matter, without costs to either party, was signed on March 5, 1954.

CALENDAR

MARCH 16, 1954, 10 A. M.

NOTICE IS HEREBY GIVEN of a public hearing Tuesday morning, March 16, 1954, at 10 o'clock in Room 1013, Municipal Building, Manhattan, on the following matters:

608-52-BZ—Vol. II

APPLICANT—Lama, Proskauer and Prober, for L. R. Realty Co., Inc., owner.

SUBJECT—Application, August 26, 1953, reopened October 27, 1953 as Vol. II—(decision of the borough superintendent) under sections 7f, 7i, 7A of the zoning resolution, to permit in a business use district, the erection and maintenance of a gasoline service station, office, show-room,

sales and display, lubritorium, car-wash, motor vehicle repairs and to permit the parking and storage of motor vehicles, with a show window nearer the residence use district than is permitted; for a term of 15 years.

PREMISES AFFECTED—87-05 Roosevelt avenue and 37-61 to 37-69 87th street, northeast corner (Block 1475, Lot 42), Jackson Heights, Borough of Queens.

Laid over from February 9, 1954 to March 16, 1954, for inspection and decision without further argument; hearing closed.

918-52-BZ—Vol. II

APPLICANT—Alfred Friedland, owner.

SUBJECT—Application, September 21, 1953, reopened October 14, 1953 as Vol. II (decision of the borough superintendent) under section 7e of the zoning resolution, to permit in a residence use district, the erection and maintenance of a gasoline service station, lubritorium, motor vehicle repairs and office, and to permit the parking of cars waiting to be serviced, for a term of 15 years.

PREMISES AFFECTED—15-45 Francis Lewis boulevard, northeast corner of 16th avenue (Block 4740, Lot 1), Whitestone, Borough of Queens.

Laid over from February 9, 1954, to March 16, 1954, for inspection and decision; hearing closed.

294-53-BZ

APPLICANT—David B. Ancowitz, owner.

SUBJECT—Application April 17, 1953—(decision of the borough superintendent) under section 21 of the zoning resolution, to permit in a residence use, G area district, the erection and maintenance of a fourteen story fireproof Class A multiple dwelling.

PREMISES AFFECTED—North side of West 256th street, from Arlington to Independence avenues (Block 3425, Lot 326), Borough of The Bronx.

Laid over from February 9, 1954, to March 16, 1954, at request of applicant to file proof of service and notification of owners in the area; no further request for adjournment.

616-53-BZ

APPLICANT—Andrew Di Camillo, for Joseph Coscia, owner (Nicholas Pelliciaro, lessee).

SUBJECT—Application August 11, 1953—(decision of the borough superintendent) under section 7i of the zoning resolution, to permit in a business use district, the change in occupancy from auto laundry, battery testing and simonizing of cars to auto laundry, motor vehicle repairs and paint shop.

PREMISES AFFECTED—8822 4th avenue, west side, 23 ft. 7½ in. north of 89th street and 377 89th street (Block 6062, Lot 41), Borough of Brooklyn.

Laid over from February 9, 1954, to March 16, 1954, for inspection and decision; hearing closed.

623-53-BZ

APPLICANT—Max Horn, for James J. Wolfson and Sydney M. Siegel, owners.

SUBJECT—Application August 17, 1953—(decision of the borough superintendent) under section 7e of the zoning resolution, to permit in a residence use district, the erection and maintenance of a gasoline service station, lubritorium, auto laundry (non automatic), and motor vehicle repairs.

PREMISES AFFECTED—60-15 Beach Channel drive and 60-16 Arverne boulevard, southeast corner (Block 385, Lot 41), Arverne, Borough of Queens.

Laid over from February 9, 1954, to March 16, 1954, for inspection and decision without further argument; applicant to submit information from Borough President as to status of Arverne Boulevard.

816-53-BZ

APPLICANT—Paul Friedman, for Horace G. Fry, Frederick Doughty Wood and Maxwell R. Ginsberg, owners.

CALENDAR

SUBJECT—Application November 16, 1953—(decision of the borough superintendent) under sections 7i, 7f, 7h, and 21 of the zoning resolution, to permit in the local retail use, D area district portion of a plot located in a residence and local retail use, D and E 1 area district, the erection and maintenance of a structure to be used as an automobile showroom for authorized automobile dealer, office and storage of auto parts and accessories, including storage garage with gasoline tank and pump for dealer's use (no gasoline to be sold), motor vehicle repair shop and paint spray booth, using more than the area permitted; and to permit signs extending above top of roof beams and also on the side walls of pylon in the local retail use portion of plot and to permit the parking of patrons and employees motor vehicles on unbuilt upon portion of plot (no fee to be charged).

PREMISES AFFECTED — 218-25 Hempstead avenue, north side, 185.25 ft. east of 218th street (Block 10766, Lot 53 (53, 55 and 57)), Queens Village, Borough of Queens.

Laid over from February 9, 1954, to March 16, 1954, for inspection and decision without further argument; applicant to submit information re excess coverage. The applicant amended his application by omitting Section 7, Subdivisions f and i, and relying on Subdivisions e and h, and Section 21, as to extension of area of the building only; and also withdrew from the application his request relating to the pylon sign above the roof, so as to omit such sign, which was passed on by the Borough Superintendent under Electric Sign No. 791-53 and 793-53.

817-53-A

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on April 7, 1953 subject to regular procedure, to consider proposal formerly withdrawn; and

WHEREAS, a public hearing was held on this application on December 22, 1953 after due notice by publication in the Bulletin; laid over to February 9, 1954, for inspection and decision without further argument; hearing closed; applicant to file revised plans; then to March 9, 1954, for decision after applicant has filed more complete plans; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and West 160th street are in residence and business use, B area, class 1½ height districts; Amsterdam avenue is in business use, B area, class 1½ height district; and

WHEREAS, the decision of the borough superintendent, dated March 6, 1953 acting on amendment to Alt. Applic. 415-52, reads:

"1. Exit through a residence use district from a Dance Hall in Business use district is contrary to Article II, Section 3 of the Zoning Resolution.

2. Commercial use of the first floor extension in Residence use district is contrary to Article II, Section 3 of the Zoning Resolution."

and

WHEREAS, the decision of the borough superintendent, dated March 6, 1953 acting on amendment to B.N. Applic. 688-52, reads:

"1. Exit from commercial use building through a residence use district is contrary to Article II, Section 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 49 ft. 11 in. and 22.7½ in. frontage by 125 ft. and 99.11 ft. in depth, irregular, on which is located a building

MINUTES

49 ft. 11 in. front by 125 ft. in depth, one and two stories in height, of class 3 construction, presently used as stores and dance hall, for which certificate of occupancy No. 9326-25 has been filed; that it is proposed to increase the occupancy of the hall from 100 to 325 persons and to use the rear vacant part of the lot as an exit, and to use the rear 25 ft. on 1st floor for store; and

WHEREAS, the applicant contends that following a conference with a member of the Department of Housing and Buildings at which the exits were proposed, the owner proceeded to acquire the vacant lot; that concurrently plans and applications providing therefor were filed and were approved on April 1, 1952 and permits were issued for Alt. 415-52 on July 25, and on May 26, 1952 for B.N. 688-52; that the work required consisted in the main of changing a rear window into a door opening complete with fireproof self-closing doors; installation of 40 ft. 1 in. of 4 ft. 6 in. wide steel walkway over the extension roof complete with corrugated steel canopy; erection of steel stairway down to the street level complete with a similar canopy; erection of a masonry wall across the front of the vacant lot with a pair of metal doors therein; fire retarding of the extension ceiling; that upon completion of this work certificate of occupancy for Applic. 527-52 was filed; that following a report made by the public safety division in which the use of the West 160th street exit as well as the rear 25 ft. of the store was deemed contrary to the zoning resolution, the department for the same reason revoked the permits by letters of November 7, 1952; that reconstruction by amendments of March 2 was requested but denied March 6; that the operation of this dance hall with a 100 person limitation has proven itself to be uneconomical, therefore it was proposed to increase the occupancy to 325 by providing additional exits; that the vacant lot, which is directly opposite a garage, was purchased expressly for use in conjunction with the proposed secondary means of egress; that it was formerly a breeding ground for rats and other vermin amidst the litter of garbage and debris, but has since been cleaned up and maintained, and with the new wall represents a definite improvement to the neighborhood; that all business of the commercial store is conducted through the only entrance thereto, namely the one on Amsterdam avenue which is located in a business use district; that not to be able to use the rear 25 ft. commercially represents a great hardship; that it is therefore requested that a variance be granted to use the vacant lot as an emergency exit for the 325 person occupancy of the dance hall and to use the rear 25 ft. of the 1st floor store for commercial purposes; and

WHEREAS, the premises and the surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c, of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7, Subdivision c, to permit the use of the existing extension on the first floor of the building that extends into the residence district, and to permit exit from the second story, as proposed, through such lot to 160th street, as indicated on plans filed with this application marked "Received March 23, 1953," 4 sheets, as amended by revised plan as to the exit marked "Received March 5, 1954," 1 sheet, *on condition* that the building shall not be increased in height or area, and that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; that the passageway across the roof shall have a concrete arch, as shown, and slats shall be located on the roof under the arch; that all permits shall be obtained and all work completed within six (6) months from the date of this resolution.

103-52-BZ—Vol. II

APPLICANT—Paul Friedman, for Duleff Realty Co., Inc., owner.

SUBJECT—Application, November 25, 1953, reopened October 20, 1953 (order of the Court) Vol. II (decision of the borough superintendent) under sections 7f and 7e of the zoning resolution, to permit in the retail use district portion of a lot located in a residence and retail use district, the erection and maintenance of a gasoline service station, lubritorium, auto washing, storage and sale of accessories and office, for a term of years.

PREMISES AFFECTED—32-27 to 32-35 Francis Lewis boulevard and 198-02 to 198-08 32nd road, southeast corner (Block 6025, Lot 1), Bayside, Borough of Queens.

APPEARANCES—

For Applicant: Paul Friedman.

For Opposition: Anthony Corlue.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition.
THE VOTE—

Affirmative: Commissioners Kleinert and Keating and

Deputy Chief Connors 3

Negative: Chairman Murdock 1

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on October 20, 1953 subject to regular procedure, in accordance with the order of the court; and

WHEREAS, a public hearing was held on this application on January 26, 1954 after due notice by publication in the Bulletin; laid over to March 2, 1954, for inspection and decision; hearing closed; then to March 9, 1954, for decision; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in residence and retail use, D area, class 1 height districts; 32nd road is in residence, local retail and retail use, D area, class 1 height districts; Francis Lewis boulevard is in local retail and retail use, D area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated October 27, 1953 acting on N.B. Applic. 324-52, reads:

"1. Proposed construction of a gasoline service station, lubritorium, auto washing, office, storage & sales of auto accessories on a plot located partially in a retail use district & partially in a Res. use district, is contrary to Art. 2 Sec. 3 & Sec. 4A of the Zone Res."

and

WHEREAS, the applicant states that the premises consist of a plot, 105.56 ft. and 102.36 ft. frontage by 100 ft. and 83.69 ft. in depth, irregular, presently vacant; that the property referred to is presently zoned as a class 1 height district and a D area district; that the major portion of the property within 100 ft. of Francis Lewis boulevard is zoned as a retail use district and the small remainder is in a residence use district; that these designations have not been changed since July 25, 1916 except that on July 7, 1953 the portion of the premises now zoned for retail use was changed from business use to its present designation; that no zoning amendment relating to this property is pending at the present time; that it is proposed to erect a building 42 ft. 4 in. by 29 ft., one story, 17 ft. 4 in. in height, of class 3 construction, to be used as a lubritorium, car wash, storage and sale of accessories and office; that it is further proposed to install eight 550-gallon gasoline tanks, four approved dispensing pumps, with two curb cuts on Francis Lewis boulevard and one on 32nd road; and

WHEREAS, the applicant contends that Francis Lewis boulevard is a principal traffic artery carrying a heavy volume of through traffic which makes the said premises particularly adaptable for development as a gasoline service station; that the proposed use of the premises would be harmonious with the character of the remainder of the block front on Francis Lewis boulevard; that the southerly corner is used as a gas station with accessory uses pursuant to a grant by the Board under Cal. No. 224-38-BZ on November 26, 1940, for a term of ten years and for which the Board, on December 5, 1950 extended the variance for an additional term of ten years; that the lot between said gas station and the subject premises is used for the parking of more than 5 motor vehicles and under Cal. No. 611-51-BZ the Board granted permission for

MINUTES

the construction of a new building to be used for auto showroom, new and used car display, parts department, offices, servicing and repairs, lubrication, car wash, used car sales and display, and parking of cars waiting to be serviced; that there is no economic demand for the development of business or residence uses but there is a demand for the use of the subject premises as a gas station, and a grant of this application would result in a substantial investment to improve the property, which could then be operated so as to yield a fair return; that the proposed gas station use would be confined to the retail use district portion of the premises, but the small portion which is zoned for residence use would not be used for the proposed use and would be entirely landscaped; that this small residence portion of the lot is triangular in shape, with a base of approximately $2\frac{1}{2}$ ft. fronting on 32nd road; that approximately 1300 sq. ft. of the business use portion would be landscaped to provide a buffer between it and the buildings on 32nd road; that this landscaped area together with the small triangular strip in the residence district will equal approximately 1350 sq. ft. or more than 14% of the area of the plot; that the proposed parkway-type building would provide more light and ventilation for the building at the east than would be available if the premises were developed as a taxpayer; that the proposed building would be set forward a distance of 15 ft. from the rear lot line, whereas a conforming building could be built flush to the rear lot line; that the proposed building would occupy approximately 14% of the plot whereas a conforming building could occupy approximately 62% of the plot; that the proposed building would be set back more than 52 ft. from 32nd road, more than 40 ft. from Francis Lewis boulevard and more than 80 ft. from the intersection of 32nd road and Francis Lewis boulevard, thus providing greater visibility at the intersection than could be provided by a conforming taxpayer which would be built flush to the building lines and would create a blind intersection; that the nature of the street system is such that 32nd road has very little through traffic and has been mistakenly thought of as a dead-end street; that the proposed curb cut on 32nd road would be within 25 ft. of Francis Lewis boulevard and would be used primarily to route motor vehicles back into Francis Lewis boulevard without going into the residence district portion of 32nd road; that the proposed curb cut on 32nd road might be used by occasional westbound traffic on 32nd road with greater safety than would result if such traffic were required to make two 90 degree angle turns to reach the proposed station; that if a conforming taxpayer were erected, it would create an unsafe condition if loading and unloading were done at the curb or at the rear, and in the latter event the loading and unloading area and the curb cut thereto would be immediately proximate to the residence use district and would bring vehicles further into 32nd road than the proposed use would; that the curb cut on 32nd road would be within the requirements of section 7A so that no variance would be required with respect thereto; that an ornamental fence wall and a landscaped shrubbery border on 32nd road would present an attractive aspect on that frontage; that a grant of the proposed use would do substantial justice in that it would permit the owner of the subject premises to develop this property for the same use as the Board has permitted the owner of the southerly corner of the same block front which is similarly zoned (Block 6025, Lot 36); that a grant of this application would enable the owner to obtain the beneficial use of the premises without adversely affecting anyone; and

WHEREAS, the premises and the surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions f and e, of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the zoning resolution and that the application be and it hereby is granted under Section 7, Subdivision f, for a term of ten (10) years, and under Section 7, Subdivision e, for such portion of the premises as is in the residence use district, on condition that all uses on the premises

shall be removed and that the proposed gasoline service station shall be constructed and arranged substantially as indicated on plans filed with this application marked "Received November 25, 1953," 3 sheets; that complete working drawings shall be submitted to the Board for further consideration and imposition of conditions and before a permit is applied for from the Borough Superintendent; that pumps shall be of an approved type and shall be erected not nearer than 15 ft. from the street building line; that after approval of plans, all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

529-53-BZ

APPLICANT—Wm. Henry Deacy, for St. Michael's Protestant Episcopal Church, owner.

SUBJECT—Application June 30, 1953 (decision of the borough superintendent), under section 7e of the zoning resolution, to permit in a residence use district the erection and maintenance of a structure to be used as chapel and crematory.

PREMISES AFFECTED—73-02 Astoria boulevard, south side, from 49th street to Brooklyn-Queens Connecting highway (Block 1016, Lot 450), Jackson Heights, Borough of Queens.

APPEARANCES—

For Applicant: Wm. Henry Deacy, Alfred W. Bergrem, Elsie Marter and Clarence G. Peattie.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition. THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 9, 1954 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a residence use, E area, class 1 height district; Astoria boulevard is in residence and business use, C area, class 1 height districts; 70th street, 71st street, 72nd street and 73rd street are in residence and business use, E and C area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated June 25, 1953 acting on N.B. Applic. 730-53, reads:

"1. Use of premises located in a residence use district as a crematory is contrary to Art. II Sec. 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 2030 ft. frontage by 2000 ft. in depth, presently used as a cemetery; that it is proposed to erect a crematory and chapel 27 ft. front by 40 ft. in depth, 3 stories, 30 ft. in height, of class 3 construction; and

WHEREAS, the applicant contends that St. Michael's cemetery was founded over 100 years ago and was primarily started to provide economical and reasonably priced burials for residents north of 86th street, Manhattan; that at that time the City ordinance prohibited burial south of this point except in previously constructed family vaults and mausoleums; that the increased demand for cremation makes it logical that St. Michael's cemetery should take care of this modern form of burial, it being the most economical form of interment; that the crematory, which is isolated near the center of the old cemetery, should be the proper location for a crematory rather than necessitating the carrying of the dead to a commercial and manufacturing part of the city; that such is the present condition, as the only crematory now operating in the City of New York is located in a manufacturing area; that to his knowledge, there is no point in

MINUTES

any cemetery within the metropolitan area where a crematory can be located as far from any structure or properties outside of the cemetery boundaries; that the nearest structure (Bulova Watch Co. Bldg.) is nearly 800 ft. from the site of the crematory; that the cemetery, being owned by a church organization, will be free from a profit motive and will be operated for the benefit of the parishioners and others who care to make use of the facility; that the department of health of the City of New York should be the principal department concerned and it has already granted the application to the Church for the right to erect the crematory within the grounds of the cemetery, a copy of which is filed with this application; that the zoning resolution is ambiguous regarding the question of whether a cemetery is considered in or out of a residential area; and

WHEREAS, the applicant states that a license was issued by the Department of Health in 1951 and he will request a new license of present date in view of this action by the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution, and that the application be and it hereby is *granted* under Section 7e for a term of twenty-five (25) years, to permit the construction and use of the proposed chapel and crematory, substantially as proposed and as indicated on plans filed with this application, marked "Received January 20, 1954" (1 sheet) and "June 30, 1953" (8 sheets) *on condition* that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto and shall be used only in connection with St. Michael's cemetery, as proposed, and shall be subject to a license approving the proposed crematory to be issued by the Department of Health under Section 45 of the Sanitary Code; and that all permits required and all work shall be completed within the requirements of Section 22A of the zoning resolution.

558-53-BZ

APPLICANT—Norman Lederer and Leonard Joseph, for 2307 Corp., owner.

SUBJECT—Application July 20, 1953 (decision of the borough superintendent), under section 7b of the zoning resolution, to permit in a residence and business use district the maintenance of existing retail store.

PREMISES AFFECTED—2307 Broadway, west side, 70 ft. 2 in. north of West 83rd street (Block 1231, Lot 11), Borough of Manhattan.

APPEARANCES—

For Applicant: Norman Lederer and Arthur Rappaport.
For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleiner and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 9, 1954 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and West 83rd street are in residence and business use, B area, class 1½ height districts; Broadway is in a business use, B area, class 1½ height district; and

WHEREAS, the decision of the borough superintendent, dated June 30, 1953 acting on Alt. Applic. 4-53, reads:

"9. Extension of commercial use, including fire escapes and exit doorways, into a residence district prohibited by Sect. 3 of the Zoning Resolution."

and

WHEREAS, the applicant states the premises consist of a plot, 32 ft. frontage by 136 ft. 11½ in. in depth, on which is located a building 32 ft. front by 110 ft. in depth, 3 stories, 39 ft. 6 in. in height, of class 3 construction, used as a retail store; that it is proposed to permit the maintenance of existing uses; and

WHEREAS, the applicant further states that originally the occupancy of the building was as follows: cellar, storage; 1st floor, store; 2nd floor, club rooms; 3rd floor, club rooms; that while such occupancy of the building continued, there was no question about its legality; that in 1941 the building was altered and the occupancy changed to the following: cellar, store and janitor's apartment; 1st floor, store; 2nd floor, meeting room; 3rd floor, reading room; that in this new occupancy the cellar store was operated as a part of the store on the 1st floor; that subsequent to the 1941 alteration, the owner used and still uses the two upper floors for the storage of merchandise sold in the store; that he also uses the rear 10 ft. of the cellar as part of the store; that the department of housing and buildings issued a violation against the building, copy of which is filed with this application; that in an effort to remove this violation, an application was filed under Alt. 4/53; that objections were raised that the business use of the rear 10 ft. of the cellar and that portion of the 2nd and 3rd floors that is in the residence use area was contrary to the zoning resolution; that the fire escape, which is the required second means of egress from the 2nd and 3rd floors, is in the rear of the building and goes to the rear yard; that the cellar has direct access to the rear yard; that egress from the rear yard is to the adjoining yard at the same level; that legal consent can be secured from the adjoining property owner to use his property as an emergency exit; and

WHEREAS, the applicant contends that the owner's inability to use the rear of the building on the upper floors makes it practically impossible to use the fire escape and moreover, if the rear 10 ft. are separated by a partition, the lighting and ventilating of the floors are radically reduced; that the present use of the upper floors is not offensive or a nuisance and does not endanger the safety of the structure; that the present loading of the floors imposes a far less stress on the floor construction than did the former use of these floors; that in view of the above facts, the Board is requested to grant a variance of the zoning resolution and permit the use of the rear 10 ft. of all floors of the building for business purposes as at present used; and

WHEREAS, it appears that as to the street floor store the owner has a vested right because of construction prior to zoning and that as to the upper portion of the building, as extending into the residence use district, while constructed before zoning, was for a different use now sought to be changed; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision b of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7b, to permit the continuance of the building as constructed and as now used, as indicated on plans filed with this application, marked "Received July 20, 1953" (1 sheet), "October 15, 1953" (2 sheets) and "January 13, 1954" (2 sheets), *on condition* that the building shall not be increased in height or area and in all other respects shall comply with all laws, rules and regulations applicable thereto, including the requirements of the Labor Law, and for this purpose the existing exits may be accepted if the factory does not exceed one person, as shown, on the second floor; that the existing fire escape shall be maintained with exit from the rear yard to the street through adjoining premises, permission for which shall be filed with the Borough Superintendent and with this Board; and that all permits required shall be obtained, including a certificate of occupancy and all work completed within six (6) months from the date of this resolution.

633-53-BZ

APPLICANT—George H. Colin, for Crew Levick Corp., owner.

SUBJECT—Application August 28, 1953—(decision of the borough superintendent) under sections 7c, 7i, and 21 of the zoning resolution, to permit in the business use district portion of a lot located in a residence and business use district, the reconstruction of existing gasoline service station to include lubritorium, car wash, motor vehicle repairs, accessory sales and office; with signs, show windows and curb cuts nearer to the residence use district than is permitted.

PREMISES AFFECTED—1924-1934 Flatbush avenue, northwest corner of Kings Highway (Block 7815, Lot 1), Borough of Brooklyn.

APPEARANCES—

For Applicant: Benjamin Mosher and Robert Stanton.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on February 2, 1954 after due notice by publication in the Bulletin; laid over to February 24, 1954, for inspection and decision without further argument; hearing closed; then laid over to March 9, 1954, for decision and further consideration of applicant's request re construction of building; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Kings highway and Flatbush avenue are in residence and business use, C area, class 1 height districts; and

WHEREAS, the decisions of the borough superintendent, dated August 24, 1953 and December 10, 1953, acting on N.B. Applic. 865-52, read:

"1. Proposed addition of building for accessory sales, lubrication, car washing and minor motor repairs, and gas pumps to an existing gasoline service station, partly in a 'Business' use and partly in a 'Residential' use district is in violation of Article II, P. #3 and P. #4(a) subsections 29 and 46 and Article II, P. #6 of the Zoning Resolution.

2. Proposed premises in a transition from non residential to residential use with signs, show windows and business entrances within a distance of 75 ft. of the residence zone, is in violation of Article II, P. 7-A of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 104 ft. and 124.32 ft. frontage by 100 ft. in depth, irregular, on which is located a gasoline service station with an accessory building 20 ft. by 15 ft., one story in height, of class 3 construction, two open grease pits and a one-story stucco building at rear of plot and an open lift at Kings highway frontage; that these are all to be demolished; that it is proposed to erect a new accessory building 62.5 ft. by 30 ft., one story in height, of class 3 construction, eight 550-gallon gasoline tanks, four dispensing pumps, with two curb cuts each on Kings highway and Flatbush avenue; and

WHEREAS, the applicant contends that the gasoline service station on these premises was erected in 1924 under N.B. 17166-1923 and certificate of occupancy No. 26113 was issued on May 28, 1924 for a gasoline station covering the entire lot; that the owner now desires to demolish the existing structures and to erect a new three-bay service station building; that it is to be 62 ft. 6 in. long by approximately 30 ft. in depth and is to accommodate, in addition to the office, a two-bay lubritorium, a car wash bay, ladies' and men's rest rooms and a storage and heater room; that the construction will be of class 3 type with concrete foundations, masonry walls and wood roof; that the building will be of a

canopy design and on the parapet above the office, an illuminated free-standing sign is proposed; that two 2-pump islands are proposed instead of the existing 3-pump island, with eight new 550-gallon underground gasoline storage tanks; that four of the existing six curb cuts will be enlarged and the remaining two will be closed and the curbing replaced; that the interior property lines will be fenced and curbed up to the new building; that the entire premises, with the exception of the concrete pump-island mats, will be paved with asphalt; that the existing lift is to be removed, as well as the grease pits, referred to; and

WHEREAS, the applicant further contends that each of the three streets abutting this property is an important vehicular thoroughfare, with ever increasing traffic; that the existing station does not meet the present day requirements of either the public or progressive service station operation; that the proposed modernization will improve the general appearance of the neighborhood by substituting a service station building of handsome appearance and modern design for an outdated structure; and

WHEREAS, the premises and the surrounding area were inspected by a committee of the Board, and the committee recommends that the application should be granted to reconstruct and rearrange the legally existing gasoline service station; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions c, i, and A, of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7, Subdivision c, to permit the existing gasoline service station to be reconstructed and arranged substantially as proposed on plans filed with this application marked "Received August 28, 1953," 4 sheets, "December 22, 1953," 1 sheet, and "March 5, 1954," 1 sheet, *on condition* that all existing uses on the premises shall be removed and the premises shall be rearranged substantially as indicated on such plans above cited; that the accessory building shall comply with the requirements of the Building Code, and in all other respects shall be of the design and arrangement as indicated on such plan marked "Received March 5, 1954," except that the facing of the accessory building, except for the band course, shall be of brick or other approved masonry material; that there may be a letter sign on the parapet as indicated on such plan filed marked "Received March 5, 1954,"; that no other signs shall be erected on the accessory building and no other sign shall be maintained on the premises except there may be a post standard erected within the building lines near the intersection for supporting a sign which may be illuminated advertising only the brand of gasoline on sale and permitting such sign to extend for a distance over the building line of 4 ft. with leaves reading both on Kings highway and Flatbush avenue; that pumps shall be not nearer than 15 ft. to the street building line and shall be of a low approved type; that the 550 gallon tanks shall be restricted to eight (8) such tanks; that on the interior lot lines to the west and north there shall be erected, where walls of the accessory building do not occur, a masonry wall not less than 5 ft. 6 in. in height and properly coped; that there shall be no windows in the accessory building opening to adjoining properties; that such portable fire fighting appliances shall be maintained as the Fire Commissioner shall direct; that the sidewalk and curbing around the premises shall be constructed or repaired to the satisfaction of the Borough President; that curb cuts shall be restricted to existing curb cut to Kings highway, relocated and widened as shown on such plans, and two curb cuts to Flatbush avenue relocated and of the size as indicated; that where not occupied by accessory building and pumps the balance of the premises shall be paved with concrete or asphaltic pavement; that under Section 7, Subdivision i, there may be minor repairs with hand tools only for adjustments and maintained solely within the accessory build-

MINUTES

ing; that under Section 7, Subdivision A, the show windows may be as proposed; that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 110-36-SA

February 10, 1954

Subject: Amendment to resolution as to marketing under additional trade name.

American Mohawk Co., of N. J. requested by letter dated August 6, 1953 that the resolution adopted May 26, 1936 and as amended at various times under Cal. No. 110-36-SA be amended so as to permit the Mohawk Oil Burner B.C. and H to be marketed under the additional trade name of Giffords Oil Burner. The application was reopened by a vote of the Board September 22, 1953.

Description

The Board on January 9, 1940 under Cal. No. 110-36-SA approved the Mohawk Oil Burner, Model B. The Model C is similar in all respects to the Model B except as to capacity.

Recommendation

The Committee on Test recommends that the resolution adopted May 26, 1936 and as amended at various times through May 19, 1953 under Cal. No. 110-36-SA be amended

so as to include Mohawk Oil Burner, Model C, on condition that all the requirements of the resolution adopted May 26, 1936 be complied with. The Committee further recommends that the Mohawk Oil Burner Models B, C and H, may be marketed under the trade name Gifford Oil Burner by the Aqua-Air Corp., Elmont, L. I., on condition that the requirements of the resolution adopted May 26, 1936 be complied with.

(Sgd.) HARRIS H. MURDOCK,
Chairman,

LESLIE V. HUBER,
Chief Engineer,

JOHN A. DARTS,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution of May 26, 1936 in accordance with the above report.

236-38-SM

APPLICANT—United States Gypsum Company, owner.

SUBJECT—Application reopened December 15, 1953—re Sheetrock Pyrofill Slab Construction, previously approved —Re Amendment of Sheetrock Pyrofill Slab Construction to include additional spans and USG Installation Formboard and USG Acoustical Formboard and Fire Rating and approved under Section C26-615.0.

ACTION OF BOARD—Resolution amended in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 236-38-SM

January 29, 1954

Subject: Amendment of Sheetrock Pyrofill Slab Construction to include additional spans and USG Insulation Formboard and USG Acoustical Formboard and Fire Rating and approval under Section C26-618.0.

The U. S. Gypsum Company requested by letter dated November 24, 1953 that the resolution adopted February 27, 1940 and amended March 28, 1950, September 11, 1951 and June 23, 1953 be amended to include additional spans, a new bulb tee #2140, USG Insulation Formboard, USG Acoustical Formboard, Fire Rating, and approval under Section C26-618.0.

Purpose

The reinforced gypsum concrete slab construction with incombustible Sheetrock, Asbestos Cement or Mineral Fiber Formboard is used as an incombustible roof deck for all classes of construction.

With USG Insulation (Fiberboard) Formboard or USG Acoustical (Slotted Fiber Board) Formboard, the reinforced gypsum concrete slab is limited in use by the Fiberboard Rules of the Board.

Description

The present construction is identical to the previously approved USG Sheetrock Pyrofill Slab construction except that longer spans are proposed by use of a new #2140 Bulb Tee, and a 1" thick fiber board permanent formboard is used interchangeably with the ½" Sheetrock formboard. Where the 1" thick Slotted USG Acoustical Formboard is used, the steel sub-purlins are placed 24" on centers, as the board is only manufactured in this width.

MINUTES

The new #2140 Bulb Tee is made from re-rolled railroad rails and has a weight of 3.65 lbs. per lineal foot.

In use, the steel tee sub-purlins are placed across the structural steel purlins and fillet welded to the purlins. A permanent form of Owens Corning Fiberglass Formboard (approved under Cal. No. 364-50-SM) USG— $\frac{1}{2}$ " thick Sheetrock Formboard, $\frac{1}{4}$ " thick Asbestos Cement Formboard, or 1" thick USG Insulation Formboard or 1" thick USG Acoustical Formboard is then laid on the upper side of the lower flanges of the tees. Electrically welded galvanized steel mesh BD 1214 consisting of No. 12 gauge wires 4" on centers running across the tees and No. 14 gauge wires 8" on Centers crossing the No. 12 gauge wires perpendicularly or a $1\frac{1}{2}$ " Hexagonal galvanized twisted wire mesh of 17 gauge is then placed in the forms and running across the tees. Mill mixed gypsum concrete, either Pyrofill or Perlofil, is then poured into the form completely embedding the mesh and covering the tees and is screeded or troweled to proper smoothness.

Over this roof slab is then applied roof insulation, if desired, and built up roofing or other weather proofing.

Inspection and Test

Sheetrock Pyrofill test slabs and USG Insulation Pyrofill test slabs and USG Acoustical Pyrofill test slabs were constructed at the applicant's plant at New Brighton, Staten Island, New York by mechanics, regularly engaged in this work. The panels were tested in accordance with the requirements of Section C26-626.0, Administrative Building Code, with the loads being transferred to the test panel by a loaded platform resting on rollers placed at the third points of the span; tests were witnessed by John A. Darts, Assistant Engineer, Committee on Test, and John H. Crumbaugh, and W. W. Bainbridge representing the applicant.

The test panels for testing spans each consisted of sub-purlins tees, spaced as described below, with an unsupported half panel poured beyond each of the outside subpurlins.

Results of Test:

- Slab 1. $\frac{1}{2}$ " Sheetrock Formboard
#2140 Bulb Tee $32\frac{5}{8}$ " on centers
2" Pyrofill
Span 9' — 8" center to center of supports
Clear Span — 9' — 4"
Area under test 78.9 sq. ft.
Load 13,648# Platform started to touch slab.
Discontinued
Safe carrying capacity in accordance with C26-626.0
 $13,648 \div 78.9 = 173$ PSF
 $173 \div 4$ factor of safety = 43.2 PSF safe carrying capacity.
- Slab 2. Same construction as slab 1 except span reduced to 9' — 2" center to center of supports, clear span 8' — 10"
Area under test 74.7 sq. ft.
Load 15,328# Discontinued
Safe carrying capacity in accordance with C26-626.0
 $15,328 \div 74.7 = 205$ PSF
 $205 \div 4 = 51$ PSF safe carrying capacity
- Slab 3. End Bays and overhanging half panels — 1"
USG Insulation. Formboard. Center Bay 1" Slotted USG Acoustical Formboard #2140 Bulb Tee $24\frac{5}{8}$ " on centers
2" Pyrofill
Span — 10' — 8" center to center of supports
Clear span 10' — 4".
Area under test 87.5 sq. ft.
Load 16,408 lbs. Platform started to touch slab.
Discontinued.
Safe carrying capacity in accordance with C26-626.0
 $16,408 \div 87.5 = 187.5$ PSF.
 $187.5 \div 4 = 46.8$ PSF

Slab 4. To test formboards only

Slab 4 ft. long
Outside 2 panels 1" USG Insulation Formboard $32\frac{5}{8}$ " wide
Center panel 1" Slotted USG Acoustical Formboard $24\frac{5}{8}$ " wide
Load each bay on third points on 2" O.D. Pipe parallel to purlins
Area under test 10.9 sq. ft. end bays, 8.2 sq. ft. center bay
Load end bays 2749 lbs. each, center bay 3001 lbs.
Test discontinued. No visible cracks or sign of failure
Safe carrying capacity in accordance with C26-626.0
 $2749 \div 10.9 = 252$ psf
 $252 \div 5 = 51.5$ psf safe capacity (modified continuous span)
 $3001 \div 8.2 = 366$
 $366 \div 6 = 61$ psf (safe carrying capacity) (continuous span).

Examination of the #2140 bulb tees removed from all test panels showed no evidence of lateral buckling proving that the 2" thick reinforced Pyrofill slab gave adequate lateral support to the steel sections.

Two fire endurance tests were conducted at the National Bureau of Standards, panels No. 296 and 297 on Sheetrock Pyrofill applied over bar joists and the underside of the bar joists protected by a standard steel grillage of $1\frac{1}{2}$ " channels 4' — 0" on centers and $\frac{3}{4}$ " channels 12" on center. $\frac{3}{8}$ " Perforated Rocklath was clipped to the channels by U.S.G. Bracketite Clips and ends secured with Bridgjoint clips. Over this was applied a Scratch Coat of Gypsum Perlite plaster (100 lbs. gypsum to 2 cubic feet of Perlite) and a brown coat of Gypsum Perlite plaster (100 lbs. gypsum to 3 cubic feet of Perlite) applied in equal thicknesses to a total thickness of $1\frac{1}{8}$ ", over which a $\frac{1}{8}$ " thick white lime putty finish was applied. This was approved as a $1\frac{1}{2}$ hour short span fire resistive ceiling for the protection of joists, beams and girders under Cal. No. 439-51-SM. Tests were witnessed by Chief Engineer, L. V. Huber, Committee on Test. Copies of the report of test are in the file and area part of the record of Cal. No. 439-51-SM.

Recommendation

On the basis of the data furnished by the applicant and inspection and tests conducted, the Committee on Test recommends that the resolution adopted February 27, 1940 and amended March 28, 1950, September 11, 1951 and June 23, 1953 be amended to include approval of U. S. G. #2140 Bulb Tees for a clear span of 8'—4" at not over 43.2 lbs. per square foot uniform loading including roof insulation and roofing and U.S.G. #2140 Bulb Tees for a clear span of 8'—10" at not over 51 lbs. per square foot uniform load including roof insulation and roofing, bulb tees not over $32\frac{5}{8}$ " on centers, and U.S.G. #2140 bulb tee, not over $24\frac{5}{8}$ " on centers, for clear span of 10'—4" at not over 48 lbs. per square foot uniform load including roof insulation and roofing and further that the resolution be amended to permit the use of 1" thick USG Insulation Formboard and USG Acoustical Formboard, in all classes of construction subject to the Fiber Board Rules of the Board, especially Rule 3 as to area, and that Sheetrock Pyrofill with a hung ceiling of Rocklath and $1\frac{1}{16}$ " of Perlite Gypsum plaster having passed a $1\frac{1}{2}$ hour fire endurance tests shall be approved for class 2 roof decks under C26-615.0.b, C26-618.0 and C26-620.0.c.1.b and that Pyrofill roof decks on incombustible Sheetrock, Asbestos, Cement, or Owens Corning Fiberglass formboards, having been previously approved as an incombustible roof deck for all classes of construction where a three hour ceiling is hung below it as provided under C26-575 and in class 2 construction for floor and roof, where at least a $1\frac{1}{2}$ hour ceiling is hung below

MINUTES

it as provided under C26-620.0C.1.b, provided that all other provisions of the resolution as adopted February 27, 1940 as amended under Cal. No. 236-38-SM are complied with.

(Sgd.) HARRIS H. MURDOCK,
Chairman,
EDWIN W. KLEINERT,
Commissioner,
JOHN A. DARTS,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution of February 27, 1940 in accordance with the above report.

426-38-SA—Vol. III

APPLICANT—American Radiator and Standard Sanitary Corp., owner.

SUBJECT—Application reopened December 1, 1953 as Vol. III—re Arcoflame Oil Burner (domestic oil burner), Models MF-A, MF-W and MF-S.

APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Resolution amended in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 426-38-SA-Vol. III February 3, 1954

Subject: Amendment to resolution to include additional models of oil burners.

American Radiator & Standard Sanitary Corp. requested by filing an application December 1, 1953, that this resolution adopted July 12, 1938, and amended through July 8, 1941 under Cal. No. 426-38-SA-Vols. I and II be amended to include models MFA; MFW and MFS. The application was reopened December 1, 1953 under Cal. No. 426-38-SA-Vol. III.

Description

The Board approved the models M and MF, July 8, 1941 under Cal. No. 426-38-SA-Vol. II. The new models MF-A; MF-W and MF-S are the same as the model MF, except for the mounting plate; which is used to affix the burner to the furnace or boiler. There is no other change whatsoever in the construction of the burner or in the controls.

Recommendation

The Committee on Test recommends that the resolution adopted July 12, 1938 under Cal. No. 426-38-SA-Vol. I be amended to include models MF-A; MF-W and MF-S so that the models recommended for approval (including those models previously approved) under this recommendation are the following Arcoflame Oil Burner, Models B, C, L, D, DF, M, MF, MF-A, MF-W and MF-S, and the Arcoflame Heating Units—64 and 65, on condition that the requirements of the resolution adopted July 12, 1938 under Cal. No. 426-38-SA-Vol. I be complied with.

(Sgd.) HARRIS H. MURDOCK,
Chairman,
LESLIE V. HUBER,
Chief Engineer,
JOHN A. DARTS,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution of July 12, 1938 in accordance with the above report.

981-41-SM

APPLICANT—Kaustine Furnace and Tank Corp., new owner Kaustine Co., Inc., former owner.

SUBJECT—Application for consideration—reopening and amendment of resolution—re Kaustine 275 gal. Obround Fuel Oil Tank, previously approved.

APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Application reopened and resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, the applicant requested a reopening and amendment of the resolution in regards to a new owner.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted by the Board on September 29, 1942, only as to reference to the name of the owning company, so that as amended this portion of the resolution shall read:

"Kaustine Furnace and Tank Corp., new owner; Kaustine Inc., former owner."

255-47-SM

APPLICANT—Baltimore and Paulson, for Durastone Face Products, Inc., owner.

Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: 255-47-SM February 3, 1954

Subject: Amendment to resolution as to requirement of periodic test.

Baltimore & Paulson, for Durastone Face Products, Inc., requested by letter dated March 19, 1953 that the resolutions adopted September 9, 1947 under Cal. No. 255-47-SM be amended so as to waive the requirements of quarterly tests and included the name of Dura Crete. The action of the Board on April 7, 1953 under Cal. No. 255-47-SM was to dismiss the request for amendment.

A letter, dated April 10, 1953, from Baltimore & Paulson requested a reopening and amendment to the resolutions adopted September 9, 1947 under Cal. No. 255-47-SM for the purpose of amending this as to requirement of periodic test as set forth under the above resolution. The action of the Board on May 12, 1953 was to reopen as to amendment as to requirement for periodic tests only.

MINUTES

Recommendation

The Committee on Test recommends that the resolution adopted September 9, 1947 under Cal. No. 255-47-SM be amended so as to omit the requirement of periodic test reports but in all other respects the requirements of the resolutions adopted under Cal. No. 255-47-SM and the Masonry Rules of the Board be complied with.

REPORT OF COMMITTEE ON TEST

Re: Cal. 270-50-SA

February 3, 1954

Subject: Spacarb Mix-A-Drink, Models 4D51 and 4D53 and 3D-53, approval of.

Spacarb, Inc., Conn. filed March 30, 1950 an application with the Board of Standards and Appeals for approval of the appliance known as Spacarb Mix-A-Drink, Models 4D-51, 4D-53 and 3D-53, under the provisions of C19-96.0 Administrative Code, and the Submerged Inlet Rules of the Board.

Purpose

The appliance is designed to automatically dispense, in a paper cup, upon insertion of a coin, a refrigerated drink with carbonated water.

Description

The appliance is a packaged unit for dispensing a refrigerated carbonated beverage. The component parts consist of the following: Refrigeration System; CO₂ System; Water System, Syrup System and the Electrical System.

The refrigeration system is a Kelvinator hermetic-sealed unit using 3¼ lbs. of Freon 12. The liquid freon flows from a liquid line valve to a strainer drier to a thermostatic expansion valve; at this point the liquid freon becomes vapor and circulates through a cast cooler to the compressor and then to the condenser where it becomes a liquid and is stored in the receiving tank.

The CO₂ system is a 20 lb. carbon dioxide I.C.C. cylinder with proper regulator and is used for carbonation.

The water system: The water line enters a strainer and the water then flows through the water pump; to the pre cool coils; to the cooler; from the cooler to the carbonator and then from the water valves to the spigot nozzle. If a non carbonated drink is required, the water by-passes the carbonator.

When the water in the carbonator reaches a low level, the water pump, controlled by electrodes, located in the carbonator, cuts in and draws water into the carbonator until the proper level in the carbonator is reached. There is a check valve located on the water line into the carbonator; which prevents gas from backing into the water line.

The syrup system—The syrup is forced, under 5 to 10 lbs. CO₂ pressure, up a pick-up tube and then through plastic syrup tubes to the syrup valve. The syrup flows through the valve to a well, where it is chilled, and then to the spigot heads. At the spigot head, the syrup discharge lines have plastic nozzles which direct the flow of the syrup to the center of the syrup deflector, which is in the center of the water nozzle, creating a mixed drink.

In operation where a coin is inserted, a contact is made releasing a paper cup to a platform after selection of the desired flavor is made. Water and syrup, which have been refrigerated are then dispensed through a stainless steel solenoid valve filling the cup. This mixture of syrup and water takes place within the cup as it is being dispensed.

Inspection and Test

The device was inspected by Asst. Engr. J. A. Darts, Committee on Test and H. C. O'Brien representing the applicant. The device operated as designed.

MINUTES

Recommendation

On the basis of the above data and the inspection and test, the Committee on Test recommends the approval of the Spacarb Mix-A-Drink, Models 4D-51, 4D-53, and 3D-53 beverage cup dispenser, for use in New York City under the provisions of C19-96.0 Administrative Code, and the instructions of the Fire Commissioner to inspectors as amended May 29, 1946, provided the electrical installation complies with the requirements of the Department of Water Supply, Gas and Electricity and that each unit installed bears a label permanently affixed, reading: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 270-50-SA", and provided further that each unit be serviced at least once a year and a record card of inspection be attached to each unit showing such dates of inspection and the names of the inspectors; and further that each Spacarb Mix-A-Drink, Models 4D-51, 4D-53 and 3D-53 beverage cup dispenser, be equipped with an approved vacuum breaker installed in compliance with the Submerged Inlet Rules of the Board.

53-53-SM

APPLICANT—Columbus Coated Fabrics Corp., owner.
SUBJECT—Application January 23, 1953—Col-O-Vin (fabric covering for Modern Fold Doors and Upholstery), approval of.

APPEARANCES—

For Applicant: Charles R. Traphagan.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, the Report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 53-53-SM February 3, 1954

Subject: Col-O-Vin (fabric covering for Modern Fold Doors and Upholstery material), approval of.

Columbus Coated Fabrics Corp., Columbus, Ohio, filed January 23, 1953, an application with the Board of Standards and Appeals for approval of the material known as Col-O-Vin under the provisions of the Flameproofing Rules of the Board.

Purpose

The material is used as a flameproof fabric in Modern Fold Doors and Upholstery material.

Description

The material is a vinyl coated 1.85 cotton drill. The cotton drill is flameproof and then the vinyl coating, which is a vinyl resin having plasticizers of a phosphate nature and inert pigments, is knife coated onto the cotton drill backing.

Inspection and Test

Samples of the material were tested in accordance with the requirements of the Flameproofing Rules of the Board at the Better Fabrics Testing Bureau in the presence of Asst. Engr. J. A. Darts, Committee on Test; C. R. Traphagen repre-

senting the applicant and W. H. Masterson of the Laboratory.

Results of test: There was no flashing, flaming or glow outside the charred area and the average time of glow within the charred area, was 3-1/6 seconds. The complete report is on file with and part of the record.

Recommendation

On the basis of the inspection and test, and the data filed by the applicant, the Committee on Test recommends the approval of the material known as Col-O-Vin for use in New York City, as having met the requirements of the Flameproofing Rules of the Board, for use as a flameproof fabric under the provisions of C26-721.0.b Administrative Building Code, and C19-161.1 Administrative Code.

Tests for each specific installation or any retests thereof shall be made by the Fire Commissioner or in a Laboratory approved by him, in accordance with the requirements of the Flameproofing Rules of the Board.

The Committee further recommends that each wrapper in which Col-O-Vin is marketed by Columbus Coated Fabrics Corp. shall be labeled or marked: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 53-53-SM."

The Committee further recommends that Modern Fold Doors made of this material shall not be installed in locations required to have fire resistive opening protective assembly or where an incombustible or hardwood door is permitted, and not to be installed in such a way as to block required means of exit.

(Sgd.) HARRIS H. MURDOCK,
Chairman,

LESLIE V. HUBER,
Chief Engineer,

JOHN A. DARTS,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

REPORT OF COMMITTEE ON TEST

Re: Cal. 269-53-SA January 27, 1954

Subject: Williams Gas-O-Matic, Models G G 80 and G G 100, approval of.

Eureka Williams Corp., Illinois filed February 5, 1953, an application with the Board of Standards and Appeals for approval of the appliance known as Williams Gas-O-Matic, Models GG 80 and GG 100 under the provisions of Chapter 12 Article 26 Administrative Building Code.

Purpose

The appliance is a gas fired warm air furnace for domestic and commercial installation but not to be used in garages or places of explosive atmospheres.

MINUTES

Description

The appliance is a packaged gas fired warm air furnace. The jacket is of light gauge steel with a baked enamel finish. The insulation is of fibre glass and aluminum foil. The burner is a circular cast iron raised port burner drilled especially for the type of gas used. The heat exchanger is of circular construction made of 16 gauge steel.

The controls consist of pilot generator with automatic main gas control valve, gas pressure regulator, main manual gas shut off valve, manual adjustable pilot valve, thermostat, and a safety pilot with 100% shut off when LP gas is used and a pilot gas filter when manufactured gas is used.

Inspection and Test

A unit was inspected and tested by Asst. Engr. J. A. Darts, Committee on Test. The appliance functioned as designed and the controls operated as required. The appliance has been approved by the American Gas Association under Certificate numbers 4-967-1.101.5; 4-961-1.001-5 and 4-961-2.001-5.

Recommendation

On the basis of the inspection and test and the data filed by the applicant, the Committee on Test recommends the approval of the Williams Gas-O-Matic Models GG 80 and GG 100 when constructed in accordance with this report and installed in accordance with the requirements of Article 12 Chapter 26 Adm. Bldg. Code. for domestic and commercial installations; but not to be used in garages or places of explosive atmospheres, on condition that each unit bears a label permanently affixed reading as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 269-53-SA."

Re: Cal. 270-53-SA January 27, 1954

Subject: Williams Gas-O-Matic (forced air furnace), Models GB-93, GB-109 and GB-125, approval of.

Eureka Williams Corp., Illinois, filed February 5, 1953, an application with the Board of Standards and Appeals for approval of the appliance known as Williams Gas-O-Matic (forced air furnace) Models GB-93, GB-109 and GB-125 under the provisions of Article 12 Chapter 26 Administrative Building Code.

Purpose

The appliance is a gas fired forced air furnace for domestic and commercial installation but not to be used in garages or places of explosive atmospheres.

Description

The appliance, a gas fired forced warm air furnace, is a packaged unit. The jacket is of light gauge steel with a baked enamel finish.

The insulation is fibre glass and aluminum foil. The heat exchanger is made up of a series of flues made of 12 gauge steel, through which the heat from the burners pass. The burners are cast iron drilled raised port type burners. The unit is equipped with a centrifugal blower type for a $\frac{1}{8}$ to $\frac{1}{4}$ H.P. motor with thermal overload and low voltage protection.

The controls are as follows: room thermostat, combination fan and limit control, electric main control valve, gas pressure regular (omitted on LPG units), main manual gas shut off valve, adjustable pilot shut off valve, automatic pilot and a pilot gas filter (on manufactured gas units only).

Inspection and Test

A unit was inspected and tested by Asst. Engr. J. A. Darts, Committee on Test. The appliance functioned as designed and the controls operated as required. The appliance has been approved by the American Gas Association under Certificate Numbers 4-822-5.701-5; 4-822-1.501-5, 4-(822-5.7 & -1.5 & 2-7).001-5, 4-(822.5 & -2.5).001.5, 4-(822-9 & -1.9).001.5 and 4-(8229,-2.7 & -1.5).001-5.

Recommendation

On the basis of the inspection and test, and the data filed by the applicant, the Committee on Test recommends the approval of the Williams Gas-O-Matic (forced air furnace) Models GB-93, GB-109 and GB-125 when constructed in accordance with this report and when installed in accordance with the requirements of Article 12 Chapter 26 Administrative Building Code for domestic and commercial installations, but not to be used in garages or places of explosive atmospheres, on condition that each unit bears a label permanently affixed readings as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. REPORT OF COMMITTEE ON TEST

Re: Cal. 719-53-SM

February 3, 1954

Subject: Redo 7327-4042 BCO Grain (flameproof fabric), approval of.

Goodall Fabrics, Inc., for Goodall-Sanford, Inc., Maine filed October 2, 1953, an application with the Board of Standards and Appeals for approval of the material known as Redo 7327-4042 BCO Grain (flameproof fabrics) under the provisions of the Flameproofing Rules of the Board.

Purpose

The material is used as a flameproof fabric in Modern Fold Doors and upholstery material.

Description

The material consists of woven cotton fabric coated with vinyl plastic. The cotton fabric is flameproofed with diammonium phosphate salt and the vinyl with antimony oxide and alkylaryl phosphate (stabilizer). The total weight of the finished material is 27 ozs. per yard (54" wide).

Inspection and Test

Samples of the material were tested in accordance with the requirements of the Flameproofing Rules of the Board at the Better Fabrics Testing Bureau in the presence of Asst. Engr. J. A. Darts, Committee on Test, E. S. Lancaster representing the applicant and W. H. Masterson of the laboratory.

Results of test: There was no flashing, flaming or glow outside the charred area and the average time of glow, within the charred area, was 2 5/6 seconds. The complete report is on file with and is part of the record.

Recommendation

On the basis of the inspection and test and the data filed by the applicant, the Committee on Test recommends the approval of the material known as Redo 7327-4042 BCO Grain (flameproof fabric) for use in New York City, as having met the requirements of the Flameproofing Rules of the Board, for use as a flameproof fabric under the provisions of C26-721.0.b Administrative Building Code, and C19-161.1 Administrative Code.

Tests for each specific installation or any retests thereof, shall be made by the Fire Commissioner or in a laboratory approved by him, in accordance with Flameproofing Rules of the Board.

The Committee further recommends that each wrapper in which this material is marketed by Goodall Fabrics, Inc., shall be labeled or marked: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 719-53-SM."

The Committee further recommends that Modern Fold Doors made of this material shall not be installed in locations required to have a fire resistive opening protective assembly or where an incombustible or hardwood door is permitted, and not to be installed in such a way as to block required means of exit.

(Sgd.) HARRIS H. MURDOCK,
Chairman,

LESLIE V. HUBER,
Chief Engineer,

JOHN A. DARTS,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

1014-41-SA—Vol. II

APPLICANT—Fire Devices, Inc. (New York), owner.

SUBJECT—Application for consideration—reopening as Vol. II—re Spot Fire Lowecator (fire detection thermo-

stats), Models 501, 502, 503 and 504 (previously approved re Spot Fire Detector, Models 101 and 102).

APPEARANCES—

For Applicant: Cy Harriman.

ACTION OF BOARD—Application reopened as Vol. II, for test and report as to additional models.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Klein-
ert and Keating and Deputy Chief Connors 4

Negative 0

647-53-A

APPLICANT—Pasquale Tirino, owner (John Lussi, lessee).

SUBJECT—Application August 26, 1953—filed pursuant to section 35, General City Law re premises located in bed of mapped street—proposed Wilcox street.

PREMISES AFFECTED—962 Richmond avenue, west side, 75.09 ft. south of Monsey place (Block 1704, Lot 56), Port Richmond, Borough of Richmond.

APPEARANCES—

For Applicant: Angelo Costantino.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Klein-
ert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated August 19, 1953, on Alt. Applic. 441/52, reads:

"The proposed one story extension to the existing structure at the above location falls within the limits of Wilcox Street and is therefore contrary to General City Law Article 3, subdiv. 35, which provides that no permit shall hereafter be issued for any building in the bed of any street or highway shown or laid out on the official map or plan, etc."

and

WHEREAS, the applicant states that the building is one story 9 ft. and 12 ft. 8 in. in height, of Class 1 and 3 construction, 30 ft. by 20 ft. in area, erected prior to 1916 on a lot 73 ft. front by 116 ft. irregular in depth, in a business and residence use, D area, Class 1 height district; used and occupied since prior to 1916 as store and proposed to be increased to 65 ft. 6 in. front by 20 ft. in depth and to be used as a store and diner storage; and

WHEREAS, the applicant contends that the erection of the proposed one-story extension to existing structure will not prejudice the city, although the proposed extension falls within the limits of Wilcox street as proposed on the city map; that the applicant who is the owner of the premises waives any claim for damages to the proposed extension in the event of condemnation by the city of land necessary for the acquisition of the street as mapped; and

WHEREAS, the applicant contends that although Wilcox street is shown on the city map it is not physically laid out; that the time when it will be physically laid out if at all is very indefinite; that there is no monetary provision in the budget for the laying out and construction of such street; that only the northerly half of proposed Wilcox street lies on part of lot in question; that the owner has regularly paid his taxes on the premises and unless he is permitted the use of his property so as to derive the best possible income, he will be deprived of what is justly due to him, even though no one can be prejudiced by such use.

Resolved, that the decision of the Borough Superintendent, acting on Alt. Applic. 441/52, be and it hereby is *modified* and that the appeal be and it hereby is *granted* under the powers vested in the Board under Section 35 of the General City Law, to permit the construction and use of the building as proposed within the mapped bed of Wilcox

MINUTES

street, *on condition* that in the event the city acquires the premises for the construction of such Wilcox street, the owner will remove the building herein permitted to be erected within the mapped bed of Wilcox street at his own expense and make no claim for compensation other than for the value of the land itself as may be determined by the court; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto as required in a business zone.

PUBLIC HEARINGS

Tuesdays at 10 a. m. to 2 p. m.

Special meetings as published in this Bulletin.

All hearings are held in Room 1013, Municipal Building,
Borough of Manhattan.

HOURS OF CONSULTATION

10 A. M. to 1 P. M.

Any person desiring to consult the chairman or the
engineers, pertaining to the work of the board, will be
seen only between the hours of ten in the morning and
one in the afternoon—Saturdays excepted.

NOTICE TO APPELLANTS AND APPLICANTS

No appeal or application will be entertained in connection
with which court proceedings are pending or in progress,
unless exception is granted by the chairman, nor accepted
which is not filed within thirty days from the date of the
action of the Administrative Official.

Any communication purporting to be an appeal or appli-
cation shall be regarded as a mere notice of intention to seek
relief until it is filed on the form required by the rules of
this board.

Upon receipt of any such communication the writer will
be supplied with the official forms for presenting his appeal
or application.

At the time of filing an appeal or application, the appel-
lant or applicant shall forward a signed notice of appeal
addressed to the administrative official either borough super-
intendent of buildings or fire commissioner and file with
this board a duplicate of said notice.

Appellant and applicants are advised that their plans must
indicate the points of the compass so as to establish the true
location and position of the property, the subject of the
appeal or application.

Appeals and applications will be simplified and disposition
of same expedited by conforming to these directions.

HARRIS H. MURDOCK, *Chairman*

CALENDAR

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Klei-

ert and Keating and Deputy Chief Connors 4

Negative 0

WHEREAS, prior to the hearing, the applicant filed revised plans for a six story multiple dwelling occupying a larger area; and

WHEREAS, the revised plans radically changed the proposal and should be considered as a new proposal, subject to the regular procedure.

Resolved that the application be and it hereby is *withdrawn*.

147-31-BZ—Vol. II

APPLICANT—M. Martin Elkind, for Anthony Andruck, owner.

SUBJECT—Application August 31, 1953 (decision of the borough superintendent), under section 7e of the zoning resolution, to permit in a residence use district the erection and maintenance of a three-family dwelling and store (previously dismissed for lack of prosecution and denied the erection and maintenance of dwelling and store).

PREMISES AFFECTED—80-20 25th avenue and 25-02 81st street, southwest corner (Block 1057, Lot 10), Jackson Heights, Borough of Queens.

APPEARANCES—

For Applicant: M. Martin Elkind.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative 0

Negative: Chairman Murdock, Commissioners Klei-

ert and Keating and Deputy Chief Connors 4

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on September 29, 1953 subject to regular procedure, for rehearing under different section, namely 7e; and

WHEREAS, a public hearing was held on this application on February 9, 1954 after due notice by publication in the Bulletin; and laid over to March 16, 1954, for inspection and decision without further argument; applicant to submit information re previous permits to build; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, 25th avenue and 81st street are in a residence use, D area, class ¾ height district; and

WHEREAS, the decision of the borough superintendent, dated August 19, 1953 acting on N.B. Applic. 2918-53, reads:

"1. Proposed building to be used in part for business purposes in a Residence Use District in contrary to Sec. 3, Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 125 ft. and 25 ft. frontage by 100 and 125 ft. in depth, irregular, on which is located a three-car garage and the foundation construction of a proposed building; that it is proposed to erect a building 80 ft. by 24 ft., two stories, 20 ft. in height, of class 3 construction, to be used as a three-family dwelling and store (retail grocery); and

WHEREAS, the applicant contends that although the property is within a residence zone, the immediate vicinity has several non-residential uses at present; that there is a store now located at 80-17 25th avenue, across the street from the premises and a factory building 100 ft. south of the subject premises; that the present character of the neighborhood is such that it would not be adversely affected by a structure of mixed occupancy such as proposed; that the property has been in the same ownership for 30 years; that the owner had planned to erect a building similar to that proposed, in 1939, and had started foundation construction but due to inability to secure financial assistance at that time, caused the work to be abandoned; that the foundation is still in place; that at that time the proposed use was conforming; that it has been his intention for many years to establish and operate a small retail business at this location, which adjoins his own residence; that the establishment of the proposed use would not constitute an unreasonable or detrimental use in this neighborhood, and that strict com-

MINUTES

pliance with the provisions of the zoning law would be unnecessarily harsh in this case; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Committee has noted the foundation which has been lying there for some years, and also noted the plan of the proposed building, and is of the opinion that the building could be constructed for residence only without the store, and recommends the application be denied; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under section 7, subdivision e, of the zoning resolution.

Resolved, that the decision of the borough superintendent, acting on N.B. Applic. 2918-53, Obj. 1, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

918-52-BZ—Vol. II

APPLICANT—Alfred Friedland, owner.

SUBJECT—Application September 21, 1953 (decision of the borough superintendent), under section 7e of the zoning resolution, to permit in a residence use district the erection and maintenance of a gasoline service station, lubritorium, motor vehicle repairs and office; and to permit the parking of cars waiting to be serviced (previously withdrawn without prejudice), for a term of fifteen years.

PREMISES AFFECTED—15-45 Francis Lewis boulevard, northeast corner of 16th avenue (Block 4740, Lot 1), Whitestone, Borough of Queens.

APPEARANCES—

For Applicant: Gilbert Lazerus and Alfred Friedland.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative 0

Negative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on October 14, 1953 subject to regular procedure, and restored to the docket; and

WHEREAS, a public hearing was held on this application on February 9, 1954 after due notice by publication in the Bulletin; and laid over to March 16, 1954, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Francis Lewis boulevard and 16th avenue are in a residence use, D area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated October 22, 1953 acting on N.B. Applic. 7004-52, reads:

"1. Proposed use of premises located in a residence use district as a gasoline service station, minor repair, lubritorium, parking area for cars waiting to be serviced is contrary to Sec. 3 of zone resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 122.87 ft. frontage by 82.59 ft. in depth, irregular, presently vacant; that it is proposed to erect a building 72 ft. front by 30 ft. in depth, one story, 22 ft. in height, of class 3 construction, to be used as accessory to proposed gasoline service station for lubritorium, minor repairs and office; that it is further proposed to install ten 550-gallon gasoline tanks with four dispensing pumps, with one curb cut on Locke avenue, one on 16th avenue and two on Francis Lewis boulevard; and

WHEREAS, the applicant further states that the rear of the plot has a frontage of approximately 150 ft.; that the adjacent property on the east is vacant as is the southerly side of the property on 16th avenue; that the property diagonally across Francis Lewis boulevard is used as a greenhouse; that the use designation has remained unchanged since 1916; that the height designation was changed from

1 to ½ on December 19, 1938 and the area designation was changed from D to F on May 7, 1937 and from F to D-1 on October 15, 1952; and

WHEREAS, the applicant contends that the plot in question was formerly mapped with 157th street, which cut directly through the parcel involved; that on August 21, 1952 the Board of Estimate adopted a resolution eliminating 15th avenue between 16th and Locke avenues under map No. 3607 and extended the line of 16th avenue in promulgation with the existing line of Francis Lewis boulevard, thus creating this parcel of land as it exists at the present time; that Francis Lewis boulevard is a principal traffic artery carrying a heavy volume of through traffic; that the plot in question is but a few hundred feet from Cross Island parkway and there is now no gas station at which a car may stop for gas or repairs as it approaches and enters Cross Island parkway; that there is no other gas station sufficiently close to serve this purpose and there is therefore a great need for a gas station at the site in question; that there is no demand for the construction of residences because of the heavy traffic along the boulevard nor is there a demand for stores as there is an adequate shopping district in the vicinity; that the proposed gas station will be maintained under such conditions as will safeguard the character of the area; that the structure will be of colonial parkway type with a pitched slate roof and stone veneer front with brick and block back-up; that the roof will contain space for an electric clock, wood cupola and a weather vane; that immediately above the office space will be a wood railing; that it is proposed to erect a 5 ft. steel picket fence above a 3 ft. brick wall, or if the Board so determines, a 7 ft. brick wall along the rear of the premises (the easterly side of the property) shielding any residential properties to the east from any view of the gas station; that inside the steel picket fence and 3 ft. wall will be a 5 ft. planting area which will be densely planted with tall evergreens to form an adequate background for the gas station and to give additional protection to the residential area in the rear; that there is also to be planting along Locke avenue and 16th avenue; that the proposed structure will be one story in height thus insuring owners of nearby properties permanent light, which such properties would not derive from a large conforming structure; that the limitation of the term of the proposed use to 15 years will serve as a protection to the neighborhood in the future, in the event its present character should change; that as previously set forth, the property immediately opposite the site in question is devoted to greenhouses; that because of the unusual situation of the property, the growing need for a gas station in the immediate area, the lack of interference with any of the established residences now in the neighborhood and the constantly increasing traffic along the boulevard, the plot in question is ideally suitable for the erection of a gas station, and would not adversely affect the residential area; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application should not be granted and that it should and can be used for uses complying with the residential zoning; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under section 7, subdivision e of the zoning resolution.

Resolved, that the decision of the borough superintendent, acting on N.B. Applic. 7004/52, Objection 1, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

153-53-BZ

APPLICANT—Siegel and Green, for 216 East 70th Street Corporation, owner.

SUBJECT—Application February 25, 1953 (decision of the borough superintendent), under section 7c of the zoning resolution, to permit in a residence use district the change in occupancy from two family dwelling to group medical center.

MINUTES

PREMISES AFFECTED—216 East 70th street, south side, 268 ft. east of 3rd avenue (Block 1424, Lot 38), Borough of Manhattan.

APPEARANCES—

For Applicant: Max Siegel.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Klei-
ert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on February 2, 1954 after due notice by publication in the Bulletin; laid over to February 24, 1954, for inspection and decision; hearing closed; then laid over to March 2, 1954, for inspection and decision; hearing previously closed; then to March 16, 1954, for applicant to file revised plans; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a residence use, B area, class 1½ height district; East 70th street is in residence and business use, B area, class 1½ height districts; 3rd avenue is in a business use, B area, class 1½ height district; and

WHEREAS, the decision of the borough superintendent, dated February 11, 1953 acting on Alt. Applic. 804-52, reads:

"1. Proposal to change use from dwelling to medical group offices in a bldg. located in a Residence Use District is contrary to Sec. 3 Art. II Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 28 ft. frontage by 100 ft. 5 in. in depth, on which is located a building 28 ft. front by 62 ft. 1 in. in depth, basement, 4 stories and penthouse, 49 ft. 6 in. in height, of class 3 construction, presently used as two-family dwelling, accessory doctor's offices and group medical offices; that it is proposed to occupy the entire premises for a group medical center, for medical offices and incidental uses, and for resident doctor's quarters; and

WHEREAS, the applicant contends that the existing building was erected in 1882 as a tenement house and converted to a non-tenement in 1931 as a residence for two families; that certificate of occupancy No. 18244-32 was issued pursuant to that alteration and is in full force and effect; that in 1946 the premises were purchased by the present owner for a doctor's dwelling and the practice of his medical profession; that in 1950 the doctor-owner became affiliated with the Yorkville Medical group for the practice of group medicine and this medical group occupies certain offices within the subject building; that this medical group now desires to occupy the entire building for its practice and to discontinue the doctor-owner's dwelling; that no changes are proposed in the existing building area and the same general interior layout is to be maintained, except for certain improvements to be made to the existing exit facilities and for such other requirements that the Board may deem necessary to impose; that under the zoning resolution, group medical centers are permitted as a matter of right in residence use districts only on the 1st floor, and this application is being submitted for permission to extend this permitted use throughout the entire building; that while East 70th street is zoned for residence use, it is not exclusively residential in character; that opposite the subject premises there exists a large U.S. Post office, creating considerable traffic and pedestrians; that adjacent to the post office there exists a home for the aged; that at the southeast corner of East 70th street and 3rd avenue, there exists the Lincoln warehouse, extending into the residence use district of East 70th street on the same side as the subject premises; that the majority of the other developments on this street are old-law tenements and converted dwellings; that the proposed use of the entire building for a group medical center, maintaining the existing housing and its external residential appearance, will not adversely affect anyone; that the granting of this application will permit the owner to make a bene-

ficial use of its property compatible with the character of the neighborhood; and

WHEREAS, the premises and the surrounding area were inspected by a committee of the Board; and

WHEREAS, the applicant has filed revised plans which the committee believes would cure some of the defects; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7c, to permit change of use of the building, as proposed and as indicated on plans filed with this application, marked "Received February 25, 1953" (7 sheets and "November 18, 1953" (3 sheets) as amended by revised plans marked "Received March 10, 1954" (3 sheets) *on condition* that the building shall not be increased in height or area; that this variance shall continue only so long as the building is maintained substantially as proposed and complies in all other respects with all laws and rules applicable thereto other than as modified this day under Cal. 154-53-A; and that all permits required shall be obtained and all work completed within six (6) months from the date of this resolution.

154-53-A

APPLICANT—Siegel and Green, for The 216 East 70th Street Corp., owner (Yorkville Medical Group, lessee).

SUBJECT—Appeal filed February 25, 1953 from a decision of the borough superintendent.

PREMISES AFFECTED—216 East 70th street, south side, 268 ft. east of 3rd avenue (Block 1424, Lot 38), Borough of Manhattan.

APPEARANCES—

For Applicant: Max Siegel.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Klein-
ert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, the decision of the borough superintendent, dated February 11, 1953 on amendment to Alt. Applic. 804-52, reads:

"2. As existing bldg. exceeds 4 stories in height proposed commercial use requires bldg. to be of fireproof construction as per Sec. 4.2.1 B.C.

3. The means of egress should comply with Article 7 Bldg. Code."

and

WHEREAS, the applicant states that the building is 4 stories and penthouse, 49 ft. 6 in. in height, 28 ft. by 62 ft. 1 in. in area, of class 3 construction, erected 1882, located on a lot 28 ft. front by 100 ft. 5 in. in depth, in a residence use, B area, class 1½ height district, used and occupied since 1946 and 1950 as follows: basement—broiler room, kitchen, laundry and therapy room—2 persons; 1st floor, dwelling one family and group medical offices—5 persons; 2nd floor, one apartment and accessory doctor's office, 5 rooms; 3rd floor, one apartment and accessory doctor's offices, 5 rooms; 4th floor, one apartment and accessory doctor's offices, 3 rooms; penthouse, doctor's apartment, 1 room; and

WHEREAS, the applicant states that the building is supposed to be used and occupied as follows: basement—boiler room, staff kitchen, therapy room and incidental storage—10 persons; 1st floor—medical and administrative offices, 10 persons; 2nd floor—medical offices, 10 persons; 3rd floor—medical offices, 10 persons; 4th floor—resident doctor's quarters, conference room and laboratory, 15 persons; penthouse—library, 5 persons; that the entire building will be used for the group practice of medicine; and

MINUTES

WHEREAS, the applicant states the building is provided with two interior wood stairs, enclosed in partitions of studs and plaster, equipped with wood and fireproof, self-closing doors; that stairs leads to roof bulkhead and to street through lobby; that one stair is 2 ft. 10 in. in width and the other 2 ft. 8 in. in width; that one stair runs from cellar to 2nd floor and the other from 1st floor to penthouse; and

WHEREAS, the applicant states that the existing building was erected in 1882 as a tenement house and converted to a non-tenement in 1931 as a dwelling for 2 families and certificate of occupancy No. 18244-32 was issued and is now in full force and effect; that in 1946 the premises were purchased by the present owner for a doctor's dwelling and the practice of his profession; that thereafter, in 1950 the owner became affiliated with the Yorkville Medical group for the practice of group medicine, and this medical group occupies certain offices within the building; that this same medical group now desires to occupy the entire building for its medical practice and to discontinue the doctor-owner's dwelling; that no changes are proposed in the existing building area and the same general interior layout is to be maintained, except for certain improvements to be made to the existing exit facilities, and for such other requirements as the Board may deem necessary; that the proposed use will consist of medical offices on the several floors, with incidental treatment rooms, consultation rooms, examining rooms, library and administrative offices for a medical group center, servicing out-patients under a health insurance plan; that no persons will be harbored to receive medical treatment; that the medical center will be conducted during regular business hours, and the only use of the entire building after closing will be the resident doctor, occupying a one-room apartment on the 4th floor; and

WHEREAS, the applicant contends as to objection 2 issued by the borough superintendent, that the building was erected prior to the adoption of the Administrative Building Code in 1938 and thus now becomes subject to the Administrative Code due to the proposed change of use from its present residential use to a commercial use; that as a commercial use, it exceeds the tabular limits of height by the number of stories only, as it is 49 ft. 6 in. in height, which is less than the maximum height permitted; that the building is principally 4 stories in height but has a basement in lieu of a cellar, and it is the existence of this cellar which makes the building exceed the tabular limits by the number of stories; that the basement is primarily used for building services, and for all practical purposes is equivalent to a cellar; that the existence of this basement with its limited use will not tend to increase the practical building hazard anticipated by the Administrative Building Code, and the existing class 3, non-fireproof construction is more than ample to safeguard the proposed limited use and occupancy; and

WHEREAS, the applicant contends as to objection 3, that the article 7 of the building code for egress in buildings hereafter erected; that it is proposed to maintain the existing egress and install an approved sprinkler system throughout all stair and public halls equivalent to systems installed in converted dwellings under the Multiple Dwelling Law and to make all existing stairhall doors self-closing; that the existing means of egress, with the added sprinkler protection, is more than adequate for the safety of the proposed occupants; that existing buildings of this type are commonly converted to multiple dwellings; that the limited occupancy now proposed for the medical center is less hazardous than that of a converted dwelling; and

WHEREAS, the premises was inspected by a committee of the Board.

Resolved, that the decision of the borough superintendent, acting on amendment to Alt. Applic. 804/52, Objections 2 and 3, be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the requirements as to exits and use of the building as shown on plans filed with Cal. No. 153-52-BZ shall be complied with in accordance with the resolution adopted this day.

209-53-BZ

APPLICANT—Ingram S. Carner, for Sam Rosenberg, owner.

SUBJECT—Application March 25, 1953 (decision of the borough superintendent), under sections 7f, 7i, 7h and 7A of the zoning resolution, to permit in a business use district the erection and maintenance of a gasoline service station, lubritorium, motor vehicle repairs, storage and sale of accessories and office, and to permit the parking of cars waiting to be serviced, with a show window nearer the residence use district than is permitted.

PREMISES AFFECTED—9301-9311 Ditmas avenue and 753-763 East 93rd street, northeast corner (Block 9111, Lot 6), Borough of Brooklyn.

APPEARANCES—

For Applicant: Ingram S. Carner and S. Rosenberg.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative 0

Negative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on February 9, 1954 after due notice by publication in the Bulletin; laid over to March 9, 1954, for inspection and decision; hearing closed; then to March 16, 1954, for inspection and decision; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a business use, D area, class 1½ height district; and

WHEREAS, the decision of the borough superintendent, dated March 25, 1953 acting on N.B. Applic. 106-53, reads:

"1. In a business use district proposed "Gasoline Service station, lubritorium, auto washing, minor repairs, office, storage and sales of auto accessories, parking of cars waiting to be serviced" is contrary to Art. II Sec. 4(a) Subdiv. 29 & 46 of the Zoning Resolution.

2. Proposed show window more than 25 feet from intersecting street is contrary to Art. II Sec. 7A of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 100 ft. frontage by 100 ft. in depth, presently vacant; that it is proposed to erect a modern one-story masonry building, to be used as an accessory building for the proposed gas station having a frontage of 62 ft. and a depth of 32 ft.; that this building will house the office, storage and sales of auto accessories, lubritorium with two approved type hydraulic lifts, auto washing and minor repairs; that the service area will be paved with concrete or tarvia, with the northwesterly corner to be utilized for parking of cars awaiting service; that two pump islands consisting of two dispensing pumps each will be installed as well as six 550-gallon storage tanks and one 550-gallon refuse oil tank; that two 30 ft. curb cuts are proposed for Ditmas avenue and one 20 ft. curb cut on East 93rd street; that it is further proposed to erect a 4 ft. 6 in. high woven wire fence set on a 12 in. high concrete base so as to provide a total height of 5 ft. 6 in., and to be erected along the entire length of the northerly and easterly lot lines where not occupied by the accessory building; that it is further proposed to erect a similar fence along the East 93rd street building line for a distance of 32 ft. and provide a 3 ft. wide landscaping strip along same, this strip to continue to the accessory building and protected by a 6 in. by 6 in. concrete curbing; and

WHEREAS, the applicant contends that the southerly side of Ditmas avenue is completely unrestricted and is improved accordingly with uses usually found in an area of this type; that there is a large storage garage in lot 41, block 8119; gas station in lot 36, block 8120; open junk yard and junk shop in lots 29, 31, 32 and 34; junk shop in lot 50, block 8120 as well as a junk shop in lot 43, block 8117; that 3 blocks east of the site in question in block 8114, lots 1, 6

MINUTES

and 64, the northwest corner of Rockaway parkway and Ditmas avenue, a gas station was granted by the Board under Cal. 361-52-BZ; that immediately across the street from the aforementioned location in block 8115, lot 6, the northeast corner of Rockaway parkway and Ditmas avenue, a gas station was granted by the Board under Cal. No. 844-47-BZ; that Ditmas avenue is a very heavily trafficked thoroughfare, a good portion of this traffic being truck traffic, this truck traffic coming to and from the unrestricted uses located along the entire southerly side of Ditmas avenue in this area; that a modern gas station with all modern facilities as proposed would be entirely in keeping at this location; that this modern gas station will not adversely affect adjoining property owners; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board denied an application for use of a block front to the east, for a junk shop, now subject to court review; and

WHEREAS, there appear to be an ample number of gasoline stations in the general area; and

WHEREAS, the Board finds that because the area opposite is zoned unrestricted, does not furnish a basis for permitting a prohibited use in the area zoned for business, which adjoins a residential area; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under section 7, subdivisions f, i, h and A, of the zoning resolution.

Resolved, that the decision of the borough superintendent, acting on N.B. Applic. 106-53, Objs. 1 and 2, be and it hereby *affirmed* and that the application be and it hereby is *denied*.

447-53-BZ

APPLICANT—Dominick Salvati & Son, for Patrick Brini, owner.

SUBJECT—Application June 5, 1953 (decision of the borough superintendent), under section 7c of the zoning resolution, to permit in a business use district the reconstruction and extension of accessory building on existing gasoline service station, to include service and lubrication and office.

PREMISES AFFECTED—93-05 Rockaway boulevard, north side, 14.22 ft. east of 93rd street (Block 9114, Lot 25), Ozone Park, Borough of Queens.

APPEARANCES—

For Applicant: Anthony M. Salvati.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 16, 1954 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Rockaway boulevard are in a business use, D area, class 1 height district; 93rd street is in residence and business use, D area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated May 6, 1953 acting on Alt. Applic. 703-53, reads:

"1. Proposed gasoline sales office, service and lubrication located in a business use district is contrary to Art. 2 Sec. 4 of the Zoning Resolution."

and

WHEREAS, the applicant states the premises consist of a plot, 79.56 ft. frontage by 89.01 ft. in depth, irregular, on

which is located a triangular shaped (24 ft. by 20 ft.), one-story building, 12 ft. in height, of class 3 construction, used as an accessory building to an existing gasoline service station; that it is proposed to extend the existing building so that proposed building will be 35 ft. by 24 ft., one story, 12 ft. in height, of class 3 construction, to be used as office, lubricatorium and for servicing motor cars; and

WHEREAS, the applicant contends that this service station has been in existence since 1922 and the new owner, who has been in possession since February 1953, is at present occupying this station for sales of Esso gasoline and lubrication; that the owner is asking for a small enlargement to his existing office so that any lubrication can then be done within the building instead of outside; that the building as it exists now is very small and its size prevents the owner from conducting a proper service station; that there are no schools, playgrounds, public parks, hospitals, libraries or public museums within proximity of this site; that the owner has been in the gasoline selling field for over 20 years, but never before as an owner, and since he now owns his own business he would like to modernize and enlarge his present building; and

WHEREAS, the premises and the surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c, of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7, Subdivision c, to permit the legally existing gasoline service station to be rearranged substantially as proposed and as indicated on plans filed with this application marked "Received January 22, 1954," 3 sheets, *on condition* that the accessory building shall not be further increased in size or area other than as indicated on plans above cited; that the building shall comply with the requirements of the Building Code in all other respects; that there shall be no cellar under the building; that suitable fences shall be constructed on the rear and side lot lines where walls of adjoining buildings do not occur; that in all other respects the arrangement of the station, as previously approved, may be continued, provided that the pumps now located on the building line are moved to a point not nearer than 10 ft. from the street building line within two (2) years from the date of this resolution; that such portable fire fighting appliances shall be maintained as the Fire Commissioner shall direct; that there shall be no windows opening in the proposed accessory building as enlarged, opening to adjoining properties; that all permits shall be obtained and all work completed within the requirements of Section 22A of the zoning resolution.

Adjourned: 1:15 P. M.

JOSEPH J. DOYLE, *Chief Clerk*.

REGULAR MEETING

TUESDAY AFTERNOON, MARCH 16, 1954, 2 P. M.

798-53-A—Vol. II

APPLICANT—Preload Construction Corporation, for Jamaica Water Supply Company, owner.

SUBJECT—Appeal reopened February 2, 1954, from a decision of the Borough Superintendent.

PREMISES AFFECTED—107-17 178th street, east side, 152.48 ft. south of 107th avenue (Block 10336, Lot 12), Jamaica, Borough of Queens.

MINUTES

APPEARANCES—

For Applicant: E. S. Wallace, F. Dushnick and Peter Ley.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, under date of November 5, 1953, under Vol. I, of this calendar number, an appeal was filed from objection 1, issued by the Borough Superintendent, October 19, 1953, on N.B. Applic. 4070/53, which objection read as follows:

"1. The basis used for the design of the concrete tank is not in accordance with Section 8.5.1 of the Building Code."

and

WHEREAS, this appeal was permitted to be withdrawn by a vote of the Board on December 1, 1953, so that the applicant might secure a complete examination by the Borough Superintendent of the construction drawings in so far as they conflict with the Administrative Building Code; and

WHEREAS, this appeal was reopened February 2, 1954, as Vol. II, to consider a new decision of the Borough Superintendent, dated December 3, 1953, on N.B. Applic. 4070/53, reading as follows:

"1. The use of 'stressteel bars' and the prestressing method of construction shall be approved by the Board of Standards and Appeals, as per Section C26-178.0b of the Administrative Building Code.

2. The design stress used for steel is contrary to Section 7.4.5 of the Building Code.

3. The maximum strength of concrete used is contrary to Section 7.4.3.2.2 of Building Code."

and

WHEREAS, the applicant states that the proposed concrete water storage tank will be 1 story in height, 105 ft. inside diameter, located on a plot approximately 300 ft. by 500 ft. in area, in a manufacturing use, B area, class 1 height district, and the tank will have a capacity of 1,250,000 gallons; and

WHEREAS, the applicant contends as to objection 1, issued by the Borough Superintendent, that prestressed concrete is unique in that it has not yet become as familiar in the construction field as has normally reinforced concrete; that there are some features of its design and application that can only be proven by actual experience; that the applicant's design assumption have been proven to date by the construction during the past twelve years of approximately 800 such tanks having the same general design features; that not one failure has been reported; that 19 large capacity tanks were constructed for the City of New York, Department of Public Works between 1949 and 1951; and

WHEREAS, the applicant states that it is recognized that if approval is granted for the construction in question, such approval will be restricted to this one project and will not be construed as a precedent for the future; and

WHEREAS, the applicant contends as to objection 2, issued by the Borough Superintendent, that its design does not comply with the stresses permitted by the Administrative Building Code for conventional reinforcing steel as the Code has not been revised to provide for the relatively new prestressing methods which permit higher stresses because of the use of high tensile steel; that however, the Code does allow for other generally accepted methods and design; that various committees working under a steering committee of a joint committee of A. S. C. E. and A. C. I. are now, and have for some time been preparing a code for prestressed concrete construction, which will not be completed for some time to come; that the design stresses used in the proposed tank are within the general limit of being considered by this joint committee; that the design proposed to be used has been accepted and is in general use by various city and government agencies throughout the United States; and

WHEREAS, the applicant further contends as to objection 2, issued by the Borough Superintendent, that working stresses for mild steel deformed reinforcing bars are within those permitted by the Code; that however, as the walls will be of prestressed design with high tensile bars and wire used for prestressing, the working or design stresses are much higher than permitted by the code; that vertical prestressing of the wall is to be accomplished by use of tensioning bars having a guaranteed ultimate tensile strength of 145,000, and initial prestress of 100,000 p.s.i. and a working prestress of 85,000 p.s.i. all in accordance with the manufacturer's recommendations; that this type of vertical prestressing has been used on numerous tanks constructed by the applicant and is now being used in a tank under construction at Floral Park, Nassau County; that this method of prestressing is being used as reinforcing for girders of the Tampa Bay Bridge, Florida; and

WHEREAS, the applicant states that horizontal prestressing will be accomplished by use of high strength wire meeting ASTM designation A227-47, having an ultimate strength of 210,000 to 220,000 p.s.i. and can safely be stressed to 140,000 p.s.i.; that the placing of this wire will be accomplished by a merry-go-round winding machines that places the wire on the tank walls under constant predetermined tension; that tensioning of the wire is actually done by passing the wires through a die mounted on the winding machine; that actual stress in the wire after placement is rigidly checked by use of a calibrated instrument called a stressometer; that this method of horizontally prestressing circular structures has been performed successfully since 1941; and

WHEREAS, the applicant contends as to objection 3, issued by the Borough Superintendent, that although the concrete specified for the tank wall will have a controlled minimum 28 day compressive strength of 6,000 p.s.i. the allowable working stress in p.s.i. do not exceed those allowed for such concrete in table 1, of Section C26-364.0 (2) of the Administrative Building Code; and

WHEREAS, the applicant states that in rechecking its design for the wall foundation, which requires 3,000 p.s.i. 28-day concrete, it was found that the code value was exceeded in bond for deformed reinforcing bar; that this design has now been corrected by revision No. 3, to drawing No. 53T143-2, and all working stresses are now within the limits permitted for controlled concrete; and

WHEREAS, the Board is in receipt of a communication dated March 5, 1954, from the Pittsburgh Testing Laboratory, and enclosing a report of preliminary test and mix design of the concrete proposed to be used in the construction of the tank in question, and stating that the mix which it is proposed to use to produce 6,000 lbs. concrete for the construction in question will consist of Lone Star, Type I cement, sand from Metropolitan Sand and Gravel Corporation, stone from New York Traprock Corporation and Pozzoloth —2A admixture; that the mix was made with a gradation of the coarse aggregate equal to size No. 467 of A.S.T.M. specifications with a maximum slump of 3½ in. and is shown on the Pittsburgh Testing laboratory's report No. 88580 as Mix No. 10 as follows:

MINUTES

The preceding mixes were calculated to give a yield of 27 cu. ft. using air-dried materials as used in these test batches; and

WHEREAS, the applicant states that the tank in question will be constructed on the property of the Jamaica Water Supply Company in a natural bowl, having an area of approximately ten acres; and

WHEREAS, the applicant contends that if the entire contents of the proposed tank were to spill in this low area, it would have a depth of only 3 in.; that the nearest dwellings are approximately 5 ft. above this low level and are located beyond water company property; that the reservoir tank proposed cannot collapse all at once; that the worst that can happen is that minor leakage would start and ample time would be available to make necessary repairs before reinforcement would absolutely fail; that there can be no excess unforeseeable overloads; that the structure is designed for the maximum hydrostatic load which is a constant factor and cannot be increased; and

WHEREAS, in the opinion of the Board Objection 1 cannot be entertained by this Board as there is no basis in the Code for considering the prestressing method of construction as is herein proposed; and

WHEREAS, the Jamaica Water Supply Company has filed an agreement not to apply for approval of additional tank in New York City, as provided in this resolution.

Resolved, that the decision of the Borough Superintendent, acting on N.B. Applic. 4070/53, Objections 2 and 3, be and it hereby is *modified* and that the appeal be and it hereby is *granted*, to permit the construction and use of a water storage tank, as proposed and as indicated on plans filed with this appeal, marked "Received January 14, 1954" (13 sheets), *on condition* that the construction shall be subject to examination by the engineers of the Department of Housing and Buildings to see that the construction as herein proposed and approved is carried out; and that this variance is *granted on condition* that no further requests will be made for an additional tank in other parts of the city until this tank has been completed, filled with water and inspected by this Board.

4-54-A

APPLICANT—M. Martin Elkind, for William T. Wicks, owner.

SUBJECT—Application January 6, 1954—Appeal from a decision of the borough superintendent.

PREMISES AFFECTED—143-26 Quince avenue, south side, 215.69 ft. east of Bowne street (Block 5234, Lot 12), Flushing, Borough of Queens.

APPEARANCES—

For Applicant: M. Martin, Elkind and Robert E. Costello.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings, and Joseph A. Sweeney, Dep't of Hospitals.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinfert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated December 27, 1953 as to Alt. Applic. 727/53, reads:

"1. Nursing Home as proposed does not conform to the height requirements as set forth in Sect. 4.2.3 B.C.

2. There are no enclosures for required stairway provided as per Sect. 6.4.1.8.1 B.C."

and

WHEREAS, the applicant states the building is two stories, 22 ft. in height, 72 ft. by 48 ft. 6 in. in area at 1st floor, 72 ft. by 55 ft. in area at 2nd floor, of class 3 construction, erected 1920, located on a lot 80 ft. front by 100 ft. in depth, in a residence use, F area, class 1 height district and used and occupied since 1920, as follows: cellar—storage and boiler room; 1st floor—dwelling; 2nd floor—dwelling; and proposed to be used and occupied as follows: cellar—storage and boiler room, no persons; 1st floor—nursing home, 9

persons; 2nd floor—nursing home, 15 persons; that the building is provided with one 3 ft. 10 in. wide interior wood stairs enclosed in partitions of studs, gypsum lath and plaster both sides, equipped with wood, self-closing doors; that stair hall leads direct to street but not to roof; that there are two exterior stairs at the rear extending to yard by stairs with egress to street through side yard; and

WHEREAS, the applicant states that on the 1st floor it is proposed to remove the present winding service stair to 2nd floor at the rear of the building; to enclose the main interior stairs with partitions of wood studs covered both sides with rock lath and plaster; that to install a door to the exterior from the large room containing nine beds and to block up the window adjoining the proposed new rear exterior stairs; that on the 2nd floor it is proposed to construct a new corridor in the west section of the building, leading from the present hallway to the exterior wall; that a new door will be installed leading from said corridor to a new exterior fire stairs; that it is proposed to construct two new exterior iron stairs from 2nd floor to grade, to break through a new doorway in room No. 1 to provide access to the new iron stairs and to change all doors between corridors and rooms to flush type hardwood veneer; that it is proposed to fire retard all partitions enclosing the stairs and corridors by removing any present wood lath and plaster on both sides and replacing same with rock lath and plaster on both sides, except where existing partitions enclosing bath rooms occur, in order to maintain the present tile which now extends to a height of 4 ft. 6 in. above the bathroom floor; that these partitions will be covered with new rock lath and plaster on the hall side only and will be filled in solidly with mineral wool blown in under pressure in lieu of disturbing the plaster finish on the inside of the bathroom in question; that all doorways between corridor and adjoining rooms will be replaced with flush hardwood veneer doors having a one hour rating; and

WHEREAS, the applicant contends that the limitations in the code for a non-fireproof building in public use is 5000 sq. ft. and 20 ft. in height; that the building in question has a 1st floor area of about 2000 sq. ft., exclusive of garages, and the height from legal grade to ceiling of the 2nd floor is 22 ft. or slightly in excess of the building code requirements; and

WHEREAS, the applicant contends that in view of the relatively small floor area and the proposed provisions for additional exits on the 2nd floor and the fire retarding, and the slight excess in height, it is submitted that strict compliance with the letter of the law would cause unnecessary hardship, and in view of the proposed exterior stairs and the fact that the interior stairs is of iron construction, 3 ft. 8 in. wide and would lead directly to the exterior, that the request for modification merits consideration by the Board and that it will be of benefit to the city to have an additional facility of this type, of which there is now a shortage; and

WHEREAS, the general arrangement has been approved by the Department of Hospitals.

Resolved, that the decision of the Borough Superintendent, acting on Alt. Applic. 727/53, Objections 1 and 2, be and it hereby is *modified* and that the appeal be and it hereby is *granted*, to permit the premises to be occupied for a nursing home, as proposed and as indicated on plans filed with this appeal, marked "Received January 6, 1954" (5 sheets) and "March 1, 1954" (3 sheets) *on condition* that the building shall not be extended in height or area; that the attic space shall be left vacant; that a suitable trap door shall be constructed with access to the attic by a steel ladder leading thereto; that the building throughout shall have an approved sprinkler system of at least one-source; that the building shall be maintained to the satisfaction of the Department of Hospitals and in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; that the exits as shown on such plans showing proposed conditions, including the exterior steel stairs as indicated on above stated plans with solid cast iron or steel treads, unslotted, shall be maintained.

For Applicant: Lee Schoen and Frank Steixner.

For Administration: Eugene McCaffery, James H. Webb and Edward Coughlan, Fire Dep't.

ACTION OF BOARD—Laid over to April 20, 1954, at 2 P.M. for further consideration and decision.

690-53-A

APPLICANT—Julius Chomsky, for Certified Properties, Inc., owner.

SUBJECT—Application September 29, 1953—Appeal from a decision of the borough superintendent.

PREMISES AFFECTED—202 East 12th street, south side, 84 ft. east of 3rd avenue (Block 467, Lot 10), Borough of Manhattan.

APPEARANCES—

For Applicant: Joseph Lau, Daniel J. Levowitz and Julius Chomsky.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Laid over to April 20, 1954, at 2 P.M. for decision after applicant has corrected plans.

844-53-A

APPLICANT—American Can Co., owner.

SUBJECT—Application November 18, 1953—Appeal from decision of the borough superintendent.

PREMISES AFFECTED—102-184 43rd street, block bounded by 43rd, 44th streets, 1st and 2nd avenues (2nd floor); (Block 726, Lot 1), Borough of Brooklyn.

APPEARANCES—

For Applicant: Maynard A. Nichols and Joshua M. Didriksen.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Laid over to March 30, 1954, at 2 P.M. for inspection and decision without further argument.

849-28-BZ—Vol. II

APPLICANT—Max Horn, for Fannie Nosovitsky, owner (Continental Cabinet Corp., lessee).

SUBJECT—Application for consideration—reopening and extension of time to complete—re Application (decision of the borough superintendent) previously granted on condition, under section 7c of the zoning resolution, permitting in a business use district, the change in occupancy from public garage for more than five motor vehicles and gasoline service station, to wood cabinet factory with spraying and gasoline service station.

PREMISES AFFECTED—993-1001 Rockaway avenue and 1431 Linden boulevard, northeast corner (Block 3636, Lot 11), Borough of Brooklyn.

APPEARANCES—

For Applicant: M. Horn.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application reopened and time to complete extended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, this application was amended by the Board as Vol. II, on June 9, 1953, on certain conditions; and

WHEREAS, the applicant requested an extension of time to obtain permits and complete the work.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on May 26, 1936 as thereafter by resolutions through June 9, 1953, only so far as it has reference to the time within which to obtain permits and complete the work, so that as *amended* this portion of the resolution shall read:

"* * * that in view of statement by applicant that the work has been substantially completed and additional time is required for completion of work and for securing a certificate of occupancy, that all permits shall be obtained and all work completed and a new certificate of occupancy obtained within six (6) months from the date of this *amended* resolution." (Alt. Applic. 446/52)

1149-38-BZ—Vol. II

APPLICANT—Lama, Proskauer and Prober, for Harry Leibman, owner (Rutland Auto Service, lessee).

SUBJECT—Application for consideration—reopening and extension of the time to complete—re Application (decision of the borough superintendent), previously granted on condition, under section 7i of the zoning resolution, permitting in a business use district, the change in occupancy from garage for more than five motor vehicles and gasoline service station, to garage for more than five motor vehicles, motor vehicle repairs and servicing for cars of recognized agency (Chrysler), body and fender work, wheel alignment, lubrication, painting and spraying, welding and gasoline service station.

PREMISES AFFECTED—50-62 East 98th street, west side, 90 ft. north of Rutland road (Block 4600, Lot 30), Borough of Brooklyn.

APPEARANCES—

For Applicant: Ernest Cordova.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

THE RESOLUTION—

WHEREAS, this application was granted by the Board on April 15, 1941, on certain conditions; and

WHEREAS, the term of variance was extended from time to time and last extended on March 18, 1952; and

WHEREAS, time to obtain permits and complete the work was extended on March 18, 1952; and

WHEREAS, the applicant requested a further extension of the term of variance.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on April 15, 1941, as *amended* through March 18, 1952, only so far as it has reference to the term of the variance, so that as *amended* this portion of the resolution shall read:

"* * * granted under Section 7, Subdivision h, for a term of five (5) years, from the date of this *amended* resolution, to permit * * * that other than as herein *amended* the resolutions as cited above shall be complied with in all respects; that all permits shall be obtained including a new certificate of occupancy and all work completed within six (6) months from the date of this *amended* resolution." (B.N. 1210-40)

493-41-BZ

APPLICANT—Esso Standard Oil Co., owner.

SUBJECT—Application for consideration—reopening and extension of time to complete—re Application (decision of the borough superintendent) previously granted on condition, under section 7c of the zoning resolution, permitting in a business use district, the erection and maintenance of an accessory building on an existing gasoline service station.

PREMISES AFFECTED—2322-2326 1st avenue and 401 East 119th street, northeast corner (Block 1807, Lot 1), Borough of Manhattan.

APPEARANCES—

For Applicant: Joseph B. Lynch.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application reopened and time to complete work extended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Klei-
ert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, this application was granted by the Board on September 30, 1941, on certain conditions; and

WHEREAS, time to obtain permits and complete the work was extended from time to time and last extended on February 17, 1953; and

WHEREAS, the applicant requested a further extension of time to obtain permits and complete the work.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on September 30, 1941, as thereafter *amended* by resolutions adopted through February 17, 1953, only so far as it has reference to the time within which to obtain permits and complete the work, so that as *amended* this portion of the resolution shall read:

"* * * that in view of statement by applicant that working drawings have been approved, and the application before the Department of Housing and Buildings is active, that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution from the date of this *amended* resolution" (N. B. Applic. 208/40).

63-44-BZ

APPLICANT—James E. Casale, for Bavasi Realty Corp. (Commercial Corrugated Container Corp., lessee).

SUBJECT—Application for consideration—reopening and extension of term of variance—re Application (decision of the borough superintendent) previously granted on condition, under section 7e of the zoning resolution, permitting in a residence use district, the conversion of occupancy, for a term of years, of an existing public garage, to a factory for the manufacture of corrugated paper, packing boxes and containers and, also for storage purposes.

PREMISES AFFECTED—236-246 West 17th street, south side, 256 ft. 9 in. east of 8th avenue (Block 766, Lot 65), Borough of Manhattan.

APPEARANCES—

For Applicant: James E. Casale and G. F. Gunther.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application reopened and term of variance extended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Klei-
ert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, this application was granted by the Board on February 29, 1944, on certain conditions; and

WHEREAS, the term of variance was extended on March 12, 1946; and

WHEREAS, the applicant requested a further extension of the term of variance; and

WHEREAS, the applicant states that the work as heretofore permitted has been substantially completed but that no certificate of occupancy has yet been obtained.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on February 29, 1944, only so far as it has reference to the term of the variance, so that as *amended* this portion of the resolution shall read:

"* * * granted under Section 7, Subdivision e, for a term of five (5) years, from the date of this *amended* resolution, to permit * * * that other than as herein *amended* the resolution cited above shall be complied with in all respects;

and to extend the time to complete, so that as *amended* this portion of the resolution shall read:

"* * * that in view of statement by applicant that the work has been substantially completed, that all permits shall be obtained and all work completed and a certificate of occupancy obtained within six (6) months from the date of this *amended* resolution" (Alt. Applic. 1057/43).

470-45-BZ—Vol. II

APPLICANT—Lama, Proskauer and Prober, for 137-20 Cross Bay Boulevard, Inc., owner (Nat Paterson Motors, Inc., lessee).

SUBJECT—Application for consideration—reopening and extension of time to complete—re Application (decision of the borough superintendent) previously granted on condition, under sections 7c and 7i of the zoning resolution, permitting in a residence and business use district the change in occupancy from auto showroom and sales, and minor motor vehicle repairs (previously granted by the Board), to repair and servicing of new and used cars, body and fender work, brake testing, wheel alignment, lubrication, welding room, painting and spraying, storage and sale of accessories and parts; and permitting the parking of motor vehicles waiting to be serviced and the outdoor sale and display of new and used cars, all in conjunction for a recognized car agency.

PREMISES AFFECTED—137-20 Cross Bay boulevard and 137-02 to 137-22 Pitkin avenue, southwest corner and 137-05 to 138-01 Redding street (Block 11409, Lot 10), Ozone Park, Borough of Queens.

ACTION OF BOARD—Application reopened and resolution amended.

THE VOTE TO REOPEN AND AMEND RESOLUTION—

Affirmative: Chairman Murdock, Commissioners Klei-
ert and Keating and Deputy Chief Guinee 4

Negative 0

THE RESOLUTION (66-48-BZ)

WHEREAS, this application under sections 7c, 7e and 7h of the zoning resolution, to permit in a residence use district, the change in occupancy from automobile service station to motor vehicle repair shop, and to permit the parking and storage of more than five (5) motor vehicles (no fee to be charged) on the unbuilt on portion of plot for patrons' and employees' cars, affecting premises 1814-1828 54th street, south side, 100 ft. east of 18th avenue (Block 5487, Lots 11 and 13), Borough of Brooklyn, was granted by the Board, April 27, 1948, on certain conditions; and

WHEREAS, the resolution was amended under section 7i and time to complete was extended December 7, 1948; and

WHEREAS, the applicant requested a further amendment of the resolution.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on April 27, 1948, as *amended* by resolution adopted on December 7, 1948, only so far as it has reference to repairing permitted under section 7i, so that as *amended* this portion of the resolution shall read:

"that motor vehicle repairing may be permitted under section 7i, mainly by hand tools as proposed, excluding all heavy work and permitting no anvil or forge but permitting power driven hand tools, a bench grinder and drill, provided no such motor driven equipment shall have a horse power greater than $\frac{1}{3}$ h.p. and except that the bench grinder and drill shall not exceed $\frac{1}{2}$ h.p. and to permit the use of an acetylene torch for occasional welding use *on open lot* (Alt. 4759-47)."

* Correction—The words "*on open lot*" inserted in the last line of resolution, as indicated in italics.

* CORRECTION

The minutes of the meeting of the Board of Standards and Appeals held on July, 1953, as they appeared in Bulletin No. 31, Vol. 38, are hereby corrected to read as follows:

1018-48-BZ

APPLICANT—Emil Koeppel and Son, for F. I. B. Realty Corp., owner (Fred Amsterdam, lessee).

SUBJECT—Application for consideration—reopening and amendment of resolution—re Application (decision of the Borough Superintendent) previously granted on condition, under section 7e of the zoning resolution, permitting in a residence use district, the erection and maintenance of an archery course and parking of patrons' cars.

PREMISES AFFECTED—2802 Brighton 3rd street, southwest corner of Banner avenue (Block 7260, Lots 48 and 59), Borough of Brooklyn.

APPEARANCES—

For Applicant: Bruno Koeppel.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application reopened and resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Klein-
ert and Keating and Deputy Chief Guinee 4

Negative 0

THE RESOLUTION—

WHEREAS, this application was dismissed by the Board on November 22, 1949; and

WHEREAS, this application was granted by the Board on September 30, 1952, on certain conditions; and

WHEREAS, the applicant requested an amendment of the resolution.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on September 30, 1952, in so far as it has reference to the requirements for fencing around the portion of the premises to be used for archery range, so that as *amended* this portion of the resolution shall read:

"that the portion to the west may be used for archery practice, as proposed, provided there shall be a substantial tight *wooden* fence 10 ft. in height constructed along the line indicated, to the south opposite the target counter; that along the side lot line to the west and along the line separating the archery course from the parking area to the east there may be a fence constructed of wood posts and wood bracing and with quarter inch steel mesh 10 ft. high; that along the building line of Banner avenue there shall be a woven wire fence of the chain link type erected on a masonry base not less than 5 ft. 6 in. in height with no openings therein except one 4 ft. in width for entrance." (Alt. 1311/52)

* Correction—The word "*woven*" changed to "*wooden*" in line 15 of the resolution, as indicated in italics.

SERVED ON THE BOARD OF
STANDARDS AND APPEALS

On March 10, 1954, Copy of Petition and Order to Show Cause was served on this Board by Brickfield & Brickfield, attorneys for objecting owner—Anna Boscovich, seeking a review of the Board's determination on February 9, 1954, granting a variance, under Section 9A of the Zoning Resolution, permitting in a residence use, D area and a Class 1-time height district, the erection and maintenance of a Class A multiple dwelling and garage for more than five cars in excess of height permitted within two miles of an Airport; Cal. No. 489-53-BZ; premises 2717-2727 East 28th street, 2729-2741 East 28th Street, east side, 127.81 and 101.91 ft. no. of Shore Parkway, and 3655-3677 Shore Parkway, north side, 95 ft. east of East 28th Street, Borough of Brooklyn.

* * * *

On March 11, 1954, Copy of Petition and Order of Certiorari was served on the Board by Timen & Waters, attorneys for petitioners and owners, David Meltzer and Alvin Greenstein, seeking a review of the Board's denial of their application on February 9, 1954, under Sections 7, subdivisions e, and 21 of the Zoning Resolution, to permit in a residence use district, the change of occupancy from factory for venetian blinds (previously granted by the Board) to factory for manufacture of picture frames and novelties, for ten years; Cal. No. 144-19-BZ, Vol. III, premises 23-69 to 23-71—38th Street (9th Avenue) east side, 162 ft. north of Triboro Bridge Plaza (Astoria Blvd. No.), Long Island City, Borough of Queens.

* * * *

On March 16, 1954, Copy of Petition and Order of Certiorari was served on the Board by Salon, Romanelli & Goldberg, attorneys for petitioners, objecting owners—Marie Barcia, Mauro M. Briscese, etc., seeking a review of the Board's determination on February 9, 1954, granting a variance under Section 7, subdivision f, of the Zoning Resolution, permitting in a business use district, the erection and maintenance of a gasoline service station, lubritorium, car wash, motor vehicle repairs, salesroom and office, and to permit the parking and storage of motor vehicles for a term of fifteen years; Cal. No. 695-53-BZ, premises 1767-1777 Cropsey Avenue and 8820-8830—18th Avenue, northwest corner, Borough of Brooklyn.

NOTICE TO APPELLANTS AND APPLICANTS

No appeal or application will be entertained in connection with which court proceedings are pending or in progress, unless exception is granted by the chairman, nor accepted which is not filed within thirty days from the date of the action of the Administrative Official.

Any communication purporting to be an appeal or application shall be regarded as a mere notice of intention to seek relief until it is filed on the form required by the rules of this board.

Upon receipt of any such communication the writer will be supplied with the official forms for presenting his appeal or application.

At the time of filing an appeal or application, the appellant or applicant shall forward a signed notice of appeal addressed to the administrative official either borough superintendent of buildings or fire commissioner and file with this board a duplicate of said notice.

Appellant and applicants are advised that their plans must indicate the points of the compass so as to establish the true location and position of the property, the subject of the appeal or application.

Appeals and applications will be simplified and disposition of same expedited by conforming to these directions.

HARRIS H. MURDOCK, *Chairman*

NOTICE IS HEREBY GIVEN of a public hearing Tuesday morning, March 30, 1954, at 10 o'clock in Room 1013, Municipal Building, Manhattan, on the following matters:

811-53-BZ

APPLICANT—Wechsler and Schimmenti, for Mary Wyckoff and Adelia Chuckrow, owners.

SUBJECT—Application November 9, 1953—(decision of the borough superintendent) under sections 21 and 7A of the zoning resolution, to permit in the business use portion of a lot located in a residence and business use, C area district, the erection and maintenance of a store using more than the area permitted with a loading area in residence use portion, and with an entrance driveway leading to loading area through basement, which is located in the residence use portion also.

PREMISES AFFECTED—632-634 86th street, south side, 171 ft. east of Dahlgreen place (Block 6055, Lot 21), Borough of Brooklyn.

Laid over from February 24, 1954, to March 30, 1954, for inspection; additional affected property owners to be notified in meantime.

608-52-BZ—Vol. II

APPLICANT—Lama, Proskauer and Prober, for L. R. Realty Co., Inc., owner.

SUBJECT—Application, August 26, 1953, reopened October 27, 1953 as Vol. II—(decision of the borough superintendent) under sections 7f, 7i, 7A of the zoning resolution, to permit in a business use district, the erection and maintenance of a gasoline service station, office, show-room, sales and display, lubritorium, car-wash, motor vehicle repairs and to permit the parking and storage of motor vehicles, with a show window nearer the residence use district than is permitted; for a term of 15 years.

PREMISES AFFECTED—87-05 Roosevelt avenue and 37-61 to 37-69 87th street, northeast corner (Block 1475, Lot 42), Jackson Heights, Borough of Queens.

Laid over from February 9, 1954 to March 16, 1954, for inspection and decision without further argument; hearing closed; then to March 30, 1954, for applicant to file statement as to car agency involved.

616-53-BZ

APPLICANT—Andrew Di Camillo, for Joseph Coscia, owner (Nicholas Pelliciaro, lessee).

SUBJECT—Application August 11, 1953—(decision of the borough superintendent) under section 7i of the zoning resolution, to permit in a business use district, the change in occupancy from auto laundry, battery testing and simonizing of cars to auto laundry, motor vehicle repairs and paint shop.

PREMISES AFFECTED—8822 4th avenue, west side, 23 ft. 7½ in. north of 89th street and 377 89th street (Block 6062, Lot 41), Borough of Brooklyn.

Laid over from February 9, 1954, to March 16, 1954, for inspection and decision; hearing closed; then March 30, 1954, for inspection and decision, after applicant has filed revised plans showing existing and proposed conditions.

623-53-BZ

APPLICANT—Max Horn, for James J. Wolfson and Sydney M. Siegel, owners.

SUBJECT—Application August 17, 1953—(decision of the borough superintendent) under section 7e of the zoning resolution, to permit in a residence use district, the erection and maintenance of a gasoline service station, lubritorium, auto laundry (non automatic), and motor vehicle repairs.

PREMISES AFFECTED—60-15 Beach Channel drive and 60-16 Arverne boulevard, southeast corner (Block 385, Lot 41), Arverne, Borough of Queens.

Laid over from February 9, 1954, to March 16, 1954, for inspection and decision without further argument; applicant to submit information from Borough President as to status of Arverne Boulevard; then to March 30, 1954, for inspection and decision; hearing previously closed.

447-41-BZ—Vol. II

APPLICANT—Samuel Rosenblum, for Samuel Thaw, owner.

SUBJECT—Application, December 2, 1953, reopened December 15, 1953 as Vol. II—re (decision of the borough superintendent) under sections 7c, and 7i of the zoning resolution, to permit in a business use district, the rearrangement of dispensing pumps, grease lifts, auto washing, and curb cuts, and to permit the addition of a welding room to motor vehicle repair shop.

PREMISES AFFECTED—2548 White Plains avenue, east side, 210.59 ft. south of Allerton avenue (Block 4433, Lots 23 and 25), Borough of The Bronx.

Laid over from February 24, 1954, to March 23, 1954, for inspection and decision; hearing closed; then to March 30, 1954, for further consideration after applicant files revised plans.

737-53-BZ

APPLICANT—Ingram S. Carner, for Aquilino Brothers, Inc., owner.

SUBJECT—Application October 14, 1953—(decision of the borough superintendent) under sections 7c and 21 of the zoning resolution, to permit in a residence use district, the change in occupancy from non-storage garage for more than five motor vehicles and motor vehicle repair shop with storage of building materials in open area, to manufacturing use and storage of incombustible material in open area.

PREMISES AFFECTED—134-37 Dahlia avenue, north side, 100.63 ft. west of Main street (Block 5125, Lot 41), Flushing, Borough of Queens.

Laid over from February 24, 1954, to March 23, 1954, for inspection and decision; hearing closed; then to March 30, 1954, for further consideration after applicant files revised plans.

816-53-BZ

APPLICANT—Paul Friedman, for Horace G. Fry, Frederick Doughty Wood and Maxwell R. Ginsberg, owners.

SUBJECT—Application November 16, 1953—(decision of the borough superintendent) under sections 7i, 7f, 7h, and 21 of the zoning resolution, to permit in the local retail use, D area district portion of a plot located in a residence and local retail use, D and E 1 area district, the erection and maintenance of a structure to be used as an automobile showroom for authorized automobile dealer, office and storage of auto parts and accessories, including storage garage with gasoline tank and pump for dealer's use (no gasoline to be sold), motor vehicle repair shop and paint

CALENDAR

spray booth, using more than the area permitted; and to permit signs extending above top of roof beams and also on the side walls of pylon in the local retail use portion of plot and to permit the parking of patrons and employees motor vehicles on unbuilt upon portion of plot (no fee to be charged).

APPLICANT—Norman Lederer, Leonard Joseph and Victor Civkin, for Congregation Chab Zedek, owner.

SUBJECT—Application September 3, 1953—(decision of the borough superintendent) under section 21 of the zoning resolution, to permit in a residence use, E 1 area district, the erection and maintenance of a synagogue and community center, using more than the area permitted.

PREMISES AFFECTED—134-03 Rockaway Beach boulevard, south side, from Beach 134th to Beach 135th streets, 195 Beach 134th street and 196 Beach 135th street (Block 774, Lot 1), Belle Harbor, Borough of Queens.

Laid over from March 2, 1954, to March 23, 1954, for inspection and decision; then to April 27, 1954, to obtain information as to the action of the Board of Estimate on its calendar of March 25th, Cal. No. 199, on the proposal of the City Planning Commission to change the zoning to G-1; and also to ascertain from the Department of Housing and Buildings as to what has happened and the reasons therefor for filing revised plans and particularly the issuance of a permit for excavation which the Board is advised is now being carried on.

HARRIS H. MURDOCK, *Chairman.*

MAY 4, 1954, 10 A. M.

NOTICE IS HEREBY GIVEN of a public hearing *Tuesday morning, May 4, 1954, at 2 o'clock in Room 1013, Municipal Building, Manhattan, on the following matters:*

456-37-BZ—Vol. II

APPLICANT—Fred C. Dahlem, for Samuel Gise, Morris Guise, David Guise and Samuel Loeb, owners.

SUBJECT—Application, December 15, 1953, reopened January 5, 1954 as Vol. II—re (decision of the borough superintendent) under sections 7f, 7i, and 7h of the zoning resolution, to permit in a business use district, the demolition of all structures on site including parking lot, metal garages, motor vehicle repair shop, four story dwelling, one story frame dwelling, one story metal building and two gasoline service stations, and to permit the erection and maintenance of a new gasoline service station, lubricatorium, car wash, motor vehicle repairs, storage and sale of accessories and office, and to permit the parking and storage of motor vehicles on unbuilt upon portion of plot.

PREMISES AFFECTED—4860-4866 Broadway, east side, 125 ft. south of West 204th street (Block 2234, Lots 7, 9, 10 and 14), Borough of Manhattan.

Laid over from March 23, 1954 to May 4, 1954, for inspection and decision; hearing closed; applicant to file statement

CALENDAR

as to continuous ownership, whenever it was changed on the two lots.

202-52-BZ—Vol. II

APPLICANT—Lama, Proskauer and Prober, for Robert Sutherland, owner.

SUBJECT—Application, January 5, 1954, reopened January 19, 1954 as Vol. II—re (decision of the borough superintendent) under sections 7c, 7A and 7h of the zoning resolution, to permit in a residence and business use district the erection and maintenance of a kiddie park (amusement rides), and arcade building with show windows nearer the residence use distance than is permitted and to permit the parking of patron's cars (no fee to be charged).

PREMISES AFFECTED—3201-3213 Emmons avenue and 2844-2856 Brigham street, northwest corner (Block 7509, Lots 125 and 129), Borough of Brooklyn.

Laid over from March 23, 1954, to May 4, 1954, for inspection and decision; hearing closed.

728-53-BZ

APPLICANT—Melvin E. Kessler, for Sequoia Realty Corp., owner.

SUBJECT—Application, October 8, 1953—(decision of the borough superintendent) under sections 7f, 7i and 7h of the

zoning resolution, to permit in a business use district, the erection and maintenance of a gasoline and oil selling station, lubritorium, car wash, motor vehicle repairs and office; and to permit the parking and storage of more than five motor vehicles.

PREMISES AFFECTED—1800 East Gunhill road, southeast corner of Delanoy avenue (Block 4499, Lot 22), Borough of The Bronx.

Laid over from March 23, 1954, to May 4, 1954, for inspection and decision; hearing closed.

762-53-BZ

APPLICANT—Lama, Proskauer and Prober, for Michael Zeppetella, owner.

SUBJECT—Application October 21, 1953—(decision of the borough superintendent under section 7h of the zoning resolution, to permit in a residence use district the parking and storage of motor vehicles on unbuilt upon portion of plot.

PREMISES AFFECTED—1730-1736 66th street, south side, 240 ft. east of 7th avenue (Block 5560, Lots 25 and 27), Borough of Brooklyn.

Laid over from March 23, 1954, to May 4, 1954, for inspection and decision; hearing closed.

HARRIS H. MURDOCK, *Chairman.*

MINUTES

BOARD OF STANDARDS AND APPEALS

REGULAR MEETING

TUESDAY MORNING, MARCH 23, 1954, 10 A. M.

Present: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors.

The minutes of the regular meetings of the Board held on Tuesday morning and afternoon, March 9, 1954, were approved as printed in the Bulletin of March 16, 1954, Vol. 39, No. 11.

456-37-BZ—Vol. II

APPLICANT—Fred C. Dahlem, for Samuel Gise, Morris Guise, David Guise and Samuel Loeb, owners.

SUBJECT—Application reopened January 5, 1954 as Vol. II—re (decision of the borough superintendent) under sections 7f, 7i and 7h of the zoning resolution, to permit in a business use district, the demolition of all structures on site including parking lot, metal garages, motor vehicle repair shop, four story dwelling, one story frame dwelling, one story metal building and two gasoline service stations, and to permit the erection and maintenance of a new gasoline service station, lubritorium, car wash, motor vehicle repairs, storage and sale of accessories and office and to permit the parking and storage of motor vehicles on unbuilt upon portion of plot.

PREMISES AFFECTED—4860-4866 Broadway, east side, 125 ft. south of West 204th street (Block 2234, Lots 7, 9, 10 and 14), Borough of Manhattan.

APPEARANCES—

For Applicant: Fred C. Dahlem, J. Guise and Samuel Loeb.

For Opposition: S. Peter La Rosa, Sidney Schutz, Benjamin E. Kantrovitz, Louis Gischner and Jane Smith.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings and John J. Saunders, B'd of Education.

ACTION OF BOARD—Laid over to May 4, 1954, at 10 A. M. for inspection and decision; hearing closed; applicant to file statement as to continuous ownership.

447-41-BZ—Vol. II

APPLICANT—Samuel Rosenblum, for Samuel Thaw, owner.

SUBJECT—Application reopened December 15, 1953 as Vol. II—re (decision of the borough superintendent) under sections 7c and 7i of the zoning resolution, to permit in a business use district, the rearrangement of dispensing pumps, grease lifts, auto washing, and curb cuts, and to permit the addition of a welding room to motor vehicle repair shop.

PREMISES AFFECTED—2548 White Plains avenue, east side, 210.59 ft. south of Allerton avenue (Block 4433, Lots 23 and 25), Borough of the Bronx.

APPEARANCES—

For Applicant: Samuel Rosenblum.

For Opposition: John Vaccarello, Mrs. Cioffi, Louis Corio, Antonina Biuso and Joseph Trapani.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Laid over to March 30, 1954, at 10 A. M. for further consideration after applicant files revised plans.

861-48-BZ—Vol. II

APPLICANT—H. M. Cole, for Oncrest Realities Inc., owner.

SUBJECT—Application reopened November 10, 1953 as Vol. II—(decision of the borough superintendent) under sections 7e and 21 of the zoning resolution, to permit in a residence use, B area district, the erection and maintenance of a garage for the parking of patrons motor vehicles, using more than the area permitted, and to permit the parking of motor vehicles on roof of proposed garage.

PREMISES AFFECTED—2519-2525 Creston avenue, southwest corner of East 191st street (Block 3175, Lot 26), Borough of The Bronx.

APPEARANCES—

For Applicant: H. M. Cole.

MINUTES

For Opposition: A. David Robbins, M. Abbott, Leo Kaplan, Charles A. Buckley, Jr., Rose Greenberg and Edw. Hoffman, Park Dept.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Laid over to April 6, 1954, at 10 A. M. at request of objectant's representative; no further request for adjournment.

48-54-A

APPLICANT—H. M. Cole, for Oncrest Realities, Inc., owner.

SUBJECT—Application January 6, 1954—Appeal from a decision of the borough superintendent.

PREMISES AFFECTED—2519-2525 Creston avenue, southwest corner of East 191st street (Block 3175, Lot 26), Borough of The Bronx.

APPEARANCES—

For Applicant: H. M. Cole.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Laid over to April 6, 1954, 10 A. M. in conjunction with Cal. 861-48-BZ, Vol. II.

202-52-BZ—Vol. II

APPLICANT—Lama, Proskauer and Prober, for Robert Sutherland, owner.

SUBJECT—Application reopened January 19, 1954 as Vol. II—rc (decision of the borough superintendent) under sections 7c, 7A and 7h of the zoning resolution, to permit in a residence and business use district, the erection and maintenance of a kiddie park (amusement rides) and arcade building with show windows nearer the residence use distance than is permitted, and to permit the parking of patron's cars (no fee to be charged).

PREMISES AFFECTED—3201-3213 Emmons avenue and 2844-2856 Brigham street, northwest corner (Block 7509, Lots 125 and 129), Borough of Brooklyn.

APPEARANCES—

For Applicant: Alfred A. Lama and Robert Sutherland.

For Opposition: Edw. Hoffman, Park Dept.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Laid over to May 4, 1954, at 10 A.M. for inspection and decision; hearing closed.

642-53-BZ

APPLICANT—Norman Lederer, Leonard Joseph and Victor Civkin, for Congregation Chab Zedek, owner.

SUBJECT—Application September 3, 1953—(decision of the borough superintendent) under section 21 of the zoning resolution, to permit in a residence use, E-1 area district, the erection and maintenance of a synagogue and community center, using more than the area permitted.

PREMISES AFFECTED—134-03 Rockaway Beach boulevard, south side, from Beach 134th to Beach 135th streets, 195 Beach 134th street and 196 Beach 135th street (Block 774, Lot 1), Belle Harbor, Borough of Queens.

APPEARANCES—

For Applicant: None.

For Opposition: Charles F. Fier, Mr. Finke, George F. Knapp, B. Hamdel and others.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Laid over to April 27, 1954, at 10 A.M. to obtain information as to the action of the Board of Estimate on its calendar of March 25th, Cal. No. 199, on the proposal of the City Planning Commission to change the zoning to G-1; and also to ascertain from the Department of Housing and Buildings as to what has happened and the reasons therefor for filing revised plans and par-

ticularly the issuance of a permit for excavation which the Board is advised is now being carried on.

728-53-BZ

APPLICANT—Melvin E. Kessler, for Sequoia Realty Corp., owner.

SUBJECT—Application October 8, 1953—(decision of the borough superintendent) under sections 7f, 7i and 7h of the zoning resolution, to permit in a business use district, the erection and maintenance of a gasoline and oil selling station, lubritorium, car wash, motor vehicle repairs and office; and to permit the parking and storage of more than five motor vehicles.

PREMISES AFFECTED—1800 East Gunhill road, southeast corner of Delanoy avenue (Block 4499, Lot 22), Borough of The Bronx.

APPEARANCES—

For Applicant: Melvin E. Kessler and Hugh Quinn.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Laid over to May 4, 1954, at 10 A.M. for inspection and decision; hearing closed.

737-53-BZ

APPLICANT—Ingram S. Carner, for Aquilino Brothers, Inc., owner.

SUBJECT—Application October 14, 1953—(decision of the borough superintendent) under sections 7c and 21 of the zoning resolution, to permit in a residence use district, the change in occupancy from storage garage for more than five motor vehicles and motor vehicle repair shop with storage of building materials in open area, to manufacturing use and storage of incombustible material in open area.

PREMISES AFFECTED—134-37 Dahlia avenue, north side, 100.63 ft. west of Main Street (Block 5125, Lot 41), Flushing, Borough of Queens.

APPEARANCES—

For Applicant: Ingram S. Carner and Charles Becden.

For Opposition: J. P. Connolly.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Laid over to March 30, 1954, at 10 A.M. for further consideration after applicant files revised plans.

762-53-BZ

APPLICANT—Lama, Proskauer and Prober, for Michael Zeppetella, owner.

SUBJECT—Application October 21, 1953—(decision of the borough superintendent) under section 7h of the zoning resolution, to permit in a residence use district, the parking and storage of motor vehicles on unbuilt upon portion of plot.

PREMISES AFFECTED—1730-1736 66th street, south side, 240 ft. east of 17th avenue (Block 5560, Lots 25 and 27), Borough of Brooklyn.

APPEARANCES—

For Applicant: Alfred A. Lama and Michael Zeppetella.

For Opposition: Benjamin Epstein, Jennie Yodice, Gertrude Dunn, Mollie Gonshorek, Lucy Scotto, Joseph Calderone, Giovanni Licitra and Biagio La Spisa.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Laid over to May 4, 1954, at 10 A.M. for inspection and decision; hearing closed.

816-53-BZ

APPLICANT—Paul Friedman, for Horace G. Fry, Frederick Doughty Wood and Maxwell R. Ginsberg, owners.

MINUTES

SUBJECT—Application November 16, 1953—(decision of the borough superintendent) under sections 7i, 7f, 7h, and 21 of the zoning resolution, to permit in the local retail use, D area district portion of a plot located in a residence and local retail use, D and E 1 area district, the erection and maintenance of a structure to be used as an automobile showroom for authorized automobile dealer, office and storage of auto parts and accessories, including storage garage with gasoline tank and pump for dealer's use (no gasoline to be sold), motor vehicle repair shop and paint spray booth, using more than the area permitted; and to permit signs extending above top of roof beams and also on the side walls of pylon in the local retail use portion of plot and to permit the parking of patrons and employees motor vehicles on unbuilt upon portion of plot (no fee to be charged).

PREMISES AFFECTED—218-25 Hempstead avenue, north side, 185.25 ft. east of 218th street (Block 10766, Lot 53 (53, 55 and 57)), Queens Village, Borough of Queens.

APPEARANCES—

For Applicant: Paul Friedman.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Laid over to March 30, 1954, at 10 A.M. for further consideration.

817-53-A

APPLICANT—Paul Friedman, for Horace G. Fry, Frederick Doughty Wood and Maxwell R. Ginsberg, owners.

SUBJECT—Application November 16, 1953—Appeal from a decision of the borough superintendent.

PREMISES AFFECTED—218-25 Hempstead avenue, north side, 185.25 ft. east of 218th street (Block 10766, Lot 53 (53, 55 and 57)), Queens Village, Borough of Queens.

APPEARANCES—

For Applicant: Paul Friedman.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Laid over to March 30, 1954, at 10 A.M. in conjunction with Cal. 816-53-BZ.

694-53-BZ

APPLICANT—Lama, Proskauer and Prober, for Thomas and Mary Skeados, owners.

SUBJECT—Application September 28, 1953 (decision of the borough superintendent), under sections 7f, 7i, 7h and 7A of the zoning resolution, to permit in a retail use district, for a term of fifteen years, the erection and maintenance of a gasoline service station, car wash, lubritorium, motor vehicle repairs, sale of accessories and office; and to permit the parking and storage of motor vehicles on unbuilt upon portion of lot, with curb cut nearer to residence use district than is permitted.

PREMISES AFFECTED—253-11 Hillside avenue, 83-52 to 83-60 Little Neck parkway, northeast corner and 83-51 to 83-59 253rd street (Block 8596, Lot 33), Bellerose, Borough of Queens.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application withdrawn, at request of applicant.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, hearing on this application has been duly held and closed and premises have been inspected for decision by the Board on March 23, 1954; and

WHEREAS, the applicant requested withdrawal of the application.

Resolved, that this application be and it hereby is *withdrawn*.

754-53-BZ

APPLICANT—Paul Friedman, for Mary Gianos and Marie Colonna, owners.

SUBJECT—Application October 21, 1953 (decision of the borough superintendent), under section 7e of the zoning resolution, to permit in a residence use district the erection and maintenance of a gasoline service station, lubritorium, auto wash, storage and sale of accessories and office; and to permit the parking of cars waiting to be serviced, for a term of fifteen years.

PREMISES AFFECTED—76-37 to 76-43 164th street and 164-01 to 164-09 77th avenue, northeast corner (Block 6969, Lot 1), Flushing, Borough of Queens.

APPEARANCES—

For Applicant: Paul Friedman.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application withdrawn, at request of applicant.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, the hearing was duly held and closed for inspection of the premises and area, which inspection has been made, and for decision by the Board; and

WHEREAS, the applicant requested withdrawal of the application.

Resolved, that this application be and it hereby is *withdrawn*.

Correction of the minutes of the Meeting of the Board held on Tuesday afternoon, March 2, 1954, as printed in the Bulletin of March 9, 1954, Vol. 39, No. 10.

1446-39-BZ—Vol. III

APPLICANT—A. H. Salkowitz, for North Shore Building Co., owner.

SUBJECT—Application for consideration—reopening as Vol. III under new plan including a showroom—re Application (decision of the borough superintendent) under section 7f of the zoning resolution, to permit in a local retail and residence use district, the erection and maintenance of a gasoline service and selling station, minor motor vehicle repairs, parking for cars waiting to be serviced, lubritorium and construction of proposed curb cut less than 75 ft. from a residence district; the erection of a sign and sign standard above the level of the 1st story and projecting 4 ft. beyond the building line, previously denied on two occasions for a gasoline station.

PREMISES AFFECTED—34-67 Francis Lewis boulevard, northeast corner of 35th avenue (Block 6077, Lot 43), Whitestone, Borough of Queens.

APPEARANCES—

For Applicant: A. H. Salkowitz.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application reopened as Vol. III, subject to regular procedure.

THE VOTE TO REOPEN—

Negative: Chairman Murdock, Commissioner Kleinert and Deputy Chief Connors 3

MINUTES

THE VOTE TO RECONSIDER—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4
Negative 0

THE VOTE TO REOPEN—

Affirmative: Commissioners Kleinert and Keating and Deputy Chief Connors 3
Negative: Chairman Murdock 1

604-26-BZ—Vol. II

APPLICANT—Frederick A. Ketcher, for Edlar Realty Corporation, owner (Kesbec, Inc., lessee).

SUBJECT—Application December 4, 1952 (decision of the borough superintendent), under sections 7c, 7i and 7h of the zoning resolution, to permit in a business use district the reconstruction and erection of existing gasoline service station (previously granted by the Board), to include office and salesroom, storage room, lubritorium, car wash, motor vehicle repairs, sale of more than five used cars, and to permit the parking and storage of more than five motor vehicles, with a commercial sign nearer to arterial highway than is permitted.

PREMISES AFFECTED—641 Gun Hill road, north side, from Olinville avenue to Willett avenue; 3500 Olinville avenue and 3501 Willett avenue (Block 4642, Lot 1), Borough of The Bronx.

APPEARANCES—

For Applicant: Frederick A. Ketcher.
For Opposition: Edw. Hoffman, Park Dept.
For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on January 6, 1953, subject to regular procedure, to consider extension of uses and reconstruction; and

WHEREAS, a public hearing was held on this application on February 24, 1954 after due notice by publication in the Bulletin; laid over to March 23, 1954, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a business use, C area, class 1½ height district; Olinville avenue and Willett avenue are in residence and business use, C area, class 1½ height districts; Gun Hill road is in a retail and business use, C area, class 1½ height districts; and

WHEREAS, the decision of the borough superintendent, dated November 6, 1952 acting on N.B. Applic. 1184-52, reads:

"1. Replacing and extending an existing gas station which is a non-conforming use in a business use area is contrary to Art. II, Sec. 6 of the Zoning Resolution.

2. A gasoline service station, lubrication, office and sales room; storage room; car washing; motor vehicle repair shop; sale of more than 5 used cars; and parking and storage of more than 5 motor vehicles is contrary to Art. II, Sec. 4 of the Zoning Resolution.

3. Commercial Sign for gas station as proposed does not comply with Art. V, Sec. 21B of Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 190 ft. frontage by 100 ft. in depth, irregular, on which is located a gasoline service station; that at the time the existing structure was erected, it was located in a business use district; that there has been no change in height, area and use districts since 1916; that the present building was erected for a conforming use in 1925 and changed to and established as a non-conforming use under Cal. 604-26-BZ as a gasoline selling station; that it was completed in 1926 and certificate of occupancy 5340-49 was issued; that request

for parking was denied in 1936 under Cal. 355-36-BZ; that it is proposed to extend the present gasoline service station, to permit the erection of a one-story masonry and porcelain enamel building for use as a gasoline service station, office and salesroom, sale of more than 5 used cars, storage room, lubrication, car washing and minor repairs with hand tools only, and under section 7h for a temporary variation to permit the parking and storage of more than five motor vehicles; and

WHEREAS, the applicant contends that the existing metal building is outmoded, inadequate and dilapidated, the grease pits are outside and it is not a satisfactory improvement for the land; that the present building is assessed for \$5,000 and the land for \$30,000; that sound business practice dictates a 5 to 1 ratio of improvements to land but in this instance, the ratio is just the opposite; that this obvious disproportionate value of land and building has placed a severe and increasing financial burden on the owner; that for many years, since 1929, they have been unable to develop this plot for any conforming use that would be economically sound; that the proposed \$60,000 investment, under a long term financing plan, by Kesbec, Inc., has been the only practical offer presented; that the granting of this application would permit the owners to make a reasonable and profitable use of their property without adversely affecting anyone; that there are no immediately adjacent properties affected, as this site is bounded by three streets and the present owners have a proprietary interest in the plot to the rear; that the new modern building, which will be only 13 ft. longer, has been designed to provide modern rest rooms, to permit lubrication and washing of cars indoors, installation of the most modern safety lifts, to permit installation of controlled night lighting to prevent any glare into adjoining premises and to light up the station area correctly so as to insure accident-free operation; that the gas pumps will be set back 10 ft. from their present location on the building line and that much needed parking space for neighborhood customers will also be provided; that the dust, dirt and rust particles of the elevated structure continually filter down and cover the gas station below and experience has shown that this fine dust imbeds itself into stucco and mortar joints and after a few years give the station a seedy, rusty appearance; that to date, the best resistant to this metallic dust has been a high grade porcelain enamel and request is therefore made for permission to cover the masonry work with the best grade porcelain enamel so that the building can be kept spotlessly clean at all times; that application is also made for a permanent variation so as to permit minor repairs with hand tools only such as changing tires, checking and replacing spark plugs, charging and replacing batteries; that inasmuch as the sale of more than 5 used cars is permitted in a business district, it is further requested that this use be incorporated in the resolution so that there will be no difficulty in obtaining the necessary permits; that the recent increase in auto traffic indicates a distinct need for off-street protected parking for neighborhood cars and the granting of this privilege will reduce traffic congestion and prove a great convenience to neighborhood car owners; that the signs on the building are business wall signs which indicate the firm name and the principal business transacted on the premises; that the proposed new building will result in a decided improvement in the general appearance, character and efficiency of the premises and will add to the general improvement of the neighborhood; and

WHEREAS, the premises and the surrounding area were inspected by a committee of the Board, and the committee recommends that the application should be granted on condition to permit the legally existing gasoline service station to be extended in area and to reconstruct the premises, based on the enlarged area; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions c, h and i, of the zoning resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the zoning resolution and that the application

MINUTES

be and it hereby is *granted* under Section 7, Subdivision c, to permit the extension of area as proposed and reconstruction and rearrangement as indicated on plans filed with this application marked "Received December 4, 1952" (5 sheets), *on condition* that all buildings and uses on the premises shall be removed and the premises shall be reconstructed and rearranged as indicated on plans above cited showing the proposed conditions; that the accessory building shall be faced with face brick; that there shall be no cellar under such building; that in all other respects it shall comply with all laws, rules and regulations applicable thereto; that the greasing equipment shall be of the hydraulic lift type; that under Section 7, Subdivision h, for a term of five (5) years, there may be parking and storage of cars, as proposed and as shown; and under Section 7, Subdivision i, there may be minor repairing carried on within the accessory building for adjustments with hand tools only; that the balance of the premises shall be surfaced with concrete or asphaltic pavement; that at the rear lot line there shall be erected a woven wire fence of the chain link type not less than 5 ft. 6 in. in height; that curb cuts shall be as indicated on plans cited above showing proposed conditions; that before any further plans or request for a permit are filed with the Department of Housing and Buildings complete working drawings shall be submitted to the Board for further consideration and for approval and after approval all permits shall be obtained and all work completed within the requirements of Section 22A of the zoning resolution.

320-37-BZ—Vol. III

APPLICANT—Samuel Rosenblum for Bronxville Realty Corp., owner Liberty Fabrics of New York, Inc., lessee.

SUBJECT—Application July 10, 1953 (decision of the borough superintendent), under section 7c of the zoning resolution, to permit in the residence use portion of a plot located in a residence and retail use district, the one story extension of existing dye house.

PREMISES AFFECTED—901 East 228th street, north side, 280.03 ft. east of Bronxwood avenue, 900 East 229th street and east side of Bronxwood avenue from East 228th to East 229th streets (Block 4864, Lot 35), Borough of the Bronx.

APPEARANCES—

For Applicant: Samuel Rosenblum, Joseph J. Bryer, Ralph J. Marx and Franz Hausner.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Klei-	
ert and Keating and Deputy Chief Connors	4
Negative	0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. III on July 28, 1953 subject to regular procedure, to consider extension of use; and

WHEREAS, a public hearing was held on this application on January 26, 1954 after due notice by publication in the Bulletin; laid over to March 2, 1954, for inspection and decision without further argument; hearing closed; then to March 16, 1954, for decision after applicant has submitted required information; then to March 23, 1954, for further consideration and decision; no further hearing; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, East 228th street and East 229th street are in residence and retail use, C area, class 1¼ height districts; Bronxwood avenue is in a retail use, C area, class 1¼ height district; and

WHEREAS, the decision of the borough superintendent, dated June 26, 1953 acting on Alt. Applic. 566-53, reads:

"1. Proposed extension to an existing building located partly in a retail use area and partly in a residence use

area, for use as a dye house is contrary to Art. 2, Sect. 3 & 4A of the Zoning Resolution.

Note: Extension is wholly within residence use area."

and

WHEREAS, the applicant states that the premises consist of a plot, 330.04 ft. frontage by 219.02 ft. in depth, irregular; that it is proposed to erect a one-story extension; and

WHEREAS, the applicant further states that the objection of the Department of Housing and Buildings relates to a proposed one-story extension to the existing dye house section of the premises, occupied by the lessee; that these consist of a group of one and two-story buildings occupying the block front on the east side of Bronxwood avenue and extending 330.04 ft. on East 228th street and 280.03 ft. on East 229th street; that within these buildings is conducted the manufacture, weaving and processing of lace fabrics; and

WHEREAS, the applicant contends that the original operation began on these premises in 1910 and some of the buildings have heretofore been the subject of consideration by the Board, specifically a two-story structure on the East 229th street side under Cal. No. 320-37-BZ, Vol. II, for which certificate of occupancy No. 4163 has been issued; that there is also pending Vol. I of this application relating to the section fronting directly on Bronxwood avenue, which relates to increasing this section in height; that on the East 228th street front, the most easterly building is known as building No. 5, which is a one story structure 25 ft. in width and used as the dye house; that directly adjoining to the east is a vacant portion of the lot, 50 ft. in width, fronting on East 228th street and 109.51 ft. deep; that it is proposed to use 30 ft. of this land for the depth of the lot and extend the present dye house to this portion, the openings between the two sections to be protected by standard fireproof doors; that the current dye house facilities are inadequate to handle the volume of goods which need processing and unless same is expanded there will be a serious and expensive back log of unfinished goods awaiting dye house processing; that it is feasible to conduct this process only on the main floor level as the present line of production leads through the main floor of the factory up to the present location of the dye house; that it is not feasible to operate on the upper stories as such operation would require a water tower which would project high above the roof of the present structure; that large quantities of water are required; that in the operation the fabrics become bulky and heavy and in the process of fabrication it is necessary to proceed in a continuous path, which can be done only in a one story building; that it is practically impossible to remove the entire dye house operation to higher floors, and that would completely disrupt the present line of production and require additional alterations to provide facilities to move the goods; that prior to 1953 there were handled 8000 to 9000 lbs. of fabrics per week and the present production necessitates processing 14,000 to 15,000 lbs. per week; that the proposed extension to the dye house, which forms a vital section of the line of production, will provide additional aisle room for the passage of bulky fabric now being scoured and dyed; that the extension as proposed will leave 20 ft. of unoccupied space to the east, so as not to discommode adjoining property owners; and

WHEREAS, this application was laid over for the applicant to consider the further objections that were filed with the owners; and

WHEREAS, the premises and area were inspected by a committee of the Board; and

WHEREAS, the committee of the Board recommends that the application should be granted.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolutions under Vols. I and II, by adding thereto:

"* * * that in the event the owner desires to extend the dyeing building facing on East 228th street for a distance of 30 ft. and leaving a space to the east of 20 ft. unbuilt upon and not to be used, such extension may be permitted as an addition to the present dyeing establishment, as proposed and as indicated on plans filed

MINUTES

with this application marked 'Received July 10, 1953,' 3 sheets, 'November 16, 1953,' 5 sheets, 'November 16, 1953,' 5 sheets, *on condition* that the building shall not exceed one story in height and shall not be further extended in height or area; that there shall be no windows in the building facing to the east; that any openings in such wall may be filled with glass blocks as approved for exterior walls; that there shall be no openings in the northerly wall but that any openings may be similarly filled; that the equipment for ventilating shall be as proposed, of a type designed to prevent objectionable odors through the neighborhood; that all machinery within the building adjacent to this proposed extension shall be arranged so as to make such machinery, including motors and fans, as soundproof as possible; that any ventilation through the roof shall be carried high enough as proposed to carry vapors well above the height of the roof and roofs of the adjoining buildings; that chemicals required in connection with the operation of the plant shall not exceed the amount as may be permitted by the Fire Department and such chemicals shall be maintained in proper receptacles and in proper places as the Fire Commissioner may require to avoid any fire hazard; that all permits shall be obtained and all work completed within the requirements of Section 22A of the zoning resolution.

473-37-BZ—Vol. II

APPLICANT—Charles M. Spindler, for Cedar Manor Service Station, owner.

SUBJECT—Application October 1, 1953 (decision of the borough superintendent), under sections 7f and 7i of the zoning resolution, to permit in a business use district the erection and maintenance of a gasoline service station, auto wash, lubritorium, motor vehicle repairs, storage and sale of accessories, and office (previously withdrawn by applicant).

PREMISES AFFECTED—230-234 Norman avenue and 229-237 North Henry street, southwest corner (Block 2655, Lots 6 and 8), Borough of Brooklyn.

APPEARANCES—

For Applicant: Joseph C. Haus.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on October 27, 1953 subject to regular procedure, to consider proposed use (previously withdrawn); and

WHEREAS, a public hearing was held on this application on January 5, 1954 after due notice by publication in the Bulletin; laid over to January 12, 1954, at request of objector's representative; no further requests for adjournment; then to February 9, 1954, for inspection and decision; hearing closed; then to March 9, 1954, for inspection and decision; no further argument; then to March 16, 1954, for inspection and decision; then to March 23, 1954, for inspection and decision; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a business use, C area, class 2 height district; Norman avenue is in business and unrestricted use, C area, class 2 height districts; North Henry street is in residence and business use, C area, class 2 height districts; and

WHEREAS, the decision of the borough superintendent, dated September 22, 1953 acting on N.B. Applic. 1030-53, reads:

"1. Proposed gasoline service station, auto washing, lubritorium, office & accessory sales & minor repairs,

with hand tools only, located within a business district, is contrary to Art. 2, Sect. 4a, 29 & Art. 2 Sect. 4a-46 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 75 ft. frontage by 95 ft. in depth, presently vacant; that it is proposed to erect a building 58 ft. front by 28 ft. in depth, one story, 13 ft. in height, of class 3 construction, to be used as an accessory building to proposed gasoline service station to house auto wash, lubritorium, motor vehicle repairs, storage and sale of accessories and office; that it is further proposed to install eight 550-gallon gasoline tanks and four dispensing pumps, with two curb cuts facing Norman avenue and one facing North Henry street; and

WHEREAS, the applicant contends that it is proposed to develop the site with the only use that seems economically feasible in this location; that the north side of Norman avenue opposite the site, and for the entire affected area, is zoned unrestricted; that this north side is developed with garages, factories and a parking lot; that under the present proposal the building will face this unrestricted area and pumps will be installed only along Norman avenue; that the utmost will be done to preserve the character of the side street; that section 7A will be strictly complied with, with only one small curb cut located within 25 ft. of the corner; that an ornamental brick and iron fence will be constructed along the balance of the North Henry street building line and planting and shrubbery will be provided all along this fence; that the building will have face brick facades and the side of the building facing North Henry street will have a peaked roof; that no signs will be developed on the North Henry street side of the building and no show window will be installed in this side wall; that it is felt that these precautions will provide an attractive frontage along this side street that will be a distinct improvement over the present vacant lot; that the entire site will be paved and fences will be provided along all lot lines; that the fact that the owners allowed the city to take over the property for unpaid taxes, even though it is located in a heavily built-up area, is significant and shows that it is not economically justifiable to build stores or a similar conforming use in this neighborhood where so much of the surrounding area is unrestricted and where no new development has occurred in many years; that there has been no change at all in the surrounding buildings during the 15 years since the prior case was withdrawn; that the granting of this case will enable the city to put this plot back on productive tax rolls which would not otherwise be possible; that it is felt that the facing of all of the station facilities towards the unrestricted area will protect the character of the neighborhood and that the paved, fenced and well lighted corner which is proposed will be beneficial to the neighborhood; that the repairing herein proposed under section 7i will be confined to the interior of the building and will consist of minor repairs using hand tools only; and

WHEREAS, the premises and the surrounding area were inspected by a committee of the Board and the committee recommends that the application should be granted on condition, that such conditions be designed to protect the adjoining owners, particularly on North Henry street; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision f, of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7, Subdivision f, for a term of fifteen (15) years, to permit the premises to be occupied as a gasoline service station substantially as proposed and as indicated on plans filed with this application marked "Received October 1, 1953," 3 sheets; that only approved materials shall be used in the construction of the building; that the building shall have no cellar and in all other respects shall comply with the requirements of the Building Code; that before obtaining permits from the Department of Housing and Buildings complete working draw-

MINUTES

ings shall be submitted to the Board for further consideration and for imposition of conditions; that such plans shall be filed within two (2) months, and after approval by the Board all permits shall be obtained and all work completed within the requirements of Section 22A of the zoning resolution.

147-44-BZ—Vol. III

APPLICANT—William S. Shary, for 166-172 Livingston Street, Inc., owner (Robert Hall Clothes, lessee).

SUBJECT—Application October 27, 1953 (decision of the borough superintendent), under section 7c of the zoning resolution, to permit in a business use district the use of structure on 1st floor for stores and storage, and on the 2nd, 3rd and 4th floors manufacturing in excess of permissible percentage (previously granted by the Board under Vol. I, 75% of combined area of floors, and later, under Vol. II for extension of structure for same occupancy and similar percentage).

PREMISES AFFECTED—166-176 Livingston street, south side, 97 ft. 11 in. east of Smith street and 147-157 Schermerhorn street (Block 164, Lot 13), Borough of Brooklyn.

APPEARANCES—

For Applicant: Wm. S. Shary and Ralph J. Gurfield.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings and John J. Saunders, B'd of Education.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. III on November 4, 1953 subject to regular procedure, to consider extension of factory use in place of storage; and

WHEREAS, a public hearing was held on this application on March 23, 1954 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Livingston street, Smith street Schermerhorn street are in a business use, B area, class 2 height district; and

WHEREAS, the decision of the borough superintendent, dated October 8, 1953 acting on Alt. Applic. 4344-49, reads:

"1. Previous approval limited manufacturing to original bldg. Submit to chief engineer for determination of whether BSA resolution permitted manufacturing in new extension.

2. Provide satisfactory arrangement for separation of areas devoted to mfg. from those devoted to storage."

and

WHEREAS, the applicant states the premises consist of a plot, 125.5 ft. frontage by 171.5 ft. in depth, on which is located a building 124.5 ft. front by 171.5 ft. in depth, 4 stories, 56 ft. in height, of class 1 construction, presently used as store, storage and for manufacture of clothing; that it is proposed to use the 2nd, 3rd and 4th floors for manufacturing use of 75% of the floor area, including the new extension, as granted by the Board in Vol. II; and

WHEREAS, the applicant contends that on May 9, 1944 under Cal. No. 147-44-BZ, the Board granted a variance permitting 75% of the floor area for manufacturing purposes; that this was prior to the erection of the 4-story extension now existing; that under Alt. Applic. 1968-47, plans were filed for the 4-story extension; that on October 28, 1947, under Cal. No. 147-44-BZ, Vol. II, the Board granted a further extension of the variance permitting 75% of the combined floor areas to be used for manufacturing on the 2nd, 3rd and 4th floors; that Alt. 1968-47 had lapsed; that subsequently the extension was erected under a new application, Alt. 4344-19, which was approved for storage of clothing on 2nd, 3rd and 4th floors of the ex-

tension and 75% of the 2nd, 3rd and 4th floors of the original building for manufacturing use; that even though the building was erected under the above alteration application, the physical aspects of the existing building and extension conform in every respect to the conditions as set forth in the resolution of the Board on October 28, 1947; that it is now proposed to use the 2nd, 3rd and 4th floors of the building and extension in accordance with the above resolution, that is, 75% of each floor to be used for manufacturing; that the character of the property in the affected area is substantially the same as in 1947 and the ownership and tenancy of the building are the same; that loading berths have been installed on the Schermerhorn street front, providing loading and unloading facilities within the building; that the entire premises, including the extension, is sprinklered; that a third stair has been installed from cellar to roof on the Schermerhorn street front and adequate exit and directional signs and lights have been installed on all floors.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted by the Board on May 9, 1944, as amended on October 28, 1947, by adding thereto:

"* * * that inasmuch as the variance granted under resolution adopted by the Board October 28, 1947, as to the four story addition and the use of the 2nd, 3rd and 4th floors for manufacturing purposes beyond the 25% floor area has expired by limitation, in the event the owner now desires to extend the building substantially as formerly proposed and as now proposed, and as indicated on plans filed with this application marked 'Received February 10, 1954,' 11 sheets, that such extensions of building, and for the manufacturing use as proposed on such floors, may be permitted under similar conditions as apply to the main building as set forth in a resolution adopted by the Board on May 9, 1944; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; that all permits shall be obtained and all work completed within the requirements of Section 22A of the zoning resolution."

659-50-BZ—Vol. II

APPLICANT—Kitzler and Nurick, for Harry Goldstein, owner.

SUBJECT—Application September 29, 1953 (decision of the borough superintendent), under section 21 of the zoning resolution, to permit in a business use, C area district the erection of an additional building into part of driveway (previously granted by the Board for 15 years, to permit woodworking equipment within the building), using more than the area permitted and with more than one building on the lot.

PREMISES AFFECTED—251-61 to 251-71 Jamaica avenue, north side, 200 ft. west of Little Neck parkway (Block 8668, Lot 118), Bellerose, Borough of Queens.

APPEARANCES—

For Applicant: Henry J. Nurick.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on October 20, 1953 subject to regular procedure, to consider extension of use; and

WHEREAS, a public hearing was held on this application on March 23, 1954 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Jamaica avenue are in a

MINUTES

business use, C area, class 1 height district; Little Neck parkway is in retail and business use, C area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated September 21, 1953 on N.B. Applic. 3875-53 and superseded by N.B. Applic. 3875-53 dated February 26, 1954, reads:

"1. The proposed bldg. would occupy part of the plot designated for use as a driveway by the B.S. & A., as noted in Cal. #659/50 B.Z. This application must therefore be submitted to the B.S. & A. for approval.

2. The area covered by this proposed bldg., when added to the area of the existing bldg. will be contrary to Art. 4 Sec. 13(b) of Zone Res.

3. Not more than one bldg. permitted on a plot as per Art. 1, sec. 1(v) of Zone Res."

and

WHEREAS, the applicant states that the premises consist of a plot, 100 ft. frontage by 175.74 ft. in depth, irregular, on which is located a building 64 ft. front by 127 ft. in depth, irregular, one story in height, of class 3 construction, used for storage and sale of sash, doors and trim and as a saw mill, for which certificate of occupancy No. 72314-51 has been filed (original lot 200 ft. front); that it is proposed to erect a building at westerly lot line of new lot, 18 ft. front by 129 ft. 8 in. deep, 2 stories in height, of class 3 construction, to be used for storage of wood mouldings and trim (accessory use); and

WHEREAS, the applicant contends that the resolution adopted under Cal. No. 659-50-BZ requires that the balance of the plot, with a frontage of 36 ft. on Jamaica avenue may be used as a driveway for delivery and receipt of lumber, in connection with the building, but not for outdoor storage; that due to expansion of business, it is found necessary to occupy a portion of this driveway, but still leaving a driveway for loading and unloading; that to the west of the property in question is an office and parking lot for moving vans and further west are buildings for storage of lumber, and a lumber yard; that at the rear is a Long Island railroad siding for freight and the railroad track; that to the east, on the south side of Jamaica avenue, is a gasoline station; that on the north side, in Nassau county, directly opposite, is an automobile showroom and a lot for the sale and storage of used cars; that to the west is a gasoline station and to the east there is a nursing home, and further east, a gasoline station; that the granting of this application will in no way affect the true intent and purpose of the zoning resolution and the general welfare of the public will be preserved and substantial justice done; and

WHEREAS, the applicant states that loading space is provided inside of existing building as per section 19A.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on February 6, 1951, by adding thereto:

"that irrespective of the provision in the resolution above cited that there shall be no outside storage of lumber on the plot, there may be constructed and maintained an additional building for the storage of lumber, moldings and trim located along the westerly lot line, as proposed and as indicated on plans filed with this application, marked 'Received September 29, 1953' (2 sheets) and 'February 17, 1954' (3 sheets), on condition that such building shall be used only for the purpose proposed and only in conjunction with the main use of the building now on the premises; that in all other respects the building and occupancy shall comply with the requirements of prior resolutions and with all laws, rules and regulations applicable thereto; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the zoning resolution."

342-53-BZ—Vol. II

APPLICANT—Ludwig Bono, for Levine and Verschleiser, owners.

SUBJECT—Application December 15, 1953 (decision of the borough superintendent), under section 7e of the zoning

resolution, to permit in a residence use district the use of the site as meeting rooms and cabaret, in addition to catering and dining and stores (previously granted by the Board).

PREMISES AFFECTED—2633 Broadway, west side, 40 ft., 7½ in. south of West 100 street (Block 1871, Lot 53), Borough of Manhattan.

APPEARANCES—

For Applicant: Ludwig P. Bono and David Verschleiser.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Klein-

ert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on January 5, 1954 subject to regular procedure, to consider change in use; and

WHEREAS, a public hearing was held on this application on March 23, 1954 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and West 100th street are in residence and business use, B area, class 1½ height districts; Broadway is in a business use, B area, class 1½ height district; and

WHEREAS, the decision of the borough superintendent, dated December 11, 1953 acting on amendment to Alt. Applic. 546-53, reads:

"4. Proposed use of meetings rooms & cabaret in a residence use district is contrary to Sect. 3, Article II of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 60 ft. 3½ in. frontage by 222 ft. 47⅛ in. in depth, irregular, on which is located a building 60 ft. 3½ in. front by 212 ft. 47⅛ in. in depth, one story, 20 ft. in height, of class 3 construction, formerly motion picture theatre and stores, recently altered and decorated for catering and dining and stores; that it is proposed to permit the use of premises as granted by the Board and to permit a cabaret license; and

WHEREAS, the applicant contends that on July 14, 1953 the Board granted a variance under Cal. 342-53-BZ which permitted the conversion of a building from a motion picture theatre and stores into catering, dining and stores and plans were subsequently approved by the department of housing and buildings under Alt. 546-53; that the owners, in applying for their catering license, outlined the proposed activities of their establishment, and were informed that in addition to a catering license they would need a cabaret or dance hall license as well; that since the Department of Housing and Buildings' interpretation of catering establishment does not include the functions of a cabaret or dance hall and consequently creates an obstacle in procuring such required licenses, the owners' present position is serious indeed, since the operation of the establishment on a limited basis is placing their entire investment in jeopardy; that when a previous application was made with the Board for permission to conduct a catering and dining establishment, it was the owners' impression, based on past experience in this field, that certain activities were inherent in its definition such as wedding receptions, confirmation parties, etc. where food and beverages, and music and entertainment along with dancing were provided to guests; meetings of various organizations where no dancing, drinking or entertainment will take place and functions of organizational groups where tickets are sold to members and outsiders with music, dancing and entertainment included in the price of the ticket; that in this latter type of activity a one-night dance permit for each function is required by the Police department, who will not issue this permit unless the establishment possesses either a cabaret or dance hall license; that the alterations and decorations just

MINUTES

recently completed constitute an expenditure exceeding \$60,000 which, added to the purchase cost of the property, amounts to a considerable investment; that the success of this venture is being threatened because of its present limited operation and the Board is therefore earnestly urged to consider this application favorably; and

WHEREAS, the applicant stated that the requirements of the resolution adopted by the Board on July 14, 1953, have been carried out and that a temporary certificate of occupancy has been obtained;

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on July 14, 1953, by adding thereto:

"that in the event the owner desires to have music and public dancing in connection with the catering and dining as heretofore permitted, such uses may also be permitted, as shown on plans filed with this application for amendment, marked 'Received December 15, 1953,' sheets 3 and 4 showing proposed conditions, *on condition* that the required permits and licenses shall be obtained for such use; that in all other respects the resolution above cited shall be complied with; and that all permits required shall be obtained and all work completed within six (6) months from the date of this *amended* resolution."

622-53-BZ

APPLICANT—Richard Shutkind, for Alhen Holding Corp., owner.

SUBJECT—Application August 17, 1953 (decision of the borough superintendent), under section 21 of the zoning resolution, to permit in an unrestricted use, D area district, the change in occupancy from storage warehouse and unloading space to storage cooler, freezer and manufacturing, using more than area permitted.

PREMISES AFFECTED—147-12 95th avenue, south side, 25.03 ft. west of 147th place (Block 10027, Lot 5), Jamaica, Borough of Queens.

APPEARANCES—

For Applicant: Richard Shutkind.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on February 9, 1954 after due notice by publication in the Bulletin; laid over to March 23, 1954, for inspection and decision; hearing closed; applicant to submit information as to proposed widening of 95th avenue; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, 95th avenue and 147th place are in an unrestricted use, D area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated July 27, 1953 acting on Alt. Applic. 1132-53, reads:

"1. Excessive area used for manufacturing in D area is contrary to the Zoning Resolution. Art. IV Sect. 14, Subsect. (c)."

and

WHEREAS, the applicant states that the premises consist of a plot, 75.06 ft. frontage by 100.13 ft. in depth, on which is located a building 75 ft. front by 100 ft. in depth, one story, 14 ft. in height, of class 3 construction; that it is proposed to change the use to storage cooler, freezer and manufacturing of meat food products under United States Government inspection; and

WHEREAS, the applicant contends that the premises are occupied on the 1st floor as storage warehouse of meats in coolers, at rear portion of 55 ft. depth of building, and

unloading space at front 45 ft. depth of building, all of which is under U. S. Government Food Supervision and inspection; that it is proposed to change use of building for processing of meat products, in present rear coolers (which is the major portion of manufacturing use) and the front portion of building to be used for shipping, loading and unloading and factory use, in connection with the rear manufacturing portion as required under U. S. government inspection; that the proposed change of using the front portion of building in connection with rear manufacturing use would create excessive area for factory use, contrary to Sec. 14c of the zoning resolution, which permits occupancy of building covering 55% of the lot area; that immediately adjoining the site, at the rear, on block 10027, lots 10 and 36 are improved with buildings which occupy the entire lot areas; that in the same block, lot 1 at corner of Sutphin boulevard and 95th avenue, the building occupies the entire area of the lot; that directly opposite the site, facing on the same street, in block 9999, lots 1, 3, 5, 7, 9, 21, 34, 35, and 37 are improved with buildings which occupy excessive areas; that in the same block, lots 13 and 15 are improved with one-story garage and storage buildings, which occupy the entire area of the lot; that the proposed excessive use on the 1st floor will in no way affect the present general character of the neighborhood; and

WHEREAS, the applicant states that the area of the original approved building site (75 ft. by 100 ft.) is 7,500 sq. ft.; area of original and present part of building for storage warehouse use permitted (75 ft. by 55 ft.) is 4,125 sq. ft.; area of original and present enclosed unloading space permitted (75 ft. by 45 ft.) is 3,375 sq. ft.; area of proposed manufacturing use requested in existing unloading space (75 ft. by 45 ft.) is 3,375 sq. ft.; area of excess in original approved building use, for proposed new manufacturing use in the existing unloading space (75 ft. by 45 ft.) is 3,375 sq. ft.; and

WHEREAS, the premises and the surrounding area were inspected by a committee of the Board, and the committee recommends that the application should be granted; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the zoning resolution, and is therefore entitled to relief, as to area, on the grounds of unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the area district regulations of the zoning resolution and that the application be and it hereby is *granted* under section 21, as to extension of area coverage so as to permit a portion of the approved unloading space to be occupied for uses as proposed and as indicated on plans filed with this application marked "Received August 17, 1953," 2 sheets, "November 12, 1953," 1 sheet, and "November 19, 1953," 1 sheet, "January 7, 1954," 1 sheet, and "January 11, 1954," 1 sheet, *on condition* that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; that all permits shall be obtained and all work completed within six (6) months from the date of this resolution and a corrected certificate of occupancy shall be obtained.

626-53-BZ

APPLICANT—Ingram S. Carner, for Sam Rosenberg, owner.

SUBJECT—Application August 8, 1953 (decision of the borough superintendent), under section 7h of the zoning resolution, to permit in a residence use district, the parking and storage of motor vehicles.

PREMISES AFFECTED—531-563 Chestnut street, east side, 100 ft. north of Sutter avenue and 134-156 Doscher street (Block 4249, Lot 10), Borough of Brooklyn.

APPEARANCES—

For Applicant: Ingram S. Carner.

For Opposition: Peter Deutsch.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings and John J. Saunders, B'd of Education.

ACTION OF BOARD—Application granted on condition.
THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on February 24, 1954 after due notice by publication in the Bulletin; laid over to March 23, 1954, for inspection and decision; hearing closed;

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a residence use, C area, class 1 height district; Chestnut street and Doscher street are in residence and business use, C area, class 1 height districts; Sutter avenue is in a business use, C area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated July 21, 1953 acting on Alt. Applic. 903-53, reads:

"1. Proposed open parking and storage of more than 5 cars in a Residence use district is contrary to Art. II, Sec. 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 200 ft. frontage by 158 ft. 8½ in. in depth, presently vacant; that it is proposed to use the vacant plot for the parking and storage of motor vehicles; and

WHEREAS, the applicant contends that it is proposed to properly grade the present vacant site and pave it with cinders and that a 4 ft. high woven wire fence will be erected along the lot lines and the building lines; that the necessity exists in this neighborhood for a properly controlled parking lot and as this application is for a temporary period of years, it is requested that this application be granted for fifteen years; and

WHEREAS, the premises and the surrounding area were inspected by a committee of the Board, and the committee recommends that the application should be granted under certain conditions for a temporary term; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h, of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7, Subdivision h, for a term of two (2) years, to permit the premises as proposed to be occupied for the parking and storage of motor vehicles, *on condition* that the plot shall be leveled substantially to the grade of the streets on which the property faces and shall be surfaced with clean gravel or steam cinders and treated with a binder and properly rolled; that on the interior and street building lines there shall be constructed and maintained continuously, a woven wire fence of the chain link type with anchored steel posts not less than 5 ft. 6 in. in height, except for openings to Chestnut street and Doscher street, where shown, for entrance and egress; that during the term of this variance the premises shall be occupied for no other use and no buildings shall be erected thereon except there may be a one story building which may be of frame, erected within the building line near the entrance at Doscher street, as shown, solely for use as a shelter and office for the attendant; that such portable fire fighting appliances shall be maintained as the fire commissioner shall direct; that proper aisles shall be maintained at all times for easy entrance and egress; that sidewalks and curbing in front of the premises on both streets shall be repaired to the satisfaction of the Borough President; that signs shall be restricted to a sign which may be erected at each entrance advertising only the parking use and the rates charged and such other information as may be required by the Commissioner of Licenses, permitting such sign to be not over 25 ft. in area each and not to extend over the building line and not illuminated; that all permits shall be obtained and all work completed and a certificate of occupancy obtained within six (6) months from the date of this resolution.

693-53-BZ

APPLICANT—Lama, Proskauer and Prober, for Estate of Ernest A. Haaren, owner.

SUBJECT—Application September 28, 1953 (decision of the borough superintendent), under sections 7e and 7h of the zoning resolution, to permit in a residence use district, for a term of fifteen years, the erection and maintenance of a gasoline service station, lubritorium, car wash, motor vehicle repairs, storage and sale of accessories and office, and to permit the parking and storage of motor vehicles on unbuilt upon portion of the plot.

PREMISES AFFECTED—49-15 Kissena boulevard and 140-01 to 140-13 Oak avenue, northeast corner (Block 5222, Lots 41 and 43), Flushing, Borough of Queens.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: Milton Kuslansky, Evelyn Murnane, Mrs. Anthony Pardo, Mrs. Marion Kruzoff, Emil Guarino, Mrs. Helen Guarino, Mrs. Werner Goltermann, Mrs. Betty Knappe, Otto A. Knappe and Patricia A. Murnane.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative 0
Negative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on February 9, 1954 after due notice by publication in the Bulletin; laid over to March 23, 1954, for inspection and decision without further argument; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Oak avenue and Kissena boulevard are in a residence use, D area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated September 9, 1953 acting on N.B. Applic. 3624/53, reads:

"1. Proposed erection of a gasoline service station, lubritorium, car washing, minor auto repairs, storage, office and sales, parking and storage of motor vehicles on a lot in a residence use district is contrary to Art. 2, Sec. 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 94.5 ft. frontage by 150.94 ft. in depth, irregular, presently vacant; that as of July 25, 1916 that part of the site within 100 ft. of Kissena boulevard was in a business use district and was changed to its present designation on March 29, 1947; that it is proposed to erect a modern gasoline service station consisting of ten 550-gallon gasoline tanks and three gasoline pumps; that the accessory building having a frontage of 30 ft., a depth of 60 ft., one story in height, of class 3 construction, will contain the conjunctive uses of lubritorium, car wash, minor auto repairs, office and sales, and storage; that a portion of the site will be reserved for the parking and storage of motor vehicles; that the contemplated accessory building will be modern in design and in keeping with any future development that may take place in the area; that a 5 ft. wide planted and landscaped area will be maintained on the northerly and easterly lot lines as well as a 5 ft. high woven wire fence on the same lot lines; that this planted area will provide additional light and ventilation to adjoining lots and also act as a buffer to adjoining land; and

WHEREAS, the applicant contends that Kissena boulevard is a main auto lane leading across Queens and as such the proposed gas station is in keeping at this point; that there are many dwellings in the immediate vicinity and as there are no other gas stations in the affected area, the proposal is a vitally required service which is now lacking; that the premises have been in the same ownership since 1930, with no possibility of a conforming development due to its location on a busy auto lane with its attendant noise and fumes,

MINUTES

and it is mandatory that the site be developed in the only feasible manner, as proposed, so that the owner may receive an equitable return on his investment and also be able to continue to pay real estate taxes; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under section 7, subdivisions e and h, of the zoning resolution.

Resolved, that the decision of the borough superintendent, acting on N.B. Applic. 3624-53, Obj. 1, be and it hereby is affirmed and that the application be and it hereby is denied.

704-53-BZ

APPLICANT—Lama, Proskauer and Prober, for Bishop, McCormick and Bishop, owners.

SUBJECT—Application October 1, 1953 (decision of the borough superintendent), under sections 7f, 7i and 7h of the zoning resolution, to permit in a retail use district the erection and maintenance of a gasoline service station, car wash, lubritorium, motor vehicle repairs and office; and to permit the parking and storage of motor vehicles on unbuilt upon portion of plot for a term of fifteen years.

PREMISES AFFECTED—145-55 New York boulevard and 145-54 to 145-66 Farmers boulevard, northeast corner (Block 13313, Lot 40), Jamaica, Borough of Queens.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Commissioners Kleinert and Keating and Deputy Chief Connors 3

Negative: Chairman Murdock 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on February 24, 1954 after due notice by publication in the Bulletin; laid over to March 23, 1954, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, New York boulevard and Farmers boulevard are in a retail use, D area, class ½ height district; and

WHEREAS, the decision of the borough superintendent, dated September 18, 1953 acting on N.B. Applic. 3529/53, reads:

"1. The proposed use and occupancy of a gasoline service station, lubritorium, car washing, minor auto repairs, office and sales, parking and storage of motor vehicles on a plot located in a Retail Use District is contrary to Article II, Section 4-A of the Zoning Resolution."

and

WHEREAS, the applicant states the premises consist of a plot, 193.84 ft. frontage by 161.34 ft. in depth, irregular, presently vacant; that as of July 25, 1916 the premises were in an undetermined zone and were placed in the business use district on December 2, 1932; that the premises were then placed in a retail use district on January 21, 1947; that on July 25, 1916 the premises was in a class 1 height district and was placed in its present height designation of ½ on June 30, 1952; that it is proposed to secure a variance for a period of 15 years in order to erect a gasoline service station consisting of twelve 550-gallon gasoline storage tanks and four gasoline pumps; that the contemplated accessory building will have a frontage of 48 ft. and a depth of 27 ft., one story in height, of class 3 construction and contain the conjunctive uses of lubritorium, minor auto repairs, car wash, storage, office and sales; that part of the open site will be reserved for parking and storage of motor vehicles; and

WHEREAS, the applicant contends that as the building is to be modern in design, it will improve the appearance of the community and be in keeping with any future development that may take place in the area; that parking and storage on the site will alleviate the parking situation in the area; that the site is irregular in shape and does not lend itself to store development; that there are sufficient stores in the area for public requirements; that Farmers boulevard and New York boulevard are highly traversed auto lanes; that block 13332, lot 13 is developed with a gasoline station, so that Farmers boulevard has not maintained its strictly retail use and the proposal is therefore in keeping; that the land is high in assessed value and it is mandatory that it be developed at this time so that the owner may receive an equitable return on his investment and continue to pay taxes; and

WHEREAS, the premises and the surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision f, of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the zoning resolution and that the application be and it hereby is granted under Section 7, Subdivision f, for a term of fifteen (15) years, on condition that all uses on the premises shall be removed and the premises shall be arranged substantially as indicated on plans filed with this application; that before any permit is requested from the Department of Housing and Buildings or further plans filed, complete working drawings shall be submitted for further consideration and for additional conditions; that such plans shall be filed within two (2) months and after approval by the Board, all permits shall be obtained and all work completed within the requirements of Section 22A of the zoning resolution.

849-53-BZ

APPLICANT—Anthony J. DiBitetto, for Lorenz Schneider Co. Inc. and F. K. Brown, owners.

SUBJECT—Application December 1, 1953 (decision of the borough superintendent), under section 7h of the zoning resolution, to permit in the extension of existing parking and storage of owners', customers' and employees' motor vehicles located in the unrestricted use district portion of plot into the residence use district portion of plot, with the entrance and exit of motor vehicles from and through the unrestricted use district portion of plot (no fee to be charged).

PREMISES AFFECTED—217-40 98th avenue, south side, 230 ft. east of 217th street, 217-25 Sigourney avenue, north side, 111.48 ft. east of 217th street and 217-01 99th avenue (Block 10763, Lots 23 and 64), Queens Village, Borough of Queens.

APPEARANCES—

For Applicant: Anthony J. DiBitetto and Milton V. Brown.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition.

Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 23, 1954 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in residence and unrestricted use, C and E-1 area, class 1 height districts; Sigourney avenue is in residence and unrestricted use, E-1 area, class 1 height districts; 99th avenue is in a residence use, E-1 area, class 1

MINUTES

height district; 98th avenue is in an unrestricted use, C area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated November 5, 1953 acting on Alt. Applic. 2312/53, reads:

"1. Use of premises located in a residence use district as parking and storage of motor vehicles for owners and customers (no fees to be charged) is contrary to Art. II Sec. 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 280 ft. and 30 ft. frontage by 100 ft. and 100 ft. in depth, on which is located, on lot 23, a two-story, class 3 building, used as a storage garage and warehouse and a parking lot for owners' and customers' use, for which certificate of occupancy No. 82505-52 has been filed; that lot 64 is vacant; that it is proposed to use the vacant portion (lot 64) for the parking and storage of motor vehicles, with the entrance and exit from unrestricted portion; and

WHEREAS, the applicant contends that the owner operates a fleet of 38 vehicles which load and unload at the warehouse, and further maintains off-street loading and unloading space in its warehouse for large trailer trucks; that in view of this, it is necessary to keep the street adjoining the warehouse free of parked vehicles in order to permit the free passage of commercial vehicles; that the corporation employs about 65 persons, many of whom drive in and use the parking facilities now available; that the space available is not sufficient thereby making it necessary for some employees, and for customers at times, to park in the adjoining streets; that to avoid this street parking is the sole purpose of this application for a variance; that if permission is granted, the parking lot will be used solely for the daytime parking, during regular business hours, of private passenger automobiles of employees and customers, without charge; that the parcel to be used is vacant and overgrown with weeds and brush, which will be cleared and maintained for the general improvement of the immediate area; that the area involved will be graded and paved with a dust free surface and will be fenced with an appropriate type of woven wire fence; that landscaping will be provided between the building line and the fence along Sigourney avenue and 99th avenue in order to enhance the appearance of the frontage; and

WHEREAS, the premises and the surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7h for a term of five (5) years, to permit the premises to be occupied for the parking of cars belonging to the owner, employees and patrons of the concern on lot 23, as shown and proposed on plans filed with this application, marked "Received December 1, 1953" (3 sheets), *on condition* that the plot shall be cleared of all uses and bushes and leveled and surfaced with clean gravel or steam cinders, treated with a binder and properly rolled; that there shall be erected on the lot lines, including the street line of Sigourney avenue, a woven wire fence of the chain link type, not less than 5 ft. 6 in. in height, except that along the easterly lot line of lot 63, there shall be constructed and maintained a stockade type fence of similar height; that entrance to the lot shall be solely from lot 23 facing 98th avenue under same ownership; that during the term of this variance the plot shall be occupied for no other use and no buildings or signs shall be erected thereon; and that all permits required shall be obtained, including certificate of occupancy and all work completed within six (6) months from the date of this resolution.

857-53-BZ

APPLICANT: Max Wechsler, for Ricky Properties, Inc., owner.

SUBJECT—Application November 30, 1953 (decision of the borough superintendent), under sections 19A(j) of the zoning resolution, to permit in a business use district the reduction of required number of loading berths from two to one loading berth, and also to permit the reduction of the required height of entrance to loading berth from 14 ft. to 13 ft.

PREMISES AFFECTED—2211-2229 Church avenue, north side, 77 ft. 6 in. east of Flatbush avenue (Block 5089, Lot 71), Borough of Brooklyn.

For Applicant: Max Wechsler.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings and John J. Sanders, Bd. of Education.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Klei-
ert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 16, 1954 after due notice by publication in the Bulletin; laid over to March 23, 1954, for applicant to obtain new objection from Borough Superintendent and file revised plans; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Church avenue are in a business use, C area, class 1¼ height district; Flatbush avenue is in retail and business use, C area, class 1¼ height districts; and

WHEREAS, the decision of the borough superintendent, dated November 5, 1953 acting on amendment to Alt. Applic. 3040-52 and superseded by amendment to Alt. Applic. 3040-52, dated February 1, 1954, reads:

"21. Proposed reduction of the number of required off-street loading berths to only one berth where two are required is contrary to the requirements of sub-sections (c) & (d) and sub-section (h) sub-division 5 of Sec. 19A of the Zoning Resolution. Also the reduction of the height of the required loading berth to 13 ft. violates sub-section (h) sub-division 2 of Sec. 19A of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 166 ft. ¾ in. frontage by 91 ft. 6¾ in. in depth, on which is located a building 166 ft. ¾ in. front by 81 ft. 6 in. at street level (typical floor), 79 ft. 6 in. in depth, 3 stories, 53 ft. in height, of class 1 construction, formerly a theatre, now being reconstructed and altered as an office building; that it is proposed to reduce the required number of loading berths from two to one, and to reduce the height of entrance from 14 ft. to 13 ft.; and

WHEREAS, the applicant contends that the request for a variance in this matter is because a construction problem exists; that the existing truss construction of the building has fixed the floor heights; that in order to raise the height of the loading berth area to more than 13 ft. would entail the cutting and removal of the existing trusses, shoring of the walls and finally erecting a bulkhead in the floor of the 2nd floor offices, thereby causing severe hardships; that the type of occupancy in this building does not require trailer trucks; that the type of trucks that will use the loading berth will be of a smaller type; that subsection "c" does not require a loading berth in a C area for less than 25,000 sq. ft.; that the gross area between the walls of the subject building on the 2nd and 3rd floors, which is used for offices, is approximately 24,166 sq. ft.; that the gross area of the 1st floor, which will contain stores, is approximately 12,643 sq. ft. and only one loading berth is required for this area; and

WHEREAS, the applicant states that his client, being a layman, had no knowledge that an amendment to the zoning resolution was pending at the time he took contract; that the signed contract for the purchase of the building is dated May 23, 1952, this date being over a month prior to the date

MINUTES

that the amendment to the zoning resolution become effective; that title was taken August 6, 1952 and on January 19, 1953 he transferred the ownership to the Ricky Properties, of which he is now an officer; that had he known he would be forced to lose the valuable space of the 1st floor for loading berths, he might not have purchased the building; that in order to comply with the objection of the Department of Housing and Buildings will cause a great financial hardship; and

WHEREAS, the premises and the surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 19A, Subdivision j, of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 19A, Subdivision j, to permit the omission of the two loading berths, as previously required, on condition that the rear stairway shall terminate at Church avenue through an approved passageway, as indicated on revised plans marked "Received March 17, 1954," 6 sheets, and as passed upon by the Borough Superintendent under amendment to Alt. Applic. 3040-52, Objection of March 17, 1954, *on condition* that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; that all permits shall be obtained and all work completed within the requirements of Section 22A of that zoning resolution; that this variance is granted only so long as the building is occupied as proposed and as shown on plans filed with this appeal marked "Received November 30, 1953," 7 sheets, and "February 4, 1954," 6 sheets, and not for other types of uses.

ACTION OF BOARD—Resolution amended in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Cal. 1224-39-SM

February 25, 1954

Subject: Sloan Vacuum Breaker, amendment of resolution to include Revised Model V-100-AA.

The Board of Standards and Appeals on November 26, 1940 approved the Sloane V-100-A Vacuum Breaker under the provisions of C26-12770 Administrative Code. Request was made for an amendment of the resolution and on April 11, 1944, the resolution was amended provisionally approving the VP100A (plastic) vacuum breaker for the period of the war emergency when manufactured and installed in accordance with the report and when labeled as required for Model V-100A. A further request for amendment of the resolution was made and the case was reopened November 10, 1953 for test and report as to revised Model V-100-AA. An inspection of Model V-100-AA indicates that the unit vacuum breaker is the same as used in Model V100-A. Present at the inspection were Chief Engineer L. V. Huber of the Committee on Test and P. C. Platt, representing the applicant.

Recommendation

On the basis of the inspection and data submitted by the applicant, the Committee on test recommends the amendment of the resolutions of November 8, 1939, November 26, 1940 and April 11, 1944, so as to include the approval of Model V-100-AA Sloan Vacuum Breaker.

(Sgd.) HARRIS H. MURDOCK,
Chairman,
LESLIE V. HUBER,
Chief Engineer,
JOHN A. DARTS,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolutions of November 8, 1939, November 26, 1940 and April 11, 1944 in accordance with the above report.

729-44-SA

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 729-44-SA

February 19, 1954

Subject: Amendment to resolution as to establishing capacity of Noex Dry Cleaning Units.

MINUTES

The American Laundry Machinery Co., requested by letter dated July 20, 1953 that the resolution adopted June 17, 1947 and as amended June 27, 1950 under Cal. No. 729-44-SA be amended so as to establish the dry load capacity of the following units #1, 1A, 1B, 1C, 1D, 1E, 1F and 1H.

Purpose

The appliances are dry cleaning units using a solvent having a flash point of 138.2 deg. F. commonly known as 140 deg. F. units.

Description

The units herein mentioned were approved by the Board June 17, 1947 and June 27, 1950 under Cal. No. 729-44-SA. The models 1 and 1B have a washer 30" x 40" and the models 1A, 1C, 1D, 1E, 1F and 1H have a washer 30" x 48".

In view of the action of the Board November 24, 1953 under Cal. No. 838-53-GR the dry load capacity shall be figured on the basis of 2.8 lbs. per cu. ft. of washer.

Models 1 and 1B

30" x 40" = 16.3 cu. ft.

16.3 cu. ft. x 2.8 = 45.7 lbs. of dry wash.

Models 1C, 1D, 1E, 1F and 1H—30" x 48".

30" x 48" = 19.6 cu. ft.

19.6 cu. ft. x 2.8 = 54.9 lbs. of dry wash.

Recommendation

The Committee on Test recommends that the resolution adopted June 17, 1947 and amended June 27, 1950 under Cal. 729-44-SA be amended so as to establish the dry load capacity of the following Noex Dry Cleaning Units. Models 1 and 1B—45.7 lbs. of dry wash, Models 1C, 1D, 1E, 1F and 1H—54.9 lbs. of dry wash, on condition that in all other respects the requirements of the resolution adopted June 17, 1947 under Cal. No. 729-44-SA be complied with.

(Sgd.) HARRIS H. MURDOCK,
Chairman,

LESLIE V. HUBER,
Chief Engineer,

JOHN A. DARTS,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby amend the resolutions of June 17, 1947 and June 27, 1950 in accordance with the above report.

309-46-SA

APPLICANT—Wayne Home Equipment Co., owner.

SUBJECT—Application reopened September 15, 1953—re Wayne Oil Burner, Model 0; re—Amendment to resolution as to additional model and permission to market under additional trade names.

APPEARANCES—

REPORT OF COMMITTEE ON TEST

Re: Cal. 309-46-SA February 18, 1954

Subject: Amendment to resolution as to additional model and permission to market under additional trade names.

Wayne Home Equipment Co., Inc. Fort Wayne, Ind. requested by letter dated June 26, 1953 that the resolution

adopted July 9, 1946 and amended May 31, 1950 under Cal. No. 309-46-SA be amended to include Model E. and permission to market Model E. under additional trade names. The application was reopened by a vote of the Board September 15, 1953.

Purpose

The appliance is a gun type fuel oil burner.

Description

Model E. is similar to the models approved by the Board under Cal. No. 309-46-SA except that the 10,000 volt transformer is located on the top of the fan housing instead of on the side and the supports of the burner are brackets, located at the bottom, instead of a pedestal base. In all other respects, the Model E is similar to the Model O, A, B and AB.

Recommendation

The Committee on Test recommends that the resolution adopted July 9, 1946 and amended May 31, 1950 under Cal. No. 309-46-SA be amended so that the models recommended for approval (including those models previously approved) are the Wayne Oil Burner Models O, A, B, AB and E. The Committee further recommends that the Model E. may be marketed under the additional trade names Norge Heat Division Model FOB 53 and COB 53; Atlantic Steel Boiler Model OE; Bard Mfg. Co. Model OE; Dewey-Shepard Co. Model OE; Delux Co. Model OE; Dornback Furnace and Foundry Co. Model OE; Excel Co. Model OE and Dowagrac Steel Furnace Co. Model OE, on condition that the requirements of the resolution adopted July 9, 1946 under Cal. No. 309-46-SA be complied with.

(Sgd.) HARRIS H. MURDOCK,
Chairman,

LESLIE V. HUBER,
Chief Engineer,

JOHN A. DARTS,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby amend the resolutions of July 9, 1946 and May 31, 1950 in accordance with the above report.

443-47-SM

APPLICANT—Armstrong Cork Co., Inc., owner.

SUBJECT—Application reopened October 20, 1953—re Armstrong's Corkboard and Corkboard Lagging (insulation for cylindrical tanks); re—Amendment to resolution as to additional use of Corkboard.

APPEARANCES—

For Applicant: M. A. Gensler.

ACTION OF BOARD—Resolution amended in accordance with the report of Committee on Test.

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 443-47-SM

February 23, 1954

Subject: Amendment to resolution as to additional use of Corkboard.

Armstrong Cork Co., New York requested by letter dated September 30, 1953 that the resolution adopted November 5, 1947 under Cal. No. 443-47-SM be amended so as to include the use of corkboard as a roof insulation. The application was reopened by a vote of the Board October 20, 1953.

MINUTES

Recommendation

As C26-680.a.2 reads "The use of cork or fibre board as roof insulation is lawful provided such cork or fibre board is covered with an approved type of fire resistive roof covering applied directly thereto." The Committee on Test recommends that the resolution adopted November 5, 1947 under Cal. No. 443-47-SM be amended so as to permit the use of Armstrong Corkboard as a roof insulation under the provisions of C26-680.a.2 Administrative Building Code, on condition that the requirements of the resolution adopted November 5, 1947 under Cal. No. 443-47-SM be complied with.

(Sgd.) HARRIS H. MURDOCK,
Chairman,

LESLIE V. HUBER,
Chief Engineer,

JOHN A. DARTS,
Assistant Engineer,

Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 1027-47-SA-Vol. II February 23, 1954

Subject: Amendment to resolution as to additional models.

U. S. Machine Co., Indiana, requested, by filing an application dated September 15, 1952, that the resolution adopted May 10, 1949 under Cal. No. 1027-47-SA—Vol. I be amended to include additional models of Winkler Low Pressure Oil Burner. The application was reopened under Cal. No. 1027-47-SA—Vol. II by a vote of the Board of October 21, 1952.

Description

The Board approved the Winkler Low Pressure Oil Burner Models LP-2 and L2F under Cal. No. 1027-47-SA. The additional models L-3 and L-6 are basically the same as the approved models except that the new models are designed for greater capacity.

Recommendation

The Committee on Test recommends that the resolution adopted May 10, 1949 under Cal. No. 1027-47-SA—Vol. I be amended so as to include additional models of Winkler Low Pressure Oil Burners so that the Oil Burners recommended for approval under this resolution (including those models previously approved) are the Winkler Low Pressure Oil Burner Models LP-2, L2F, L-3 and L-6, on condition

that the requirements of the resolution adopted May 10, 1949 under Cal. No. 1027-47-SA—Vol. I be complied with.

(Sgd.) HARRIS H. MURDOCK,
Chairman,

LESLIE V. HUBER,
Chief Engineer,

JOHN A. DARTS,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution of May 10, 1949 in accordance with the above report.

344-48-SA

APPLICANT—Bede Products, Inc., owner.

SUBJECT—Application reopened December 15, 1953—re Bede Paint Heater (electrically operated); re amendment of resolution re Bede Paint Heater, previously approved.

APPEARANCES—

For Applicant: Peter S. Gluck.

ACTION OF BOARD—Resolution amended in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Cal. 344-48-SA

February 23, 1954

Subject: Application for consideration—amendment of resolution re Bede Paint Heater (electrically operated) previously approved.

The Board of Standards and Appeals December 20, 1949 approved the Bede Paint Heater electrically operated for use in New York City under the Paint Lacquer Rules. Request was made for reopening and amendment of the resolution and the case was reopened December 15, 1955. The new model is known as Model UU and consists essentially of two units of the heater as approved by the Board December 20, 1949. Two of the original heater units are enclosed in an approximately sheet metal container. Each of the two units consist of an aluminum casting containing the tubing through which the paint passes, and enclosing a thermostat, two cartridge heaters and a fusible link which serves as a safety device to prevent excessive temperatures in case the thermostat should fail to operate. A three inch thick asbestos insulating pad is provided between the castings, and the intermediate base of the outer enclosure. The space between the inner casting assembly and the outer enclosure and the space between the top of the casting and the cover of the outer enclosure is filled with glass wool insulation. Inlet paint connections are provided near the lower end and outlet connections near the upper end of the device. Circulation is affected by a fluid pump manufactured by the Geo. D. Roper Corp. of Rockford, Ill. The pump is gear driven by a centrifugal type air motor manufactured by the Gast Mfg. Corp. Benton Harbor, Mich. A further amendment is requested to include in the approval a new model of the same type of paint heater model E. This model E is built on same principles as model U. The main difference being the size, paint flow and heating arrangement. Model E is smaller than Model U, paint which flows through spiral tubing in Model U runs through a flat-lying channel in Model E. Heating elements are cast in the aluminum base below the paint flow channel. Model E is operated by the same pump and air motor as Model U; thermostatic control and pressure gauge are the same.

MINUTES

Inspection and Test

The new model E was inspected and tested at 719 Broadway, New York City and found to operate as designed. Present at the test were Chief Engineer Leslie V. Huber of the Committee on Test, Inre Chairman and Peter Gluck, representing the applicant.

Recommendation

On the basis of the inspection and test, the Committee on Test recommends that the resolution of December 20, 1949 be amended so that as amended it shall read:

"On the basis of the data submitted by the applicant, the Committee on Test recommends the approval of the Bede Paint Heater electrically operated Models, U, UU and E, for use in New York City under the Paint and Lacquer Rules of the Board of Standards and Appeals when installed and operated in accordance with this report and the report and recommendation of the Underwriters Laboratories, Inc., of Chicago and in compliance with the Electrical Code of the City of New York, provided the appliance bears a label permanently affixed reading: 'Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 344-48-SA.'"

(Sgd.) HARRIS H. MURDOCK,
Chairman,
LESLIE V. HUBER,
Chief Engineer,
JOHN A. DARTS,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution of December 20, 1949 in accordance with the above report.

316-52-SM

APPLICANT—Emanuel M. Glick, for Armstrong Cork Co., owner.

SUBJECT—Application April 8, 1952—Armstrong's Minatone (soundproof walls and ceilings), approval of.

APPEARANCES—

For Applicant: M. A. Gensler.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Klei-
ert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Cal. No. 316-52-SM February 23, 1954

Subject: Armstrong's Minatone (Soundproofing for walls and ceilings), approval of.

Armstrong Cork Co., filed April 8, 1952, an application with the Board of Standards and Appeals for approval of Armstrong's Minatone soundproofing for walls and ceilings, under the provisions of C26-178.0.b and C26-88.0 Administrative Building Code.

Purpose

An incombustible acoustical tile.

Description

Minatone is composed largely of fiberglas fibers bonded with starch. In the manufacture of this product the fiberglas fibers, fillers and binders are mixed uniformly together then laid down on forming equipment into a wet mat.

The mats are then dried at elevated temperatures after which they are sanded, sized, perforated and painted. Each

unit is sanded to uniform thickness and is accurately and squarely cut to the desired unit size. After the painting operation the material is inspected and packed in corrugated cardboard cartons with 40 square feet of $\frac{5}{8}$ " thick material per carton. The material is now ready for warehousing or shipping as desired.

Inspection and Test

A forty minute fire test was made on a ceiling panel covered with $\frac{5}{8}$ " minatone (a perforated acoustical material)—at the Research Center of Armstrong Cork Company at Lancaster, Pennsylvania, on May 22, 1952. Present at the test were Chief Engineer Leslie V. Huber, of the Committee on Test, Emanuel H. Glick, M. A. Gensler, and R. E. Shambo, representing the applicant. The test was conducted by A. D. Parks, in charge of test, J. H. Withman and J. R. McMichael, of the Laboratory.

The test panel consisted of nine 12" x 12" x $\frac{5}{8}$ " Minatone tiles cemented to a 36" x 36" x $\frac{1}{2}$ " cement-asbestos board using S-128 Cement. The surface of the tiles had a standard factory—applied paint finish.

The test panel was assembled by the Acoustical Section of the Research and Development Center of the Armstrong Cork Company.

The test procedure was in accordance with the fire test requirements of Federal Specifications for "Acoustical Units, Prefabricated", SS-A-118a Section F3c (1). The test panel was suspended in a horizontal position over an air-gas burner. The burner was fitted with a $\frac{3}{4}$ " diameter nozzle, the top of which was 28 $\frac{3}{4}$ " below the fire exposed face of the panel. Using a semi-luminous flame, the temperature of the fire-exposed face was increased in accordance with the Columbia time-temperature curve. The flame temperature was measured, with a chromel-alumel thermocouple made of No. 8 B & S gauge wire placed in a 3" horizontal coil one inch below the center of the specimen. The wire was bare for a distance of 2 inches from the junction.

After cutting off the gas, there was no flaming. Glow lasted for approximately 5 seconds. Smoking continued for about 2 minutes.

All material was intact at the end of the test. There was no flaming from the sample at any time. Smoke came from the panel for approximately 2 minutes.

An examination of the panel after it was removed from the test position indicated the following:

There were no cracks nor fissures on the surface.

Gray discoloration over circle 10 $\frac{1}{2}$ " in diameter.

Area of char after removing burned portion 11" diameter circle.

Burned through area 4" x 4".

In test of sound absorption co-efficients were made at.

Cycles—	128	256	512	1024	2058	4096
	.25	.56	.92	.99	.77	.60

The noise reduction co-efficient was .85.

Recommendation

On the basis of the inspection and test, and the data submitted by the applicant, the Committee on Test recommends the approval of Armstrong's Minatone (an incombustible acoustile tile), for voluntary use in New York City, as having met the requirements of C26-88.0, when manufactured as herein described, provided each package or container of this material be marked, labeled or stamped: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 316-52-SM"; and that the tiles be kerfed for mechanical suspension, and only used in a mechanical suspension system under the provisions of C26-461.0 Administrative Building Code.

REPORT OF COMMITTEE ON TEST

Re: Cal. 484-52-SM February 23, 1954

Subject: Socony 46-J-2159 Black Pipe Sealing Compound (for pipe thread and coupling on petroleum oil lines), approval of.

Socony Paint Products Co., owner-manufacturer, filed June 16, 1952, an application with the Board of Standards and Appeals for approval of the Socony 46-J-2159 Black Pipe Sealing Compound (for pipe thread and couplings on petroleum oil lines) under the provisions of C19 Adm. Code.

Purpose

A pipe joint sealer for lines carrying petroleum products only.

Description

This black pipe sealing compound composed of Flake Orange Shellac Gum 52.39 Carbon Black 3.9% Formula #1 Denatured Alcohol 43.8%.

This material is used as a pipe joint sealer for lines carrying petroleum oil products only. Joints may be broken at any time without injury to the fittings. Supplied ready to use as received in a rather heavy body which can be thinned with any conventional alcohol.

Inspection and Test

This material was inspected and tested at the Greenpoint laboratory of the Standard Oil Company, and found to comply with specifications. A two inch pipe was fitted together with this compound at the joints and subjected to a 200 lb. hydrostatic pressure without leakage. Present at the test were Chief Engineer Leslie V. Huber of the Committee on Test, Ed. Crawford and H. Bendelari, representing the applicant.

Recommendation

On the basis of the inspection and test, and the data submitted by the applicant, the Committee on Test recommends the approval of Socony 46-J-2159 Black Pipe Sealing Compound for pipe thread and couplings when used with fuel oil, gasoline, or naphtha, but not for use with pipe subject to water or steam, on condition that each container of Socony 46J-2159 Black Pipe Sealing Compound (for pipe thread and couplings or petroleum oil lines) bear a label reading: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 484-52-SM."

The Socony Paint Products Co., owner-manufacturer filed June 16, 1952, an application with the Board of Standards and Appeals for approval of Socony 46-R-2 Red Paste Sealer for pipes and couplings under the provisions of C19 Administrative Code.

Purpose

A sealer for pipe threads and couplings on petroleum oil lines.

Description

This is a composition consisting of Bleached White French Shellac Gum 30.4%, Venetian Red Oxide 44.1% and Formula Denatured Alcohol 25.5%. Weight per Gallon 12 lbs.

This is used as a pipe joint sealer for lines carrying petroleum products only. Supplied ready to use in a rather heavy body, if necessary to thin use small quantity of alcohol.

Inspection and Test

This material was inspected and tested at the Greenpoint Laboratory of the Standard Oil Co., and found to comply with specification. A 2 inch pipe was fitted together with this compound at joints and subjected to 200 hydrostatic pressure without leakage. Present at the test were Chief Engineer L. V. Huber of the Committee on Test, Ed. Crawford and H. Bendelari, representing the applicant.

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 175-53-SM

January 28, 1954

Subject: Zone Heavy Duty Roof Coating-Fire Plate, approval of.

The Zone Company, owner-manufacturer, filed March 6, 1953, an application with the Board of Standards and Appeals for approval of the Zone Heavy Duty Roof Coating and Fireplate.

Purpose

A fire resisting roof coating.

Description

This material, zone heavy duty roof coating, is a treated natural asphalt containing long fiber asbestos, and tung oil. Zone Fire Plate is similar to Zone Heavy Duty roof coating but contains in addition, a chlorinated inorganic gelling agent. The bitumen asphalt used has a flash point in excess of 500 deg. F.

Inspection and Test

The specimen tested consisted of a combustible deck over which were applied 3 layers of 25 lb. felt with a brush coat of 1½ gal. per square of Zone heavy duty roof coating. A brand test on this material was conducted at the Farm Colony, Staten Island on October 28, 1953, in accordance with Group 16 Fire tests of Roof Covering. The Brand was completely consumed in 17 min. with no effect on the decking and no effect on the 3 layers of felt. There was no appreciable rise in temperature of the combustible decking.

A brand test on the fireplate, 2 layers of felt with 2 brush coating and a top of a fire retarding composition (fire plate) was then conducted. The brand was completely consumed in 16 minutes with no effect on the layers of felt and no appreciable rise in temperature of combustible decking.

Recommendation

On the basis of the test approval is recommended of Zone Heavy Duty Roof Coating and Fireplate, as meeting the requirements of Group 16 Fire Test of Roof Covering Administrative Building Code. It is also recommended that this material when used in New York City shall have each package or roll marked or labelled: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 175-53-SM."

REPORT OF COMMITTEE ON TEST

Re: Cal. 386-53-SA

February 3, 1954

Subject: Detrex Dry Cleaner Process Model 421, approval of.

The Detrex Corporation, owner-manufacturer of Detroit, Michigan, filed May 14, 1953, an application with the Board of Standards and Appeals for approval of the Detrex Model 421 Dry Cleaner Process under the provisions of C26-178.0.b and Chapter 19 Administrative Code.

Purpose

Dry cleaning processing machine for dry cleaning of garments, drapes, etc. using non-inflammable non combustible liquid perchlorethylene as the cleaning fluid, having a capacity of 20 lbs. of dry load.

Description

The process consists of two main machine assemblers, one of which is a washing machine, where the work is washed in the solvent and in which most of the solvent is removed by centrifugal extraction. The clothes are then placed in the second closed unit where a final solvent recovery is performed and any trace of odor is removed. The cleaning machine has an hourly capacity of three to four 18 to 20 pound loads of garments (dry weight) and the recovery unit is designed to remove the solvent and deodorize at an even greater capacity. The solvent is rated by the Underwriters' Laboratories at zero flammability on a scale in which Kerosene (100 deg. F. flash) rates 30 to 40 and ether rates 100. The dry cleaning process is approved by the Underwriters' Laboratories Electrical 19047 Application #52C1050. The dry-cleaning machine is designed for operation on 220 volts single phase 60 cycle current. The synth-O-saver for operation on 100 volts, single phase 60 cycle current. The total converted electrical load for the dry cleaning process is approximately 2½ H. P. The electrical service of 220 volts single phase to the dry cleaning unit is supplied through a fused line disconnect switch, fused with 25 ampere fuses.

Inspection and Test

A model of this appliance was inspected and tested at 85 Lafayette Ave., Brooklyn, and found to conform to the specifications. The machine was loaded with 18 to 20 lbs. dry weight clothing, etc. Present at the test were Chief Engineer Leslie V. Huber of the Committee on Test, and F. J. Chmielnicki, representing the applicant.

Recommendation

On the basis of the inspection and test and the data filed by the applicant, the Committee on Test recommends the approval of the Detrex Dry Cleaner Process Model 421 having a capacity of 20 lbs. dry load, for voluntary installation in New York City under the provisions of C26-178.0, on condition, that the equipment is as herein described and the solvent used is classed as non-flammable (Perchlorethylene). The committee further recommends that in the event that the solvent is changed, the electric motors shall be changed to comply with the requirements of C19-80.0.d Administrative Code, and all installations in which the solvent used is not of the non-flammable type (Perchlorethylene) shall comply with the requirements of Art. 13 Chapt. 19 Administrative

REPORT OF COMMITTEE ON TEST

Cal. 573-53-SA February 26, 1954

Subject: Wayne Dispensing Gasoline Pump Model 505 Duo 1 and Model 505 Duo 2, approval of.

The Wayne Pump Co. of Salisbury, Maryland, owner-manufacturer, filed July 2, 1953, an application with the Board of Standards and Appeals for approval of the Wayne Dispensing Gasoline Pump, Model 505 Duo 1 and 505 Duo 2 under the provisions of C19-69.0 Administrative Code.

Purpose

Gasoline Dispensing pump with two dispensing hose for separate or simultaneous delivery of fuel.

Description

The Wayne Due 1 has single suction line dispenses one brand of gasoline through double outlets each equipped with retriever hoses. It has a single pumping unit, motor and air separator, dual meters, computers interlocks and flow indicators. There are two dials on either side for easier service. The pump has explosion proof solenoid valves. The Wayne Duo 2 has a double suction line and dispenses two brands of gasoline, has two outlets, pumps, meters, computers, interlocks and flow indicators; it has two separate dials on either side.

Model 505 Duo 1 has a base width of 22 $\frac{3}{4}$ inches base depth of 16 $\frac{1}{2}$ ", pump height 57". The pumping unit is an internal gear type rotary with by-pass valve and suction strainer. The motor is a $\frac{3}{4}$ H.P. 1-60-115/230 continuous duty explosion proof type. The meter unit is a positive displacement four cylinder type with brass cylinder liners and carbon valve seat. The delivery rate is 15 g.p.m. with one nozzle open and conventional nozzle without check valve 11 g.p.m. from each nozzle with both open. Model 505-Duo-2 Pump, is two complete pumping systems two hose outlets for two grades of gasoline, dimensions are the same as Model 505 Duo 1. The pumping unit is the same as 505 Duo 1. The motor is a $\frac{1}{2}$ H.P. otherwise similar to that for 505 Duo 1. The hose and nozzles and delivery rate are the same.

Inspection and Test

Inspection and test of these models were made at Brown Service Station, Asburton Avenue, and Broadway, Yonkers, and found to conform to specifications. Present at the inspection and test were Chief Engineer Leslie V. Huber of the Committee on Test and James J. Cotsonas, representing the applicant. The pumps have been approved by the Underwriters' Laboratories.

Recommendation

On the basis of the inspection and test and the data submitted by the applicant, the Committee on Test recommends the approval of the Wayne Dispensing Gasoline Pump, Model 505 Duo 1 and 505 Duo 2 for use in New York City when manufactured and operated in accordance with this report and the provisions of C19-69.0 Administrative Code, on condition that each pump bears a label permanently affixed reading: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 573-53-SA."

REPORT OF COMMITTEE ON TEST

Re: Cal. 583-53-SM February 23, 1954

Subject: Hamilton Single Gooseneck Pedestal Faucet and Hamilton Swing Spout Mixing Faucet, Models L-18VB and L-019VB, approval of.

Hamilton Manufacturing Co., Wisconsin, filed July 30, 1953, an application with the Board of Standards and Appeals for approval of the Hamilton Single Gooseneck Pedestal Faucet and Hamilton Swing Spout Mixing Faucet Models L-18VB and L-019VB under the provisions of C26-1277.0.1 Administrative Building Code, and the Submerged Inlet Rules of the Board.

Purpose

The material is a laboratory type plumbing fixture.

Description

This plumbing fixture is designed for use in hospitals, laboratories and for places in which a hose connection can be made for use in bench sinks.

The vacuum breaker is incorporated in the gooseneck or spout outlet which is at least four inches above the discharge spout.

MINUTES

Inspection and Test

The two models were inspected and tested at 32 Vanderwater Street, New York City in the presence of Asst. Engr. J. A. Darts, Committee on Test, E. O. Bauman, Chief Inspector, Bureau of Water Register; H. Gralow, Inspector, Water Consumption and J. M. Mitchell and A. R. Salvesson, representing the applicant.

All parts of the units remained tight under water pressures from 35 p.s.i. to 2 p.s.i. and at no time did the vacuum breaker leak at the higher pressures or show signs of weeping at the low pressures. The units were then subjected to sustained and intermittent vacuum of 27.5", 22.5", 15.0" and 7.5" Hg. and at no time did back flow occur.

Recommendation

On the basis of the inspection and test and the data filed by the applicant, the Committee on Test recommends the approval of the Hamilton Single Gooseneck Pedestal Faucet and the Hamilton Swing Spout Mixing Faucet Models L-18VB and L-019VB for use in New York City under the provisions of the Submerged Inlet Rules of the Board, on condition that the faucets be stamped "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 58-53-SM," or in lieu thereof, a die or stamp be made and stamped or labeled on article bearing the following inscription within a circle around the periphery at the top the word "APP'VD", along the bottom "BD.S.&A.", in the center, two lines, upper line, reading "N.Y.C.", lower line reading "CAL 583-53-SM".

Resolved, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

649-53-SA

APPLICANT—The Wayne Pump Co., owner.
SUBJECT—Application August 14, 1953—Wayne Gasoline Dispensing Pump, Models 500, 505, 500 CDM and 505 CDM, approval of.

APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Appliance approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Cal. 649-53-SA February 26, 1954

Subject: Wayne Gasoline Dispensing Pump, Models 500, 505, 500 CDM and 505 CDM, approval of.

The Wayne Pump Co. of Salisbury, Maryland, owner-manufacturer, filed August 14, 1953, an application with the Board of Standards and Appeals for approval of the Wayne Gasoline Dispensing Pump Models 500, 505, 500 CDM and 505 CDM under the provisions of C19-69.0 Administrative Code.

Purpose

Pumps for dispensing gasoline having a pumping unit air separator.

Description

These pumps are of the type conventionally used having a pumping unit, air separator, meter computer, interlock and flow indicator with the usual flexible dispensing hose terminated by a control nozzle. The model 500 has an internally counterweighted section of hose for increased hose length when needed, while the model 505 does this with an extra loop of hose supported on the outside of the pump by a counterweighted cable. These pumps have similar components to those of model 80 approved under Cal. No. 779-38-SA. Of the liquid handling parts the float chamber hose and nozzle are nearly identical. The meter and air separator differs only as to shape. The gear type pumping unit is similar to that approved on other types of pumps.

Inspection and Test

The pumps were inspected and tested at 60 E. Post Road, White Plains, New York, and found to conform to specifications. Present at the inspection and test were Chief Engineer Leslie V. Huber of the Committee on Test and J. J. Cotsonas, representing the applicant. The pumps have been approved by the Underwriters' Laboratories.

Recommendation

On the basis of the inspection and test and the data submitted by the applicant, the Committee on Test recommends the approval of the Wayne Gasoline Dispensing Pump, Models 500, 505, 500 CDM and 505 CDM for use in New York City, on condition, that the pumps be constructed and operated in accordance with the report, and the requirements of C19-69.0 Administrative Code, provided each pump bears a label permanently affixed reading: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 649-53-SA."

Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Cal. 742-53-SM

March 2, 1954

Subject: Acme 275 Gal. Obround Basement Fuel Oil Storage Tank, approval of.

The Acme Tank and Welding Division of The United Tool and Die Company, owner-manufacturer, filed October 13, 1953, an application with the Board of Standards and Appeals for the approval of the Acme 275-Gallon Obround Basement Fuel Oil Storage Tank, under the provisions of the Oil Burner Rules of the Board of Standards and Appeals.

MINUTES

Purpose

A 275 Gal. oil storage tank for basement installation.

Description

These tanks are constructed of #10 U. S. gauge commercial grade hot rolled steel. They are obround in shape and measure 42 inches by 26 inches by 63 inches. The heads are dished convex. The shells are formed of one piece with lap of one inch at seam and welded. There are 4 two inch pipe connections welded on top and a 3/4 inch steel spud is provided in the bottom of one head to be used as a drain. The tanks are provided with standard pressed steel pipe supported lugs. The seams, spud and legs are welded. Total weight without lugs approximately 375 lbs.

Inspection and Test

A sample tank was subjected to a pressure test at the applicant's plant at Hartford, Conn., in the presence of Chief Engineer L. V. Huber of the Committee on Test and Richard Rusch, representing the applicant. The tank successfully met the requirements of Rule 10.3.1 of the Oil Burner Rules. Details of construction; workmanship and protection of steel were found to comply with the Rules of the Board.

Recommendation

On the basis of the inspection and test and the data submitted by the applicant, the Committee on Test recommends the approval of the Acme 275 Gallon Obround Basement Fuel Oil Storage Tank for use in New York City, provided the tank bears a label permanently affixed reading: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 742-53-SM."

REPORT OF COMMITTEE ON TEST

Re: Cal. 746-53-SM February 18, 1954

Subject: Swallow Roof Coating, approval of.
S. C. Swallow, Inc., Mount Vernon, N. Y. filed October 15, 1953, an application with the Board of Standards and Appeals for approval of the material known as Swallow Roof Coating under the provisions of C26-605.0 through C26-608.0 Administrative Building Code.

Purpose

The material is a flame resistant roof covering.

Description

The material consists of the following ingredients—85% asphalt and 15% asbestos fiber. The materials both asphalt

and asbestos, are placed in a batch mixer where they are intimately mixed and the finished product is then packaged in 5 gallon cans.

Inspection and Test

The specimen tested consisted of a typical combustible deck covered with 3 layers of roofing felt and a brush coat of Swallow Roof Coating.

The test was conducted in accordance with the requirement of C26-606 & C26-607 Administrative Building Code. Results were as follows: The spread of fire did not exceed 6 1/2 inches; there was no ignition of the deck construction and all flaming died out within 1 1/2 minutes after the consumption of the brand.

Recommendation

On the basis of the inspection and test and the data filed by the applicant, the Committee on Test recommends the approval of the material known as Swallow Roof Coating; as having met the requirements of C26-608.0 Administrative Building Code, for use in New York City, on condition that each can in which this material is marketed shall be tagged or labeled: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 746-53-SM."

REPORT OF COMMITTEE ON TEST

Re: Cal. 768-53-SM February 23, 1954

Subject: Green Seal Wax Gaskets, approval of.
R. Levine, owner-manufacturer of Cleveland, Ohio, filed October 21, 1953, an application with the Board of Standards and Appeals for approval of the Green Seal Wax Gasket, for use in setting closet bowls under the provisions of C26-1250.0 Administrative Building Code.

Purpose

To provide a floor slab or ring of materials impervious to moisture for use with toilet bowls.

Description

The applicant contends that the material is a compound of non volatile and non asphaltic materials, that it contains no oil; that it is wholly a mineral product and will not support bacterial life; that it is gas and fume proof; that it is watertight; that it will not freeze, dry or harden and is non-staining where applied on tile or concrete surfaces.

Inspection and Test

The material was inspected and tested at Oakley and East St., Elmont, L. I. and found to act as designed, and in

MINUTES

accordance with C26-1250.0 Administrative Building Code, and the provisions of Federal Specifications HHC536. Present at the test were Chief Engineer Leslie V. Huber of the Committee on Test and Irwin I. Platsky, representing the applicant.

Recommendation

On the basis of the inspection and test and the data submitted by the applicant, the Committee on Test recommends the approval of the Green Seal Wax Gasket for setting toilet bowls for use in New York City, when manufactured and used in accordance with this report, and the provisions of C26-1250.0 Administrative Building Code, provided each package or container of the material shall bear a label reading: "Approved by the Board of Standards and Appeals for use in New York City under Cal. THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 788-53-SM

February 24, 1954

Subject: Eagle Safety Cans (1 gal., 2½ gal., 5 gal., capacity), Container for temporary storage of flammable liquids, Models UI-50-S, UI-25-S and UI-10-S, approval of.

The Eagle Manufacturing Co. of Wellsburg, W. Va., owner-manufacturer, filed November 3, 1953, an application with the Board of Standards and Appeals for approval of the Eagle Safety Cans UI-50-S, UI-25-S and UI-10-S (5, 2½, 1 gal. capacity) under the provisions of C19 Administrative Code.

Purpose

Safety containers for temporary storage of flammable liquids.

Description

Eagle Safety Cans are intended to be used for the temporary storage and handling of flammable liquids such as gasoline, naphtha, kerosene, fuel oil, etc.

The entire line of Eagle Safety Cans is designed to prevent fire hazard and are used for transferring, dispensing, and temporary storage of flammable liquids. Eagle Safety Cans have been approved by Underwriters' Laboratories, Inc., and Factory Mutual and are listed and labeled in accordance with specifications of both companies.

The Eagle Manufacturing Company now have available three sizes of Safety Cans, namely, 5 gallon, 2½ gallon, and 1 gallon capacities.

The body and top (breast) of Eagle Safety Cans are made from 24 U.S.S. ga. (0.025) tenn plated steel. Top and body are each drawn in one piece and joined together by a circumferential body to top joint, electric seam welded.

The handle is designed and constructed for carrying, opening the spout valve cap, and also for holding the can while dispensing. The sides, or bails, are made from #14 U.S.S. gauge steel. The handle grip is cylindrical in shape, 3⅞" wide and formed in a cylinder from 20 U.S.S. gauge steel.

The pouring and filling spout is 1⅝" inside diameter is made from seamless brass tubing of not less than 0.05"; secured to top of can by soldered lock seam.

The cap (Eagle spout valve cap) is leakproof when closed and is made from 16 U.S.S. gauge steel; operated in conjunction with the handle. The gasket seal is made from material resistant to liquids, Armstrong gasket material #CN-705, and is secured through the valve cap, with ¼" #20 round head brass machine screw. The cap is self closing and is operated against substantial spring pressure with a strong zinc plated steel spring.

Flame arresters or screen strainers are provided with Eagle Safety Cans when used in New York City. Eagle flame arresters or screen strainers are made from double brass screen (inside wire screen of No. 10 mesh 20M wire ga. and outside wire screen of No. 28 mesh 13M ga. wire) and are of ample size and substantial design so that the flow of liquid will not be unduly restricted when filling or dispensing. They are so designed that they can be readily removed for cleaning.

The body of Eagle 5 gallon, 2½ gallon, and 1 gallon Safety Cans is reinforced with a U.S.S. #16 gauge steel band, or shock rim, substantially secured to body. This steel band, or shock rim, will also act as a handle when dispensing and is amply strong to carry the weight of can and contents and also protect the seam and bottom from abrasion and damage.

Metal protective coatings removed or injured in the process of manufacture are replaced by solder. Springs, rivets, and other parts are non-corrosive to liquids for which these cans are specified. Zinc plating of springs have a thickness of not less than 0.00075". The ends of split pins used for pivoting parts of the spout valve and operating handle mechanism are properly spread apart to prevent such pins from working out of position.

Inspection and Test

A model of this safety can was inspected and tested by the Committee on Test, and found to operate as designed. There was no backfiring at the outlet and no destruction of the can. Present at the test were L. V. Huber, Chief Engineer, Committee on Test and A. P. Hendricks, representing the applicant. The can has been approved by the Underwriters' Laboratories, Inc., File MH5018 and the Factory Mutual approval report 12385.

Recommendation

On the basis of the inspection and test and the data submitted by the applicant, the Committee on Test recommends the approval of the Eagle Safety Can, Models UI-50-S, UI-25-S and UI-10-S (5, 2½ and 1 gal. capacity) for use in New York City, when manufactured and used in accordance with this report, on condition that each can bears a label permanently affixed reading: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 788-53-SM."

Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 830-53-SA February 23, 1954

Subject: National Gas Boilers Series 22, 33, and 44, approval of.

National Radiator Co., Johnstown, Pa., filed November 2, 1953, an application with the Board of Standards and Appeals for approval of the appliance known as the National Gas Boiler Series 22, 33 and 44 under the provisions of Article 12 Chapter 26 Administrative Building Code.

Purpose

The appliance is a gas fired boiler for domestic and/or commercial installation but not to be used in garages or places of explosive atmospheres.

Description

The appliance is a packaged gas fired boiler used principally in domestic and commercial installations.

The boiler consists of cast iron raised port burners; number depending on number of section—1 burner less than the number of sections. The heating element is constructed of cast iron minimum thickness $\frac{1}{8}$ " these elements are serpentine tapered in order to give greater heat extraction. Flue collector is also of cast iron minimum $\frac{1}{8}$ " thick. Draft diverter is of 22 gauge metal and is so constructed that it does not interfere with the normal draft operation but will baffle any down draft or block stack condition. The enclosing jacket is of 18 or 20 gauge and the boiler is insulated with 1 to 2 inches of fibreglass insulation.

The controls consist of the following: Diaphragm Gas Valve which is operated by the room thermostat, safety pilot, limit control and low water cut off. Room Thermostat—Safety Pilot which provides for complete shut off of main gas supply due to any malfunction. Gas pressure regulator. When the installation is a hot water installation, the control is a water temperature limit control. When steam—a steam pressure limit control and low water cut off.

When the gas used is natural gas, a pilot line gas pressure regulator is provided. When manufactured gas—a pilot line filter is provided.

Inspection and Test

The appliance was inspected by Asst. Engr. J. A. Darts, Committee on Test and J. Lindsay representing the applicant. The appliances have been approved by the American Gas Association under 4-(446.3, -3.3 and 05.3) .001; 4-(446-1.3; -4.3 and 6.3) .001; 4-(446)-2.3 & -7.3) .001; 4-(208-1.5 & 2.5) .001; 4-(208-4.5 & -7.5) .001; 4-208-5.5 & -8.5) .001; 4-(184-1.3, -1.4 & -1.5) .001; 4-(184-3.4 & -4.5) .001; 4-(184-4.4 & -5.5) .001 and 4-(184-2.4-3.5 & -6.5) .001.

Recommendation

On the basis of the inspection and test and the data filed by the applicant, the Committee on Test recommends the approval of the National Gas Boilers Series 22, 33 and 44 for use in New York City in domestic and commercial installations (but not to be installed in garages or places of explosive atmospheres) when constructed in accordance with this report and installed in accordance with the requirements of Article 12 Chapter 26 Administrative Building Code. The

Committee further recommends that the National Gas Boilers Series 22, 33, and 44 may be marketed by Surface Combustion Corp. under the trade name Janitrol Series 22, 33, and 44, on condition that each appliance bears a label, permanently affixed reading as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 830-53-SA."

(Sgd.) HARRIS H. MURDOCK,
Chairman,

LESLIE V. HUBER,
Chief Engineer,

JOHN A. DARTS,

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 915-53-SA January 25, 1954

Subject—Genoco Oil Burner Model B-3, approval of.

The General Oil Heating Corp., owner-manufacturer of West New York, N. J. filed December 30, 1953, an application with the Board of Standards and Appeals for approval of the Genoco Oil Burner Model B-3, under the provisions of C26-178.0.b Administrative Building Code, C19-57.0 Administrative Code and the Oil Burner Rules of the Board of Standards and Appeals.

Purpose

A mechanical draft gun type oil burner for domestic installation.

Description

The device is a mechanical draft gun type oil burner having a cast iron housing and steel blast tube. To the housing is attached a motor, fan and fuel unit; an electrode assembly and a nozzle. It has a capacity of from .65 to 3.25 gallons per hour, #2 fuel oil Department of Commerce Standards. The motor is $\frac{1}{8}$ H.P. 1725 RPM 110V 60 cycle split phase flange mounted, and a manual overload switch. The transformer is a Magnet Corp. 10000 V midpoint grounded hinged mounting. The fan is a Sirocco 6 inch diameter x $3\frac{3}{4}$ inches. The combustion head one piece bladed type with stamped steel secondary air restrictor. The fuel unit consists of strainer pump and regulating valve in one unit. The pump is a Sundstrand or Webster or equal. The motor is a Delco $\frac{1}{8}$ or $\frac{1}{16}$ H.P. The controls consist of a stack switch M-H RA-117 or mereoid J. M. I., Pressuretrol MH P404A, Thermostat TA86, and aqestat MH L4006A.

Inspection and Test

The burner was inspected and tested at 324 55th Street, West New York, New Jersey and found to operate as designed. Present at the test were Chief Engineer Leslie V. Huber of the Committee on Test, William D. Brooks, William D. Brooks, Jr. and James A. Brooks, representing the applicant.

MINUTES

The burner was operated with the oil supply shut off and the controls shut down the burner in 80 seconds. An examination of the details of assembly of approved parts, indicates that replacement parts are interchangeable and the burners functioned properly throughout their operating range. The CO₂ in the flue gas was 10%.

The burner has been approved by the Underwriters' Laboratories, Incorporated, Misc. Petroleum 955 Appl. No. 53C2116.

Recommendation

On the basis of the inspection and test and the data submitted by the applicant, the Committee on Test recommends the approval of the Genoco Oil Burner, Model B3 for domestic and commercial use in New York City with fuel oil not heavier than #2 U. S. Department of Commerce Standards, when installed and operated in accordance with this report and the Oil Burner Rules of Board of Standards and Appeals, on condition that each burner bears a label permanently affixed reading: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 915-53-SA." The Committee further recommends that the Genoco Oil Burner Model B3 may be marketed by the International Heater Company under the trade name Genesee Oil Burner Model B3 and by Oneida Heater Co. under the trade name of Royalist.

(Sgd.) HARRIS H. MURDOCK,
Chairman,
LESLIE V. HUBER,
Chief Engineer,
JOHN A. DARTS,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this appliance in accordance with the above report.

SUBJECT—Appeal reopened March 9, 1954, for consideration as to amended plans and new decision—re appeal from a decision of the borough superintendent.

PREMISES AFFECTED—597-603 Crescent avenue, north side, 45.06 ft. west of Hughes avenue (Block 3073, Lot 33), Borough of The Bronx.

APPEARANCES—

For Applicant: Peter R. Viscardi.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Klei-
ert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated February 11, 1954 on Alt. Applic. 46/52, reads:

"Proposed change of exits from manufacturing area is contrary to approved plan of Board of Standards and Appeals, Cal. 493-52-A."

and

WHEREAS, the Board on January 13, 1953 under this calendar number modified objections 1 and 2 issued by the

Borough Superintendent June 30, 1952 on Alt. Applic. 46/52 on condition that the floor loading of the 2nd floor be not less than 75 lbs. per superficial foot and that this loading apply only for use and occupancy proposed, and that the floors be not loaded beyond such 75 lbs. capacity; that the loading on the 2nd floor be posted; that the proposed means of egress be constructed and maintained and in addition a counterbalanced ladder from balcony at 2nd floor level be constructed and that a ladder be provided leading to the roof as indicated on plans filed December 3, 1952, 10 sheets, and December 19, 1952, 2 sheets, on the further condition that the proposed enclosure of the new stairs of the 2nd floor be enlarged so as to install a double runged ladder leading to a scuttle in the roof, with an easy opening scuttle fastener; that the building be not increased in height and area and in other respects the building and occupancy to comply with all laws, rules and regulations applicable thereto; and

WHEREAS, the applicant states that it is now proposed to discontinue the use of the existing stairs from 1st to second floor, the floor opening to be covered over, and new stairs are to be located at the east end of the 2nd floor, and that it is proposed to change the counterbalanced fire escape from the windows located at the center of the building at 2nd floor front to windows closer to the west lot line; and

WHEREAS, the applicant contends that changing the location of the interior stairs will give more space and freedom of movement to employees of the factory; and

WHEREAS, the applicant contends that the new location of the fire escape for use as a second means of egress from the 2nd floor will provide that the exits will be remote from each other; and

WHEREAS, the applicant therefore requests that the resolution adopted by the Board January 13, 1953 be amended so as to accept the exit conditions as proposed on the revised plans filed with this request for amendment.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on January 13, 1953, by adding thereto:

"* * * that in the event the owner desires to change the location of the stairs as indicated on revised plans marked 'Received February 17, 1954' (5 sheets), showing proposed conditions and plans marked 'Received February 17, 1954' (6 sheets), showing existing conditions, such change in location of stairs and exterior fire escape may be made provided in all other respects the resolution as above cited adopted January 13, 1953, shall be complied with; that the new proposal has been passed upon by the Borough Superintendent under Alt. Applic. 46/52, Objection dated February 11, 1954."

705-53-A

APPLICANT—Arnold A. Arbeit, for Lonmoor Realty Inc., owner.

SUBJECT—Application September 29, 1953—Filed pursuant to Section 310 of the Multiple Dwelling Law for variation of Section 34 of the Multiple Dwelling Law re inner court, etc.

PREMISES AFFECTED—128-134 West 183rd street, south side, 86.22 ft. west of Loring place (Block 3223, Lots 30 and 32), Borough of The Bronx.

APPEARANCES—

For Applicant: Arnold A. Arbeit.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Klei-
ert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated August 29, 1953, on Alt. Applic. 306/53, reads:

"A1. Approval of the illegal two rentable apartments created from the original approved one five room jani-

MINUTES

tor's apartment in the cellar of the six story and cellar non fireproof Class A Hereafter Erected Multiple Dwelling will be contrary to Sec. 34 subdiv. 1-(b) of the Multiple Dwelling Law.

A2. New four room apartment opening on lot line inner court, and to street outer court, between wings, for janitor's apartment is contrary to Sec. 34 Multiple Dwelling Law."

and

WHEREAS, the applicant states the building is six stories, 64 ft. in height, 100 ft. by 122 ft. 10 in. in area, Class 3 construction, erected in 1938 on a lot 100 ft. front by 133.55 feet and 170.13 ft. in depth in a residence use, B area, Class 1½ height district; used and occupied since 1938: Cellar—storage, boiler room and one-family; 1st to 6th floors, inclusive, 8 families per floor; proposed to be used and occupied as follows: Cellar—storage, boiler room and three families; 1st to 6th floors—8 families per floor. The building is provided with one 4 ft. 8 in. wide interior stairs of steel stringers and risers, enclosed in brick, equipped with fireproof, self-closing doors, and leads from roof bulkhead direct to street, and four fire escapes, two at front and two at rear, extending to roof by ladder and to street and yard by ladder; egress from the rear fire escape is through fireproof passageway to street; and

WHEREAS, Violation #784 was issued by the Division of Housing January 30, 1953, for altering the building in violation of Section 300 and Section 302, subdivision 2 of the Multiple Dwelling Law; and

WHEREAS, the owner was convicted and sentence suspended in Municipal Term, Magistrates Court May 29, 1953, on charge of violation of the Multiple Dwelling Law; and

WHEREAS, the applicant states that this is a request for relief under Sections 310, 34 and 216 of the Multiple Dwelling Law as amended by the State Legislature in 1953 so as to permit the occupancy of two cellar apartments and a janitor's apartment which are above grade and meet all other requirements in the spirit and adequacy of living quarters in regard to light, air, escape from fire and healthful sanitary conditions, and

WHEREAS, the applicant states that the building is a Class A multiple dwelling of Class 3 construction, erected in 1938, covering 60% of the lot; and

WHEREAS, the applicant states that the grade in front of the building varies approximately 10 feet and the apartments in question are on the lower grade; that the curb line directly in front of the apartments is lower than the finished floor necessitating four risers up to the living level; and

WHEREAS, the applicant states that apartment one contains a living room, bedroom, kitchenette and bathroom and apartment two contains a livingroom, bedroom, kitchen, foyer and bathroom; that the entrance to both apartments is directly from the street through a fire-retarded passage and the entrance to each apartment is equipped with a self-closing fireproof door; and

WHEREAS, the applicant contends that the grade in courts and yards are below the sills of the windows; that the ceiling height of apartments is 9 feet; that all walls and partitions are masonry, plastered both sides; that the apartments have been waterproofed and are completely dampproofed; that the rear yard is irregular, 50 feet at its widest point varying to 25 feet at the narrow portion, but there is a court yard 33 feet deep at this point; that the rear yard is approximately 3227 square feet and if the rear court yard opening into this rear yard is added, the area would be increased by approximately 500 square feet; that the percentage of the rear portion of the rear yard to the building is approximately 41%; that as this is a D area district, the surrounding properties must build on less than 50% of the area of the property which will result in the rear yard space, thus the additive effect of the adjoining yards would increase the light and air effectiveness of the rear yard portion of premises in question; that the area immediately surrounding the premises is to be used as a campus and R.O.T.C. field by New York University; that the condition now before the Board has been in existence prior to the acquisition of

property by present owner; that the tenants cannot be evicted under existing laws; that the premises could not be restored to its original conditions which never existed except on plans; and

WHEREAS, the applicant further contends that on May 29, 1953, the Corporation Counsel, appearing before the Municipal Term, Magistrates Court explained that the violation was a technicality; that the question of sub-standard living conditions was not involved; that the premises were ideal; that the landlord was acting in good faith and that the hardship imposed on the tenants was unreasonable and the Corporation Counsel requested that sentence be suspended; and

WHEREAS, the applicant therefore requests that in view of the favorable conditions involved, relief be granted to the owner and tenants to permit the use of the living spaces as indicated on plans filed with this application; and

WHEREAS, on inspection it was noted that the two rentable apartments were already occupied and that an apartment for the janitor had been constructed at the rear of them where there was a former storage room opening on a side court.

Resolved, that the decision of the Borough Superintendent, acting on Alt. Applic. 306/53, Objections A1 and A2, be and it hereby is *modified* and that the appeal be and it hereby is *granted* under the powers vested in the Board under Section 310 of the Multiple Dwelling Law, and to permit the apartments in question as indicated on plans filed with this appeal marked "Received September 29, 1953" (6 sheets), to be occupied for living quarters provided in all other respects the building and occupancy complies with the requirements of the Multiple Dwelling Law and all other laws, rules and regulations applicable thereto.

765-53-A

APPLICANT—Louis B. Santangelo, for Hanover Estates, Inc., owner.

SUBJECT—Application October 20, 1953—Appeal from a decision of the borough superintendent.

PREMISES AFFECTED—41-43 West 25th street, north side, 250 ft. east of Avenue of the Americas (6th); (Block 827, Lot 12), Borough of Manhattan.

APPEARANCES—

For Applicant: Herman E. Horwood.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating 3
Negative: Deputy Chief Connors 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated October 9, 1953 on amendment to Alt. Applic. #1033/53, reads:

"2-(a) Means of egress should comply with Section 271 of the Labor Law.

(b). 2 means of egress required from cellar, width of door should be 3'0".

(c). Passageway should be on first floor for rear exterior stairs—cellar passageway not acceptable.

(d). Rear stairway should have a min. width of 3'0 thruout (Note—some landings are 30" wide.)"

and

WHEREAS, the applicant states the building is 11 stories, 140 ft. in height, 50 ft. by 93 ft. 9 in. in area at street floor, 50 ft. by 85 ft. in area at typical floor, of fireproof construction, erected in 1906, located on a lot 50 ft. front by 98 ft. 9 in. in depth, in a business use, B area, class 1½ height district, and used and occupied since 1906 as follows: cellar—machinery storage and utility rooms, 2 persons; 1st floor—machinery sales and repairs, 16 persons; 2nd floor—stock room (girdles, etc.), 5 persons; 3rd floor—stock room novelties, 2 persons; 4th floor—manufacturing dresses, 12

MINUTES

persons; 5th floor—manufacturing elastic notions, 22 persons; 6th floor—manufacturing uniforms, 12 persons; 7th floor—manufacturing sportswear, 40 persons; 8th floor—office and stock room (yarns), 6 persons; 9th floor—manufacturing dresses, 40 persons; 10th floor—manufacturing curtains, 12 persons; 11th floor—manufacturing neckwear, 25 persons; that no change in use or occupancy is proposed; that the building is equipped with an approved standpipe system, an approved two source sprinkler system throughout, one interior 36 in. wide iron stairs, enclosed in 4 in. blocks, plastered both sides, equipped with fireproof, self-closing doors and extending from roof to street, and one fire escape at the rear extending to roof by stair and to yard by stair, with egress proposed from its lower termination through a fireproof passage in the cellar to the main stairs; that window and door openings on the course of the fire escape are fireproof, self-closing; and

WHEREAS, violation #7752 was issued September 28, 1953 for violation of section 271 of the labor law for failing to provide a legal secondary means of egress from all floors for all tenants, including cellar, as required by section 271 of the labor law; and

WHEREAS, the applicant states that the building is fireproof, was erected in 1906 and has been used as a tenant factory since erection; that the building is protected by a sprinkler system having two sources of supply consisting of a 12,000 gravity tank and a 6,000 gallon pressure tank on the roof of the adjoining building to the west under the same ownership, and that the building also has ADT central office fire alarm and a standpipe system fed from a 7500 gallon house and standpipe tank on the roof; and

WHEREAS, the applicant contends that as to objection 2, that the primary means of egress is an interior stairway 36 in. wide, properly enclosed, equipped with fireproof doors and extending from cellar to roof bulkhead; that the 2nd means of exit is an exterior iron stairway extending from cellar to roof and exists now as it existed at the time the egress was accepted by the Board under Cal. No. 912-23-S; and

WHEREAS, the applicant contends as to objection 2b, that there are now two exits from the cellar, one consisting of the interior stairway and the other a horizontal opening 30 in. wide with standard swing fire doors each side, leading to adjoining building at the west; that the objection of the Borough Superintendent is based on the fact that this opening is not 36 in. in width; that the cellar is used by the occupant of the 1st story for the storage of machinery and for utility purposes by the engineer of the building; that there is no heating apparatus in the cellar as steam is provided from the adjoining building; that no one is regularly employed in the cellar; that in addition there is an accommodation stairway leading to the 1st story; that it is proposed that the passageway in the cellar from rear iron stairway be provided with an opening equipped with fireproof door facing the interior stairway; and

WHEREAS, the applicant contends as to objection 2c, that under Cal. No. 912-23-S the Board accepted as a means of egress from the lower termination of the exterior iron stairway, egress by an iron stairway to yard at east and thence through a passageway in the building to the east leading to the street; that this building to the east has been demolished and the lot is used temporarily as a parking lot but will shortly be built upon and the owner now feels that he should provide the passageway entirely within the building under appeal; that since the existing exterior iron stairway now terminates at cellar level, permission is requested to construct a fireproof passageway 3 ft. wide from said cellar termination leading to the main stairway in the cellar and thence up to the street; and

WHEREAS, the applicant contends as to objection 2d, that the rear iron stairway was constructed in 1906 prior to the enactment of the labor law; that it has $7\frac{3}{4}$ in. to 8 in. risers and treads approximately $8\frac{1}{2}$ in. and is screened to a height of 5 ft.; that the fireproof doors leading to this exterior iron stairway are 2 ft. 8 in. clear width and are at floor level; that the objection of the Borough Superintendent is based on the fact that the intermediate landings

are 30 in. wide; that in section 268 of the labor law there is no specific dimension for width of stairs or landings.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the requirements of the Labor Law, as cited in a decision of the Borough Superintendent, as to amendment to Alt. Applic. 1033/53, Objections 2a, b, c and d, inclusive, and that the decision be and it hereby is *modified* and that the appeal be and it hereby is *granted* to permit the means of exit as shown on plans filed with this appeal marked "Received October 20, 1953" (5 sheets), as amended "March 19, 1954" (1 sheet), *on condition* that the building shall not be increased in height or area and in all other respects shall comply with all laws and rules relative to the occupancy; that the occupancy of each floor above the first shall be limited to the permitted capacity of the primary means of exit; that the capacity of the primary means of exit may be figured based on provisions of the labor law as to any additional occupancy due to the sprinkler system; that there shall be no manufacturing in the cellar.

306-49-A—Vol. IV

APPLICANT—DeRose and Cavaleri, for Mary Valente, owner.

SUBJECT—Application (reopened January 5, 1954 as Vol. IV)—Filed pursuant to section 310 of the Multiple Dwelling Law for a variation of the provisions of Section 9 Subdivision 5 of the Multiple Dwelling Law as to exits. PREMISES AFFECTED—320 West End avenue and 259 West 75th street, northeast corner (14th floor); (Block 1167, Lot 1), Borough of Manhattan.

APPEARANCES—

For Applicant: George J. Cavalieri.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION of BOARD—Appeal withdrawn to comply.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated October 29, 1953, acting on amendment as to Alt. Applic. 2319/48 reads:

"A6. Reconsideration denied. Egress requirements for increase in the number of apartments at the 14th sty. must conform to Sec. 9 sub. 5B of the Multiple Dwelling Law."

and

WHEREAS, the Board deemed that the requirements for the sprinkler system in the stairways should be complied with, and that the proposed sprinkler fed from existing roof tank should not be approved; and

WHEREAS, it appears that one of two stairways in the building is an interior tower fire escape, but width of treads is not stated; and

WHEREAS, the applicant requested withdrawal of this appeal to comply.

Resolved, that this appeal be and it hereby is *withdrawn* to comply.

567-53-A

APPLICANT—Nash-Manhattan Inc., City of New York, lessee (Department of Marine and Aviation, owner).

SUBJECT—Application July 29, 1953—Appeal from a decision re an order of the fire commissioner.

PREMISES AFFECTED—West side of Marginal street, 20 ft. south of West 131st street (Block 2004, Lot—None), 125th Street Ferry Terminal, Borough of Manhattan.

*CORRECTION

The minutes of the meeting of the Board of Standards and Appeals held on June 30, 1953, as they appeared in Bulletin No. 27, Vol. 38, are hereby corrected to read as follows:

309-40-BZ—Vol. I

APPLICANT—Lama, Proskauer and Prober, for Domenick Salzone, owner.

SUBJECT—Application for consideration—reopening and extension of term of variance—re Application (decision of the Borough Superintendent) previously granted on condition, under sections 7e and 21 of the zoning resolution, permitting in a residence use, C area district, for a

term of years, the maintenance of a public garage for more than five motor vehicles, using more than the area permitted and without the required rear yard.

PREMISES AFFECTED—125-127 Carroll street, north side, 129 ft. west of Henry street (Block 349, Lot 32), Borough of Brooklyn.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application reopened and term of variance and time to complete extended and resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating and Deputy Chief Guinee 4
Negative 0

THE RESOLUTION—

WHEREAS, this application was granted by the Board on February 11, 1941, as Vol. I, on certain conditions; and

WHEREAS, the term of variance was extended from time to time and last extended on April 12, 1949; and

WHEREAS, this application was granted by the Board on June 8, 1948, as Vol. II on certain conditions; and

WHEREAS, time to obtain permits and complete the work was extended from time to time and last extended on May 19, 1953; and

WHEREAS, the applicant requested an amendment of the resolution and a further extension of the term of variance and time to obtain permits and complete the work.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on June 8, 1948, with reference to N.B. Applic. 101/47, only so far as it has reference to the time within which to obtain permits and complete the work, so that as amended this portion of the resolution shall read:

"* * * that in view of the new decision by Borough Superintendent under N.B. Applic. 784/53, and in view of the fact that no work was done under N.B. 101/47, but calling for the same work, that this resolution may be deemed to apply under N.B. Applic. 784/53; and granted under section 7 subdivision e, as to use and Section 21 as to area for a term of two years from the date of this amended resolution; that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution and that a Certificate of Occupancy shall be obtained".

* Correction—Calendar number 309-40-BZ-Vol. II changed to 309-40-BZ-Vol. I.

*CORRECTION

The minutes of the meeting of the Board of Standards and Appeals held on January 19, 1954, as they appeared in Bulletin No. 4, Vol. 39, are hereby corrected to read as follows:

662-53-BZ

APPLICANT—Lama, Proskauer and Prober, for Charles H. Hunsdorfer, owner, Socony-Vacuum Oil Co., lessee.

SUBJECT—Application August 26, 1953 (decision of the borough superintendent), under sections 7c, 7i and 7h of the zoning resolution, to permit in a retail use district the reconstruction and extension of existing gasoline service station, to include lubritorium, car wash, motor vehicle repairs, store, utility room and office, and to permit the parking and storage of motor vehicles.

PREMISES AFFECTED—1228-1242 Forest avenue and 441 Jewett avenue, southeast corner (Block 354, Lot 32), West Brighton, Borough of Richmond.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

Negative 0
Absent: Commissioner Kleinert 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on December 22, 1953 after due notice by publication in the Bulletin; hearing closed; laid over to January 19, 1954, for decision; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Forest avenue are in a retail use, D area, class 1 height district; Jewett avenue is in local retail and retail use, D area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated August 25, 1953 acting on N.B. Applic. 439-53, reads:

"1. The extension and rebuilding of an existing gasoline station located in a Retail Use district to a gasoline service station, lubritorium, car washing, motor vehicle repair (hand tools only), of motor vehicles is contrary to Article II, Sect. 4(a) sub-sections (29) and (46) of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 151.77 ft. and 25 ft. frontage by 50 ft. in depth, irregular, on which is located a gasoline service station consisting of a one-story brick and frame building having a frontage of 41 ft. 3 in., a depth of 25 ft. 7 in. and containing a store, lubritorium, car washing and motor vehicle repairs, together with six 550-gallon gasoline tanks and four pumps; that as of July 25, 1916 the premises were in a business use, C area, class 1½ height district and was changed to its present use on January 21, 1942, and to a class 1 height district and D area on August 2, 1943; that it is proposed to remove the present building and redevelop the entire site as a modern gasoline service station to consist of eight 550-gallon gasoline tanks and four pumps; that the proposed accessory building will contain the conjunctive uses of store, utility room, lubritorium, motor vehicle repairs with hand tools only and car washing; that the building will be modern in design with a frontage of 56 ft., a depth of 34 ft. 4 in., one story in height and of class 3 construction; and

WHEREAS, the applicant contends that fire department records show that in 1919 under Alt. 76-1919 a permit was issued for one 550-gallon gasoline tank on a plot having a frontage of 97.52 ft. on Forest avenue and a frontage of 25 ft. on Jewett avenue; that in 1930 under Alt. 1276-30 a permit was issued to install 3 additional 550-gallon tanks on the same plot; that department of housing and buildings records show that in 1930, under N.B. 769-30, a permit was issued for a 16 ft. by 24 ft. one-story frame accessory store to the gasoline station on a plot having a frontage of 25 ft. on Jewett avenue and a frontage of 97 ft. on Forest avenue; that no certificate of occupancy was issued; that in 1937 under Alt. 567-30 a permit was issued for a one-story 25 ft. by 26 ft. frame extension to cover over the grease pits; that certificate of occupancy No. S-79 was issued January 1, 1938 for office and lubritorium pits; that in 1945 under Misc. 271-45 a permit was issued to install two additional 550-gallon tanks; that the easterly part of the site is now occupied by a two-story frame dwelling having a frontage of 20 ft. 6 in. and a depth of 37 ft. 3 in.; and

WHEREAS, the applicant further contends that the highly modern design of the building will go far towards improving the appearance of the entire area; that Forest avenue is a main auto lane and as such the proposal is entirely in keeping at this point; that the present gas station has been in operation since 1919 so that its need in the community has been demonstrated and its rebuilding will render a more efficient service to the public; that the present dwelling now in between the present station on the west and a store on the east is out of keeping; that there are sufficient stores now in the area for public requirements so that the only

feasible use for that part of the site containing the dwelling is the extended gas station as proposed; that there are no other gas stations in the affected area and the rebuilding and extension of the present gas station is vital for fast and efficient service to the public; that the rear of the site will be used for parking and storage of motor vehicles; that the rebuilt gas station will be in complete harmony with the affected area; and

WHEREAS, the Committee recommends that the application should be granted to permit the extension of the lawfully existing gas station by increased area within the retail district; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c, h & i, of the zoning resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7, Subdivision c, to permit reconstruction and extension of the lawfully existing gasoline station to the additional area within the retail use district, substantially as proposed and as indicated on plans filed with this application marked "Received August 26, 1953," 5 sheets, *on condition* that all buildings and uses on the existing gasoline station shall be removed as proposed, and the premises arranged substantially as indicated on such plans as cited; that the accessory building shall be of the design and arrangement as indicated and faced with face brick or other equivalent masonry material; that in all other respects the accessory building shall comply with the requirements of the Building Code and all other laws applicable; that there shall be erected on the interior lot lines to the east, south, west and where walls of adjoining masonry buildings do not occur a woven wire fence of the chain link type on a masonry base to a total height of not less than 5 ft. 6 in.; that pumps of an approved low type shall be erected not nearer than 15 ft. to the street building line; that the balance of the premises where not occupied by accessory building and pumps shall be paved with concrete or asphalt; that the number of gasoline buried storage tanks, in addition to those installed, shall not exceed a total of eight (8) such tanks; that curb cuts shall be located where shown, three to Forest avenue and one to Jewett avenue, 20 ft. in width as shown, with no curb cut nearer than 5 ft. to a building line as prolonged; that there shall be erected within the intersection of the street lines a block of concrete not less than 12 in. in height, extending for a distance of not less than 5 ft. along Forest avenue and not less than 5 ft. along Jewett avenue; that the sidewalks and curbs shall be reconstructed or repaired to the satisfaction of the Borough President; that under section 7, subdivision i, there may be minor repairing with hand tools for adjustments only and maintained only within the accessory building; that under Section 7, Subdivision h, there may be for a term of five (5) years, the parking and storage of motor vehicles awaiting service; that all greasing and washing equipment shall be of the hydraulic lift type; that signs shall be restricted to a permanent sign attached to the facade of the accessory building and to the illuminated globes of the pumps, excluding all roof signs and all temporary signs but permitting the erection within the building line near the intersection of one post standard for supporting a sign which may be illuminated, advertising only the brand of gasoline on sale and permitting such sign to extend beyond the building line for a distance of not more than 4 ft.; that such portable fire fighting appliances shall be maintained as the Fire Commissioner shall require; that all permits shall be obtained and all work completed within the requirements of Section 22A of the zoning resolution.

* Correction—The curb cut measurements along Forest avenue and Jewett avenue inserted to read "20 ft. in width" and the measurement of the block of concrete along Jewett avenue changed from "22 ft." to "5 ft." as printed in the resolution.

APPEALS AS TO MULTIPLE DWELLINGS

The Legislature, under Chapter 333 of 1948, has clarified Section 60 of the Multiple Dwelling Law by describing the agency authorized to grant variances under this Section, so as clearly to mean in New York City—the Board of Standards and Appeals.

Chapter 508 of 1948 has also been adopted by the Legislature, amending the Multiple Dwelling Law to provide, under new Section 310, for a Board of Appeals. By description, the Board of Appeals means in New York City—the Board of Standards and Appeals. Section 310 provides as follows as to appeals:

LAWS OF NEW YORK—By Authority CHAPTER 508 OF 1948

§ 310. Board of appeals. 1. As used in this section "board" shall mean the agency of a city constituted as a board and authorized by law both to grant variances of the zoning resolution and to make rules supplemental to laws regulating construction, maintenance, use and area of buildings.

2. Where the compliance with the strict letter of this chapter causes any practical difficulties or any unnecessary hardships the board shall have the power, on satisfactory proof at a public hearing, provided the spirit and intent of this chapter are maintained and public health, safety and welfare preserved and substantial justice done, to vary or modify any provision or requirement of this chapter, or any rule, regulation, supplementary regulation, ruling or order of the department with respect to the provisions of this chapter, as follows:

a. For multiple dwellings and buildings existing on July first, nineteen hundred forty-eight, provisions relating to:

- (1) Height and bulk;
- (2) Required open spaces;
- (3) Minimum dimensions of yards or courts; or
- (4) Means of egress.

b. For multiple dwellings and buildings erected or to be erected after July first, nineteen hundred forty-eight,

and such dwellings thereafter altered or to be altered. provisions relating to:

- (1) Required open spaces; or
- (2) Minimum dimensions of yards or courts.

Variations or modifications may be granted pursuant to this paragraph b only on condition that open areas for light and air are provided which are at least equivalent in area to those required by the applicable provisions of this chapter.

3. An application for such a variance or modification may be made by any person aggrieved or by the head of any public agency, within such time and under such procedure, conditions and rules as may be prescribed by the board. The board shall fix a reasonable time for the hearing of an application and shall require that due notice be given of the time and place of such hearing to the applicant and to the department. Any person or a duly authorized representative of any public agency may appear at any such hearing and be heard on any such application.

4. In every case the board shall state the reason or reasons for its decision. All decisions of the board shall be subject to review in the same manner as is provided by law for review of decisions of such board respecting variances of the zoning resolution.

5. A record of all decisions of the board, indexed according to the section or sections of this chapter affected thereby, shall be kept in the office of the board. Such record shall be open to public inspection at all times during business hours.

NOTICE

THE BUILDING LAWS AND AMENDMENTS THERETO

THE VARIOUS BUILDING LAWS OF THE CITY OF NEW YORK ARE published in FOUR SEPARATE VOLUMES, consisting of matters affecting or relating to the construction, maintenance, alteration, demolition or removal of structures and buildings in the City of New York; including excerpts from the STATE LABOR LAW, the PLUMBING CODE, ELEVATOR RULES, THE NEW YORK CITY CHARTER, the complete BUILDING CODE OF THE CITY OF NEW YORK; the MULTIPLE DWELLING LAW, the STATE PLASTERING LAW, various local laws, and building and construction rules and regulations adopted by various City and State agencies.

PUBLIC HEARINGS

Tuesdays at 10 a. m. to 2 p. m.

Special meetings as published in this Bulletin.

All hearings are held in Room 1013, Municipal Building,
Borough of Manhattan.

HOURS OF CONSULTATION

10 A. M. to 1 P. M.

Any person desiring to consult the chairman or the
engineers, pertaining to the work of the board, will be
seen only between the hours of ten in the morning and
one in the afternoon—Saturdays excepted.

NOTICE TO APPELLANTS AND APPLICANTS

No appeal or application will be entertained in connection
with which court proceedings are pending or in progress,
unless exception is granted by the chairman, nor accepted
which is not filed within thirty days from the date of the
action of the Administrative Official.

Any communication purporting to be an appeal or appli-
cation shall be regarded as a mere notice of intention to seek
relief until it is filed on the form required by the rules of
this board.

Upon receipt of any such communication the writer will
be supplied with the official forms for presenting his appeal
or application.

At the time of filing an appeal or application, the appel-
lant or applicant shall forward a signed notice of appeal
addressed to the administrative official either borough super-
intendent of buildings or fire commissioner and file with
this board a duplicate of said notice.

Appellant and applicants are advised that their plans must
indicate the points of the compass so as to establish the true
location and position of the property, the subject of the
appeal or application.

Appeals and applications will be simplified and disposition
of same expedited by conforming to these directions.

PREMISES AFFECTED—153-02 to 153-26 North Hempstead turnpike, south side, 23, 41.07, 59.13, 77.20, 95.26, 113.33, 131.39 and 149.46 ft. east of 153rd street and 96.97, 105.03, 123.10 and 141.16 ft. west of Kissena boulevard (Block 6437, Lots 40 to 51 inclusive), Flushing, Borough of Queens.

HARRIS H. MURDOCK, *Chairman.*

MAY 4, 1954, 10 A. M.

NOTICE IS HEREBY GIVEN of a public hearing Tuesday morning, May 4, 1954, at 2 o'clock in Room 1013, Municipal Building, Manhattan, on the following matters:

456-37-BZ—Vol. II

APPLICANT—Fred C. Dahlem, for Samuel Gise, Morris Guise, David Guise and Samuel Loeb, owners.

SUBJECT—Application, December 15, 1953, reopened January 5, 1954 as Vol. II—re (decision of the borough superintendent) under sections 7f, 7i, and 7h of the zoning resolution, to permit in a business use district, the demolition of all structures on site including parking lot, metal garages, motor vehicle repair shop, four story dwelling, one story frame dwelling, one story metal building and two gasoline service stations, and to permit the erection and maintenance of a new gasoline service station, lubricatorium, car wash, motor vehicle repairs, storage and sale of accessories and office, and to permit the parking and storage of motor vehicles on unbuilt upon portion of plot.

PREMISES AFFECTED—4860-4866 Broadway, east side, 125 ft. south of West 204th street (Block 2234, Lots 7, 9, 10 and 14), Borough of Manhattan.

Laid over from March 23, 1954 to May 4, 1954, for inspection and decision; hearing closed; applicant to file statement as to continuous ownership, whenever it was changed on the two lots.

202-52-BZ—Vol. II

APPLICANT—Lama, Proskauer and Prober, for Robert Sutherland, owner.

SUBJECT—Application, January 5, 1954, reopened January 19, 1954 as Vol. II—re (decision of the borough superintendent) under sections 7c, 7A and 7h of the zoning resolution, to permit in a residence and business use district, the erection and maintenance of a kiddie park (amusement rides), and arcade building with show windows nearer the residence use distance than is permitted and to permit the parking of patron's cars (no fee to be charged).

PREMISES AFFECTED—3201-3213 Emmons avenue and 2844-2856 Brigham street, northwest corner (Block 7509, Lots 125 and 129), Borough of Brooklyn.

Laid over from March 23, 1954, to May 4, 1954, for inspection and decision; hearing closed.

728-53-BZ

APPLICANT—Melvin E. Kessler, for Sequoia Realty Corp., owner.

SUBJECT—Application, October 8, 1953—(decision of the borough superintendent) under sections 7f, 7i and 7h of the zoning resolution, to permit in a business use district, the erection and maintenance of a gasoline and oil selling station, lubricatorium, car wash, motor vehicle repairs and office; and to permit the parking and storage of more than five motor vehicles.

PREMISES AFFECTED—1800 East Gunhill road, southeast corner of Delanoy avenue (Block 4499, Lot 22), Borough of The Bronx.

Laid over from March 23, 1954, to May 4, 1954, for inspection and decision; hearing closed.

762-53-BZ

APPLICANT—Lama, Proskauer and Prober, for Michael Zeppetella, owner.

SUBJECT—Application October 21, 1953—(decision of the borough superintendent under section 7h of the zoning resolution, to permit in a residence use district the parking and storage of motor vehicles on unbuilt upon portion of plot.

PREMISES AFFECTED—1730-1736 66th street, south side, 240 ft. east of 7th avenue (Block 5560, Lots 25 and 27), Borough of Brooklyn.

Laid over from March 23, 1954, to May 4, 1954, for inspection and decision; hearing closed.

464-41-BZ—Vol. II

APPLICANT—Robert Gottlieb, for Louis Rothberg and Fannie Privot, owners.

SUBJECT—Application, December 11, 1953, reopened January 5, 1954 as Vol. II—re (decision of the borough superintendent) under sections 7f, 7i, and 7h of the zoning resolution, to permit in a business use district for a term of 15 years, the erection and maintenance of a gasoline service station, lubricatorium, motor vehicle repairs and office; and to permit the display and sales of used motor cars and the parking and storage of motor vehicles on unbuilt upon portion of plot.

PREMISES AFFECTED—3933-3939 3rd avenue, west side, 139.9 ft. north of East 172nd street (Block 2920, Lots 34, 35, 36 and 37), Borough of The Bronx.

Laid over from March 30, 1954, to May 4, 1954, for inspection and decision; hearing closed.

750-53-BZ

APPLICANT—Lama, Proskauer and Prober, for Bonnie R. Bast, owner.

SUBJECT—Application October 15, 1953—(decision of the borough superintendent) under section 7c of the zoning resolution, to permit in a residence and business district, the storage of new and used cars in conjunction with an auto agency.

PREMISES AFFECTED—94-26 to 94-34 81st street, west side, 49.10 ft. north of 95th avenue (Block 9006, Lot 12), Woodhaven, Borough of Queens.

Laid over from March 30, 1954, to May 4, 1954, for inspection and decision by the Board; hearing closed.

840-53-BZ

APPLICANT—Guerino Salerni, for Michael Crispino and Mary Niesi, owners.

SUBJECT—Application November 24, 1953—(decision of the borough superintendent) under section 7h of the zoning resolution, to permit in a residence use district the parking and storage of motor vehicles for a term of years.

PREMISES AFFECTED—58-43 to 58-47 Rodman street and 130-03 to 130-13 59th avenue northeast corner (Block 6354, Lot 46), Flushing, Borough of Queens.

Laid over from March 30, 1954, to May 4, 1954, for inspection and decision.

HARRIS H. MURDOCK, *Chairman.*

MAY 4, 1954, 2 P. M.

NOTICE IS HEREBY GIVEN of a public hearing Tuesday afternoon, May 4, 1954, at 2 o'clock in Room 1013, Municipal Building, Manhattan, on the following matter:

621-53-A

APPLICANT—Luminous Ceilings, Inc., for 135 Madison Ave. Corp., owner (French Fabrics, Inc., lessee).

SUBJECT—Appeal from an order and a decision of the Fire Commissioner.

APPEARANCES—

For Applicant: Benjamin Mosher, Robert Stanton and William V. Nabon.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Laid over to April 20 1954, at 10 A. M. for decision after applicant has filed revised plans as suggested.

447-41-BZ—Vol. II

APPLICANT—Samuel Rosenblum, for Samuel Thaw, owner.

SUBJECT—Application, December 2, 1953, reopened December 15, 1953 as Vol. II—re (decision of the borough superintendent) under sections 7c, and 7i of the zoning resolution, to permit in a business use district, the rearrangement of dispensing pumps, grease lifts, auto washing, and curb cuts, and to permit the addition of a welding room to motor vehicle repair shop.

PREMISES AFFECTED—2548 White Plains avenue, east side, 210.59 ft. south of Allerton avenue (Block 4433, Lots 23 and 25), Borough of The Bronx.

APPEARANCES—

For Applicant: Samuel Rosenblum and Samuel Thaw.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Laid over to April 6, 1954, at 10 A. M. for applicant to file revised plans, as suggested.

464-41-BZ—Vol. II

APPLICANT—Robert Gottlieb, for Louis Rothberg and Fannie Privot, owners.

SUBJECT—Application, December 11, 1953, reopened January 5, 1954 as Vol. II—re (decision of the borough superintendent) under sections 7f, 7i, and 7h of the zoning resolution, to permit in a business use district for a term of 15 years, the erection and maintenance of a gasoline service station, lubritorium, motor vehicle repairs and office; and to permit the display and sales of used motor cars and the parking and storage of motor vehicles on unbuilt upon portion of plot.

PREMISES AFFECTED—3933-3939 3rd avenue, west side, 139.9 ft. north of East 172nd street (Block 2920, Lots 34, 35, 36 and 37), Borough of The Bronx.

APPEARANCES—

For Applicant: Robert Gottlieb.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings and John J. Saunders, B'd of Education.

ACTION OF BOARD—Laid over to May 4, 1954, at 10 A. M. for inspection and decision; hearing closed.

924-50-BZ—Vol. II

APPLICANT—Kitzler and Nurick, for Abraham Bell, owner.

SUBJECT—Application, July 3, 1953, reopened October 20, 1953 as Vol. II—re (decision of the borough superintendent) under section 7f of the zoning resolution, to permit for a term of 15 years, in the business use portion of plot located in a residence and business use district, the erection and maintenance of a gasoline service station, lubritorium, motor vehicle repairs and office, with show windows nearer to residence use district than is permitted, and to permit the parking of more than five motor vehicles in conjunction with existing auto laundry.

PREMISES AFFECTED—2784-2806 Coney Island avenue and 741-751 Kathleen court, northwest corner and 744-754 Gerald court (Block 7224, Lots 70 and 72), Borough of Brooklyn.

APPEARANCES—

For Applicant: Henry J. Nurick and Abraham Bell.

For Opposition: Simon Gallet, Samuel J. Belfer, Alexander M. Inselman, Fred Sobel, Anna Consola, A. Enrico, A. Woroth, Anna Monte, Joseph Tuccio, Jennie Kurtz, Helen Herman and George Ross.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings and John J. Saunders, B'd of Education.

ACTION OF BOARD—Laid over to April 27, 1954, at 10 A. M.; the applicant has filed a correct affidavit as to ownership.

709-53-BZ

APPLICANT—Burke, Green and Groh, for Oblong Realty Corp., owner.

SUBJECT—Application October 2, 1953—(decision of the borough superintendent) under section 21 of the zoning resolution, to permit in an unrestricted use, D area district, the extension to existing warehouse, using more than the area permitted.

PREMISES AFFECTED—103-40 178th street, northwest corner of 104th avenue (Block 10330, Lot 120), Jamaica, Borough of Queens.

APPEARANCES—

For Applicant: Robert T. Groh and Jack Dorf.

For Opposition: Harry Berger, Frank Sharpe and Henry Haywood.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Laid over to April 20, 1954 at 10 A. M. for consideration and decision by the Board. The premises have been inspected by a committee of the Board prior to hearing.

750-53-BZ

APPLICANT—Lama, Proskauer and Prober, for Bonnie R. Bast, owner.

SUBJECT—Application October 15, 1953—(decision of the borough superintendent) under section 7c of the zoning

MINUTES

resolution, to permit in a residence and business use district, the storage of new and used cars in conjunction with an auto agency.

PREMISES AFFECTED—94-26 to 94-34 81st street, west side, 49.10 ft. north of 95th avenue (Block 9006, Lot 12), Woodhaven, Borough of Queens.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: Irwin S. Lewengood, Phyllis Presutti, Stella Presutti, Loretta Smith, Marie Giardullo, Edna Staiger, Giovanna Novara, Mary Lo Cascio, Ralph V. Marino, Charles E. Griffin, Esther H. Alexander, Rose Royal, Anna M. Schwartz, Anthony Valenti, Bertha Lewengood and John Petrino.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Laid over to May 4, 1954, at 10 A. M. for inspection and decision by the Board; hearing closed.

840-53-BZ

APPLICANT—Guerino Salerni, for Michael Crispino and Mary Niesi, owners.

SUBJECT—Application November 24, 1953—(decision of the borough superintendent) under section 7h of the zoning resolution, to permit in a residence use district, the parking and storage of motor vehicles for a term of years.

PREMISES AFFECTED—58-43 to 58-47 Rodman street and 130-03 to 130-13 59th avenue, northeast corner (Block 6354, Lot 46), Flushing, Borough of Queens.

APPEARANCES—

For Applicant: Guerino Salerni and Michael Crispino.

For Opposition: Frank Starke, Herman Schaffner, Patrick Leonard, Andrew Joseph Kappel, Gustave W. Wirth and Edw. Hoffman, Park Dept.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Laid over to May 4, 1954, at 10 A. M. for inspection and decision.

623-53-BZ

APPLICANT—Max Horn, for James J. Wolfson and Sydney M. Siegel, owners.

SUBJECT—Application August 17, 1953—(decision of the borough superintendent) under section 7e of the zoning resolution, to permit in a residence use district, the erection and maintenance of a gasoline service station, lubritorium, auto laundry (non automatic), and motor vehicle repairs.

PREMISES AFFECTED—60-15 Beach Channel drive and 60-16 Arverne boulevard, southeast corner (Block 385, Lot 41), Arverne, Borough of Queens.

APPEARANCES—

For Applicant: M. Horn.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings and John J. Saunders, B'd of Education.

ACTION OF BOARD—Application withdrawn without prejudice.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert and Deputy Chief Connors 3

Negative 0

Absent: Commissioner Keating 1

THE RESOLUTION—

WHEREAS, the applicant stated that the application is withdrawn as it is proposed to submit a different proposal for a different type of use.

Resolved, that this application be and it hereby is withdrawn without prejudice.

532-24-BZ

APPLICANT—John O'Brien, owner.

SUBJECT—Application reopened February 24, 1954 for consideration as to extension of term of variance—re Application (decision of the borough superintendent) previously granted on condition under section 7f of the building zone resolution, permitting in a residence use district, the maintenance of a garage for the storage of five pleasure motor vehicles, four spaces rented to persons not residing on the premises.

PREMISES AFFECTED—1075 Summit avenue, west side, 168.38 ft. north of West 165th street (Block 2526, Lot 52), Borough of The Bronx.

APPEARANCES—

For Applicant: John E. O'Brien.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Term of variance extended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, on February 10, 1925 this application was granted by the Board on certain conditions, under section 7f of the zoning resolution, to permit in a residence use district, for a term of two years, the existing temporary structure be limited in capacity to five automobiles of pleasure car type; and

WHEREAS, on April 26, 1927 and June 4, 1929 the term of variance was extended for two years; and

WHEREAS, on June 16, 1931, June 21, 1932 and September 29, 1936 the term of variance was extended for one year; and

WHEREAS, on December 7, 1937, January 7, 1941, January 26, 1943, April 12, 1949 and April 3, 1951 the term of variance was extended for two years; and

WHEREAS, the applicant requested reopening of this application and a further extension of the term of variance, which had expired by time limitation; and

WHEREAS, this application was reopened on February 24, 1954 and set for hearing on March 30, 1954 at 10 A. M., subject to regular procedure, waiving all requirements except a new decision of the borough superintendent and two publications in the Bulletin; and

WHEREAS, a public hearing was held on this application on March 30, 1954 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the borough superintendent, dated March 26, 1954 acting on amendment to B.N. Applic. 324-23, reads:

"Your application for a certificate of occupancy for use of the subject premises as a five car non-storage garage is DENIED, as the time limit granted by the Board of Standards and Appeals (Calendar No. 532-24-BZ) expired on April 3rd, 1953, and is contrary to Zoning Resolution Article 11 (3)."

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on February 10, 1925, as thereafter amended by resolutions adopted through April 3, 1951, only so far as it has reference to the term of variance, so that as amended this portion of the resolution shall read:

"granted under section 7, subdivision e for a term of two (2) years from the date of this amended resolution, to permit the continuance of the existing garage for the storage of not over five (5) cars, and permitting four of such car spaces to be rented, as passed on by the borough superintendent under decision dated March 26, 1954, acting on amendment to B.N. Applic. 324/23, on condition * * *; and that in all other respects the resolutions above cited shall be complied with; and that a new certificate of occupancy and all permits shall be obtained within three (3) months from the date of this amended resolution." (B.N. App. 324/23)

MINUTES

608-52-BZ—Vol. II

APPLICANT—Lama, Proskauer and Prober, for L. R. Realty Co., Inc., owner.

SUBJECT—Application August 26, 1953 (decision of the borough superintendent), under sections 7f, 7i and 7A of the zoning resolution, to permit in a business use district the erection and maintenance of a gasoline service station, office, showroom, sales and display, lubritorium, car wash, motor vehicle repairs and to permit the parking and storage of motor vehicles, with a show window nearer the residence use district than is permitted, for a term of fifteen years (previously denied, for a gasoline service station).

PREMISES AFFECTED—87-05 Roosevelt avenue and 37-61 to 37-69 87th street, northeast corner (Block 1475, Lot 42), Jackson Heights, Borough of Queens.

APPEARANCES—

For Applicant: Alfred A. Lama and Lazarus Rosenberg.

For Opposition: Melville Southard.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Klei-
ert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on October 27, 1953 subject to regular procedure, to consider rehearing on revised plan; and

WHEREAS, a public hearing was held on this application on February 9, 1954 after due notice by publication in the Bulletin; laid over to March 16, 1954, for inspection and decision without further argument; hearing closed; then to March 30, 1954, for applicant to file statement as to car agency involved; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Roosevelt avenue are in a business use, B area, class 1½ height district; 87th street is in residence and business use, B area, class 1½ height district; and

WHEREAS, the decision of the borough superintendent, dated August 7, 1953 acting on N.B. Applic. 3212-53, reads:

"1. The use of the premises as a gasoline service station, office, showroom, sales and display, lubritorium, car washing, minor auto repairs and parking & storage of motor vehicles in a business zone is contrary to Article II, Sec. 4, Subsections (a) 29, (a) 46, of Zoning Resolution.

2. The erection of a show window within a distance of 75' from a residence use zone is contrary to Art. II Sec. 7A of Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 100 ft. frontage by 100 ft. in depth, presently vacant, and used for sale of used cars; that it is proposed to erect a modern auto show room and gasoline service station to consist of ten 550-gallon gasoline tanks and four approved type gasoline pumps; that the contemplated showroom and accessory building will be highly modern in design, all facades to be of brick, and will have a frontage of 90 ft. and a depth of 30 ft., of class 3 construction throughout; and

WHEREAS, the applicant contends that Roosevelt avenue is a busy auto lane leading across Queens; that there are sufficient stores in the area for public needs at this time and all shopping in this community has moved to 37th avenue; that the proposed showroom is a permissible use on the site; that Roosevelt avenue is encumbered with an elevated railroad which renders the site unsuitable for anything but a non-conforming use; that block 1474, lot 37 is developed with a factory, block 1476, lot 34 contains a two story brick garage and block 1475, lot 27 is developed with a one story brick laundry; that these uses also preclude the use of the site for conforming uses; that the large home development in the area and the large transient traffic has created a need for the proposed showroom and gas station; that the land is high in

assessed value and it is therefore necessary to develop this land in such a manner that the owner will receive an equitable return on his investment; that although the site is owned by the present owner a short time, the previous owner had been in possession of it since before 1930 and had been unable to develop the land with a conforming use for the past 22 years; that this company was forced into liquidation through the ownership of this and similar property that was unfit for conforming use development; that the proposed showroom with its plate glass front within 75 ft. of the residence zone will not affect the residential aspect of 87th street as a planted area will be maintained at the rear of the site adjoining the residence zone and the show window occurs 25 ft. south of said zone; that the present factory directly across the street in block 1474, lot 37 affects the residential aspect of 87th street to the same degree as the proposal, in that it also has a show window within 75 ft. of the residence zone; that the agency contemplated for the proposed showroom is Long Island Motors, Inc., Queens, New York; and

WHEREAS, the premises and the surrounding area were inspected by a committee of the Board, which recommended that the application be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions f and i, of the zoning resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7f, to permit for a term of 15 years from the date of this resolution, the premises to be occupied primarily as a showroom for the sale of automobiles by the Long Island Motors, agents for the De Soto cars and for minor servicing in connection therewith, including the sale of gasoline as proposed, *on condition* that all uses, including the present parking use shall be removed from the premises; that the premises shall be constructed and arranged as indicated on plans filed with this application, marked "Received August 26, 1953" (3 sheets), as amended by revised plans marked "Received October 21, 1953" (2 sheets); that the premises shall be leveled substantially to the grade of the surrounding streets and shall be arranged and constructed and generally of the design shown on such revised plans marked "Received October 21, 1953" (2 sheets); that there shall be erected on the rear lot line a masonry brick wall to a height of not less than 5 ft. 6 in., properly coped and returned on the side lot line to the proposed accessory building on the east and along 87th street to the west a distance of approximately 25 feet and returned to the accessory building near the show window; that this portion of the premises at the rear of the accessory building shall be landscaped with suitable planting material; that the accessory building shall be arranged as shown on such revised plans mainly for showroom purposes and for sale and display of motor vehicle accessories and to permit under Section 7i of the zoning resolution, minor servicing, greasing and car washing; that the gasoline pumps shall be located not nearer than 15 ft. to the street building line of Roosevelt avenue, consisting of two islands with two pumps each; that the gasoline storage tanks shall not exceed ten 550 gallon tanks; that curb cuts shall be restricted to two 30 ft. cuts to Roosevelt avenue with no curb cut nearer than 5 feet to a side lot line as prolonged and one curb cut to 87th street within the first 25 ft. from the building line of Roosevelt avenue; that the balance of the premises shall be paved with concrete or asphaltic paving; that such portable fire-fighting appliances shall be maintained as the fire commissioner shall direct; that an additional wall or facing of lot line wall shall be erected on the easterly lot line from Roosevelt avenue building line to the accessory building, which may be of masonry base with a steel picket fence to a total height of 5 ft. 6 in., except it may be reduced to a total height of 4 ft. 6 in. within 10 feet of the street building line; that signs shall be restricted to a permanent sign attached to the facade of the accessory building, excluding all temporary and roof signs but permitting the erection within the building line at the intersection of 87th street and Roosevelt avenue of a post

MINUTES

standard for supporting a sign which may be illuminated, advertising only the brand of gasoline on sale, and which sign may extend beyond the building line for a distance of not more than 4 feet in direct line of the building line of 87th street; that at that point there shall be a block of concrete not less than 12 inches in height, extending for a distance of approximately 5 feet from the intersection along either building line; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

616-53-BZ

APPLICANT—Andrew Di Camillo, for Joseph Coscia, owner (Nicholas Pellidaro, lessee).

SUBJECT—Application August 11, 1953 (decision of the borough superintendent), under section 7i of the zoning resolution, to permit in a business use district the change in occupancy from auto laundry, battery-testing and simonizing of cars, to auto laundry, motor vehicle repairs and paint shop.

PREMISES AFFECTED—8822 4th avenue, west side, 23 ft. 7½ in. north of 89th street and 377 89th street (Block 6062, Lot 41), Borough of Brooklyn.

APPEARANCES—

For Applicant: Andrew Di Camillo.

For Opposition: Francis T. Maguire, Sarah McLeary and Grace Gool.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on February 9, 1954 after due notice by publication in the Bulletin; laid over to March 16, 1954, for inspection and decision; hearing closed; then March 30, 1954 for inspection and decision; after applicant has filed revised plans showing existing and proposed conditions; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and 4th avenue are in a business use, C area, class 1 height district; 89th street is in residence and business use, C area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated July 31, 1953 acting on Alt. Applic. 2544-53, reads:

"1. On a lot located in a business use district the proposed change in occupancy from Auto Laundry and Battery Testing and Simonizing of cars to Auto Laundry and Auto Body Repair Shop and Paint Shop is contrary to Art. 11 Sec. 4(a) Subdiv. 29 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 16 ft. 4½ in. frontage by 100 ft. in depth, irregular, on which is located a building 40 ft. front by 23 ft. and 41.5 ft. in depth, irregular, one story, 12 ft. in height, of class 3 construction, used as an auto laundry, auto body repair and paint shop; that certificate of occupancy No. 64218-31 for use as auto laundry has been filed; that it is proposed to permit the continuation of the site as an auto laundry, auto body repair and paint shop; and

WHEREAS, the applicant states that on February 10, 1953 the fire department issued a violation against the subject premises under order No. 47379LC; that the said violation called for a certificate of occupancy for motor vehicle repair shop and auto body repair shop; and

WHEREAS, the applicant contends that the subject site consists of a plot with a frontage on both 4th avenue and 89th street; that the plot has a frontage of 16 ft. 4½ in. on 4th avenue and is 100 ft. deep and is 40 ft. wide in the rear, parallel with 4th avenue and has a frontage of 77 ft. 7 in. on 89th street; that on this plot there is a one-story structure of

cement blocks; that this structure was constructed in two parts; that the first section was built under permit No. 4588-31 and certificate of occupancy No. 64218 was issued for use as an auto laundry; that an extension to the laundry 22 ft. by 23 ft. was constructed under Alt. No. 11237-32 and this extension was approved for the use of testing of batteries and simonizing of cars; that there are non-conforming uses in the area such as in block 6064, lot 28, directly opposite subject premises, there is a gas station granted by the Board under Cal. 404-48-BZ; that block 6065, lot 16 also contains a gas station granted by the Board under Cal. 752-29-BZ and in block 6062, lot 50 there are storage sheds and a private garage; that the area confined to the repair of auto bodies is small, 22 ft. by 23 ft., and involves mostly small repairs to auto bodies and fenders and painting and simonizing; that the shop operates only during the day and is closed by 6 P. M.; that no undue noise emanates from there and the shop is kept in an orderly condition; that the premises have been used for auto laundry and auto body repair and paint shop for many years without any apparent inconvenience to the surrounding neighborhood; that the present owner purchased the premises September 3, 1952 and had no knowledge that the repair shop had been illegally used for many years; that a variance is requested for a term of years with any conditions that may be set by the Board; and

WHEREAS, the premises and the surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision i of the zoning resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the zoning resolution and that the application be and it hereby is granted under Section 7i for a term of five (5) years, to permit the existing buildings where proposed and as indicated on plans filed with this application, marked "Received August 11, 1953" (2 sheets), and "December 29, 1953" (1 sheet) as amended by revised plans marked "Received March 29, 1954" (1 sheet), for the uses proposed and indicated on such plans, on condition that no additional use shall be maintained and the extent of the premises shall not exceed 100 feet from 4th avenue, at which point there shall be a woven wire fence of the chain link type from the side lot line to the street line of 89th street; that curb cuts to the premises may be continued as at present; that such portable fire-fighting appliances shall be maintained as the fire commissioner shall direct; that signs shall be restricted to a permanent sign attached to the building facing on 4th avenue at the entrance drive, excluding all roof signs and temporary signs; that the unbuilt upon portion of the premises shall be properly paved with concrete or asphaltic paving; that the sidewalks surrounding the premises shall be repaired to the satisfaction of the borough president; that the triangular area now unbuilt upon at the rear of the triangular store shall not be included in the area subject to this application; and that all permits required shall be obtained and all work completed within six (6) months from the date of this resolution and that a new certificate of occupancy shall be obtained.

696-53-BZ

APPLICANT—Lama, Proskauer and Prober, for Irving Sherman, owner.

SUBJECT—Application September 28, 1953 (decision of the borough superintendent), under sections 7f, 7i and 7A of the zoning resolution, to permit in a business use district for a term of fifteen years, the erection and maintenance of a gasoline service station, lubritorium, car wash, motor vehicle repairs, storage and sale of accessories and office; and to permit the parking and storage of motor vehicles, with curb cuts nearer the residence use district than is permitted.

PREMISES AFFECTED—159-04 Cross Bay boulevard and 92-02 to 92-06 159th avenue, southwest corner (Block 14013, Lot 64), Woodhaven, Borough of Queens.

MINUTES

APPEARANCES—

For Applicant: Alfred A. Lama and Ira Newell.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 30, 1954 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Cross Bay boulevard are in a business use, D area, class 1 height district; 159th avenue is in residence and business use, D area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated September 25, 1953 acting on N.B. Applic. 3474-53, reads:

"1. Proposed gasoline service station, lubritorium, minor auto repairs, car washing, storage, office & sales, parking and storage of motor vehicles in a plot located in a business district is contrary to Art. II, sect. 4(a), (29) & (46) of the Zoning Resolution."

2. Proposed curb cuts as shown on plan are contrary to Art. II, Sect. 7-A of Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 140 ft. frontage by 95.71 ft. in depth, irregular, presently vacant; and

WHEREAS, the applicant further states that as of July 25, 1916 the premises was in an undetermined zone and was changed to its present use designation on April 22, 1926; and

WHEREAS, the applicant states that it is proposed to erect and maintain a modern gasoline service station, consisting of ten 550-gallon gasoline tanks and six dispensing pumps; that the accessory building will have a frontage of 54 ft. and depth of 28 ft., one story in height, of class 3 construction and contain the conjunctive uses of car washing, lubritorium, minor auto repairs, office and sales; that part of the site will be reserved for the parking and storage of motor vehicles; and

WHEREAS, the applicant contends that Cross Bay boulevard is a busy auto thoroughfare leading across Queens and to the beaches, and as such the proposal is entirely in keeping at this point; that there are no other gas stations within the affected area and stores are not required at this time as much of the land to the east of Cross Bay boulevard is under water; that the proposed accessory building will be highly modern in design consisting of porcelain enamel facades; that a planted and landscaped area, having a minimum width of 5 ft., will be maintained along the westerly and southerly lot lines to act as a buffer for any further development that may take place in the block; that the proposed parking and storage of motor vehicles on the site will eliminate any parking problem due to this type of business; that the present owner and the previous owners have been unable to develop the land with a conforming use and the assessed value of the land now makes it mandatory that the site be developed as proposed so that the owner may continue to pay taxes and receive an equitable return on his investment; and

WHEREAS, the premises and the surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions f, i and 7A of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the zoning resolution and that the application be and it hereby is granted under Section 7f for a term of fifteen (15) years, to permit the premises to be occupied, substantially as proposed, as a gasoline service station, and as shown on plans filed with this application marked "Re-

ceived September 28, 1953" (3 sheets), except that the proposed accessory building shall be faced with masonry materials as amended; and under section 7i there may be motor vehicle repairing within the accessory building with hand tools only and for minor adjustments only; that all existing uses shall be removed and premises graded to grade of streets; granted under Section 7A, to permit one curb cut on 159th avenue near the intersection, as proposed; that on the interior side lot lines there shall be a woven wire fence of the chain link type not less than 5 feet 6 inches in height on a masonry base; that there shall be landscaping with suitable planting materials at locations as shown with protective curbing; that the accessory building shall comply with all the requirements of the Building Code; that there shall be no cellar under such building; that the gasoline pumps shall be not nearer than 15 feet to the street building line; that curb cuts shall not exceed three (3) to Cross Bay boulevard, 30 feet in width each as shown and one to 159th avenue of similar width, no curb cuts to be within 5 feet of either street building line as prolonged; that ten 550-gallon buried gasoline tanks may be installed as shown; that within the building line there shall be erected a masonry block of concrete not less than 12 inches in height and extending for a distance of approximately 5 feet from the intersection at either street; that such portable fire-fighting appliances shall be maintained as the fire commissioner shall direct; that signs shall be limited to a permanent sign attached to the facade of the accessory building, excluding all roof signs and temporary signs, but permitting the erection at the intersection of a post standard for supporting a sign, which may be illuminated, advertising only the brand of gasoline on sale extending beyond the building line for a distance of not over four feet; that the balance of the premises where unbuilt upon and not occupied by planting, accessory buildings and pumps shall be paved with concrete or asphalt paving; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the zoning resolution and that a certificate of occupancy shall be obtained.

737-53-BZ

APPLICANT—Ingram S. Carner, for Aquilino Brothers, Inc., owners.

SUBJECT—Application October 14, 1953 (decision of the borough superintendent), under sections 7c and 21 of the zoning resolution, to permit in a residence use district the change in occupancy from non-storage garage for more than five motor vehicles and motor vehicle repair shop with storage of building materials in open area, to manufacturing use and storage of incombustible material in open area.

PREMISES AFFECTED—134-37 Dahlia avenue, north side, 100.63 ft. west of Main street (Block 5125, Lot 41), Flushing, Borough of Queens.

APPEARANCES—

For Applicant: Ingram S. Carner.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on February 24, 1954 after due notice by publication in the Bulletin; laid over to March 23, 1954, for inspection and decision; hearing closed; then to March 30, 1954, for further consideration after applicant files revised plans; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Dahlia avenue are in a residence use, D area, class 1 height district; Main street is in residence and business use, D area, class 1 height districts; and

MINUTES

WHEREAS, the decision of the borough superintendent, dated October 5, 1953 acting on Alt. Applic. 1641-53, reads:

"1. Change in use of existing non-storage garage for more than five motor vehicles, motor vehicle repair shop and storage of bldg. matl. in open area to manufacturing and storage of incombustible matl. in open area in a residence use district is contrary to Art. II, Sec. 3 of the zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 211.35 ft. frontage by 100 ft. in depth, irregular, on which is located a building 61.18 ft. front by 100 ft. in depth, occupied as a non-storage garage for more than 5 motor vehicles and motor vehicle repair shop, with storage of building materials in open area, for which certificate of occupancy 53117-49 has been filed; that it is proposed to change use of building to manufacturing and to permit open area to be used for storage of incombustible material; and

WHEREAS, the applicant further states that the property referred to is presently zoned as a residence use, class 1 height, D area district; that as of July 26, 1916 the property in question was unrestricted; that the present use designation became effective on March 27, 1947; that the height and area designations have not been changed since July 25, 1916 and no zoning amendment relating to this property is pending at the present time; and

WHEREAS, the applicant contends that at the time of the erection of this building, it was to be used to repair truck bodies and all other types of equipment for the owners, who are in the heavy equipment business, and the premises have been devoted to these allowable unrestricted zone use up to the present time; that it is now the intention of the owners to consolidate their business and to move this portion of their operation to another location; that in order to be able to do so, the owners must sell these premises and they have, in fact, been approached by various manufacturers desiring to purchase the property for manufacturing use; that due to the fact that the zone has now been changed, no assurance can be given to any prospective buyers that these premises can be devoted to manufacturing, and this appeal has been initiated so as to change the use of these premises to a lesser restrictive use, namely, manufacturing and storage of incombustible material in the open area; that the adjacent parcel in block 5125, lot 15 is now being used as a factory, and lot 36 to the east contains a non-conforming gas station; that in block 5140 there are other non-conforming uses; that the granting of this variance will in no way adversely affect the area; that it will also be a practical solution to the hardship now caused to the owner due to the fact that the zone has now changed and prevents any use other than residential on this obviously commercial property; and

WHEREAS, the premises and the surrounding area were inspected by a committee of the Board; and

WHEREAS, the committee found that the building is already occupied by the manufacturing concern as proposed for the entire premises and that some of the contractor's material and equipment was still on the unbuilt upon portion of the premises, which it is stated is to be entirely removed; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7c. to permit a change of use in the building as proposed and as indicated on plans filed with this application, marked "Received October 14, 1953" (4 sheets), as amended by revised plan marked "Received March 30, 1954" (2 sheets) *on condition* that the fence wall of masonry as proposed on such revised plans shall be constructed and maintained on the rear lot line; that the building shall be used only as proposed for light manufacturing; that windows in the rear wall of the building shall be blocked up with approved masonry; that the storage yard shall be used only for the storage of incombustible materials used in conjunction with the proposed buildings and such

materials shall be kept in neat condition and the yard maintained in neat condition and surfaced with clean gravel or steam cinders and treated with a binder and properly rolled; that the existing fence along the lot line of Dahlia avenue shall be maintained with an entrance as shown and curb cut to Dahlia avenue; that such entrance shall be fitted with gates of similar construction as the fence to a total width of not over 20 feet; that any signs erected shall be in accordance with the requirements of the zoning law for a similar use when constructed within a restricted retail district; that there shall be no roof signs and no temporary signs; that the building at the northwest corner of the premises stated as a one-story steel shed shall either be removed or maintained in accordance with a permit to be issued by the borough superintendent; that such portable fire-fighting appliances shall be maintained as the fire commissioner shall direct; that all sidewalks and curbing in front of the premises shall be repaired to the satisfaction of the borough president; and that all permits required shall be obtained and all work shall be completed within six (6) months from the date of this resolution.

811-53-BZ

APPLICANT—Wechsler and Schimmenti, for Mary Wyck-off and Adelia Chuckrow, owners.

SUBJECT—Application November 9, 1953 (decision of the borough superintendent), under sections 21 and 7A of the zoning resolution, to permit in the business use portion of a lot located in a residence and business use, C area district, the erection and maintenance of a store using more than the area permitted, with a loading area in residence use portion and with an entrance and driveway leading to loading area through easement, which is located in the residence use portion also.

PREMISES AFFECTED—632-634 86th street, south side, 171 ft. east of Dahlgreen place (Block 6055, Lot 21), Borough of Brooklyn.

APPEARANCES—

For Applicant: Max Wechsler.

For Opposition: Armand J. Starace, William Thomson, William Behrze, Elizabeth Thomson, J. Jorgensen, Mabel Erikson, Mildred Ragina, Joseph Pettenato and Mary A. Ryan.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative 0

Negative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on February 24, 1954 after due notice by publication in the Bulletin; laid over to March 30, 1954, for inspection; additional affected property owners to be notified in meantime; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Dahlgreen place are in residence and business use, C area, class 1 height districts; 86th street is in a business use, C area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated October 27, 1953 acting on N.B. Applic. 649-53, reads:

"1. Proposed bldg. exceeds area for a "C" district & violates Art. 4 Sect. 12b of the zone resolutions.

2. Proposed loading & unloading area & easement driveway leading to loading & unloading area located within a residential district is contrary to Art. 2 Sect. 3 of the zone resolutions.

3. Proposed exit leading to rear & into residential portion of lot is contrary to Art. 2 Sect. 3 of the zone resolutions.

4. Proposed entrance to driveway within a residential district violates Art. 2 Sect. 3 of zone resolutions."

and

MINUTES

WHEREAS, the applicant states that the premises consist of a plot, 30 ft. 2¾ in. frontage by 134 ft. 3¼ in. in depth, irregular, presently vacant; that it is proposed to erect a building 21 ft. 2¾ in. front by 100 ft. in depth, irregular, one story, 14 ft. in height, of class 3 construction, to be used as a store; that it is further proposed to use the unbuilt upon portion in the residence use district as a loading area with an entrance through a 10 ft. easement enterable from Dahlgreen place on lot 12; and

WHEREAS, the applicant contends that the allowable coverage is 1814 sq. ft. and it is proposed to occupy approximately 2944 sq. ft. with a one-story, class 3 building used as a store; that request is made for an additional 1209 sq. ft. and with a loading area in the residential portion of the lot through an easement used as a driveway also in a residential zone; that the easement will also be considered as a means of egress from the rear; that in erecting this building for a store it is proposed to stay in line at the rear with the existing adjoining building, thereby keeping the building within the business portion of the lot and maintaining a rear yard in the residential portion that is approximately 30 ft. by 31 ft.; that the erection of this building would not adversely affect any adjoining property owners; that the reasons they desire to build in excess of the required area is that they do not wish to build a cellar in this location since the adjoining building has no cellar and it would make the cost of this store prohibitive for the rentals that can be obtained in this area; that it is therefore desired to construct a building that is a little larger in area on the 1st floor so that this additional area can be used as storage space in conjunction with the store; that the area in excess of the allowable area to be covered would also permit the owners to erect a store of a size to satisfy a tenant's need to display an adequate amount of merchandise and at the same time develop a vacant area with a harmonious use; that a loading area for the retail store through an easement would be advantageous to this locality by eliminating any street loading and unloading and generally better the conditions of any parking problem which may arise, and this easement at the rear of the property would also serve as a means of exit for the safety of the occupants; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7A of the zoning resolution, and that the applicant failed to substantiate a basis to warrant exercise of discretion to grant under section 21 of the zoning resolution and was therefore not entitled to relief as to area on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the decision of the borough superintendent, acting on N.B. Applic. 649/53, Objections 1, 2, 3 and 4, be and it hereby is *affirmed* that the application be and it hereby is *denied*.

816-53-BZ

APPLICANT—Paul Friedman, for Horace G. Fry, Frederick Doughty Wood and Maxwell R. Ginsberg, owners.

SUBJECT—Application November 16, 1953 (decision of the borough superintendent), under sections 7e, 7i, 7f, 7h and 21 of the zoning resolution, to permit in the local retail use, D area district portion of a plot located in a residence and local retail use, D and E-1 area district, the erection and maintenance of a structure to be used as an automobile showroom for authorized automobile dealer, office and storage of auto parts and accessories, including storage garage with gasoline tank and pump for dealer's use (no gasoline to be sold), motor vehicle repair shop and paint spray booth, using more than the area permitted; and to permit signs extending above top of roof beams and also on the side walls of pylon in the local retail use portion of plot, and to permit the parking of patrons' and employees' motor vehicles on unbuilt upon portion of plot (no fee to be charged).

PREMISES AFFECTED—218-25 Hempstead avenue, north side, 185.25 ft. east of 218th street (Block 10766, Lot 53 (53, 55 and 57), Queens Village, Borough of Queens.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Klei-
ert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on February 9, 1954 after due notice by publication in the Bulletin; laid over to March 16, 1954, for inspection and decision without further argument; applicant to submit information re excess coverage. The applicant amended his application by omitting Section 7, Subdivisions f and i, and relying on Subdivisions e and h, and Section 21, as to extension of area of the building only; and also withdrew from the application his request relating to the pylon sign above the roof, so as to omit such sign, which was passed on by the Borough Superintendent under Electric Sign No. 791-53 and 793-53; then to March 23, 1954, at request of the applicant, for his consideration as to revision of plans; then to March 30, 1954, for further consideration; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and 218th street are in residence and local retail use, D and E-1 area, class ½ height districts; Hempstead avenue is in a local retail use, D area, class ½ height district; and

WHEREAS, the decision of the borough superintendent, dated October 30, 1953 acting on N.B. Applic. 3042-53, and superseded by N.B. Applic. 3042-53 dated January 8, 1954 reads:

"1. The use of the premises located partly in a local retail use district and partly in a residential district for the erection of a structure to be used as Motor Vehicle repair shop with pain spray booth incident to authorized dealers use (including storage garage for more than five motor vehicles) is contrary to Art. II sec. 4-C B.Z.R.

2. The use of the premises located partly in a local retail use district and partly in a residential use district for the free parking of more than 5 (five) motor vehicles for patrons and employees is contrary to Art. II Sec. 3 and Art. II Sect. 4-C B.Z.R.

3. The erection of a structure in a "D" area district occupying more than 55% of the plot is contrary to Art. IV Sect. 11(c) B.Z.R.

4. Signs extending above the top of the roof beams and a sign on the side wall of a pylon in a local retail district is contrary to Art. 2 Sec. 4c B.Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 150.03 ft. and 96 ft. frontage by 147.41 ft. in depth, irregular, presently vacant, except for bill boards; that it is proposed to erect a building, 150 ft. front by 94.80 ft. in depth, irregular, one story and mezzanine, 13 ft. 6 in. and 17 ft. in height, of class 3 construction, to be used as automobile showroom for authorized dealer's use, office, storage garage, and to permit parking of patrons' and employees' cars; and

WHEREAS, the applicant states that as of July 25, 1916 the portion of the property within 100 ft. of Hempstead avenue was in a business use district and the remaining portion in a residence use district; that the present local retail use designation became effective January 21, 1947; that the present height and area designations became effective June 30, 1952 and no zoning amendment relating to this property is pending at the present time; and

WHEREAS, the applicant contends that the premises is vacant except for a billboard sign on the easterly end of the Hempstead avenue frontage for which permit No. 3412-

MINUTES

37 was issued on August 25, 1937; that no violations are pending; that it is proposed to remove the bill board sign and to construct within the local retail use, D area district a building to be used for the conforming uses of automobile showroom for authorized dealer's use with incidental offices and storage of auto parts and accessories, including gasoline tank and pump for dealer's use (no gasoline to be sold), and for the non-conforming uses of motor vehicle repair shop and paint spray booth incident to authorized dealer's use, including storage garage for more than five motor vehicles, and occupying an area in excess of the limitations for a D area district; that it is also proposed to use the premises in the rear of the building for the free parking of more than five motor vehicles for patrons and employees; that no curb cuts or entrances or exits are proposed for the 101st avenue frontage, which would be enclosed by a 6 ft. high cyclone fence within which would be a 3 ft. wide seeded and landscaped area protected by a 6 in. concrete curb; that it is also proposed to maintain signs as shown on plans filed with this application; and

WHEREAS, the applicant further contends that the proposed motor vehicle repair shop incident to authorized automobile dealer's use is much less objectionable than the usual motor vehicle repair shop from the points of view of noise, odors and other manner of operation; that automobile manufacturers customarily require authorized automobile dealers to maintain service stations for servicing automobiles sold by them, and the efficiency of a dealer's operation is increased by maintaining all facilities at one location; that at present, Houser Buick, Inc. maintains its automobile showroom at 215-26 Jamaica avenue and its motor vehicle repair shop and used car lot at 215-02 Jamaica avenue; that the separation of these facilities and their inadequate size make efficient operation impossible and fail to provide adequately for off-street free parking for patrons and employees; that the proposed storage garage for more than five motor vehicles will not be used as a general public garage; that the proposed building represents the minimum dimensions necessary to provide adequately for the facilities necessary to be maintained; that efforts to acquire the adjoining lot 60 have been unsuccessful; that the building would be located entirely within a local retail use and D area district and would not deprive neighboring owners of light and ventilation; that the land cannot yield a reasonable return if it is developed in a conforming manner; that the plight of the owners is due to unique circumstances and not to the general conditions of the neighborhood; that the proposed construction will not alter the essential character of the neighborhood; and

WHEREAS, the applicant states that as to the signs on the facade of the building (E.S. Applies. 792 and 794-53), the mezzanine arrangement brings these signs into unavoidable technical violation of Art. II, section 4-c, although the spirit of the law appears to be complied with; that as to the signs on the side walls of the pylon (E.S. Applies. 791 and 793-53) it is proposed to construct a sheet metal backing extending from the rear of the pylon a distance of 12 in. from each side thereof, so that the signs will not reflect to the rear, thus causing no inconvenience to property owners on 101st avenue yet permitting the owner to maintain signs in conformity with the modern trend for structures of this kind; and

WHEREAS, the premises and the surrounding area were inspected by a committee of the Board; and

WHEREAS, the applicant withdrew that part of this proposal as to a pylon sign above the main roof and amended the sections under which the application is based to section 7, subdivisions e, i, h and 21 and agreed to erect a masonry wall at the rear on lot lines; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions e, i and h of the zoning resolution, as to use, and that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21, and is therefore entitled to relief, as to area, on the grounds of unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use and area district regulations of the zoning resolution and that the application be and it hereby is granted under Sections 7e, h and i, as to use and Section 21 as to area, to permit the building as proposed to be occupied for the use proposed and for the rear portion of the premises within the residential district to be used as proposed in connection with this use, as indicated on plans filed with this application, marked "Received January 8, 1954" (8 sheets); that the building shall be occupied only as proposed as an authorized automobile agency and for the uses proposed in connection therewith; that the rear portion of the premises shall be used only for the parking of motor vehicles belonging to patrons and employees of this agency, no fees to be charged, and for storage of such cars dealt in by the agency, on condition that the buildings shall comply in all other respects with the requirements of the Building Code and shall not be increased in height or area beyond what is proposed and shown; that there shall be erected on the lot lines to the north within the residential use district a masonry fence not less than 5 ft. 6 in. in height, properly coped and with no openings therein; that all entrance and exit to such portion of the premises shall be through the building facing Hempstead avenue, as proposed; that minor repairs may be permitted customary for such a sales agency within the building, including greasing and the proposed spraying of motor vehicles, on condition that the ventilation of the spray area shall be carried to the roof and across same to exhaust at a point near Hempstead avenue; that there may be a gasoline pump maintained within the building at the point shown toward the rear with a 550-gallon gasoline storage tank buried in the rear yard; that such gasoline supply shall be solely for the use of this building and not for sale to passing vehicles; that signs shall be restricted to a permanent sign attached to the building, excluding all temporary signs and roof signs; that such signs on the building shall be in accordance with similar signs as permitted for a building in a restricted retail district and may be located as shown; that parking under section 7h may be for a term of ten (10) years from the date of this resolution and the uses and area coverage herein permitted under sections 7e, 7i and 21 may be for a term of twenty (20) years; that the unbuilt upon portion of the site, including the portion in the residence district, shall be properly paved; that such fire-fighting equipment shall be maintained as the fire commissioner shall direct; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable to the construction and occupancy other than as amended this day by resolution adopted under Cal. 817-53-A; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution and a certificate of occupancy shall be obtained.

817-53-A

APPLICANT—Paul Friedman, for Horace G. Fry, Frederick Doughty Wood and Maxwell R. Ginsberg, owners.
SUBJECT—Application November 16, 1953—Appeal from a decision of the borough superintendent.

PREMISES AFFECTED — 218-25 Hempstead avenue, north side, 185.25 ft. east of 218th street (Block 10766, Lot 53 (53, 55 and 57)), Queens Village, Borough of Queens.

APPEARANCES—

For Applicant: Paul Friedman and Peter J. Houser.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4
Negative 0

MINUTES

THE RESOLUTION

WHEREAS, the amended decision of the Borough Superintendent, dated January 8, 1954, acting on N.B. Applic. 3042-53, reads:

"5. The exits from the mezzanine floor do not comply with Sec. 270 (3), (4) of the Labor Law."

and

WHEREAS, the applicant states that the premises consist of a lot 150.03 ft. front by 147.41 ft. and 178.15 ft., irregular in depth, located in a local retail and residence use, D and E-1 area, class ½ height districts, upon which it is proposed to erect a one-story and mezzanine, 13 ft. 6 in. and 17 ft. in height class 3 constructed building, 150.03 ft. front by 72 ft. and 94.80 ft., irregular in depth, for use as an automobile showroom, offices, storage of auto parts, and accessories, motor vehicle repair shop, paint spraying, storage garage for more than five motor vehicles, parking of more than five motor vehicles for patrons and employees on the 1st floor and on the mezzanine for storage of auto parts; that the building will be provided with one 3 ft. wide, unenclosed iron stair, which will not lead to the street or to the roof; and

WHEREAS, the applicant states that it is proposed to construct and maintain an open iron stairway 3 ft. wide leading from the mezzanine, which will be used for the storage of parts with an occupancy of 1 person, to the 1st floor parts department; and

WHEREAS, the applicant contends that the mezzanine will be limited to the storage of automobile parts and no volatile liquids or hazardous items will be stored thereon; that ordinarily there will be no human occupancy of the mezzanine floor except that occasionally there will be one person occupancy; that the proposed stairway is adequate for the small area, the non-hazardous occupancy and would assure the owner that automobile parts will not be removed without authorization from the premises.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the requirements of the Labor Law, as cited in a decision of the Borough Superintendent, acting on NB App. 3042/53, Objection 5, and that the appeal be and it hereby is *granted*, to permit the stairway from the mezzanine as an exit to the main floor as proposed and shown on plans filed with application 816-53-BZ, *on condition* that such mezzanine floor shall be occupied only for office and storage of motor parts in connection with the automobile agency; and that in all other respects the requirements of the resolution adopted this day under Cal. 816-53-BZ shall be complied with.

914-53-BZ

APPLICANT—Paul Friedman, for Mutual Motor Sales, Inc., owner.

SUBJECT—Application December 29, 1953 (decision of the borough superintendent), under sections 7f, 7i and 7h of the zoning resolution, to permit in a business use district, for a term of twenty years, the erection and maintenance of a one-story structure to be used for the storage and sale of auto parts and accessories, motor vehicle repair shop for authorized dealer's use, storage garage for more than five motor vehicles, with gasoline tank and pump for dealer's use (no gasoline to be sold), and to permit on the unbuilt portion of plot the outdoor display and sale of more than five motor vehicles, and the parking of more than five motor vehicles for patrons and employees (no fee to be charged).

PREMISES AFFECTED—567-583 Manhattan avenue, west side, 81 ft. 4 in. north of Driggs avenue (Block 2679, Lots 26, 29, 30 and 31), Borough of Brooklyn.

APPEARANCES—

For Applicant: Paul Friedman and George Shapiro.

For Opposition: P. Stracchra.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings and John J. Saunders, B'd of Education.

ACTION OF BOARD—Application granted on condition.
THE VOTE—

Affirmative: Chairman Murdock, Commissioners Klei-
ert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 30, 1954 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Manhattan avenue are in a business use, C area, class 1¼ height district; Driggs avenue is in residence and business use, C area, class 1¼ height districts; and

WHEREAS, the decision of the borough superintendent, dated December 21, 1953 acting on N.B. Applic. 1380-53, reads:

"1. Proposed building and premises, in a Business use zone, to be used for storage & sale of auto parts & accessories, and motor vehicle repair shop incident to authorized automobile dealers use at 578 Manhattan Ave., including storage garage for more than five motor vehicles and gasoline tank and pump for dealer's use (no gasoline to be sold) and outdoor display and sale of more than five motor vehicles, free parking of more than 5 motor vehicles for patrons and employees is contrary to Article II, Section 4(a) subsections 15 & 29 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 150 ft. frontage by 100 ft. in depth, on which is located a new and used car sales and parking lot for which certificate of occupancy No. 13124-51 has been filed; that it is proposed to erect a one story brick building to be used for storage and sale of auto parts and accessories and motor vehicle repair shop incident to authorized automobile dealers' use at 578 Manhattan avenue, Brooklyn, including storage garage for more than five motor vehicles and gasoline tank and pump for dealer's use (no gasoline to be sold), and on the unbuilt portion of the lot, the outdoor display and sale of more than five motor vehicles and the free parking of more than five motor vehicles for patrons and employees; and

WHEREAS, the applicant contends that a grant of this application would not adversely affect the neighborhood; that the motor vehicle repair shop premises now occupied by the authorized dealer is presently located at 62 Meserole avenue, approximately six blocks from the dealer's new car showroom located at 578 Manhattan avenue, directly across the street from the subject premises; that this separation of facilities impairs the efficiency of the operation, makes it costly and difficult to supervise and is inconvenient for patrons; that the present repair shop facilities are inadequate in that, although occupying a building of 10,000 sq. ft. in area, there is insufficient storage and parking space for cars awaiting service, thereby limiting the area available for repairs and service; that the subject premises proposed to be occupied by the owner will enable all facilities to be consolidated in one immediate area; that the proposed motor vehicle repair shop would not adversely affect the neighborhood, which is developed already with commercial and industrial uses; that adjoining the subject premises to the north is a commercial bakery and to the west is a factory building; that the subject premises itself is now used for outdoor sale and display of new and used cars and as a parking lot; that block 2679, lot 34 contains a motor vehicle repair shop; block 2697, lot 1—garage and gas station; lot 10, used car lot, and lot 16, motor vehicle repair shop and gas station; that the proposed building will cover an area of 7500 sq. ft. as contrasted with a permissible coverage in a C area district of 60% or 9000 sq. ft. and will be one story, 14 ft. in height as contrasted with a permissible height of 60 ft. in a 1¼ height district; that the limitation of the proposed building to an area less than permissible

MINUTES

and to one story in height will assure the nearby owners of more light and ventilation than would be obtainable if a multi-story building were built in conformity with the zoning resolution and without a variance; that the proposed use of part of the subject premises for storage garage for more than five motor vehicles is merely a technical description of the use incidental to the maintenance of the motor vehicle repair shop and the premises will not be used as public garage as such term is commonly understood; and

WHEREAS, the applicant states that the owner has held title to the property since February 9, 1951 and the assessed valuation of land is \$26,000, with no existing buildings, making a total of \$26,000; and

WHEREAS, the premises and the surrounding area were previously inspected by a committee of the Board in connection with an adjacent application; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion of grant under Section 7, Subdivisions f, i and h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Sections 7f, 7i and 7h for a term of twenty years, to permit the premises to be used and occupied, as proposed and as indicated on the plans filed with this application marked "Received December 29, 1953" (3 sheets) *on condition* that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; that all existing uses shall be removed; that the portion of the plot proposed to be unbuilt upon shall be leveled and paved with clean gravel or steam cinders, properly rolled and treated with a binder; that there shall be maintained on all interior and side lot lines where a building is not proposed a woven wire fence of the chain link type with anchored steel posts not less than 5 ft. 6 in. in height; that such portable fire-fighting appliances shall be maintained as the fire commissioner shall direct; that curb cuts may be permitted where shown; that the sidewalk and curbs shall be repaired or reconstructed as the Borough President shall require; that the use of this building as a garage and use of this gasoline pump as proposed and the repair shop shall be solely in connection with the servicing of cars dealt in with the Pontiac Agency, as proposed, and for no other use; that this variance shall continue only so long as the proposed occupant occupies the premises; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the zoning resolution and that a certificate of occupancy shall be obtained.

Adjourned: 1:10 P. M.

JOSEPH J. DOYLE, *Chief Clerk*.

REGULAR MEETING

TUESDAY AFTERNOON, MARCH 30, 1954, 2 P. M.

Present: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors.

844-53-A

APPLICANT—American Can Co., owner.

SUBJECT—Application November 18, 1953—Appeal from decisions of the borough superintendent.

PREMISES AFFECTED—102-184 43rd street, block bounded by 43rd, 44th streets, 1st and 2nd avenues (2nd floor); (Block 726, Lot 1), Borough of Brooklyn.

APPEARANCES—

For Applicant: J. M. Didriksen and M. A. Nichols.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated October 30, 1953 on Alt. Applic. 3946/53 affecting building No. 5, reads:

"7. The walls of the penthouse enclosing conveyor should be of materials having a two hour fire resistive rating as required by Sect. 10.12.3 of the Bldg. Code and the roof three hour construction as required by Sect. 3.2.1.

8. The steel supporting the penthouse should be fireproofed in a Class 1 structure as specified in Sect. 10.2.5(a) of the Bldg. Code.

9. The opening between floors for conveyor should be enclosed as required by Sect. 10.5.1 of the Bldg. Code for shafts.

10. With the fire doors arrangement as shown for conveyor enclosure the proper closing of the doors may be obstructed by objects on the conveyor system."

and

WHEREAS, the decision of the Borough Superintendent, dated October 30, 1953, as to Alt. Applic. 4267/53, affecting building No. 2, reads:

"1. The opening in floors for conveyor from a shaft as defined in Sect. 10.5.1 and should be enclosed on each of the floors connected as required by that section of the Bldg. Code."

and

WHEREAS, the applicant states that the building is six stories, 87.5 ft. in height, 200 ft. by 440 ft. in area, of fireproof construction, erected 1917 and 1927, located on a lot 204 ft. by 700 ft. in area, in an unrestricted use, A area, class 2 height district, used and occupied by the present owners since 1920 and 1927 as follows: basement—storage, 50 persons; 1st floor—shipping and receiving, 180 persons; 2nd floor—factory and storage, 300 persons; 3rd floor, factory and storage, 110 persons; 4th floor—factory and storage, 150 persons; 5th floor—factory and repair shop, 230 persons; 6th floor—factory, office cafeteria and medical department, 200 persons; that the building is provided with an approved standpipe system, an approved two-source sprinkler system throughout, an approved interior fire alarm system, and regular monthly fire drills are maintained; that there are six interior stairs, fireproof construction, from roof bulkhead to street and six fire towers; and

WHEREAS, the applicant states that its building, known as unit No. 5, referred to in Alt. Applic. 3946/53 is of brick construction with exposed steel columns and exposed steel roof purlins and trusses; and

WHEREAS, the applicant contends as to objection No. 7 issued by the Borough Superintendent, that the proposed conveyor enclosure referred to in this objection will not be occupied except for repairs; that the materials proposed to be used for construction of the enclosure are of a type approved for use in fireproof buildings under Cal. No. 80-46-SM by the Board; that all parts of unit No. 5 are adequately protected by sprinklers, including the proposed conveyor enclosure; and

WHEREAS, the applicant contends as to objection No. 8 issued by the Borough Superintendent on Alt. Applic. 3946/53, that this objection should be waived as the present construction of this one story unit is not fireproofed in the strict interpretation of the Code as a class 1 building; that the present roof construction would not be adequate to carry the additional dead load imposed by fireproofing the structural steel of the conveyor housing; that it would be impractical to fireproof the light structural members used to construct the proposed conveyor housing; and

WHEREAS, the applicant contends as to objection No. 9 issued by the Borough Superintendent on Alt. Applic. 3946/53, that this objection should be waived, as the tile walls and reinforced concrete slab proposed as enclosure for the opening are adequate fire protection; that there is only

MINUTES

one proposed opening in the 3rd floor at this point and this condition should not be construed as a shaftway; and

WHEREAS, the applicant contends as to objection No. 10 issued by the Borough Superintendent on Alt. Applic. 3946/53, that the housing enclosing the opening will be adequately protected by a sprinkler system operating as a unit of the main sprinkler system and to provide a water curtain at the fire door opening; and

WHEREAS, the applicant contends as to objection No. 1 issued by the Borough Superintendent on Alt. Applic. 4267/53, that this objection should be waived because of the conditions or operation proposed which will afford ample protection for the building; that the present openings for conveyors in the 3rd floor of unit No. 2 are adequately protected with approved tile and reinforced concrete enclosures protected by approved fire doors; that the proposed openings for the conveyors will be protected in a like manner so that there will be no shaft in the sense that section 10.5.1 describes a shaft; that at no point are the proposed openings directly over an opening on a floor below; that the enclosures are adequately protected by a sprinkler system to which it is proposed to add a water curtain at each fire door opening at the proposed 4th floor conveyor enclosures; and

WHEREAS, the applicant states that it is proposed to furnish sprinkler protection at all of the openings on the 4th floor of unit No. 2 and the 3rd floor of unit No. 4 as indicated on revised drawing No. 2 filed March 9, 1954 and revised drawing No. 3 showing typical details of additional sprinklers confined by a hood at each bulkhead opening over these floor openings; and showing added sprinkler heads at each of the two openings in the roof of unit No. 5, and the proposal to connect these heads to the present system in unit No. 5 and to sprinkler the conveyor enclosure over the roof of building No. 5; that all sprinkler installations will conform to the sprinkler requirements and all heads proposed will be in addition to the existing sprinkler system in the building; and

WHEREAS, the applicant further contends that the packages to be handled on these conveyors are paper fibre milk containers, fragile and are readily combustible and easily compressed; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, there now exist a system of conveyors installed under approval of the Borough Superintendent which will remain and what is now proposed is an additional system.

Resolved, that the decision of the Borough Superintendent, acting on Alt. Applic. 3946/53, Objections 7, 8, 9, and 10, be and it hereby is *modified* and that the appeal be and it hereby is *granted* to permit the construction and maintenance of conveyors substantially as proposed and as indicated on plans filed with this appeal marked "Received November 20, 1953" (3 sheets), and revised plans marked "Received March 9, 1954 (two sheets), *on condition* that some means shall be provided to the satisfaction of the Borough Superintendent that will stop the conveyor in the event the closure doors of the conveyor do not close to sill; and *granted* as to Objection 1, of Alt. Applic. 4267/53, *on condition* that the requirements of this resolution shall be complied with in all other respects.

912-53-A

APPLICANT—Julius S. Rapson, for Max Krinsky, owner.
SUBJECT—Application December 29, 1953—Appeal from a decision of the borough superintendent.

PREMISES AFFECTED—184-23 Radnor road, north side, 212.11 ft. east of Kent street (Block 7253, Lot 59), Jamaica Estates, Borough of Queens.

APPEARANCES—

For Applicant: Julius J. Rapson.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Appeal granted on condition.
THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated December 21, 1953 acting on N.B. Applic. No. 4693/53, reads:

"1. Where there is no storm water or combined sewer in the street the floor level of any accessory garage shall be not more than eighteen (18) in. below the lowest level of the established street in front of the lot, C26-1221.1."

and

WHEREAS, the applicant states that the premises consist of a lot 65.86 ft. front by 121.25 ft. and 120.18 ft. irregular in depth, located in a residence use, G area, class ½ height district, upon which it is proposed to erect a one story building, 20 ft. in height; 45 ft. 10 in. by 48 ft. 3 in. in area, of class 4 construction, for occupancy as a one family dwelling, and two car accessory garage; and

WHEREAS, the applicant states that the building involved has been designed so as to provide for a two car garage 19 ft. 5 in. by 23 ft. 2 in. in area at the cellar level due to the natural contour of the land; and

WHEREAS, the applicant contends that the property in this block has this natural contour, and most of the garages along this block are located in the cellars, similar to the garage herein proposed; that a retaining wall will be built at the rear lot line and the rear yard will be levelled off with the floor of the garage 6 in. above the yard level; that the storm water will run to a dry well in the rear yard and will not be permitted to drain on to the adjacent property; that since the garage will be above the rear yard, and since the storm water will drain to a dry well and the garage in all other respects will comply with the Administrative Building Code, it is requested that this application be granted.

Resolved, that the decision of the Borough Superintendent, acting on N.B. Applic. 4693/53, Obj. 1, be and it hereby is *modified* and that the appeal be and it hereby is *granted* to permit the conditions as proposed and as indicated on plans filed with this application marked "Received December 29, 1953" (2 sheets), "March 11, 1954" (1 sheet), and revised plans marked "Received March 26, 1954" (1 sheet) *on condition* that the retaining wall thereon shown on such plan marked "Received March 26, 1954" at the rear shall be constructed by this owner and the yard shall be filled to the elevation as proposed; that a dry well shall be constructed and maintained as shown on such revised plans with a capacity of approximately 20 cu. ft.; that weep holes shall be constructed in such retaining wall to prevent frost action but not permit the drainage from the dry well to enter adjoining properties; that on top of such retaining wall a suitable fence shall be maintained to the satisfaction of the Borough Superintendent.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Laid over to April 20, 1954, at 2 P. M. for applicant to file revised plans.

1022-47-BZ—Vol. II

APPLICANT—Edwin E. Roberts, for Millie Cardillo, owner.

SUBJECT—Application for consideration—reopening and extension of term of variance—re Application (decision of the borough superintendent) previously granted on condition, under section 7e of the zoning resolution, permitting the continuation in a residence and local retail use district the storage of building materials, storage garage for four trucks, office and show rooms.

PREMISES AFFECTED—131-24 Springfield boulevard, west side, 104.52 ft. north of Adair street (Block 12729, Lot 16), Springfield, Borough of Queens.

APPEARANCES—

For Applicant: Edwin A. Roberts.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application reopened and term of variance extended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, this application was amended by the Board as Vol. II, on November 24, 1953, on certain conditions; and

WHEREAS, the term of variance was extended on November 24, 1953; and

WHEREAS, the applicant requested a further extension of the term of variance.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on November 24, 1953, as to term of variance, so that as *amended* the resolution shall read:

"* * * Granted for a further term of fifteen (15) years from the date of this *amended* resolution."

and as to obtaining permits and completion of work, so that as amended this portion of the resolution shall read:

"* * * in view of statement by applicant that no work has been done as to the additional building, that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution from the date of this *amended* resolution, and that a certificate of occupancy shall be obtained for the entire premises upon completion of the additional building." (N.B. Applic. 128/53)

JOSEPH J. DOYLE, *Chief Clerk.*

APPEALS AS TO MULTIPLE DWELLINGS

The Legislature, under Chapter 333 of 1948, has clarified Section 60 of the Multiple Dwelling Law by describing the agency authorized to grant variances under this Section, so as clearly to mean in New York City—the Board of Standards and Appeals.

Chapter 508 of 1948 has also been adopted by the Legislature, amending the Multiple Dwelling Law to provide, under new Section 310, for a Board of Appeals. By description, the Board of Appeals means in New York City—the Board of Standards and Appeals. Section 310 provides as follows as to appeals:

LAWS OF NEW YORK—By Authority

CHAPTER 508 OF 1948

§ 310. Board of appeals. 1. As used in this section "board" shall mean the agency of a city constituted as a board and authorized by law both to grant variances of the zoning resolution and to make rules supplemental to laws regulating construction, maintenance, use and area of buildings.

2. Where the compliance with the strict letter of this chapter causes any practical difficulties or any unnecessary hardships the board shall have the power, on satisfactory proof at a public hearing, provided the spirit and intent of this chapter are maintained and public health, safety and welfare preserved and substantial justice done, to vary or modify any provision or requirement of this chapter, or any rule, regulation, supplementary regulation, ruling or order of the department with respect to the provisions of this chapter, as follows:

a. For multiple dwellings and buildings existing on July first, nineteen hundred forty-eight, provisions relating to:

- (1) Height and bulk;
- (2) Required open spaces;
- (3) Minimum dimensions of yards or courts; or
- (4) Means of egress.

b. For multiple dwellings and buildings erected or to be erected after July first, nineteen hundred forty-eight,

and such dwellings thereafter altered or to be altered, provisions relating to:

- (1) Required open spaces; or
- (2) Minimum dimensions of yards or courts.

Variations or modifications may be granted pursuant to this paragraph b only on condition that open areas for light and air are provided which are at least equivalent in area to those required by the applicable provisions of this chapter.

3. An application for such a variance or modification may be made by any person aggrieved or by the head of any public agency, within such time and under such procedure, conditions and rules as may be prescribed by the board. The board shall fix a reasonable time for the hearing of an application and shall require that due notice be given of the time and place of such hearing to the applicant and to the department. Any person or a duly authorized representative of any public agency may appear at any such hearing and be heard on any such application.

4. In every case the board shall state the reason or reasons for its decision. All decisions of the board shall be subject to review in the same manner as is provided by law for review of decisions of such board respecting variances of the zoning resolution.

5. A record of all decisions of the board, indexed according to the section or sections of this chapter affected thereby, shall be kept in the office of the board. Such record shall be open to public inspection at all times during business hours.

PETITION FOR CERTIORARI ORDER SERVED ON THE BOARD OF STANDARDS AND APPEALS

On March 31, 1954, Copy of Petition and Order of Certiorari, was
served on this Board by Dreyer & Traub, attorneys for Regency
Park, Inc., et al., objecting owners, seeking a review of the Board's
determination on February 24, 1954, granting a variance, under Sec-
tion 7, subdivision e, of the Zoning Resolution, to permit for a term
of fifteen years, in a residence use district, the erection and mainte-
nance of a gasoline service station, lubritorium, auto wash (non-
automatic), motor vehicle repairs, storage and sale of accessories, office,
and to permit the parking of cars waiting to be serviced; Cal. No.
436-53-BZ; premises 141-50 Union Turnpike, south side, 44.96 ft. west
of Main Street, Flushing, Borough of Queens.

PUBLIC HEARINGS

Tuesdays at 10 a. m. to 2 p. m.

Special meetings as published in this Bulletin.

All hearings are held in Room 1013, Municipal Building,
Borough of Manhattan.

NOTICE TO APPELLANTS AND APPLICANTS

No appeal or application will be entertained in connection
with which court proceedings are pending or in progress,
unless exception is granted by the chairman, nor accepted
which is not filed within thirty days from the date of the
action of the Administrative Official.

Any communication purporting to be an appeal or appli-
cation shall be regarded as a mere notice of intention to seek
relief until it is filed on the form required by the rules of
this board.

Upon receipt of any such communication the writer will
be supplied with the official forms for presenting his appeal
or application.

At the time of filing an appeal or application, the appel-
lant or applicant shall forward a signed notice of appeal
addressed to the administrative official either borough super-
intendent of buildings or fire commissioner and file with
this board a duplicate of said notice.

Appellant and applicants are advised that their plans must
indicate the points of the compass so as to establish the true
location and position of the property, the subject of the
appeal or application.

Appeals and applications will be simplified and disposition
of the same expedited by conforming to these directions.

HARRIS H. MURDOCK, Chairman

CALENDAR

ert and Keating and Deputy Chief Connors 4
Negative 0

THE VOTE TO WITHDRAW—

Affirmative: Chairman Murdock, Commissioners Klein-
ert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application
on March 2, 1954 after due notice by publication in the Bul-
letin; laid over to March 23, 1954, for inspection and
decision; then to April 27, 1954, to obtain information as
to the action of the Board of Estimate on its calendar of
March 25th, Cal. No. 199, on the proposal of the City Plan-
ning Commission to change the zoning to G-1; and also to
ascertain from the Department of Housing and Buildings
as to what has happened and the reasons therefor for filing
revised plans and particularly the issuance of a permit for
excavation which the Board is advised is now being carried
on; and

WHEREAS, the district maps accompanying the zoning
resolution show that the site, Rockaway Beach boulevard,
Beach 134th street and Beach 135th street are in a residence
use, E-1 area, class 1 height district; and

WHEREAS, the decision of the borough superintendent,
dated August 27, 1953 and corrected December 18, 1953, act-
ing on N.B. Applic. 3334-53, reads:

"1. The area covered by this proposed building is
contrary to Art. 4 Sec. 14A(d) (Sec. 15(c)) of the
Zone Res."

and

WHEREAS, the applicant states that the premises consist
of a plot 200.64 and 116.16 ft. frontage by 71.96 ft. in depth,
irregular, on which is a vacant dwelling, to be demolished;
that it is proposed to erect a building 175 ft. front by 71.96
and 116.16 ft. in depth, one and two stories, 38 and 42.5 ft.
in height, of class 1 construction, to be used as a synagogue
and community center; and

WHEREAS, the applicant contends that the owner pur-
chased this property for the purpose of erecting a synagogue,
school and community center; that the proposed building

would be of class 1, fireproof construction; that the build-
ing, as planned, exceeds the area permitted by the zoning
resolution; that under the zoning resolution the building
may occupy 12,606 sq. ft. on the 1st floor but the building
as proposed would occupy approximately 13,425 sq. ft. on
the 1st floor; that therefore at the first floor level the area of
the proposed building is approximately 819 sq. ft. in excess
of the allowable area, which is about 4% of the total area
of the property; that the many purposes of the community
centre require that the building have two stories above grade
for their proper functioning; that the area of this portion
of the building, as planned, at the 2nd floor, is approximately
5400 sq. ft.; that the total area permitted under the zoning
resolution at 18 ft. above grade is 7244 sq. ft., and there
thus remains but 1844 sq. ft. for the balance of the building
in order to stay within the allowable area; that because of
the requirements of the ritual to be followed in the syna-
gogue and because of design requirements, it is essential
that the ceiling height of the entire auditorium be greater
than would thus be permitted; that it is therefore requested
that the Board grant permission to build this structure as
proposed with areas in excess of those permitted under the
zoning resolution; and

WHEREAS, the premises and area have been inspected by
a Committee of the Board; and

WHEREAS, this is a request to move forward the date of
decision of the Board, the application having been laid
over to April 27th at the meeting of March 23rd, at which
there was no appearance by the applicant; and

WHEREAS, on March 23rd, to which date the application
had been laid over for decision after a full hearing on March
2, 1954, and in the absence of the applicant the Board laid
this matter over to April 27th at the request of the objectors
to await the decision by the Board of Estimate on changes
of area zoning from E1 to G1 upon recommendation of the
City Planning Commission; and

WHEREAS, a request to withdraw this application was re-
ceived in a letter dated March 11th, which was followed by
another letter dated March 16th, asking that the previous
request of March 11th, be disregarded, and a new request has
been received dated March 29th, requesting the withdrawal
of the application before the Board; and

WHEREAS, the representatives of the objectors and the
applicant were notified as to the matter to be considered on
April 6, 1954; and

WHEREAS, during the pendency of the consideration of
the application, the Borough Superintendent issued an exca-
vation and foundation permit which was later cancelled after
excavation had been partly completed; and

WHEREAS, the applicant had been advised that a more
complete examination by the Department was required but
no revised list of zoning objections have been filed.

Resolved, that the application be and it hereby is *withdrawn*
to comply.

550-19-BZ—Vol. II

APPLICANT—H. M. Cole for Cole and Liebmann, Sea-
farers Building Corp., owner.

SUBJECT—Application, October 13, 1953, reopened Novem-
ber 4, 1953—(decision of the borough superintendent)
under sections 7f and 19A(j) of the zoning resolution, to
permit in a business use district, the change in occupancy
from garage for more than five motor vehicles to storage
and office building, and to permit the maintenance of exist-
ing gasoline tank and pump, with a loading door nearer
to intersection than is permitted.

PREMISES AFFECTED—615-619 4th avenue, northeast
corner of 18th street (Block 631, Lot 1), Borough of
Brooklyn.

APPEARANCES—

For Applicant: H. M. Cole.
For Opposition: None.
For Administration: Samuel L. Becker, Dep't of Housing
and Buildings.

MINUTES

ACTION OF BOARD—Application granted on condition.
THE VOTE—

Affirmative: Chairman Murdock, Commissioners Klein-
ert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on November 4, 1953 subject to regular procedure, to consider additional use; and

WHEREAS, a public hearing was held on this application on February 2, 1954 after due notice by publication in the Bulletin; laid over to April 6, 1954, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and 4th avenue are in a business use, B area, class 1½ height district; 18th street is in residence and business use, B area, class 1½ height districts; and

WHEREAS, the decision of the borough superintendent, dated September 4, 1953 acting on Alt. Applic. 2444-53, reads:

"1. Proposed maintenance of existing gasoline pump in a storage and office building (formerly a public garage) is contrary to Art. II, Sec. 4(a), subdiv. 46 of Zoning Resolution.

2. Proposed loading door within fifty feet of an intersection is contrary to Art. IV, Sec. 19A, subdiv. h-3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 50.2 ft. frontage by 100 ft. in depth, on which is located a building 50 ft. front by 100 ft. in depth, one story, 12 ft. in height, of class 3 construction, formerly used as a garage for which certificate of occupancy No. 5752-20 has been filed; that it is proposed to change the use of the building to storage and offices; that the building is to be used for the purpose of receiving, storing and handling of various supplies and equipment in connection with the administration of the Seafarers International Union hall which is located nearby at 675 Fourth avenue; that the union hall building has no cellar and the large volume of supplies and equipment essential to its proper administration requires a large floor area; and

WHEREAS, the applicant contends that although it would have been desirable to have such space within the union hall building, there was no alternative but to find another building for this purpose as close to the hall as possible; that the Seafarers International Union purchased this building on May 7, 1953 for this particular purpose; that it is proposed to leave the existing garage door opening and curb cut on fourth avenue undisturbed and to have the trucks drive into the building for purposes of loading and unloading supplies and equipment; that almost all trucks used in handling these supplies are owned and operated by the Union; that it is proposed to retain the existing gasoline tank and pump adjacent to the truck entrance and to enclose it with a masonry partition and fireproof, self-closing door, having a louver with a fusible link damper; that the pump will be used to dispense gasoline solely to the trucks owned and operated by the Union and will not be used for the sale of gasoline; that there will be no vehicles stored within the building; that the office space included within the building is to be used for the personnel employed in the administration and operation of the storage building; that there are no structural changes proposed to the exterior of the building; that due to the deterioration of the face brick and the stone trim, the street fronts and the east lot line wall, for a distance of 10 ft. from the building line, have been covered with cement stucco; that since the proposed change will not be detrimental to the public welfare and safety, it is requested that the Board consider the facts in this application and grant the appeal; and

WHEREAS, the premises and the surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 19, Subdivision j, of the zoning resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the zoning resolution and that the application be and it hereby is granted under Section 19A, Subdivision j, as to objections 1 and 2 to permit the continuance of the use as previously permitted by the Board under Vol. I, of Cal. 550-19-BZ, and to permit loading and unloading in the existing opening to the premises on 4th avenue, as proposed and as indicated on plans filed with this application marked "Received October 13, 1953" (3 sheets), on condition that the building shall not be increased in height or area and in all other respects shall comply with all laws and rules applicable thereto; that the gasoline service equipment may be maintained inside the building for private use only as proposed, provided it is enclosed in a compartment, as indicated on such plans; that such portable fire fighting appliances shall be maintained as the Fire Commissioner shall direct; that all permits shall be obtained and all work completed within six (6) months from the date of this resolution.

873-25-BZ—Vol. II

APPLICANT—Lama, Proskauer and Prober, for Phyllis Bernstein and Cumberland Garage, Inc., owners.

SUBJECT—Application October 28, 1953 (decision of the borough superintendent), under sections 7c, 7i, 7h and 7A of the zoning resolution, to permit in a local retail use district the reconstruction and extension of existing gasoline service station (previously granted by the Board), to include lubricatorium, car wash, motor vehicle repairs, storage and sale of accessories and office; and to permit the parking and storage of motor vehicles on unbuilt upon portion of plot with a curb cut nearer the residence use district than is permitted.

PREMISES AFFECTED—112-45 Springfield boulevard and 216-01 to 216-11 113th avenue, northeast corner (Block 11214, Lot 1), St. Albans, Borough of Queens.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Klein-
ert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on November 24, 1953 subject to regular procedure, to consider extension of area and reconstruction; and

WHEREAS, a public hearing was held on this application on March 2, 1954 after due notice by publication in the Bulletin; laid over to April 6, 1954, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a local retail use, D area, class ½ height district; and

WHEREAS, the decision of the borough superintendent, dated October 22, 1953 acting on N.B. Applic. 3622-53, reads:

"1. Proposed demolition and reconstruction of an existing gasoline service station to a gasoline service station, lubricatorium, minor auto repairs, car washing, storage, offices and sales, parking and storage of motor vehicles on a lot in a local retail use district is contrary to Art. 2, Sec. 4C of the Z.R. and the Resolution of the Board Cal. #873-25 B.Z.

2. Proposed curb cut less than 75' to a residence use district is contrary to Sec. 7-A of the Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 143.88 ft. frontage by 100 ft. in depth, irregular, on which is located a gasoline station on the original site (61.65 ft. by 100 ft. irregular); that as of July 25, 1916 the premises were in a business use district and a class 1 height district; that the present use designation became effective on

MINUTES

January 21, 1947 and the present height designation became effective on June 30, 1952; that the premises are presently developed with a gasoline station having a frontage of 61.65 ft. on Springfield boulevard and 122 ft. on 113th avenue consisting of four 550 gallon gasoline tanks, four approved type gasoline pumps and a 30 ft. by 32 ft. building containing office and lubritorium; that the plot is also developed with two open grease pits and an open lift; that there are no permits or certificate of occupancy for this use, although the fire department issued Alt. 1227 of 1925 for a gas station; that it is proposed to extend the gas station to a frontage of 143.88 ft. on Springfield boulevard and 100 ft. on 113th avenue; that it is also proposed to install nine 550 gallon gasoline tanks and four gasoline pumps; that the contemplated accessory building will have a frontage of 65 ft. and a depth of 30 ft., will be one story in height, of class 3 construction and contain the conjunctive uses of car wash, lubritorium, minor auto repairs, storage and office and sales; that a part of the open site will be reserved for parking and storage of motor vehicles; and

WHEREAS, the applicant contends that the new proposed development will improve the appearance of the community as the building will be modern in design and the gas pumps will be relocated to 10 ft. back of the building line in lieu of their present position on the building line; that the present open lifts will be removed and all greasing and servicing of cars confined to the new building; that the proposed parking and storage of motor vehicles on the site will relieve any parking situation arising from this type of business; that Springfield boulevard is a main auto artery leading across Queens and this, coupled with the fact that the present gas station has been in existence since 1925, makes the proposal in keeping and a required service at this point; that it is mandatory that the site be redeveloped at this time in order to render a more efficient service to the public; that in view of the fact that this gas station was previously granted by the Board it cannot affect the area adversely; that at the present time there is a gas station in the same block on lot No. 9, so that the part of the site that is now proposed to be used for the extended gas station in question, is situated between the gas station above mentioned and the present gas station on the site in question, and it would therefore be unadaptable for any other use; that there are no curbs on either Springfield boulevard or 113th avenue at this time and the contemplated redevelopment will establish curbs or curb cuts; that the proposed curb cut on 113th avenue is required for efficient operation of the redeveloped gas station and will not have a greater effect on the residential aspect of 113th avenue than the various curb cuts required for the garage of the many dwellings; that this proposed curb cut is within 65 ft. of the residential zone in lieu of 75 ft. as required, and exceeds the allowable distance to a residential zone by 10 ft.; and

WHEREAS, the premises and the surrounding area were inspected by a committee of the Board, and careful consideration has been given to the proposal to permit the legally existing gasoline service station to be rearranged and extended in area as indicated on plans filed with this application; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions c, i, h & A, of the zoning resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7, Subdivisions c, i, h and 7A, to permit the rearrangement and extension of the gasoline service station, as permitted by the Board under Vol. I, under this calendar number, on December 15, 1925, substantially as proposed and as indicated on plans filed with this application marked "Received October 28, 1953," 4 sheets, *on condition* that all existing buildings and uses shall be removed and the enlarged plot shall be rearranged and reconstructed as indicated on such plans showing the proposed conditions; that the accessory building shall be faced with face brick; that there shall be no cellar under the

building; that pumps shall be erected not nearer than 15 ft. to the street building line of Springfield boulevard; that on the interior lot lines there shall be erected a woven wire fence not less than 5 ft. 6 in. in height, erected on a masonry base; that the proposed gas station shall not be extended into that portion of the plot within the residence use district and that portion of the plot shall be landscaped and maintained with proper planting material and with a curbing for protecting the sloping bank; that the number of gasoline tanks shall not exceed nine (9) 550 gallon tanks; that curb cuts shall be restricted to four, as shown, to Springfield boulevard and one to 113th avenue, where located, and herein permitted under Section 7, Subdivision A; that the sidewalks and curbing around the premises shall be repaired or constructed to the satisfaction of the Borough President; that the balance of the premises shall be paved with concrete or asphaltic pavement; that the pumps shall be of an approved low type; that such portable fire fighting appliances shall be maintained as the Fire Commissioner shall direct; that the service lifts shall be of the hydraulic type; that under Section 7, Subdivision i, there may be minor repairing with hand tools only for adjustments and maintained solely within the accessory building; that under Section 7, Subdivision h, for a term of ten (10) years, there may be parking of motor vehicles awaiting service; that signs shall be restricted to a permanent sign attached to the facade of the accessory building and to the illuminated globes of the pumps, excluding all roof signs and all temporary signs but permitting the erection within the building line of a post standard for supporting a sign which may be illuminated advertising only the brand of gasoline on sale and permitting such sign to extend beyond the building line of Springfield boulevard for a distance of not over 4 ft.; that at the intersection there shall be erected and maintained a block of concrete extending for a distance of approximately 5 ft. from the intersection and not less than 4 in. in height; that all permits shall be obtained and all work completed within the requirements of Section 22A of the zoning resolution and that a certificate of occupancy shall be obtained.

275-37-BZ—Vol. III

APPLICANT—Lama, Proskauer and Prober, for Henry J. Benisch and Charles E. Benison, owners (Ideal Steel Corporation, lessee).

SUBJECT—Application December 16, 1953 (decision of the borough superintendent), under section 7e of the zoning resolution, to permit in a residence and business use district the change in occupancy of five frame buildings from monument works to steel fabricating, welding, cutting, blacksmith shop and office, and to permit the continuation of building used as an engine room, and to permit the storage of structural steel in the open yards, for a term of fifteen years.

PREMISES AFFECTED—11-23 Autumn avenue, east side, 83 ft. 11¾ in. south of Jamaica avenue and 20-30 Lincoln avenue (Block 4108, part of lot 4), Borough of Brooklyn.

APPEARANCES—

For Applicant: Alfred A. Lama and Henry J. Benisch.

For Opposition: U. C. Cinci.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative: Commissioner Kleinert 1

Negative: Chairman Murdock, Commissioner Keating
and Deputy Chief Connors 3

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. III on December 22, 1953 subject to regular procedure, to consider change of use on a portion of the premises; and

WHEREAS, a public hearing was held on this application on March 2, 1954 after due notice by publication in the Bulletin; laid over to April 6, 1954, for inspection and decision; hearing closed; and

MINUTES

WHEREAS, the district maps accompanying the zoning resolution show that the site, Autumn avenue, Lincoln avenue and Jamaica avenue are in residence and business use, C area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated December 7, 1953 acting on Alt. Applic. 4690-53, reads:

"1. On a portion of a lot located partly in a business use district and partly in a residence use district, the proposed change in occupancy from "Monument Works" to "Steel Fabricating, Welding, cutting, blacksmith shop, office and storage of structural steel in open yard" is contrary to Art. II, Sec. 3 and Sec. 4(a) Subdiv. 4 of the Zoning Resolution.

Note: A portion of lot 4 was the subject of a conditional variance for gasoline service station under Cal. No. 275-37-BZ."

and

WHEREAS, the applicant states that the premises consist of part of a plot, 160 ft. 3¼ in. and 194 ft. 3 in. frontage by 175 ft. in depth, irregular, on which is located a gas station and a monument works; that the monument works portion is the subject of this application; that the site is now developed with five frame buildings of class 4 construction, one story in height and all inter-connected; that building No. 1 is 78 ft. 5 in. by 46 ft. 7½ in. building No. 2 is 18 ft. by 23 ft. 8 in.; building No. 3 is 38 ft. 7 in. by 65 ft. 11 in.; building No. 4 is 22 ft. 3 in. by 59 ft.; building No. 5 is 20 ft. by 25 ft. and building No. 6 is 78 ft. 5 in. by 46 ft. 7 in.; that buildings Nos. 1, 2, 3, 4 and 5 are used for monument work and building No. 6 is used as an engine room; that the open yards are also used for monument work; that these uses were established under Permit No. 8787-37 and N.B. 36 of 1897; that no certificate of occupancy has been issued and there is no permit for existing curb cut; that this application covers part of Lot No. 4, and the remainder of the lot which has a frontage of 72 ft. on Autumn avenue and 100 ft. on Jamaica avenue, is developed with a gasoline service station maintained under a variance granted by the Board under Cal. 275-37-BZ, Vols. I and II; that it is proposed to convert buildings Nos. 1, 2, 3 and 4 to steel fabricating, welding, cutting and blacksmith shop, building No. 5 to an office and to maintain the present use of engine room in building No. 6; that it is also proposed to store structural steel in the two open yards; and

WHEREAS, the applicant contends that inasmuch as the entire site now has a non-conforming use, it is proposed only to convert to another non-conforming use, so that the community will not be affected; that within the affected area and directly opposite the site on Autumn avenue, block 4107, lot 41 is developed with a public garage; that directly opposite the site on Lincoln avenue, block 4109, lot 91 is developed with a stone yard; that part of lot 4, immediately adjoining to the north, is developed with a gas station, and also immediately adjoining to the north, lot 14 is developed with a one-car garage; that lot 26 immediately adjoining to the south is developed with a loft and garage building; that these are all non-conforming uses so that the conversion as proposed would be entirely in keeping and in harmony with the affected area as it has developed; that also within the affected area, a cemetery occupies the entire frontage of the northerly side of Jamaica avenue; that in view of these facts it would be unfeasible to develop the site with a residence use; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, and careful consideration has been given to the former non-conforming use and the proposed non-conforming use; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under section 7, subdivision e, of the zoning resolution.

Resolved, that the decision of the borough superintendent, acting on Alt. Applic. 4690-53, Objection 1, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

447-41-BZ—Vol. II

APPLICANT—Samuel Rosenblum, for Samuel Thaw, owner.

SUBJECT—Application, December 2, 1953, reopened December 15, 1953 as Vol. II—re (decision of the borough superintendent) under sections 7c, and 7i of the zoning resolution, to permit in a business use district, the rearrangement of dispensing pumps, grease lifts, auto washing, and curb cuts, and to permit the addition of a welding room to motor vehicle repair shop.

PREMISES AFFECTED—2548 White Plains avenue, east side, 210.59 ft. south of Allerton avenue (Block 4433, Lots 23 and 25), Borough of The Bronx.

APPEARANCES—

For Applicant: Samuel Rosenblum.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on December 15, 1953 subject to regular procedure, to consider rearrangement as to use, etc.; and

WHEREAS, a public hearing was held on this application on February 24, 1954 after due notice by publication in the Bulletin; laid over to March 23, 1954, for inspection and decision; hearing closed; then to March 30, 1954, for further consideration after applicant files revised plans; then to April 6, 1954, for applicant to file revised plans, as suggested; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and White Plains road is in a business use, B area, class 1½ height district; Allerton avenue is in business and retail use, B area, class 1½ height districts; and

WHEREAS, the decision of the borough superintendent, dated November 24, 1953 acting on Alt. Applic. 1057-53, reads:

"1. The proposed locations of the gasoline pumps, grease lifts and auto washing and curb cuts are not the same as permitted by Cal. 447-41-BZ and are therefore contrary to it.

2. The proposed welding room in a business district is contrary to Sect. 4, Art. II of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 100 ft. frontage by 100 ft. in depth, on which is located a gasoline service station, a non-storage garage, one story, 46 ft. by 30 ft., an auto repair shop 25 ft. by 81 ft. in depth, irregular, and the parking and storage of motor vehicles; that it is proposed to change the occupancy of non-storage garage to office, auto wash and grease lifts; that it is further proposed to add a welding room to existing motor vehicle repair shop at rear on easterly lot line; that it is also proposed to move the dispensing pumps back 10 ft. from the building line and rearrange the existing curb cuts; and

WHEREAS, the applicant contends that in 1941 under Cal. 447-41-BZ, an application was granted to permit further changes; that at that time the owner was in financial distress and was unable to proceed with the extension and was forced to allow the permission to lapse; that it was not until 1951 and 1952 that he proceeded with plans under N.B. Applic. 1107-51 to erect the existing one story structure 46 ft. by 30 ft. on the southerly portion of the premises as a non-storage garage for less than five cars; that certificate of occupancy No. 10414 was issued for this use; that curb cut permit BX-9388 was approved to extend the southerly curb cut; that there are at present filed with the previous application Cal. No. 447-41-BZ, curb cut permits Nos. 13665, 5967 and 3187, and also certificate of occupancy dated June 9, 1934 on Alt. Applic. 120-34 for auto repair and oil selling station; that this application is for permission to use the one story structure on the southerly section for car washing and grease lifts in conjunction with existing gas station, and to use a small room in the rear of the one story building at the northerly end for welding in connection with the auto repair shop; that this room, about 6 ft. by 6 ft., will be separated

MINUTES

by fireproof partitions and a fireproof, self-closing door from the rest of the premises; that it is completely remote from the servicing functions at the front of the premises; that the gasoline pumps will be removed from their present location on the building line and relocated 10 ft. inside the building line; that the boiler room, located under the old office at the north, is no longer in use; that as the owner was unable to proceed with the former arrangement and as the changes of the pumps will be better for the operation of the gas station and the wash stand and grease racks will be in an enclosed structure, consideration of this application is requested for the proposed revision of the gas station and accessories; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board;

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on November 18, 1941, under Vol. I, under which no work was done, by adding thereto:

"that in the event the owner desires to rearrange the premises substantially as proposed and as indicated on plans filed with this application marked 'Received December 2, 1953' (3 sheets) and 'April 1, 1954' (1 sheet), such changes and additions may be made as proposed, under sections 7c and 7i, *on condition* that there shall be erected a masonry wall 5' 6" in height on the rear and side lot lines and to the street line where shown, to a total height of not less than 4 ft. and to permit the proposed welding shop within the rear building; that pumps shall be removed from their present location and located where shown, such pumps to be of a low approved type, located not nearer than 10 feet to the street building line of White Plains road; that the curb cuts now existing and stated to be subject to existing permits may be continued; that no further changes shall be made; that such portable fire-fighting appliances shall be maintained in the several buildings as the fire commissioner shall direct; that the number of gasoline storage tanks shall not exceed three 550 gallon tanks; that signs shall be restricted to a sign attached to the facade of the accessory building and to the illuminated globes of the pumps, excluding all roof signs and temporary signs, but permitting the erection within the building line of one post standard to the south where shown, advertising only the brand of gasoline on sale, and permitting such sign to extend beyond the building line for a distance of not more than 4 feet; and that all permits required shall be obtained and all work completed within six (6) months from the date of this amended resolution."

285-52-BZ—Vol. II

APPLICANT—Goldwater and Flynn, for Theodore Tan-nor, owner.

SUBJECT—Application, December 8, 1953, reopened January 5, 1954 as Vol. II—re (decision of the borough superintendent) under sections 7f, 7i and 7h of the zoning resolution, to permit in a business use district, the extension in area of plot to provide additional parking of cars waiting to be serviced on gasoline service station under construction.

PREMISES AFFECTED—30-14 34th avenue and 34-02 to 34-06 31st street, southwest corner (Block 607, Lots 28 and 29), Astoria, Borough of Queens.

APPEARANCES—

For Applicant: L. R. Colman and Samuel Rosenblum.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Klei-
ert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on January 5, 1954 subject to regular procedure, to consider extension in area; and

WHEREAS, a public hearing was held on this application on April 6, 1954 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, 34th avenue and 31st street are in a business use, B area, class 1½ height district; and

WHEREAS, the decision of the borough superintendent, dated December 2, 1953 acting on amendment to N.B. Applic. 7094-51, reads:

"1. Increased area of plot to provide for additional parking of cars awaiting service in conjunction with uses permitted in B.S.A. Resolution Cal. #285-52-B.Z. must be resubmitted to the Board for approval."

and

WHEREAS, the applicant states that the premises consist of a plot, 65.09 ft. frontage by 110 ft. 10 in. in depth, on which is being constructed a gasoline service station; that it is proposed to add a plot 30 ft. front by 40 ft. in depth to existing gasoline service station; to be used for the parking of cars waiting to be serviced; and

WHEREAS, the applicant contends that in connection with the gas station on lot 29 of the subject premises, heretofore approved by the Board and for which construction plans were approved on July 28, 1953, that the gas station has been practically completed in accordance with the terms and conditions of the resolution; that the owner is desirous of using an adjoining parcel directly to the west, which has a frontage of 30 ft. and a depth of 40 ft. (now known as lot 28), as an entrance to the gas station, and to provide additional facilities for cars to be parked from time to time; that no construction work is proposed for this plot except that the wall originally designated for the westerly lot line of lot No. 29 will be built at the westerly line of lot No. 28, along with a wall at the rear of said lot No. 28; that no changes of any kind are proposed to the gas station proper, all tanks and pumps being located as originally designated; that the portion which is to be used for parking is legally permitted to have parking inasmuch as these premises are in a business district, and the addition will serve to improve the appearance of the gas station and will provide additional area for movement of cars and will help to avoid possible traffic congestion; and

WHEREAS, the premises and surrounding area were previously inspected by a committee of the Board.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on October 21, 1952, as amended by resolution approving working drawings on July 28, 1953, to permit the extension of area by the addition of lot 28, as proposed and as indicated on plans filed with this application, marked "Received December 8, 1953" (4 sheets) and "January 21, 1954" (1 sheet) *on condition* that the proposed extension of area shall be used only for parking of cars awaiting service similar to that permitted in the resolutions above cited; that a wall shall be constructed on the interior lot lines to a height of 5 ft. 6 in. and shall be carried to the street line, as required in resolution above cited, except that within ten feet of the street line the wall may be reduced to an average of 4 feet; that lot 28 shall be surfaced similarly as required for lot 29; that an additional curb cut may be permitted where shown to a width of 25 feet, but located not nearer than 5 feet to the side lot line as extended; and that all permits required shall be obtained and all work completed within six (6) months from the date of this *amended* resolution.

329-53-BZ

APPLICANT— Henry Nordheim, for Catherine DeMasi, owner.

SUBJECT—Application April 28, 1953 (decision of the borough superintendent), under sections 7e and 21 of the

MINUTES

zoning resolution, to permit in a residence use district the sale and display of used cars on vacant plot.

PREMISES AFFECTED—1915 Bruckner boulevard and 1003 Virginia avenue, northwest corner (Block 3733, Lots 69 to 72, inclusive), Borough of the Bronx.

APPEARANCES—

For Applicant: H. Nordheim.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative—Chairman Murdock, Commissioners Klei-
ert and Keating 3

Negative: Deputy Chief Connors 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 2, 1954 after due notice by publication in the Bulletin; laid over to April 6, 1954, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Virginia avenue are in a residence use, E-1 area, class 1 height district; Bruckner boulevard is in residence and local retail use, E-1 area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated April 23, 1953 acting on amendment to Alt. Applic. 221-53, reads:

"1. Used car lot in a Residence Use District is contrary to Section 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 100 ft. and 100.31 ft. frontage by 100 ft. in depth, irregular, presently vacant; that it is proposed to use vacant plot as a used car lot with a curb cut fronting on Virginia avenue; and

WHEREAS, the applicant contends that the land is swamp land and to date partly filled in by the owner; that the remaining part has not yet been filled in along the rear lot line; that it required many tons of earth to bring the plot to street level until there was no further settlement; that it is proposed to surface the entire plot with crushed trap rock and a suitable binder to present a dustless surface; that the subject plot adjoins the plot on the northeast corner of White Plains road and Bruckner boulevard, which is occupied as a used car lot; that on the northwest corner of White Plains road there is a gas station fronting on Bruckner boulevard, and on the southwest corner of Bruckner boulevard and White Plains road, in block 3671, lot 50, there is another gas station; that block 3677, approximately the southeast corner and extending east along Bruckner boulevard for more than 400 ft., has a commercial recreational development with hot dog stands, lunch rooms, a baseball field, golf course and general amusement paraphernalia; that a used car business on the proposed plot will not degrade the district any more than the activity on the south side of Bruckner boulevard; that under section 7e the Board is empowered to grant for a stated term of years, uses not in conformity with the requirements of the zoning resolution which apparently leaves the Board to act without limitations; that under section 21 the Board may grant where undue hardship exists and in this respect, as previously stated, the soil conditions being swamp land, nothing in a residence category could be built without piling and such an operation would be too costly even for private apartment house construction; that the owner of this plot is the same who developed the used car lot in block 3732, lots 3 to 6 and proposes the same type of lighting posts and frame office; and

WHEREAS, the applicant states that the use district was changed from business to residence April 26, 1945; that the height district was changed from 1½ to 1 on April 26, 1945 and the area district was changed from B to D and E April 26, 1945; and

WHEREAS, the premises and the surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e, of the zoning resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7, Subdivision e, to permit the occupancy of the vacant plot for a temporary term of two (2) years, substantially as proposed and as indicated on plans filed with this application marked "Received April 28, 1953," 2 sheets, as a lot for the sale of used cars and for no other use; that the entrance to the premises may be permitted from Virginia avenue, as shown on such plans, with a curb cut not over 10 ft. in width; that on the interior lot lines there shall be erected a woven wire fence of the chain link type not less than 5 ft. 6 in. in height; that signs may be permitted for a similar lot in the restricted retail district; that the plot shall be leveled and shall be surfaced with clean gravel or steam cinders and treated with a binder and properly rolled; that during the term of this variance the premises shall be occupied for no other use and no building shall be erected thereon, except there may be a building not over 150 sq. ft. in area, not over one story in height, which may be of frame, solely as an office for the operator of the premises in connection with the sale of used cars only; that such portable fire fighting appliances shall be maintained as the Fire Commissioner shall direct; that all permits shall be obtained and all work completed within six (6) months from the date of this resolution and that a certificate of occupancy shall be obtained.

401-53-BZ

APPLICANT—Henry Nordheim, for Max Donner, owner.

SUBJECT—Application May 22, 1953 (decision of the borough superintendent), under sections 7e and 21 of the zoning resolution, to permit in a residence use district the sale and display of used cars.

PREMISES AFFECTED—1875 Bruckner boulevard and 1003 Underhill avenue, northwest corner (Block 3731, Lots 1 and 75), Borough of The Bronx.

APPEARANCES—

For Applicant: H. Nordheim.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Klei-
ert and Keating 3

Negative: Deputy Chief Connors 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 9, 1954 after due notice by publication in the Bulletin; laid over to April 6, 1954, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Bruckner boulevard and Underhill avenue are in a residence use, D and F area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated May 4, 1953 acting on Alt. Applic. 380-53, reads:

"1. Proposed sale of used cars in a residence use district is contrary to Sec. 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 100 ft. frontage by 189.89 ft. in depth, irregular, presently vacant; that it is proposed to use the vacant plot for the sale and display of used cars; and

WHEREAS, the applicant contends that the subject property is swamp land and is at present being filled in so as to create a surface on a level with Bruckner boulevard; that when no further settlement takes place it is then proposed to surface the entire plot with crushed trap rock and a

MINUTES

suitable binder to present a dustless surface; that there are only 8 dwellings within a 500 ft. area and this is largely due to the fact that most of the area north of Bruckner boulevard is swamp and under water most of the time; that within the affected area there are two gas stations and a used car lot; that the construction of small dwellings is out of the question for support of a building piling would be required and that factor would be too costly for even privately constructed multi-family dwellings, and therefore occupying a small plot for the sale of used cars temporarily, would not be any detriment to the district, for only government subsidized construction could appropriate such land; and

WHEREAS, the premises and the surrounding area were inspected by a committee of the Board, and the committee recommended that the application should be granted for a temporary period of two (2) years; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e, of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7, Subdivision e, for a term of two (2) years to permit the premises to be occupied for the sale of used cars and for no other use, substantially as proposed and as indicated on plans with this application marked "Received May 22, 1953," 2 sheets, *on condition* that the plot shall be leveled substantially to the grade of the adjoining streets and shall be surfaced with clean gravel or steam cinders and treated with a binder and properly rolled; that there shall be erected on all lot lines a woven wire fence of the chain link type not less than 5 ft. 6 in. in height, with no openings therein except one opening to Bruckner boulevard not over 10 ft. with a curb cut not over 10 ft. in width where shown; that signs shall be restricted to such signs as may be permitted for a similar lot and use when maintained in a restricted retail district; that during the term of this variance the premises shall be occupied for no other use and no building shall be erected thereon except there may be a building not over 150 sq. ft. in area, and not over one story in height, which may be of wood, as an office for the operator of the sales car lot and for no other use; that such portable fire fighting appliances shall be maintained as the Fire Commissioner shall direct; that all permits shall be obtained and all work completed within six (6) months from the date of this resolution and that a certificate of occupancy shall be obtained.

454-53-BZ

APPLICANT—Larry Meltzer, for Charles Meineke, owner (Wolf Sportswear Shop, lessee).

SUBJECT—Application June 10, 1953 (decision of the borough superintendent), under section 21 of the zoning resolution, to permit in a residence and business use, D area district, the extension of existing structure on first floor, using more than the area permitted.

PREMISES AFFECTED—1237 Avenue U, north side, 80 ft. west of East 13th street (Block 7317, Lot 44), Borough of Brooklyn.

APPEARANCES—

For Applicant: Larry Meltzer and Abraham Wolf.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 2, 1954 after due notice by publication in the Bulletin; laid over to April 6, 1954, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and East 13th street are in residence and business use, D area, class 1 height districts; Avenue U is in a business use, D area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated May 29, 1953 acting on Alt. Applic. 2886-52, reads:

"1. On a lot located partly in bus. use district and partly in a residence use district the proposed extension of the bldg. to occupy all the area within the bus. use portion is contrary to Art. IV, Sub. 14 and Sub. 19(e) of Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 20 ft. frontage by 100 ft. in depth, on which is located a building 20 ft. front by 68 ft. on 1st floor, 45 ft. on 2nd floor, one and two stories, 12 ft. and 22 ft. in height, of class 3 construction, presently used as a store on 1st floor and one family dwelling on 2nd floor, for which certificate of occupancy No. 21950 has been issued for store and two families, and has been filed; that it is proposed to extend the building on the 1st floor 32 ft., one story in height, of class 3 construction, to be used by present retail store; and

WHEREAS, the applicant contends that the premises has been in the same ownership since 1923 and due to business volume it has been found necessary to extend the building for a depth of 32 ft. to the rear line of the business zone, leaving the 5 ft. in the rear unbuilt upon; that the extension as proposed exceeds the allowable area by 233 sq. ft. but inasmuch as the extension is only one story in height and the 2nd story of this building and the adjoining building are but 45 ft. deep, the erection of this proposed extension will in no way affect block light and ventilation; that lot 49 and lot 40 in block 7317 are built up 100 ft. and 105 ft. respectively; that lots 2, 5 and 10 in block 7345 have buildings on their sites occupying 100% of the depth of the lots; and

WHEREAS, the premises and the surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the zoning resolution, and is therefore entitled to relief, as to area, on the ground of unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the area district regulations of the zoning resolution and that the application be and it hereby is *granted* under section 21, to permit the extension of area, substantially as proposed and as indicated on plans filed with this application marked "Received June 11, 1953," 3 sheets, "January 14, 1954," 1 sheet, and "March 29, 1954," 2 sheets, *on condition* that the extension shall be as proposed on such revised plans marked "Received March 29, 1954", and that there shall be a yard at the rear as shown with a door opening thereto; that such yard shall be properly paved, and substantial fences shall be maintained, as the Borough Superintendent may approve, on the rear or side yard lines of such yard; that there shall be no windows opening in the side walls to adjoining premises; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; that all permits shall be obtained and all work completed within the requirements of Section 22A of the zoning resolution.

714-53-BZ

APPLICANT—Jerome W. Perlstein, for J.M.J. Homes, Inc., owner.

SUBJECT—Application October 5, 1953 (decision of the borough superintendent), under section 21 of the zoning resolution, to permit in a residence use, E-1 area district, the maintenance of an existing dwelling without the required setback from street line.

MINUTES

PREMISES AFFECTED—145-24 Hook Creek boulevard, northwest corner of 147th avenue (Block 13601, Lot 46), Rosedale, Borough of Queens.

APPEARANCES—

For Applicant: Jerome W. Perlstein and Gerald Salpoff.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition.
THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 9, 1954 after due notice by publication in the Bulletin; laid over to April 6, 1954, for investigation as to widening of 147th avenue, inspection by committee and decision by Board; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and 147th avenue are in a residence use, E-1 area, class 1 height district; Hook Creek boulevard is in residence and manufacturing use, E-1 area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated September 14, 1953 acting on N. B. Applic. 3298-52, reads:

"1. The offsets from the 147 Ave. B. L., is contrary to Art. 4 Sec. 15A(d) of the Zone Res."

and

WHEREAS, the applicant states that the premises consist of a plot, 42.79 ft. and 140.98 ft. frontage by 135.48 ft. and 40.62 ft. in depth, on which is located a dwelling 26 ft. front by 36 ft. 6 in. in depth, irregular, one story, 19 ft. in height, of class 4 construction; that it is proposed to maintain the existing dwelling; and

WHEREAS, the applicant contends that at the time the new building application was filed, the zone was D; that the zone was changed to E-1 June 30, 1951 and the plans were approved in error according to the D zone; that after the footings were laid and the forms for the foundation were built up, the owner brought the matter to the attention of the Department of Housing and Buildings, Queens, and the error was realized and the new building application was then revoked; that the builder then requested from the borough president's office that the proposed street adjoining the property concerned be eliminated so that the proposed dwelling could comply to the new E-1 zone requirement of a 10 ft. side yard; that the request was denied but it was decided and agreed that the lines of 147th avenue could be shifted southerly so that there will be at least 10 feet clearance between the street lines and the proposed buildings on each side; that an alteration map to accomplish this had been ordered; that on the basis of the alteration map No. 3630, dated December 22, 1952 which provided for shifting the lines of the street a maximum of about 5 ft. southerly in order to accommodate the development of the abutting property for residential purposes, the new building application was reinstated and the builder proceeded to construct the dwelling; that in a report from the City Planning Commission which was approved May 6, 1953 under Cal. No. 41, it was stated that the slight shift in the street lines of 147th avenue was requested by the developer of a small group of single family dwellings which will front on Hook Creek boulevard in order to meet the zoning setback requirements of the established E-1 area district for a dwelling to be located at the northwesterly corner of 147th avenue and Hook Creek boulevard; that the proposed change will have no adverse effect in traffic conditions when this section of 147th avenue is improved; that after the building was completed, a final survey was filed and disapproved because, contrary to all assurances made to the builder, sufficient sideyard bordering 147th avenue were not provided for and as per the final survey it was short from 1 ft. 2 in. to 10 in.; that in the meantime, the house had been sold but the final sale is being

held up pending the issuance of a certificate of occupancy; that the mortgage has been withheld and the builder cannot realize his initial investment unless he obtains the certificate of occupancy; that in view of the foregoing facts, it is requested that this application be granted to permit the present setback as shown on plot plan from 147th avenue in lieu of the required 10 ft. setback in an E-1 zone; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the zoning resolution, and is therefore entitled to relief, as to area, on the ground of unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the area district regulations of the zoning resolution and that the application be and it hereby is *granted* under section 21, only as to the width of the sideyard next to 147th avenue to the south, and permitting such side yard to be maintained as proposed and as indicated on plans filed with this application marked "Received October 5, 1953," 4 sheets, *on condition* that in all other respects the building and occupancy shall comply with the requirements of the zoning resolution, and in all other respects with all laws, rules and regulations applicable thereto; that all permits shall be obtained and all work completed and a certificate of occupancy shall be obtained within six (6) months from the date of this resolution.

721-53-BZ

APPLICANT—Lama, Proskauer and Prober, for Alfour Properties, Inc., owner.

SUBJECT—Application September 30, 1953 (decision of the borough superintendent), under sections 7e and 7h of the zoning resolution, to permit in a residence use district the erection and maintenance of a gasoline service station, car wash, lubritorium, motor vehicle repairs, storage and sale of accessories and office; and to permit the parking and storage of motor vehicles on unbuilt upon portion of plot, for a term of fifteen years.

PREMISES AFFECTED—1445-1455 Remsen avenue and 9001-9011 Avenue L, northeast corner (Block 8236, Lot 6), Borough of Brooklyn.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: Morris J. Stein.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative 0

Negative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 9, 1954 after due notice by publication in the Bulletin; laid over to April 6, 1954, for inspection and decision; applicant to submit information re property taken over by city for tax liens; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Remsen avenue and Avenue L is in a residence use, D area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated September 2, 1953 acting on N.B. Applic. 1006-53, reads:

"1. The construction of a gasoline service station, lubritorium, car washing, minor auto repairs, office and sales and parking and storage of motor vehicles in a residence use district is contrary to the Zoning Res., Art. II. Sect. 3."

and

WHEREAS, the applicant states that the premises consist of a plot, 100 ft. frontage by 100 ft. in depth, presently vacant; that as of July 25, 1916 the premises were in a business use district and was changed to its present use designation on

MINUTES

August 14, 1943; that it is proposed to erect a modern gasoline service station consisting of eight 550-gallon gasoline storage tanks and five pumps; that the contemplated accessory building will have a frontage of 45 ft., a depth of 27 ft., one story in height, of class 3 construction and contain conjunctive uses of lubritorium, car wash, minor auto repairs, office and sales and storage; that a part of the site will be reserved for parking and storage of motor vehicles; that the accessory building will be of colonial design with brick facades and peaked roof, which will be in keeping with the area; that a 5 ft. 6 in. high brick and steel picket fence will be erected along interior lot lines and a 5 ft. wide planted and landscaped area will be maintained along the same lot lines to afford adjoining lots additional light and ventilation and act as a buffer; that the proposed provision for parking of cars on the site will alleviate any parking problem that may arise due to the nature of the proposal; and

WHEREAS, the applicant contends that the premises have been in the family of the present owners since 1914, before the enactment of the zoning ordinance, and at which time the proposed gas station could have been erected; that the property had been sold but reacquired by the present owner because the buyers were unable to meet mortgage payments, therefore demonstrating that the premises could not be developed with a conforming use; that Remsen avenue is a very highly trafficked auto lane and as such the proposed gas station is in keeping at this point; that there are no other gas stations in the immediate affected area and the large home development in the area makes the proposal a required service; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommend that the application should not be granted; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under section 7, subdivisions e and h, of the zoning resolution.

Resolved, that the decision of the borough superintendent, acting on N.B. Applic. 1006-53, Obj. 1, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

792-53-BZ

APPLICANT—Henry Nordheim, for 214th Street Realty Corp., owner.

SUBJECT—Application November 4, 1953 (decision of the borough superintendent), under section 7h of the zoning resolution, to permit in a residence use district, the parking and storage of motor vehicles for a term of years.

PREMISES AFFECTED—3371 Elwood place, south side, from East 213th street to East 214th street, 1165 East 213th street and 1174 East 214th street (Block 4708, Lots 9 and 70), Borough of The Bronx.

APPEARANCES—

For Applicant: H. Nordheim.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 2, 1954 after due notice by publication in the Bulletin; laid over to April 6, 1954, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Elwood place are in a residence use, C area, class 1 height district; East 213 street is in residence and business use, C area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent dated November 2, 1953 acting on amendment to Alt. Applic. 238-53, reads:

"1. In a Residence District the Parking and Storage of Motor Vehicles is contrary to Art. II, Section 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 195 ft. and 168.97 ft. frontage by 168.97 ft. in depth, presently vacant, and being used for parking and storage of motor vehicles, for which violation No. 2-77 was issued August 1, 1953; that it is proposed to permit the parking and storage of motor vehicles; and

WHEREAS, the applicant contends that originally the parking on this block started on the Boston Road frontage, from Wilson avenue to East 213th street, as granted by the Board under Cal. 92-41-BZ; that this continued on lot No. 1 until late 1947 when that lot was sold; that on March 2, 1948 an application was filed to move the parking to lot No. 4 under Cal. 166-48-BZ, which was granted by the Board; that this was a triangular plot on the north side of East 213th street, 46.80 ft. west from Boston Road and extended to Elwood place and through to East 214th street; that this lot was used for parking until June 19, 1953, at which time the variance expired; that on February 24, 1953 two owners exchanged plots of land in order that what is now lot 9 and lot 70 would be a right angle plot of land, and it is on these two lots that the owner desires a variance in order to continue the parking and storage of pleasure cars for a period of two years; and

WHEREAS, the premises and the surrounding area were inspected by a committee of the Board, and the committee recommended that the application should be granted for a temporary term to permit the parking of motor vehicles of the pleasure car type only; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h, of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7, Subdivision h, for a term of two (2) years, to permit the premises to be occupied for the parking and storage of motor vehicles of the pleasure car type only, *on condition* that the plot shall be leveled substantially to the grade of adjoining streets and shall be surfaced with clean gravel or steam cinders and treated with a binder and properly rolled; that there shall be erected on all lot lines a substantial woven wire fence of the chain link type not less than 5 ft. 6 in. in height; that openings to the premises shall be restricted to one to 214th street with a curb cut not over 15 ft. in width; that proper aisles shall be maintained for easy entrance and exit at all times; that during the term of this variance the premises shall be occupied for no other use and no building shall be erected thereon except there may be maintained a building solely as an office and shelter for the attendant, provided such building does not exceed 100 sq. ft. in area, nor one story in height, and which may be of frame; that such portable fire fighting appliances shall be maintained as the Fire Commissioner shall direct; that signs shall be restricted to one sign attached to the fence at the entrance and shall not extend beyond the building line and shall not be illuminated, with an area of not over 25 sq. ft. to advertise the parking and storage use and the rates charged and such other information as may be required by the Commissioner of Licenses; that all permits shall be obtained and all work completed within six (6) months from the date of this resolution and that a certificate of occupancy shall be obtained.

795-53-BZ

APPLICANT—Sidney Daub, for Joseph Rimland, Selig Rimland and Sophie Lenefsky, owners (owner under contract, Wasoff Oil Burner & Service Co., Inc.).

SUBJECT—Application November 9, 1953 (decision of the borough superintendent), under section 7e of the zoning resolution, to permit in a residence use district the change in occupancy from storage garage to the repairing and storage of oil burners and the storage of ten motor vehicles.

MINUTES

PREMISES AFFECTED—466-468 West 152nd street, south side, 175 ft. east of Amsterdam avenue (Block 2066, Lot 59), Borough of Manhattan.

APPEARANCES—

For Applicant: Sidney Daub.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 2, 1954 after due notice by publication in the Bulletin; laid over to April 6, 1954, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a residence use, B area, class 1½ height district; West 152nd street and Amsterdam avenue are in residence and business use, B area, class 1½ height district; and

WHEREAS, the decision of the borough superintendent, dated October 17, 1953 acting on Alt. Applic. 1549-53, reads:

"1. The repairing & storage of oil burners & parking of 10 motor vehicles, located in a residence use district constitutes an extension of a non-conforming use and is therefore contrary to Art. II, P. 3, Zoning Res."

and

WHEREAS, the applicant states that the premises consist of a plot, 50 ft. frontage by 99 ft. 11 in. in depth, on which is located a building 50 ft. front by 95 ft. in depth, two stories, 30 ft. 5 in. in height, of class 3 construction, used as a storage garage; that it is proposed to use the structure for the storage of oil burners and parts and to permit the storage of owner's ten motor vehicles; and

WHEREAS, the applicant contends that the present owners have contracted to sell the premises to Wasoff Oil Burner & Service Co., who are engaged in the oil burner business for the servicing and installation of oil burners; that the prospective owners desire to occupy these premises for the storage of oil burners and parts, including their 10 motor vehicles used in connection with their business; that the various floors will be used as follows: cellar—storage of oil burners; 1st floor—storage of 10 motor vehicles; 2nd floor—storage of oil burners and parts and offices; that there will be two men employed upon the premises who will be engaged occasionally to test and check new oil burners before delivery; that there is presently no certificate of occupancy, as application to build the garage was filed May 18, 1916 and work was begun on June 21, 1916, prior to the adoption of the zoning law of July 25, 1916; that the building is 50 ft. by 95 ft. in size, two stories, 30 ft. 5 in. in height; that the 1st and 2nd floors are of class 1, fireproof construction and the roof is of class 3 non-fireproof wood construction; that the proposed use will be a great improvement over the existing use in that the existing 550 gallon gasoline storage system will be discontinued, thereby eliminating the fire hazard; that there will be less crossing of the sidewalk by motor vehicles and no motor vehicles will enter or leave the premises during the night; that no changes will be made to the exterior of the building; that the entire front of the building will be steam cleaned and painted and no electric signs will be placed upon the building; and

WHEREAS, the premises and the surrounding area were inspected by a committee of the Board, and it was noted that the existing non-conforming building was erected, as stated before the Zoning Resolution was adopted, and recommends that the application be granted for the new use as proposed, subject to certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e, of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7, Subdivision e, for a term of five (5) years, to permit the existing building and premises to be occupied as proposed for repairing and storage of oil burners and the storage of ten (10) motor vehicles belonging to the oil burner operator and used in his business, substantially as proposed and as indicated on plans filed with this application marked "Received November 9, 1953," 5 sheets, and "January 18, 1954," 4 sheets, *on condition* that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; that such portable fire fighting appliances shall be maintained as the Fire Commissioner shall direct; that signs shall be restricted to a sign on the front of the building advertising the business carried on, provided such sign does not extend beyond the building line and does not exceed 15 sq. ft. in area; that the building shall not be increased in height or area; that all permits shall be obtained and all work completed within six (6) months from the date of this resolution and that a certificate of occupancy shall be obtained.

APPLICANT—Walter Balfour and Co., Inc., owner.

SUBJECT—Application April 8, 1950—Balfour Fire Door (three hour test Rolling Steel Door).

APPEARANCES—

For Applicant: Rudolph Aronson.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Cal. 325-50-SM

March 10, 1954

Subject: Balfour Fire Door, 3 Hour Test Rolling Steel Door, approval of.

Walter Balfour & Co., Inc., owner-manufacturer filed an application with the Board of Standards and Appeals for approval of Balfour Fire Door 3 hour test rolling steel door under the provisions of C26-178.0.b, C26-610.0 and C26-660.0 Administrative Building Code.

Purpose

A rolling steel fire door designed for the protection of openings in interior and exterior walls.

Description

The door comprises a curtain of the slat pattern, wall guides, counterbalance mechanism brackets, hood, operating and automatic mechanism. The door was mounted on the face of the wall lapping the edges of the opening at the sides and top, and in the closed position the bottom bar of the curtain rests on the sill. The door was operated by means of a chain, crank or handle (push-up, pull-down type) and

MINUTES

is closed automatically by the operation of a release mechanism which includes fusible links. The door is intended for use in the protection of openings not exceeding 120 sq. ft. in area for interior and exterior openings, not shutters, with neither width or height exceeding 12 ft. where it is not subject to damage by falling beams or floors or where the opening is not used for emergency exits. The curtain is made of #20 USS gauge galvanized steel slats. The upper edge of the curtain is attached to rings secured to the barrel and the bottom slat to the bottom bar. A special support secured to each vertical edge of the curtain is employed to support the curtain above the bell mouth of the guides. The edge guards were made of malleable iron and secured to the edge of each slot. The bottom bar was made of two steel angles which were fastened to the bottom slot reinforced with $\frac{1}{2}$ by 1 in. steel strip. Each guide assembly was made up of a main angle in contact with the wall, and a channel forming a groove to receive the edge of the curtain. The leg at right angles to the wall was secured to the channel by bolts passing through the vertical slotted holes. Each bolt was provided with a fiber and a stub washer. Each guide was attached to the wall by $\frac{3}{8}$ in. through bolts installed in the leg of the main angle in contact with the wall. Bolts were installed in vertically slotted holes and a fiber and a steel washer being provided at each bolt. The bolts for attaching the guides in position for the height of the opening were spaced not exceeding 18 inches centers and 6 in. from the bottom. A stop was provided on the bottom bar to limit the upward travel of the door in open position.

The door was operated by chain crank and handle and was of the automatic design. The chain-operated automatic mechanism was constructed and installed as specified. Automatic doors are provided with a governor in order to retard the descent of the curtain in case of fire and to reduce the impact of the curtain on the sill where the door is operated at regular intervals in the field. The counterbalancing mechanism comprises a barrel, shaft, spring and necessary attachments for these members. The shafts are made of steel installed in the barrel. They are supported in the barrel and at each end by two brackets, which are attached to the wall by three $\frac{3}{8}$ in. bolts to each bracket. Within the barrel are the steel springs of such size as to counter balance the curtain. Each bracket was made of steel plates of such form as to support the shaft, coil and hood and to close the end of the hood. The hood is made of #24 USS gauge galvanized sheet steel formed to fit the brackets and attached thereto. The upper edge was secured to the wall by steel expansion bolts. The hood was provided with a flame stop, suspended away from the curtain during regular operation by fusible links.

Inspection and Test

Fire and hose stream tests were conducted on this door at the Underwriters Laboratories Inc., Chicago, Ill., on December 18, 1953; present at the test were Chief Engineer Leslie V. Huber of the Committee on Test, Walter Balfour and Rudolph Aronson representing the applicant. The door was mounted on a 10 inch wall. After the panel on which the door was mounted was drawn into position the fire was started in the furnace exposing one face of the door to gas flames controlled in accordance with the Standard Time Temperature Curve. This exposure to fire was continued for 3 hours after which time the panel was withdrawn from the furnace and the exposed face was immediately subjected to the impact and cooling action of a 30 lb. water stream applied for 3 min. and 4 sec. in accordance with the standard. The tests were in accordance with the requirement of Group 5 and Group 18 Sub. Art. 1 of Art. 11 Administrative Building Code, titled "Fire Resistive Materials" and were in conformity with the Standard Time Temperature Curve. No passage of flame through the door or smoke in significant amount occurred during three hours of exposure. The door bulged $1\frac{3}{4}$ inches toward the fire during the 1st 30 minutes and assumed a maximum of 2 inches at the end of 179 minutes of exposure.

Recommendation

On the basis of the inspection and test and the data submitted by the applicant, the Committee on Test recommends the approval of the Balfour Fire Door 3 hour test Rolling Steel Door, when manufactured in accordance with the specifications provided herein under C26-660.0 Administrative Building Code, but the use of these doors shall not be permitted in required exits. When combustibles are stored within 15 ft. of an opening, two such doors, one in each side of the openings shall be provided. Larger sizes of this door may be permitted in accordance with the permissive provisions of the Administrative Building Code. The Committee further recommends that all opening protective assemblies manufactured under this approval shall comply with the Rules of the Board for Inspection of Opening Protective Assemblies.

(Sgd.) HARRIS H. MURDOCK,
Chairman,
LESLIE V. HUBER,
Chief Engineer,
JOHN A. DARTS,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

843-53-SA

APPLICANT—The Eclipse Engineering Co., owner.
SUBJECT—Application November 20, 1953—Eclipse Fan Type Combination Gas-Oil Burner, Models SPG, SPO, SPCGO and SPAS.

APPEARANCES—

For Applicant: Alexander N. Mason.

ACTION OF BOARD—Appliance approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Cal. 843-53-SA

February 24, 1954

Subject: Eclipse Fan Type Combination Gas-Oil Burner, Models SP-G, SP-O, SP-CGO, and SPCGO-AS, approval of.

The Eclipse Fuel Engineering Co., manufacturer, filed November 20, 1953, an application with the Board of Standards and Appeals for approval of the Eclipse Fan Type Combination Gas Oil Burner, Models SP-G, SP-O, SP-CGO, and SP-CGO-AS under the provisions of C26-178.0.b Administrative Building Code, C19-57.0 Administrative Code, Art. 12 Administrative Building Code, and the Oil Burner Rules of the Board of Standards and Appeals.

Purpose

A combination gas and oil burning appliance.

Description

The device is a combination of a gas burner and an oil burner operating one at a time. There are four models of the burner SPO Model is for oil burning SPG model is for burning gas, SPCG-O burner is a combination of the SP-O and SP-G units with elements of each burner as described combined in one unit. The SP-CGO-AS burner is the same as the SP-CGO with the addition of an automatic switch over control.

MINUTES

When burning oil in this burner, the standard practice of high pressure atomization on firing of light oils only is used. In addition a combustion tile or tujere is made an integral part of the burner. The pressure is supplied by a Sundstrand fuel pump with integral relief valve and strainer. An integral fuel solenoid cut off valve mounted directly on the pump is used. This has the additional safety feature of not only stopping the pump when the demand for firing is satisfied but also a double shut off safety in that the solenoid is also closed at this time.

The ignition transformer has a capacity of 15000 volts. In the safety circuit of the burner is an air pressure switch which maintains a constant safeguard against loss of combustion air and permits the blower fan to come to full speed before air is admitted to the combustion chamber. If at any time there is loss of combustion air due to failure of the fan or blower component, all fuel to the burner is immediately cut off. The flame failure device is a standard Minneapolis Honeywell R-190B electronic unit having a photo electric cell safeguard mounted in the burner head. If at any time during the firing cycle the fuel or flame should be lost the instrument will go into a re-attempt to establish flame which lasts from 15 to 30 seconds at which time the instrument warps out shutting the entire unit down, making it necessary to manually reset the warp out switch. The CO₂ content of the flue gas is 12%.

When gas is used, the main gas control valve is a General Central Hydra motor valve 110V 60C, the Pilot gas control valve is a General Controls solenoid K-3B 110V 60 C. The gas service regulator is a Eclipse Service Governor. The gas input regulator is an Eclipse Rotor Adjuster W/cone and orifice. For gas firing the ignition transformer 115-G 6000 V sec. 60c heavy duty. The ignitor spark ignition of gas pilot located to fire main burner and flame sensory element. The main gas valve controls flow of gas to main burner and is under control of a MH R190 B flame relay. There is a main gas manual shut off valve.

The operating description covers the type units—for model description for various input a suffix number identifies the heating input of a specific size. In the case of SP-G units the suffix number indicates the 1000 of BTU input—a SP-G-400 has a capacity of 400,000 BTU.

In the case of SP-O unit the suffix number designates the number of gallon per hour of fuel. A SP-O-3 has 3 gallons per hour input.

In the case of SP-O unit the suffix number designates the number of gallon per hour of fuel. A SP-O-3 has 3 gallons per hour input.

In the case of SP-CGO the suffix number designates the 1000's of BTU input. A SP-GO-400 has 400,000 BTU input.

Inspection and Test

A model of this burner was inspected and tested at 633 Court St., Brooklyn, and found to operate as designed with no flarebacks or undue carbon deposits. The burner operates on fuel oil not heavier than #3 or on natural manufactured or mixed gases.

Present at the test were Chief Engineer Leslie V. Huber of the Committee on Test, Alexander N. Mason, W. E. Setzler and J. L. Bellnap representing the applicants.

Recommendation

On the basis of the inspection and test and the data submitted by the applicant, the Committee on Test, recommends the approval of the Eclipse Fan Type Combination Gas Oil Burner for commercial and industrial operation in New York City with fuel oil not heavier than #3 or manufactured natural or mixed gas; when installed and operated in accordance with this report and the Oil Burner Rules of the Board of Standards and Appeals and the provisions of Art. 12 Administrative Building Code. Provided each burner bears a label permanently affixed reading: "Approved by the

Board of Standards and Appeals for use in New York City under Cal. No. 843-53-SA."

(Sgd.) HARRIS H. MURDOCK,
Chairman,
LESLIE V. HUBER,
Chief Engineer,
JOHN A. DARTS,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this appliance in accordance with the report of Committee, *on condition* that the requirements of law shall be complied with as to installation and when used for gas the requirements of the Building Code as to gas installation requirements shall be complied with and when used for oil the requirements of the Oil Burner Rules of the Board shall be complied with.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Klei-
ert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated April 10, 1953, acting on amendment to Alt. Applic. 3335/47, reads:

"1. The Labor Law, Sec. 270, requires at least two exit stairs enclosed in fireproof partitions and complying with that section in all detail from each portion of the 2nd floor.

2. The curb cuts should be not less than 5 ft. from the lot line and 10 ft. from any light poles.

6. The curb should not be cut unless entrance to the building is provided opposite the cut."

and

WHEREAS, the applicant states that the building is 2 stories, 18 ft. in height; 86 ft. 6½ in. front by 200 ft. in depth at street level; 21 ft. by 45 ft. and 18 ft. by 35 ft. in area at typical floor, of class 3 construction, erected in 1907 and 1915, located on a lot 86 ft. 6½ in. by 200 ft. in area, in a business and unrestricted use, A area, class 1 height district, and used and occupied since 1936 as follows: Cellar of Starr Street building, boiler room, no persons; 1st floor, bakery, office and storage, 50 persons; 2nd floor front, box factory, 5 persons; mezzanine storage, no persons; 2nd floor rear, dressing room, no persons; no change in use or occupancy is now proposed; that the building is provided with four interior stairs, 2 ft. 4 in. and 2 ft. 8 in. in width, of wood construction, unenclosed, that stairs do not lead to street or to roof bulkhead; and

WHEREAS, the owner was convicted and fined in Municipal Term, Magistrates Court, March 25, 1953, on a charge of violation of the Administrative Code; and

WHEREAS, Violation #2247/52, was issued May 27, 1952, for a violation of Section 2.1.3.3 of the Building Code and Section C26-183.0 of the Administrative Code in that the premises were occupied as a bakery without a certificate of occupancy and that work had not been completed in that the 2nd story had not been constructed; and

WHEREAS, Certificate of Occupancy #2048, issued June 17, 1921 to premises 342 to 350 Troutman street, permitted the use of the building as a private garage, loft, wagon room and stable; and Certificate of Occupancy #81542, issued March 12, 1937, to premises 197-203 Starr street, permitted the following use and occupancy: cellar, boiler room, no persons; 1st floor, bakery, office, 20 persons; and

WHEREAS, the applicant states that the building faces two streets and consists mainly of a one story bakery with two small second story extensions, one facing Starr street and the other facing Troutman street; and

WHEREAS, the applicant states that No. 342-350 Troutman street, Lot 10, was erected under Permit #5942 of 1915, and altered under Applic. #6328/20 and Applic. #54/38, and occupied as stable and feed room, and wagon room, and had a passage connecting the Troutman street building with the Starr street building; and

WHEREAS, the applicant states that 197 to 203 Starr street, Lot 62, was erected under N. B. Applic. 1449/07, altered under Alt. 4075/14, Alt. 6231/20, B. N. 54/38 and Alt. 223/37, and was used as a two story storage room, with a 12 ft. by 18 ft. extension on the 1st floor for shipping room and Certificate of Occupancy #81542/37 and #87697/38, issued for cellar, boiler room; 1st floor, bakery and office; and

WHEREAS, the applicant has filed with this appeal a communication dated June 9, 1952, addressed to him by the Chief Engineer of the Office of the Borough President, Brooklyn stating that there is no record in his office of any permit to lower curbs at 342 to 350 Troutman street or at 197 to 203 Starr street; and

WHEREAS, the applicant contends that the premises had been used as a bakery for at least 25 years prior to 1936 when the present occupant took possession; that in 1947 plans were filed to add one extra story to the entire premises; that however, the only extension built under these plans was that the eastern portion of the 1st story on Troutman street for loading dock with a small mezzanine for storage purposes used for the storage of out of season cans and due to the erection of this extension, which was about 20 ft. by 50 ft. in area, two fireproof stairs are now being required; that the 2nd floor on the Starr street front having an area of 18 by 35 ft. is not used for factory purposes but for storage, toilet room and locker room; that there are no employees therein; and

WHEREAS, the applicant contends as to the existing curb cuts that it is requested that permission be granted to accept such curb cuts as are shown under such conditions as the Board may direct; that the streets are not heavily trafficked and there is no danger to pedestrians; that all of the curb cuts have been in existence since the time when the buildings were used for horses and stables; and

WHEREAS, the applicant states that it is proposed to perform the following work: 1. that exit signs and lights will be provided; 2. that 2nd floor rear locker and dressing room will be provided with a multiple dwelling type fire escape and the existing steel ladder will be replaced with a wood conventional stairway and enclosed on the 2nd floor in fire retarding material and there will be no manufacturing conducted in this portion of the building; that the windows in this area will remain barred to prevent pilferage; 3. that the plywood enclosure of the primary stairway serving the 2nd floor area, marked "D" on plans will be removed and the stairway enclosed in a one hour fire test enclosure and this portion will be provided with a Labor Law fire escape with 45 deg. counterbalanced stairway to street; that the sliding door to attic area will be replaced with 1½ hour fireproof, self-closing automatic door; 4. that stairs in the boiler room will be enclosed at cellar level with fireproof materials and the boiler room will be provided with a new engineers exit to street; 5. that the wood partition on the mezzanine, marked A at south, will be removed and replaced with 3 ft. high balustrades; and

WHEREAS, the applicant requests that in view of the safeguards proposed and in view of the small 2nd floor area and the limited number of occupants involved, that this appeal be granted; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board.

Resolved, that the Board of Standards and Appeals does hereby make a *variation* in the requirements of the Labor Law, as cited in a decision of the Borough Superintendent, acting on amendment to Alt. Applic. 3335/47, Objection 1 and that the decision be and it hereby is *modified* and that

MINUTES

the appeal be and it hereby is *granted* to permit the use of the two small areas at the second floor with the exits as shown and as proposed and shown on plans filed with this appeal marked "Received January 11, 1954," (3 sheets); and as to Objections 2 and 6, to permit the curb cuts as shown for the uses as proposed, *on condition* that if permits have not already been obtained for all such curb cuts that proper permits shall be obtained; that the sidewalks shall be repaired or restored to the satisfaction of the Borough President; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that in all other respects the building and occupancy shall comply with all rules and regulations applicable thereto.

18-54-A

APPLICANT—Weinberger and Weishoff, for Lafayette National Bank, owner.

SUBJECT—Application January 14, 1954—Appeal from a decision of the borough superintendent.

PREMISES AFFECTED—465 86th street, north side, 147 ft. 2½ in. west of 5th avenue (Block 6035, Lot 54), Borough of Brooklyn.

APPEARANCES—

For Applicant: M. X. C. Weinberger.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

WHEREAS, the applicant requested a further extension of the term of variance.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on March 7, 1939, as thereafter *amended* by resolutions adopted through March 29, 1949, only so far as it has reference to the term of the variance, so that as *amended* this portion of the resolution shall read:

"* * * granted under Section 7, Subdivision e for a term of five (5) years, from the date of this *amended* resolution, to permit * * * that other than as herein *amended* the resolutions above cited shall be complied with in all respects; and that a new certificate of occupancy shall be obtained." (N.B. 768/39)

775-41-BZ

APPLICANT—Irving Schoenberg, for Kerbel Associates, new owner; former owner, Cortland Realty Co.

SUBJECT—Application for consideration—reopening and extension of term of variance—re Application (decision of the borough superintendent) previously granted on condition under section 7h of the zoning resolution, permitting in a residence use district, for a term of years, the parking and storage of motor vehicles.

PREMISES AFFECTED—80-01 41st avenue, north side, from 80th street to 81st street; 40-43 80th street and 40-42 81st street (Block 1491, Lots 21 and 24), Elmhurst, Borough of Queens.

APPEARANCES—

For Applicant: Irving Schoenberg and Harold J. Hughes.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application reopened and term of variance extended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Klei-
ert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, this application was granted by the Board on November 18, 1941, on certain conditions; and

WHEREAS, the term of variance was extended from time to time and last extended on March 18, 1952; and

WHEREAS, the applicant requested a further extension of the term of variance.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on November 18, 1941, as thereafter *amended* by resolutions adopted through March 18, 1952, only so far as it has reference to the term of the variance, so that as *amended* this portion of the resolution shall read:

"* * * granted under Section 7, Subdivision h for a term of two (2) years, from the date of this *amended* resolution to permit * * * that other than as herein *amended* the resolutions above cited shall be complied with in all respects; and that all permits and a new certificate of occupancy shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution." (Misc. 6187/44 and Misc. 862/44)

2-42-BZ—Vol. III

APPLICANT—Lama, Proskauer and Prober, for Harmosa Oil Corp., new owner, former owner, 260 Delancey Street Corp.

SUBJECT—Application for consideration—reopening and extension of time to complete—re Application (decision of the borough superintendent) previously granted on condition, under sections 7c and 7h of the zoning resolution, permitting in a business and local retail use district, the extension of existing gasoline service station, auto showroom, lubritorium and motor vehicle repair shop (previously granted by the Board under Vols. I and II for a term of years—expires October 24, 1960), to be combined with existing parking and storage of more than five motor vehicles; and the installation of additional curb cuts, dispensing pump and storage tanks.

PREMISES AFFECTED—258-264 Delancey street and 45-53 Columbia street, northwest corner (Block 333, Lots 28, 29, 30, 31 and 35), Borough of Manhattan.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application reopened and time to complete work extended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Klei-
ert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, this application was amended by the Board as Vol. III, on December 9, 1952, on certain conditions; and

WHEREAS, the applicant requested an extension of time to obtain permits and complete the work.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on December 9, 1952, only so far as it has reference to the time within which to obtain permits and complete the work, so that as *amended* this portion of the resolution shall read:

"that in view of the statement by the applicant that all permits have been obtained and the work is substantially complete, that all permits and a certificate of occupancy shall be obtained and all work completed within six (6) months from the date of this *amended* resolution" (Alt. App. 257/52).

*CORRECTION

The minutes of the meeting of the Board of Standards and Appeals held on February 9, 1954, as they appeared in Bulletin No. 7, Vol. 39, are hereby corrected to read as follows:

540-53-BZ

APPLICANT—Burke, Morrison and Green for Long Island Tinsmith Supply Corporation and August C. Henke, owners.

SUBJECT—Application June 26, 1953 (decision of the borough superintendent), under sections 7e, 7e and 7A of the zoning resolution, to permit in a residence and business use district the erection and maintenance of a business building, with curb cut nearer to residence use district than is permitted.

PREMISES AFFECTED—87-11 111th street, east side, 99.6 ft. south of Jamaica avenue (Block 9301, Lot 124, formerly Block 218, Lot 47), Richmond Hill, Borough of Queens.

APPEARANCES—

For Applicant: Robert T. Groh, Harvey C. Lueks and Irving Albert.

For Opposition: John F. Dufficy, Mrs. J. Muller, Mrs. S. Uresk, Anna Auble, Mary E. Wilson, Mildred Amesbury, Charlotte E. Smith, Gertrude C. Ellis, Vincent Guerriere, Rose A. King, Bertha Bauer, Libbie Huber, Irene J. Ring, M. Gillio, Mrs. M. Parisi, M. Reidy, A. Whitney, I. Nash, Carolina Adams and others.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on January 12, 1954 after due notice by publication in the Bulletin; laid over to February 9, 1954, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and 111th street are in residence and business use, C area, class 1 height districts; Jamaica avenue is in a business use, C area, class 1¼ height district; and

WHEREAS, the decision of the borough superintendent, dated June 25, 1953 acting on N.P. Applic. 1242-53, reads:

"1. Proposed location of a commercial building on a lot which is partly in a business use district and partly in a residence use district is contrary to Art. 2, Sec. 3 of the Z.R.

2. Proposed location of a curb cut more than 25'-0" from the corner in a transition area is contrary to Sec. 7A of the Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 100 ft. frontage by 100 ft. in depth, irregular, with

an open ramp and loading platform; that it is proposed to erect a building 48.6 ft. by 100 ft. one story, 19 ft. in height, of class 3 construction, to be used as a shipping, receiving and storage of tinsmith supplies; and

WHEREAS, the applicant contends that the present area and height designations have not been changed since July 25, 1916 and no zoning amendments relating to this property is pending at the present time; that the plot consists of what is at present two tax lots, each 50 ft. by 50 ft. in size; that the southernmost of these lots (old lot 124) has been occupied by a one family dwelling; that Alt. Applic. 662-53 has been filed and approved to reduce this lot to 30 ft. by 61 ft., which lot has been assigned a new tentative lot number of 125; that the balance of old lot number 124 is being consolidated with old lot number 127 and this entire plot has been assigned the new tentative lot number of 124; that on the northerly side of these two lots (abutting property on Jamaica avenue under the same ownership), there is an open ramp and loading platform constructed without a permit; that it is proposed to enclose this ramp and loading platform with a one story masonry building to be used for shipping, receiving and storage in conjunction with owner's business on adjoining plot; that the building will be one story in height, without cellar and with a face brick facade; that all operations will be confined to the interior of the building; that openings in lot line walls will be filled with approved glass block to minimize any possible effect upon adjoining property; that the opening between the new building and the existing buildings on Jamaica avenue will be equipped with three hour fire doors; that the building will occupy less than 60% of the lot and it will therefore comply with area coverage requirements in a C area district; that although the building will be used almost entirely for loading and unloading space, and although a small part of the building is in a business zone, no consideration is being requested for additional coverage under section 19A; that the building supplies store and warehouse fronts on Jamaica avenue in one of the busiest sections of Jamaica avenue; that at the present time it is necessary for the trucks to unload in the front of the store and this has created a traffic hazard; that the objective of this case is to relieve the traffic situation and to reduce the amount of liability that may be caused by such loading and unloading on Jamaica avenue by placing the same in the rear of the premises; that the building on the southwest side of Jamaica avenue and 111th street has been extended for business up to the depth of 134 ft., and therefore the inclusion of business on the southeast side of 111th street and Jamaica avenue up to a similar depth would in no way be extending a business area which would be entirely out of conformity with the remaining residential area to the south; that block 9301, lot 124 is at the present time under the ownership of August Henke who lives in the one family house situated on that particular site; that however, it is under contract of purchase to the Long Island Tinsmith Supply Corporation pending on the Board's granting a variance so as to permit the desired use; that in the event the Board grants such application, this house will remain as a buffer between the residential area and the proposed business area for the unloading and loading of tinsmith supplies; that the Long Island Tinsmith Supply Corporation will rent these premises to any individual desiring to live there; and

WHEREAS, the premises and the surrounding area were inspected by a committee of the Board, which found that the premises are now being used without a permit presumably for the same use as proposed except that the loading space is in the open and that there is no building as is now proposed to be erected over such loading dock, and it is recommended that the application be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district

regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7c, to permit the use of the premises and the erection of the building, substantially as proposed and as indicated on plans filed with this application marked "Received June 26, 1953" (4 sheets), "November 18, 1953" (1 sheet) and "January 27, 1954" (1 sheet), *on condition* that the lots to the south with a two-story frame building thereon shall remain occupied for residential use as at present under the same ownership to act as a buffer and shall not be used in any way with lot 124, as proposed; that the loading building and use shall not be extended beyond what is herein permitted and shown on such plans and for use only in conjunction with the premises under the same ownership facing on Jamaica avenue, as shown on such plans; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; that fences shall be maintained on the lot lines and street building line *of the portion of the plot to be left vacant*, with no openings therein except to 111th street, where

an opening may be permitted of a width not over 15 feet and fitted with gates of similar construction as the fences; that the premises shall be paved with concrete; that there shall be no windows opening to the rear and any openings proposed in the rear shall be filled with glass blocks as approved for exterior walls; that no signs shall be erected on the premises, except there may be a small sign not over 15 sq. ft. in area attached to the fence at the street line, stating that these premises are for the private use of the company; that opposite the opening in the fence there may be a curb cut of similar width; that such portable fire-fighting equipment shall be installed as the fire commissioner shall direct and that all permits required shall be obtained and all work completed within the requirement of Section 22A of the Zoning Resolution.

* Correction—In relation to the requirement for fences, the words "*of the portion of the plot to be left vacant*" inserted in the resolution, as indicated in italics.

APPEALS AS TO MULTIPLE DWELLINGS

The Legislature, under Chapter 333 of 1948, has clarified Section 60 of the Multiple Dwelling Law by describing the agency authorized to grant variances under this Section, so as clearly to mean in New York City—the Board of Standards and Appeals.

Chapter 508 of 1948 has also been adopted by the Legislature, amending the Multiple Dwelling Law to provide, under new Section 310, for a Board of Appeals. By description, the Board of Appeals means in New York City—the Board of Standards and Appeals. Section 310 provides as follows as to appeals:

LAWS OF NEW YORK—By Authority CHAPTER 508 OF 1948

§ 310. Board of appeals. 1. As used in this section "board" shall mean the agency of a city constituted as a board and authorized by law both to grant variances of the zoning resolution and to make rules supplemental to laws regulating construction, maintenance, use and area of buildings.

2. Where the compliance with the strict letter of this chapter causes any practical difficulties or any unnecessary hardships the board shall have the power, on satisfactory proof at a public hearing, provided the spirit and intent of this chapter are maintained and public health, safety and welfare preserved and substantial justice done, to vary or modify any provision or requirement of this chapter, or any rule, regulation, supplementary regulation, ruling or order of the department with respect to the provisions of this chapter, as follows:

a. For multiple dwellings and buildings existing on July first, nineteen hundred forty-eight, provisions relating to:

- (1) Height and bulk;
- (2) Required open spaces;
- (3) Minimum dimensions of yards or courts; or
- (4) Means of egress.

b. For multiple dwellings and buildings erected or to be erected after July first, nineteen hundred forty-eight,

and such dwellings thereafter altered or to be altered, provisions relating to:

- (1) Required open spaces; or
- (2) Minimum dimensions of yards or courts.

Variations or modifications may be granted pursuant to this paragraph b only on condition that open areas for light and air are provided which are at least equivalent in area to those required by the applicable provisions of this chapter.

3. An application for such a variance or modification may be made by any person aggrieved or by the head of any public agency, within such time and under such procedure, conditions and rules as may be prescribed by the board. The board shall fix a reasonable time for the hearing of an application and shall require that due notice be given of the time and place of such hearing to the applicant and to the department. Any person or a duly authorized representative of any public agency may appear at any such hearing and be heard on any such application.

4. In every case the board shall state the reason or reasons for its decision. All decisions of the board shall be subject to review in the same manner as is provided by law for review of decisions of such board respecting variances of the zoning resolution.

5. A record of all decisions of the board, indexed according to the section or sections of this chapter affected thereby, shall be kept in the office of the board. Such record shall be open to public inspection at all times during business hours.

BOARD OF STANDARDS AND APPEALS

HARRIS H. MURDOCK, Chairman

EDWIN W. KLEINERT

SEAN P. KEATING

DEPUTY CHIEF EDWARD CONNORS

JOSEPH J. DOYLE, Chief Clerk

PUBLIC HEARINGS

Tuesdays at 10 a. m. to 2 p. m.

Special meetings as published in this Bulletin.

All hearings are held in Room 1013, Municipal Building,
Borough of Manhattan.

HOURS OF CONSULTATION

10 A. M. to 1 P. M.

Any person desiring to consult the chairman or the
engineers, pertaining to the work of the board, will be
seen only between the hours of ten in the morning and
one in the afternoon—Saturdays excepted.

OFFICE—Municipal Building, Manhattan, Room 1014, Centre
and Chambers Streets, New York 7, N. Y.

TELEPHONE—WHitehall 3-3600, Extensions 2600-2609.

OFFICE HOURS FOR PUBLIC—9 a.m. to 4 p.m.

Address all communications to the Chairman

NOTICE TO APPELLANTS AND APPLICANTS

No appeal or application will be entertained in connection
with which court proceedings are pending or in progress,
unless exception is granted by the chairman, nor accepted
which is not filed within thirty days from the date of the
action of the Administrative Official.

Any communication purporting to be an appeal or appli-
cation shall be regarded as a mere notice of intention to seek
relief until it is filed on the form required by the rules of
this board.

Upon receipt of any such communication the writer will
be supplied with the official forms for presenting his appeal
or application.

At the time of filing an appeal or application, the appel-
lant or applicant shall forward a signed notice of appeal
addressed to the administrative official either borough super-
intendent of buildings or fire commissioner and file with
this board a duplicate of said notice.

Appellant and applicants are advised that their plans must
indicate the points of the compass so as to establish the true
location and position of the property, the subject of the
appeal or application.

Appeals and applications will be simplified and disposition
of the same expedited by conforming to these directions.

HARRIS H. MURDOCK, Chairman

177-42-BZ—Vol. III

APPLICANT—Lama, Proskauer and Prober, for John F. McKenna, owner.

SUBJECT—Application reopened February 9, 1954 as Vol. III—re (decision of the borough superintendent) under sections 7c, 21 and 7A of the zoning resolution, to permit in the business use district portion of a lot located in a residence and business use district the erection and maintenance of a structure to be used as a public market, store and catering, with bowling alleys, and storage for stores, in cellar, using more than the area permitted, and with signs and business entrances nearer to residence use district than is permitted; and to permit in open portion of lot in residence use district the parking of patrons cars, loading and unloading and ingress and egress from business use portion of lot.

PREMISES AFFECTED—582-610 86th street and 1-21 Gatling place, southeast corner and 2-18 Dahlgreen place (Block 6054, Lot 20), Borough of Brooklyn.

465-53-BZ

APPLICANT—Frank J. Ross, for Jane Fiorillo, owner.

SUBJECT—Application June 11, 1953—(decision of the borough superintendent) under sections 7c and 21 of the zoning resolution, to permit in a residence and business use, C area district the erection and maintenance of a business building (stores), using more than the area permitted.

PREMISES AFFECTED—5684A, 5684B and 5686 Riverdale avenue, east side, 80 ft. south of West 259th street (Block 3422, Lot 134), Borough of The Bronx.

684-53-BZ

APPLICANT—Irving M. Fenichel, for Ben Levee, owner.

SUBJECT—Application September 30, 1953—(decision of the borough superintendent) under sections 7e and 21 of the zoning resolution, to permit in a residence use district the erection and maintenance of a gasoline service station,

lubritorium, car washing, motor vehicle repairs and office, with a business sign (pylon and clock).

PREMISES AFFECTED—3315 Hyland boulevard, southwest corner of Hopkins avenue (Block 4987, Lot 25), Bay Terrace, Borough of Richmond.

691-53-BZ

APPLICANT—Irving M. Fenichel, for Ben Levee, owner.

SUBJECT—Application September 30, 1953—(decision of the borough superintendent) under sections 7e, 7h and 21 of the zoning resolution, to permit in a residence use district the extension to existing structure (restaurant, bar and cabaret), with a canopy projecting into set back area, and to permit the off street parking of motor vehicles on unbuilt upon portion for patrons and employees, and to permit the erection of a business sign.

PREMISES AFFECTED—3333 Hyland boulevard, northwest corner of Spratt avenue (Block 4987, Lot 1), Bay Terrace, Borough of Richmond.

687-53-BZ

APPLICANT—Lama, Proskauer and Prober, for Libmanat Realty Corp., owner (Richmond Screw Anchor Co., Inc., lessee).

SUBJECT—Application September 21, 1953—(decision of the borough superintendent) under section 7c of the zoning resolution, to permit in a residence and business use district, the maintenance of extension to building B; and extension of manufacturing use and the erection of a mezzanine and the change of occupancy of building C on first floor from store and office to storage of metals and in the cellar from ordinary storage to storage of metals; and the change of occupancy of building D from storage to manufacturing and to permit two existing mezzanines to remain.

PREMISES AFFECTED—100-120 Montauk avenue and 816-838 Liberty avenue, southwest corner; 95-111 Atkins avenue (Block 3991, Lot 8), Borough of Brooklyn.

688-53-A

APPLICANT—Lama, Proskauer and Prober, for Libmanat Realty Corp., owner (Richmond Screw and Anchor Co., Inc., lessee).

SUBJECT—Application September 21, 1953—Appeal from a decision of the borough superintendent.

PREMISES AFFECTED—100-120 Montauk avenue and 816-838 Liberty avenue, southwest corner and 95-111 Atkins avenue (Block 3991, Lot 8), Borough of Brooklyn.

769-53-BZ

APPLICANT—Lama, Proskauer and Prober, for Phylliss Bernstein, owner.

SUBJECT—Application October 26, 1953—(decision of the borough superintendent) under sections 7f, 7i and 7A of the zoning resolution, to permit in a retail use district for a term of fifteen years the erection and maintenance of a gasoline service station, car-wash, lubritorium, auto showroom, motor vehicle repairs, painting and spraying, wheel alignment, brake testing, accessory sales and office, and to permit the parking and storage of motor vehicles on unbuilt upon portion of lot with curb cuts nearer the residence use district than is permitted.

PREMISES AFFECTED—102-25 Atlantic avenue and 93-10 to 93-16 104th street, northwest corner (Block 9310, Lot 19), Richmond Hill, Borough of Queens.

812-53-BZ

APPLICANT—Carl H. Salminen, for Antonio Scalone, owner.

SUBJECT—Application November 13, 1953—(decision of the borough superintendent) under section 21 of the zoning resolution, to permit in a residence use, F area district the maintenance of existing two family dwelling without the required set back from street line.

CALENDAR

PREMISES AFFECTED—15-08 Francis Lewis boulevard, south side, 76.29 ft. east of 155th street (Block 4724, Lot 56), Whitestone, Borough of Queens.

822-53-BZ

APPLICANT—Albert B. Bauer, for Department of Public Works, City of New York, owner.

SUBJECT—Application November 18, 1953—(decision of the borough superintendent) under section 21 of the zoning resolution, to permit in a business use, B area and a 1½ times height district the extension of ninth floor of existing hospital without the required set backs.

PREMISES AFFECTED—559-565 Manhattan avenue, northwest corner of West 123rd street (Block 1950, Lot 14), Borough of Manhattan.

911-53-BZ

APPLICANT—Fred C. Dahlem, for Trebuh's Realty Co., Inc., owner (The Great Atlantic and Pacific Tea Co., lessee).

SUBJECT—Application December 29, 1953—(decision of the borough superintendent) under section 7c of the zoning resolution, to permit extension of business use into residence use district portion of plot.

PREMISES AFFECTED—402 East 54th street, south side, 94 ft. east of 1st avenue and 980 1st avenue (Block 1365, Lots 46 and 47), Borough of Manhattan.

929-53-BZ

APPLICANT—Charles M. Spindler, for Estate of Julius Polakoff, Abraham Finkelstein and Solomon M. Kishner, owners.

SUBJECT—Application December 31, 1953—(decision of the borough superintendent) under section 7e of the zoning resolution, to permit in a residence use district for a term of fifteen years the erection and maintenance of a gasoline service station, auto wash, lubricatorium, storage and sale of accessories and office.

PREMISES AFFECTED—10504-10524 Flatlands avenue, south side, from East 105th to East 106th street; 901-911 East 105th street and 902-912 East 106th street (Block 8213, Lots 37, 40, 41, 42 and 43), Borough of Brooklyn.

27-54-BZ

APPLICANT—Carl H. Salminen, for Macedonia A. M. E. Church, owner.

SUBJECT—Application January 14, 1954—(decision of the borough superintendent) under section 21 of the zoning resolution, to permit in a retail use, B and C area district the extension of existing church, using more than the area permitted and without the required rear yard and to be used as a church, gymnasium, classrooms and kindergarten.

PREMISES AFFECTED—37-22 Union street, west side, 128.43 ft. south of 37th avenue (Block 4977, Lot 46), Flushing, Borough of Queens.

28-54-A

APPLICANT—Carl H. Salminen, for Macedonia A. M. E. Church, owner.

SUBJECT—Application January 14, 1954—Appeal from a decision of the borough superintendent.

PREMISES AFFECTED—37-22 Union street, west side, 128.43 ft. south of 37th avenue (Block 4977, Lot 46), Flushing, Borough of Queens.

MINUTES

BOARD OF STANDARDS AND APPEALS

***CORRECTION**

The minutes of the meeting of the Board of Standards and Appeals held on March 9, 1954, as they appeared in Bulletin No. 11, Vol. 39, are hereby corrected to read as follows:

236-38-SM

APPLICANT—United States Gypsum Company, owner.

SUBJECT—Application reopened December 15, 1953—re Sheetrock Pyrofill Slab Construction, previously approved—Re Amendment of Sheetrock Pyrofill Slab Construction to include additional spans and USG Installation Formboard and USG Acoustical Formboard and Fire Rating and approved under Section C26-615.0.

APPEARANCES—

For Applicant: James C. Mangon.

ACTION OF BOARD—Resolution amended in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 236-38-SM January 29, 1954

Subject: Amendment of Sheetrock Pyrofill Slab Construction to include additional spans and USG Insulation Formboard and USG Acoustical Formboard and Fire Rating and approval under Section C26-618.0.

The U. S. Gypsum Company requested by letter dated November 24, 1953 that the resolution adopted February 27, 1940 and amended March 28, 1950, September 11, 1951 and June 23, 1953 be amended to include additional spans, a new bulb tee #2140, USG Insulation Formboard, USG Acoustical Formboard, Fire Rating, and approval under Section C26-618.0.

Purpose

The reinforced gypsum concrete slab construction with incombustible Sheetrock, Asbestos Cement or Mineral Fiber

Formboard is used as an incombustible roof deck for all classes of construction.

With USG Insulation (Fiberboard) Formboard or USG Acoustical (Slotted Fiber Board) Formboard, the reinforced gypsum concrete slab is limited in use by the Fiberboard Rules of the Board.

Description

The present construction is identical to the previously approved USG Sheetrock Pyrofill Slab construction except that longer spans are proposed by use of a new #2140 Bulb Tee, and a 1" thick fiber board permanent formboard is used interchangeably with the ½" Sheetrock formboard. Where the 1" thick Slotted USG Acoustical Formboard is used, the steel sub-purlins are placed 24" on centers, as the board is only manufactured in this width.

The new #2140 Bulb Tee is made from re-rolled railroad rails and has a weight of 3.65 lbs. per lineal foot.

In use, the steel tee sub-purlins are placed across the structural steel purlins and fillet welded to the purlins. A permanent form of Owens Corning Fiberglass Formboard (approved under Cal. No. 364-50-SM) USG—½" thick Sheetrock Formboard, ¼" thick Asbestos Cement Formboard, or 1" thick USG Insulation Formboard or 1" thick USG Acoustical Formboard is then laid on the upper side of the lower flanges of the tees. Electrically welded galvanized steel mesh BD 1214 consisting of No. 12 gauge wires 4" on centers running across the tees and No. 14 gauge wires 8" on Centers crossing the No. 12 gauge wires perpendicularly or a 1½" Hexagonal galvanized twisted wire mesh of 17 gauge is then placed in the forms and running across the tees. Mill mixed gypsum concrete, either Pyrofill or Perlofil, is then poured into the form completely embedding the mesh and covering the tees and is screeded or troweled to proper smoothness.

Over this roof slab is then applied roof insulation, if desired, and built up roofing or other weather proofing.

Inspection and Test

Sheetrock Pyrofill test slabs and USG Insulation Pyrofill test slabs and USG Acoustical Pyrofill test slabs were constructed at the applicant's plant at New Brighton, Staten Island, New York by mechanics, regularly engaged in this work. The panels were tested in accordance with the requirements of Section C26-626.0, Administrative

MINUTES

Building Code, with the loads being transferred to the test panel by a loaded platform resting on rollers placed at the third points of the span; tests were witnessed by John A. Darts, Assistant Engineer, Committee on Test, and John H. Crumbaugh, and W. W. Bainbridge representing the applicant.

The test panels for testing spans each consisted of sub-purlins tees, spaced as described below, with an unsupported half panel poured beyond each of the outside subpurlins.

Results of Test:

- Slab 1. $\frac{1}{2}$ " Sheetrock Formboard
#2140 Bulb Tee $32\frac{5}{8}$ " on centers
2" Pyrofill
Span 9' - 8" center to center of supports
Clear Span - 9' - 4"
Area under test 78.9 sq. ft.
Load 13,648# Platform started to touch slab.
Discontinued
Safe carrying capacity in accordance with C26-626.0
 $13,648 \div 78.9 = 173$ PSF
 $173 \div 4$ factor of safety = 43.2 PSF safe carrying capacity.
- Slab 2. Same construction as slab 1 except span reduced to 9' - 2" center to center of supports, clear span 8' - 10"
Area under test 74.7 sq. ft.
Load 15,328# Discontinued
Safe carrying capacity in accordance with C26-626.0
 $15,328 \div 74.7 = 205$ PSF
 $205 \div 4 = 51$ PSF safe carrying capacity
- Slab 3. End Bays and overhanging half panels - 1"
USG Insulation. Formboard. Center Bay 1"
Slotted USG Acoustical Formboard #2140 Bulb Tee $24\frac{5}{8}$ " on centers
2" Pyrofill
Span - 10' - 8" center to center of supports
Clear span 10' - 4".
Area under test 87.5 sq. ft.
Load 16,408 lbs. Platform started to touch slab.
Discontinued.
Safe carrying capacity in accordance with C26-626.0
 $16,408 \div 87.5 = 187.5$ PSF.
 $187.5 \div 4 = 46.8$ PSF.
- Slab 4. To test formboards only
Slab 4 ft. long
Outside 2 panels 1" USG Insulation Formboard $32\frac{5}{8}$ " wide
Center panel 1" Slotted USG Acoustical Formboard $24\frac{5}{8}$ " wide
Load each bay on third points on 2" O.D. Pipe parallel to purlins
Area under test 10.9 sq. ft. end bays, 8.2 sq. ft. center bay
Load end bays 2749 lbs. each, center bay 3001 lbs.
Test discontinued. No visible cracks or sign of failure
Safe carrying capacity in accordance with C26-626.0
 $2749 \div 10.9 = 252$ psf
 $252 \div 5 = 51.5$ psf safe capacity (modified continuous span)
 $3001 \div 8.2 = 366$
 $366 \div 6 = 61$ psf (safe carrying capacity) (continuous span).

Examination of the #2140 bulb tees removed from all test panels showed no evidence of lateral buckling proving that the 2" thick reinforced Pyrofill slab gave adequate lateral support to the steel sections.

Two fire endurance tests were conducted at the National Bureau of Standards, panels No. 296 and 297 on Sheetrock Pyrofill applied over bar joists and the underside of the

bar joists protected by a standard steel grillage of $1\frac{1}{2}$ " channels 4' - 0" on centers and $\frac{3}{4}$ " channels 12" on center. $\frac{3}{8}$ " Perforated Rocklath was clipped to the channels by U.S.G. Bracket Clips and ends secured with Bridgjoint clips. Over this was applied a Scratch Coat of Gypsum Perlite plaster (100 lbs. gypsum to 2 cubic feet of Perlite) and a brown coat of Gypsum Perlite plaster (100 lbs. gypsum to 3 cubic feet of Perlite) applied in equal thicknesses to a total thickness of $1\frac{1}{8}$ ", over which a $\frac{1}{8}$ " thick white lime putty finish was applied. This was approved as a $1\frac{1}{2}$ hour short span fire resistive ceiling for the protection of joists, beams and girders under Cal. No. 439-51-SM. Tests were witnessed by Chief Engineer, L. V. Huber, Committee on Test. Copies of the report of test are in the file and are a part of the record of Cal. No. 439-51-SM.

Recommendation

On the basis of the data furnished by the applicant and inspection and tests conducted, the Committee on Test recommends that the resolution adopted February 27, 1940 and amended March 28, 1950, September 11, 1951 and June 23, 1953 be amended to include approval of U. S. G. #2140 Bulb Tees for a clear span of 9' - 4" at not over 43.2 lbs. per square foot uniform loading including roof insulation and roofing and U.S.G. #2140 Bulb Tees for a clear span of 8' - 10" at not over 51 lbs. per square foot uniform load including roof insulation and roofing, bulb tees not over $32\frac{5}{8}$ " on centers, and U.S.G. #2140 bulb tee, not over $24\frac{5}{8}$ " on centers, for clear span of 10' - 4" at not over 48 lbs. per square foot uniform load including roof insulation and roofing and further that the resolution be amended to permit the use of 1" thick USG Insulation Formboard and USG Acoustical Formboard, in all classes of construction subject to the Fiber Board Rules of the Board especially Rule 3 as to area, and that Sheetrock Pyrofill with a hung ceiling of Rocklath and $1\frac{1}{8}$ " of Perlite Gypsum plaster having passed a $1\frac{1}{2}$ hour fire endurance tests shall be approved for class 2 roof decks under C26-615.0.b, C26-618.0 and C26-620.0.c.1.b and that Pyrofill roof decks on incombustible Sheetrock, Asbestos, Cement, or Owens Corning Fiberglass formboards, having been previously approved as an incombustible roof deck for all classes of construction where a three hour ceiling is hung below it as provided under C26-575 and in class 2 construction for floor and roof, where at least a $1\frac{1}{2}$ hour ceiling is hung below it as provided under C26-620.0C.1.b, provided that all other provisions of the resolution as adopted February 27, 1940 as amended under Cal. No. 236-38-SM are complied with.

(Sgd.) HARRIS H. MURDOCK,
Chairman,
EDWIN W. KLEINERT,
Commissioner,
JOHN A. DARTS,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution of February 27, 1940 in accordance with the above report.

* Correction—The measurement of the clear span changed from "8' - 4'" to "9' - 4'" in the report of the Committee on Test, under the heading of Recommendation, in the 6th line thereof.

*CORRECTION

The minutes of the meeting of the Board of Standards and Appeals held on November 4, 1953, as they appeared in Bulletin No. 45, Vol. 38, are hereby corrected to read as follows:

539-53-SM

APPLICANT—E. I. DuPont de Nemours and Co., owner (Perma Dry Co., Inc., Agent).

MINUTES

SUBJECT—Application filed July 7, 1953—X-12 Flame Retardant (for flame retarding paper, textiles and cellulosic materials), approval of.

APPEARANCES—

For Applicant: Samuel Esserman.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Klei-
ert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 539-53-SM October 6, 1953

Subject: X-12 Flame Retardant (For flame retarding fabrics), approval of.

E. I. duPont de Nemours and Co., Delaware, filed July 7, 1953, an application with the Board of Standards and Appeals for approval of the material known as X-12 Flame Retardant (for flame retarding fabrics) under the provisions of the Flameproofing Rules of the Board.

Purpose

The material is a flameproofing compound for use in flameproofing fabrics in places of public assembly.

Description

X-12 is a white crystalline powder which dissolves readily in water and forms a solution which is suitable for flameproofing fabrics.

This powder is a mixture based on ammonium sulfamate formulated with phosphate, sulfamic acid and a wetting agent.

Inspection and Test

Samples of fabric, flameproofed with the material X-12 were tested at the Better Fabrics Testing Bureau in the presence of Asst. Engr. J. A. Darts, Committee on Test; S. Esserman, E. H. Rieman and D. R. English, representing the applicant, and W. H. Masterson of the Laboratory, in

accordance with the requirements of the Flameproofing Rules of the Board.

Results of the test were as follows:

Four samples were tested; Cotton, Broadcloth; Spun viscose rayon (light weight), Cotton Sheeting and Cotton Twill (awning type fabric). There was no flashing, flaming or glow in any of the samples tested.

The complete report is on file with and is part of the record.

Recommendation

On the basis of the inspection and test and the data filed by the applicant, the Committee on Test recommends the approval of the material known as X-12 Flame Retardant as manufactured by the E. I. duPont de Nemours Co., for use as a flameproofing compound on the following fabrics; Cotton Broadcloth, Spun viscose rayon (light weight); Cotton Sheathing and Cotton Twill (Awning Type-fabric); for use as flameproof fabrics in places of public assembly.

Tests for each specific installation or any retests thereof shall be made by the Fire Commissioner or in a Laboratory, approved by him, in accordance with the requirements of the Flame Proofing Rules of the Board.

The Committee further recommends that each container in which this material is marketed shall be labeled or marked: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 539-53-SM."

(Sgd.) HARRIS H. MURDOCK,
Chairman,

LESLIE V. HUBER,
Chief Engineer,

JOHN A. DARTS,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby approve this material in accordance with the above report.

* Correction—The word "sulfate" changed to "sulfamate" in the report of the Committee on Test, under the heading of *Description*, in paragraph two thereof.

WARNING

Notice is hereby given to all appellants and applicants, and to all lawyers, architects and engineers representing owners or lessees in proceedings before the Board—

First, That if they do not appear in person or by representative at the hearing of their case, dismissal for lack of prosecution is likely to result.

Second, That due and ample notice of the date set for hearing is provided in the publication in this BULLETIN of the calendars of the Board, each case being set down by Calendar Number and the premises under the date of the hearing.

Third, That no plea of ignorance of the date of the hearing can be entertained in view of this publication and of the posting of the calendars on the bulletin board in the offices of the Board and of the further publication of the calendars in the daily press.

Fourth, That no one is entitled to written notice of the date for the hearing in his case, and that the plea of failure to receive such notice is no excuse for neglect to appear.

Fifth, That the business of the Board is to dispose of all cases promptly; therefore, no appeal or application will be held in abeyance by reason of failure of the appellant or applicant to file necessary data, or by any other method of delay.

Sixth, That no appeal or application will be accepted for filing unless, at the time of filing, all papers, plans and data required by law are supplied, as specified on the blank appeal or application forms.

Applicants, under the building zone resolution, are entitled to one copy of Form 7NO.

If they desire additional copies, for their own convenience in notifying proper owners, they may obtain such copies at the office of the Board of Standards and Appeals, Room 1014, Municipal Building, Manhattan, at three cents each—postage to be added if the forms are forwarded by mail.

Copies of the Official Directory of the City of New York for the year 1954 (The Little Green Book), containing the latest authentic information in relation to City, State and Federal Departments, Bureaus, Offices and

Courts, are now on sale at the office of the Supervisor of the City Record, Room 2213, Municipal Building, Manhattan, New York 7, N. Y. Price One Dollar. Make check or money order payable to "Supervisor of City Record".

PUBLIC HEARING

PROPOSED RULES COVERING DRY CLEANING ESTABLISHMENTS PURSUANT TO THE ZONING RESOLUTION OF THE CITY OF NEW YORK (CAL. 958-47-SR VOL. II)

NOTICE IS HEREBY GIVEN that a public hearing will be held by the Board of Standards and Appeals on *Friday, April 23, 1954* at 10 A. M., in Room 1013, Municipal Building, Manhattan, on the Proposed Rules Covering Dry Cleaning Establishments, Pursuant to the Zoning Resolution of The City of New York.

Authority

Section 666, Subd. 2 of the Charter of the City of New York and Article V, Section 21 and Article II, Section 4(a), Subd. 53 of the Zoning Resolution of the City of New York.

Application of Rules.

These rules shall be deemed to apply only to those excepted dry cleaning establishments existing or hereafter established, pursuant to Article II, Sections 4(a), Subd. 53, 4-A, 4-B and 4-C of the Zoning Resolution.

These rules shall not be deemed to modify or repeal Chapter 19 of the Administrative Code of the City of New York.

Zoning Resolution.

ARTICLE I—DEFINITIONS

§1. Definitions. * * *

(cc) For the purpose of this resolution, "dry cleaning" includes cleaning textiles, fabrics, garments or other articles by the use of solvents other than water, extraction of the solvents therefrom, and drying the same. A "dry cleaning unit" is the machinery or equipment in which textiles, fabrics, garments or other articles are carried through a complete cleaning cycle. A "dry cleaning unit" may consist of one or more detached component machines.

ARTICLE II—USE DISTRICTS

§4. Business Districts. (a) In a business district no building or premises shall be used, and no building shall be erected which is arranged, intended or designed to be used, for any of the following specified trades, industries or uses:

(11) Dyeing establishments.

(53) Dry cleaning establishments, except for establishments which conform to the restrictions set forth below:

(a) Not more than two dry cleaning units shall be installed, and such units shall have an aggregate dry load capacity of not more than 60 pounds, as rated by the Board.

(b) The gross floor area of the dry cleaning establishment, including space used for dry cleaning, pressing and incidental operations, and space used for storage, service of customers and convenience of employees, shall not exceed 2,000 square feet. However, additional space may be used on a lower floor which is either a basement or a cellar, provided that on such floor there shall be no dry cleaning and no storage of recently cleaned articles.

(c) No solvent having a flash point less than 138.2 degrees Fahrenheit shall be used, except for incidental removal of spots.

To protect the public health, safety and welfare in accordance with the general purpose and intent of this resolution, to safeguard the character of the predominant types of uses located in the districts affected, and to protect the occupants of nearby residences and other premises from traffic congestion, fire, explosion, vibration, noise, heat, smoke, odors, toxic vapors and other forms of air pollution, the Board, after public notice and hearing, may adopt, and from time to time amend, rules and regulations for the operation and maintenance of dry cleaning establishments permitted under subsections (a), (b) and (c) above. Such rules and regu-

lations may cover inter alia location of entrances to and exits from such establishments, installation of equipment and hours of operation of such establishments. Such rules and regulations may also prescribe the conditions under which such establishments may exist in buildings in which residences are located.

Any dry cleaning establishment which was in existence prior to January 1, 1953 in any use district to which the provisions of this section apply, may be continued, but no such establishment shall be enlarged or extended, nor shall the capacity of its dry cleaning units be enlarged, except in conformity with all the provisions of this section. Such existing establishments shall be subject to the aforesaid rules and regulations of the Board.

Section 4-A. Retail Districts. In a retail district the same regulations and restrictions shall apply as are provided for business districts except that no manufacturing or treatment of products shall be carried on other than such as are incidental to the conduct of a retail business conducted on the premises, or such other manufacturing as is now permitted in a business district, provided that in such other manufacturing not more than five per cent (5%) of the total floor space of the building is so used. However, any use or uses specifically authorized under the provisions of §3 (10) shall be permitted in a retail district. In addition, dry cleaning establishments conforming to the provisions of §4(a) (53) shall be permitted in a retail district, provided such establishments are for retail purposes where services are performed directly for consumers or for transient hotels, or as an accessory use in transient hotels and department stores.

Section 4-B. Restricted Retail Districts. In a restricted retail district, the same regulations and restrictions shall apply as are provided for retail districts except, that in a restricted retail district no building or premises shall be used and no building shall be erected which is arranged, intended or designed to be used for any of the following purposes:

(m) Dry cleaning establishments, other than an establishment conforming to the provisions of §4-A, which is located in a passenger terminal, or as an accessory use in a transient hotel or a department store.

Section 4-C. Local Retail Districts. In a local retail district, the same regulations and restrictions shall apply below the level of that first story ceiling as are provided for restricted retail districts, except that no manufacturing of any kind shall be permitted; and no building shall be erected or structurally altered which is arranged, intended or designed to be used above the level of the first story ceiling for any use not permitted in a residence district. However, the provisions of this section shall not apply to projects authorized pursuant to §3 (10) of this resolution. In addition, the provisions of §4-B(m) shall not apply, and dry cleaning establishments conforming to the provisions of §4-A shall be permitted in local retail districts.

Rule 1. Definitions.

For the purpose of these rules, the following definitions shall apply:

1.1. The term "dry cleaning establishment" shall mean any room, place or space in which dry cleaning is performed, as defined in the Zoning Resolution.

1.1.1. For other purposes a dry cleaning establishment shall be as defined in Ch. 19 Adm. Code.

1.2. The term "retail", "retail purposes" and "retail business" shall mean only such dry cleaning establishment performing services on articles conveyed directly by

PUBLIC HEARING

a retail customer to such dry cleaning establishment, or collected directly from the retail customer by such dry cleaning establishment, and directly processing such articles for said customer.

- 1.3. The term "hereafter" or "hereafter established" shall mean established after January 1, 1953.
- 1.4. The term "existing" shall mean established before January 1, 1953.
- 1.5. All other terms used shall be as defined in the Zoning Resolution, Administrative Building Code, Multiple Dwelling Law or Labor Law when not inconsistent with the specific terms defined herein.
- 1.6. The term "spotting or sponging" shall mean the local application of inflammable liquid solvents and other cleaning preparations to remove spots of dirt, grease, paint or stains from wearing apparel, fabrics, textiles or articles of any other sort.

Rule 2. Permits.

- 2.1. It shall be unlawful to maintain or operate any dry cleaning establishment as herein defined without a permit from the Fire Commissioner.

Rule 3. General Provisions.

- 3.1. No dry cleaning unit, system, device, machinery or equipment shall be installed or used unless each such appliance is approved by the Board.
 - 3.1.1. The dry load capacity of any dry cleaning unit for the purpose of these rules shall be rated by the Board on the basis of 2.8 lbs. per cubic foot of the volume of the washing compartment for each washing cycle.
- 3.2. No solvent shall be used in any dry cleaning establishment as defined herein, unless same has been tested and rated by the Fire Commissioner as being permissible under these rules.
- 3.3. Before any premises may hereafter be used for a dry cleaning establishment, plans or diagrams and applications shall be filed with the Department of Housing and Buildings by the owner, lessee or agent of such premises on forms furnished by the Department, and an approval obtained thereon.
- 3.4. Before the Fire Commissioner shall issue or renew a permit pursuant to the Fire Prevention Code and these rules for a dry cleaning establishment existing or hereafter established, he shall require certification from the Department of Housing and Buildings of compliance with these rules.
- 3.5. Before the Department of Housing and Buildings shall approve any existing dry cleaning establishment, there shall be filed on forms furnished by the Department a statement under oath by the proprietor or agent of such existing establishment as to the extent, capacity and equipment of said dry cleaning establishment as the same existed on January 1, 1953.
- 3.6. No non-conforming existing establishment shall be enlarged or extended in any conforming manner or respect, unless it is made to comply in each respect to the requirements for dry cleaning establishments hereafter established.

Rule 4. Restrictions on Locations.

- 4.1. No dry cleaning establishment hereafter established shall be permitted on any floor above the first floor of any building, except when within a fireproof department store, fireproof transient hotel or fireproof passenger terminal.

- 4.2. No dry cleaning establishment hereafter established shall be permitted within any building:

- 4.2.1. which is of wood frame construction;
- 4.2.2. which is classified as a "Public Building" or non-fireproof "Residence Building", pursuant to Section C26-235.0 Administrative Building Code;
- 4.2.3. any part of which establishment is within twenty feet (20 feet) of any Public Building or any non-fireproof Residence Building;
- 4.2.4. the restriction against Non-Fireproof Residence Buildings shall not be applicable when the proprietor of the dry cleaning establishment is the occupant of the residential part of the building.

Rule 5. Egress.

- 5.1. The means of egress in all dry cleaning establishments shall be in conformity with the applicable provisions of the building laws and regulations governing such establishments. In addition thereto, all establishments shall conform to the following:
 - 5.1.1. Three foot (3'-0") clear wide aisles shall be provided, affording proper access to all required means of egress. Such required aisles shall not be obstructed in any manner whatsoever.
 - 5.1.2. Required means of egress shall be indicated by signs reading "EXIT" with letters eight inches in height. Where exits are not visible from any area, illuminated directional signs shall be provided indicating direction of travel to such exits. Each exit sign shall be illuminated by a red light of not less than twenty-five watts or equivalent photometric rating. Directional signs shall be the same dimensions as specified in this section for exit signs. It shall be unlawful to obscure in any manner any required means of egress, passageway, exit sign, exit light or directional exit sign.
 - 5.1.3. All required exit doorways shall be arranged to swing outwardly in the direction of the egress.
- 5.2. No dry cleaning unit hereafter installed shall be located more than fifty feet (50') from any exit doorway.

Rule 6. Fire Prevention.

- 6.1. All dry cleaning establishments shall comply with the following:
 - 6.1.1. Be equipped with adequate sand buckets or approved fire extinguishers as the Fire Commissioner may direct.
 - 6.1.2. No device or apparatus employing flame or fire, or which is likely to produce an exposed spark, shall be used in any establishment, except electric apparatus placed at least five feet (5') above floor or approved type of "explosion proof" electric motors.
 - 6.1.3. Electric lighting shall be fitted with keyless sockets, and all switches and receptacles shall be placed at least four feet (4') above floor.
 - 6.1.4. All sludge or residue removed from a dry cleaning unit shall be placed in a metal container not exceeding 55 gallon capacity, with a tight-fitting cover, and when filled shall be removed from the premises and disposed of in a lawful manner.
- 6.2. All solvent shall be received in approved metal containers, not exceeding 55 gallons each, and in such total quantities as may be required for initial charging

PAID

Permit No. 4875

Periodical Division
University of Illinois Library
Urbana, Ill.

PUBLIC HEARING

of dry cleaning units, plus a reserve supply equal to initial charge. Reserve supply shall be stored outside of area devoted to dry cleaning in well ventilated spaces approved by the Fire Commissioner.

- 6.3. All spotting and sponging shall be done within well ventilated spaces. All solvent used for such purposes shall be contained in an approved metal container, not exceeding two quart capacity.
- 6.4. It shall be unlawful to store any inflammable liquids or solvents in any dry cleaning establishment in excess of five gallons.
- 6.5. No smoking shall be permitted in any dry cleaning establishment. Approved signs shall be conspicuously posted to that effect as directed by the Fire Commissioner.
- 6.6. Any heating plant within a dry cleaning establishment shall be a steam or hot water system. No heating plant shall be permitted in the same area or space where dry cleaning units are located, unless such plant shall be placed in a separate ventilated room enclosed by one-hour fire resistive partitions and doors. No heating plant shall be located directly under any dry cleaning unit.
- 6.7. Non-fireproof partitions and ceilings enclosing any dry cleaning establishment hereafter established shall be fire retarded with one-hour fire resistive materials and doors, or in lieu thereof be equipped with an approved automatic wet pipe sprinkler system having its source of supply from the house water system.
- 6.8. All openings from any dry cleaning establishment leading to a fire escape shall be equipped with a fireproof self-closing door or fireproof window assembly.
- 6.9. Where, in the opinion of the Fire Commissioner, an existing dry cleaning establishment requires additional fire protection facilities for the safety of the occupants or adjoining property, he may order such fire extinguishing appliances as deemed necessary pursuant to Ch. 19 Adm. Code Sec. C19-161.0.

Rule 7. Ventilation.

- 7.1. Every dry cleaning establishment shall be equipped with adequate mechanical ventilation to provide a complete change of air at least once every three minutes of the air volume of such establishment during the

operation of any dry cleaning equipment. Such method of ventilation shall exhaust to the outer air, and be provided with fresh air inlets. Exhaust ventilation shall discharge at least seven feet above any roof or grade and at least five feet away from any other premises, window, door or vent openings.

- 7.2. Any direct equipment exhausts or vents shall terminate to the outer air, at least seven feet (7') above any roof or grade, and at least ten feet (10') away from any other premises, window, door or vent openings.

Rule 8. Operating Precautions.

- 8.1. A printed notice specifying instructions for safe operating methods shall be posted in a conspicuous place in all establishments.
- 8.2. The proprietor of an establishment shall furnish to any person cleaning or servicing a dry cleaning unit containing any chlorinated hydrocarbon solvent an approved type gas mask for his personal use during such process. It shall be the duty of the proprietor to enforce this rule.
- 8.3. All dry cleaning establishments shall operate its mechanical equipment only within the hours of 8:00 A.M. and 6:00 P.M. during regular working days. No such work shall be performed on Sundays and legal holidays.

Rule 9. Equipment Installations.

- 9.1. All equipment shall be installed in a manner to minimize noise, vibration, smoke, odors and other forms of nuisances to the occupants or any adjacent premises.
- 9.2. Should the operation of any equipment or conduct of a dry cleaning establishment be declared a "nuisance" by the administrative official having jurisdiction it shall be forthwith abated or removed upon notice to the proprietor and upon failure to do so within a reasonable time, the Permit for the establishment may be revoked by the Fire Commissioner.

Rule 10. Penalties.

- 10.1. Any violation of these rules shall be subject to the penalties prescribed in the Zoning Resolution therefor, in addition to other penalties prescribed by law.

NOTICE TO APPELLANTS AND APPLICANTS

No appeal or application will be entertained in connection
with which court proceedings are pending or in progress,
unless exception is granted by the chairman, nor accepted
which is not filed within thirty days from the date of the
action of the Administrative Official.

Any communication purporting to be an appeal or appli-
cation shall be regarded as a mere notice of intention to seek
relief until it is filed on the form required by the rules of
this board.

Upon receipt of any such communication the writer will
be supplied with the official forms for presenting his appeal
or application.

At the time of filing an appeal or application, the appel-
lant or applicant shall forward a signed notice of appeal
addressed to the administrative official either borough super-
intendent of buildings or fire commissioner and file with
this board a duplicate of said notice.

Appellant and applicants are advised that their plans must
indicate the points of the compass so as to establish the true
location and position of the property, the subject of the
appeal or application.

Appeals and applications will be simplified and disposition
of the same expedited by conforming to these directions.

For Applicant: Leonard Joseph.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Laid over to April 27, 1954, at 10 A. M., awaiting records from the Department of Housing and Buildings.

717-53-BZ

APPLICANT—Lama, Proskauer and Prober, for E.I.G. Realty Corp., owner.

SUBJECT—Application October 7, 1953—(decision of the borough superintendent) under section 7h of the zoning resolution, to permit in a residence use district, the parking and storage of motor vehicles for a term of five years.

PREMISES AFFECTED—320 East 35th street, south side, 300 ft. east of 2nd avenue (Block 940, Lot 49), Borough of Manhattan.

APPEARANCES—

For Applicant: Alfred A. Lama and Joseph P. Fiori.

For Opposition: Gustav R. Roesch and Edw. Hoffman, Park Dept.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Laid over to May 4, 1954 at 10:00 A. M. for inspection and decision without further argument; hearing closed.

748-53-BZ

APPLICANT—Lama, Proskauer and Prober, for William E. Kleinhenz, owner.

MINUTES

SUBJECT—Application October 15, 1953—(decision of the borough superintendent) under sections 7f, 7i and 21 of the zoning resolution, to permit in a business use district for a term of fifteen years, the erection and maintenance of a gasoline service station, and the conversion and extension of existing structure now used as an auto showroom to be used as an accessory building for lubrication, car wash, motor vehicle repairs, wheel alignment, new and used car shape up shop, parts department and office; and to permit the erection and maintenance of an additional structure to be used as an automobile show room and to permit the continuation of the storage, display and sale of new and used cars on unbuilt upon portions of plot.

PREMISES AFFECTED—205-01 to 205-19 Northern boulevard and 43-28 to 43-36 206th street, northwest corner and 43-27 to 43-35 205th street (Block 6269, Lot 20), Flushing, Borough of Queens.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Laid over to May 11, 1954, at 10 A. M. for decision after applicant has filed revised plans; hearing closed.

761-53-BZ

APPLICANT—Burke, Green and Groh, for Bacall Realty Corp., owner (Goldcrest Store Fixture Corp., lessee).

SUBJECT—Application October 21, 1953—(decision of the borough superintendent) under section 7e of the zoning resolution, to permit in a manufacturing use district, the change in occupancy of part of first floor from manufacturing use to wood working shop, using power driven saws.

PREMISES AFFECTED—90-12 Van Wyck Expressway, northwest corner of 91st avenue (Block 9364, Lot 1), Jamaica, Borough of Queens.

APPEARANCES—

For Applicant: Robert T. Groh.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Laid over to May 11, 1954, at 10 A. M. for decision after applicant has reported to the Board as to ventilating fan and cyclone; hearing closed.

780-53-BZ

APPLICANT—Lama, Proskauer and Prober, for Pauline Kurfist, Sylvia Asch and Libby Suskin, owners.

SUBJECT—Application November 2, 1953—(decision of the borough superintendent) under section 7h of the zoning resolution, to permit in a residence use district, the parking and storage of new and used motor vehicles waiting to be serviced in adjoining building.

PREMISES AFFECTED—34-58 to 34-66 (34-60 official) 60th street, west side, 100 ft. north of 37th avenue (Block 1198, Lot 54), Long Island City, Borough of Queens.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Laid over to May 11, 1954, at 10 A. M. for inspection and decision; hearing closed.

781-53-BZ

APPLICANT—Maxfield Blaubeux, for Florbaum Realty Corp., owner.

SUBJECT—Application November 4, 1953—(decision of the borough superintendent) under section 21 of the zoning resolution, to permit in a manufacturing use, C area dis-

trict, the extension of existing and proposed extension (under construction), using more than the area permitted.

PREMISES AFFECTED—1824-1836 Atlantic avenue, south side, 225 ft. east of Utica avenue and 1817-1839 Pacific street (Block 1337, Lot 21), Borough of Brooklyn.

APPEARANCES—

For Applicant: Maxfield Blaubeux.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Laid over to May 18, 1954 at 10:00 A. M. for inspection and decision; hearing closed.

868-53-BZ

APPLICANT—Robert Gottlieb, for Sachosa Realty Corp., owner.

SUBJECT—Application December 8, 1953—(decision of the borough superintendent) under sections 7e and 21 of the zoning resolution, to permit in a residence use district, the erection and maintenance of a business building (store, warehouse and accessory two car garage), using more than the area permitted.

PREMISES AFFECTED—1407 York avenue, and 446 East 75th street, southwest corner (Block 1469, Lot 28), Borough of Manhattan.

APPEARANCES—

For Applicant: Robert Gottlieb and Sam Metsch.

For Opposition: Gerard A. Cartier, James C. Sargent, Frederick L. Hackenberg, Jr. and Anna Skouba.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Laid over to May 18, 1954, at 10 A. M. for further consideration and inspection; hearing closed.

876-53-BZ

APPLICANT—Samuel Carr, for Rudolph Bruer, Jr., owner.

SUBJECT—Application December 10, 1953—(decision of the borough superintendent) under sections 7e, 7c and 7h of the zoning resolution, to permit in a restricted retail use district, the erection and maintenance of a gasoline service station, lubricatorium, car wash, motor vehicle repair shop, storage and sale of accessories, and to permit the parking and storage of motor vehicles on unbuilt upon portion of plot.

PREMISES AFFECTED—46-04 Broadway, southeast corner of 46th street (Block 722, Lot 35), Astoria, Borough of Queens.

APPEARANCES—

For Applicant: Samuel Carr and Rudolph Bruer, Jr.

For Opposition: Mac M. Morddchay, Mrs. Kern, Murray J. Fox, Mrs. Icherlson, Julianna Filep, Elaine Cherkas, Fred Schneider, Mrs. G. Tuvish, Mrs. Grizarich, Florence Seibold and Thomas V. LaFanci.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Laid over to May 18, 1954 at 10:00 A.M. for inspection and decision without further argument; hearing closed.

148-54-BZ

APPLICANT—Blum and Jolles, for Burndy Engineering Co., Inc., owner.

SUBJECT—Application February 27, 1954—(decision of the borough superintendent) under section 7b of the zoning resolution, to permit the extension from an unrestricted use district into the business use district of the manufacturing of electrical connectors and appliances (making sand molds, melting of metal, pouring of metal into moulds, extraction of castings and grinding and finishing of castings).

MINUTES

PREMISES AFFECTED—183-87 Bruckner boulevard, northwest corner of East 136th street (Block 2565, Lot 20), Borough of The Bronx.

APPEARANCES—

For Applicant: Joseph G. Blum.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Laid over to May 18, 1954, at 10:00 A.M. for inspection and decision; hearing closed.

194-53-BZ

APPLICANT—Frank Straub, for David Reader, owner.

SUBJECT—Application March 20, 1953—(decision of the borough superintendent) under sections 7f and 7i of the zoning resolution, to permit in a business use district, the erection and maintenance of a gasoline service station, lubritorium, car wash (non automatic), motor vehicle repairs, storage and sales of accessories and office; and to permit the parking of more than five motor vehicles, for a term of twenty years.

PREMISES AFFECTED—2035 Bronxdale avenue, south side, 60.83 ft. west of Hunt avenue (Block 4258, Lot 30), Borough of The Bronx.

APPEARANCES—

For Applicant: Frank Straub and David Reader.

For Opposition: Bernard Margolis.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application withdrawn. Applicant to consider filing new application with additional area and changed arrangement.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating and Deputy Chief Connors 4

Negative 0

826-53-BZ

APPLICANT—David Postal, for Post Bayside #1, owner.

SUBJECT—Application November 20, 1953—(decision of the borough superintendent) under sections 7e and 7h of the zoning resolution, to permit in a residence use district, the erection and maintenance of a business building (stores), and to permit the off street parking of customer's and employee's cars, on unbuilt upon portion of plot at rear; for a term of fifteen years.

PREMISES AFFECTED—260-02 to 260-22 Union Turnpike, southeast corner of 260th street (Block 8677, Lot 61), Bellerose, Borough of Queens.

APPEARANCES—

For Applicant: J. V. McKee and G. Lazerus.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application withdrawn without prejudice. The premises and surrounding area were inspected by a committee of the Board, which gave the application due consideration and suggested that the application be withdrawn without prejudice.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating and Deputy Chief Connors 4

1169-25-BZ—Vol. II

APPLICANT—George H. Colin, for Evangeline Schacht, owner (Cities Service Oil Co., lessee).

SUBJECT—Application, June 25, 1953, reopened July 7, 1953 as Vol. II—re (decision of the borough superintendent) under sections 7A, 7c, and 21 of the zoning resolution, to

permit in a local retail use district, the reconstruction of existing gasoline service station to include auto laundry (non automatic), lubritorium, motor vehicle repairs, storage and sale of accessories and office, and to permit a proposed roof sign.

PREMISES AFFECTED—219-33 Hillside avenue, north side, from Springfield boulevard to Braddock avenue (Block 10689, Lot 1), Queens Village, Borough of Queens.

APPEARANCES—

For Applicant: Benjamin Mosher and Robert Stanton.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on July 7, 1953 after due notice by publication in the Bulletin; laid over to April 20, 1954, for decision after applicant has filed revised plans as suggested; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a local retail use, D area, class ½ height district; Hillside avenue is in local retail and retail use, D area, class ½ height districts; Braddock avenue is in local retail and retail use, D, F and G-1 area, class ½ height districts; Springfield boulevard is in residence and local retail use, D area, class ½ height districts; and

WHEREAS, the decision of the borough superintendent, dated June 16, 1953 acting on N. B. Applic. 7122-52 and superseded by N. B. Applic. 7122-52 dated January 8, 1954, reads:

"1. Proposed construction of a gasoline service station, retail sales, car laundry, lubritorium, minor motor vehicle repair in a local retail use district is contrary to Art. II Sect. 4-c of the Zoning Resolution.

2. Proposed roof sign is contrary to Art. II, Sect. 4(49) of P. c Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 182.41 ft., 224.75 ft. and 98.53 ft. triangular in shape, on which is located a gasoline service station, for which certificate of occupancy No. 23028-26 has been filed; that it is proposed to demolish existing service station building and to erect a new building 51 ft. by 30 ft., irregular, one story, 14 ft. in height, of class 3 construction, to be used as lubritorium, car wash, motor vehicle repairs, storage and sale of accessories and office; that it is further proposed to erect a sign above roof of proposed accessory building; and

WHEREAS, the applicant contends that on June 14, 1953 the Board of Estimate approved Final Map No. 146 for the widening of Braddock avenue and of Springfield boulevard; that, however, no service station improvements are contemplated in the bed of either mapped street; that the existing gas station was erected in 1926 under a variance granted by the Board on May 4, 1926 under Cal. No. 1169-25-BZ and on July 2, 1926 certificate of occupancy No. 23028 was issued for a gas station; that at present the property is improved with a one story stucco building, approximately 18 ft. by 18 ft., containing an office, toilets and heater room; that there are eight 550 gallon gas tanks, three pump islands, two sign poles and an outside lift for lubrication; that a small portion of the unimproved area is paved with concrete and the balance is unpaved; that there is no curbing on any of the abutting streets; that the owner now desires to demolish the existing service station building and to erect a new two-bay building; that the proposed building is to be approximately 51 ft. wide and 30 ft. deep and is to accommodate, in addition to the office, a lube bay and a thru-drive wash bay, ladies' and men's restrooms and storage room; that the construction will consist of concrete foundations

MINUTES

and floors, block walls and wood roof, with a low roof over the office portion and a free-standing illuminated sign at the leading edge of the canopy around the office; that it is believed that porcelain enamel facing is appropriate for this location and this type of exterior is therefore indicated; that three new sign poles are proposed and three new 2-pump islands as well as two pumps facing Hillside avenue, with nine new 550 gallon storage tanks; that the existing lift is to be removed and the entire unimproved area will be paved with asphalt; that all of the foregoing improvements will be confined within the property lines and in addition, the entire sidewalk area will be paved with concrete and provided with curbing and curb cuts; and

WHEREAS, the applicant further contends that each of the three streets abutting this property is an important vehicular thoroughfare, with ever-increasing traffic; that the station was erected in 1926 according to the standards and requirements of that day, and does not meet the present-day requirements of either the public or progressive service station operation; that the proposed modernization will improve the necessary neighborhood facility which this service station represents in serving residents in this community and will improve the general appearance of the neighborhood by substituting a service station building of handsome appearance and modern design for an outdated structure; that it will also tend to increase property values and the City's tax income; that the owner is at present under a special and unique hardship in respect of the property involved in this application; that by reason of its inability to effect the proposed improvements and thereby increase its economic productivity, the owner is burdened with the full cost of carrying and maintaining this property and cannot realize the full economic potential of the property in order to defray such costs; and

WHEREAS, the following is a copy of a letter dated August 17, 1953, received by the Board from the office of the President of the Borough of Queens:

"In reply to your communication of July 31, 1953 relative to the proposed widening of Springfield Blvd. and Braddock Avenue, I wish to advise you that Springfield Blvd. and Braddock Avenue are indicated at a width of 80 feet and 100 feet on Section 146 of the Final Map of the Borough of Queens, adopted by the Board of Estimate and Apportionment on June 14, 1935.

There are indicated widenings of about 10 feet on the northeast side of Springfield boulevard, an irregular widening of 15 to 18 feet on the southerly side, and 32 to 35 feet on the northerly side of Braddock Ave. There is no proceeding pending to acquire title to the proposed width of these streets."

and

WHEREAS, the applicant states that the owner has held title to the property since August 20, 1948 by inheritance from husband who owned it since April 22, 1925 and further states the land is assessed at \$36,000 and buildings at \$4,000, making a total of \$40,000; and

WHEREAS, the premises and the surrounding area were inspected by a Committee of the Board; and

WHEREAS, the applicant has amended the application to include section 7, subdivision i; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions c and i of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7, subdivision c, to permit the legally existing gasoline service station to be reconstructed and rearranged substantially as indicated on plans filed with this application marked "received June 25, 1953" (five sheets), as amended by revised plans marked "received April 15, 1954" (four sheets), *on condition* that all buildings and uses shall be removed from the premises; that the premises shall be leveled substantially to the grade of the surrounding streets; that the premises shall be so reconstructed substantially as shown on such

revised plans marked "received April 15, 1954" (four sheets), and maintained within the lines of the streets as proposed to be widened; that the accessory building shall have no cellar below and shall be of design and arrangement as indicated on such revised plans and may be faced on the outside with a porcelain enamel of matte white color with green striping; that the pumps shall be not nearer than fifteen feet to the street building line of Hillside avenue as shown, or nearer than ten feet to the building lines on Springfield Boulevard and Braddock avenue; that such pumps shall be of a low approved type; where not occupied by accessory building and pumps, the balance of the premises shall be paved with concrete or asphaltic pavement; that the number of gasoline service tanks shall be limited to a total of twelve-550 gallon tanks; that the sidewalk and curbs around the premises shall be constructed or repaired to the satisfaction of the Borough President; that curb cuts shall not exceed the widths as shown on such revised plans; that such portable fire fighting appliances shall be maintained as the fire commissioner shall direct; that signs shall be restricted to the two permanent signs attached to the facade or directly above the parapet as shown on such revised plans, advertising only the name of the company and the insignia and the illuminated globes to the pumps, excluding all roof signs and all temporary signs but permitting the erection and maintenance within the three points as shown of signs displaying the company insignia illuminated at top of such sign poles; that there shall be no protecting roofing over the gasoline islands, but there may be a lighting trough as shown, sufficient in width only for such lighting; that the accessory building shall in all other respects comply with the requirements of the building code; that equipment within such building for servicing and for greasing shall be of the hydraulic type; and there shall be no greasing pits; that under section 7, subdivision i, there may be minor repairing with hand tools maintained only within the accessory building; that all permits shall be obtained and work completed within the requirements of section 22A of the zoning resolution.

718-29-BZ—Vol. II

APPLICANT—Robert Williamson, for Santini Realty Co., Inc., owner.

SUBJECT—Application reopened June 16, 1953 as Vol. II—re (decision of the borough superintendent) under section 7e and 21 of the zoning resolution, to permit in a residence use B area district, the demolition of existing three story dwelling, and the erection and maintenance of a one story structure to be used as stores, using more than the area permitted.

PREMISES AFFECTED—2016-2022 Grand Concourse, southeast corner of Bush street (Block 2182, Lot 17), Borough of The Bronx.

APPEARANCES—

For Applicant: Robert Williamson.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative 0

Negative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on June 16, 1953 subject to regular procedure, to consider new proposal; and

WHEREAS, a public hearing was held on this application on March 16, 1954 after due notice by publication in the Bulletin; laid over to April 20, 1954, for inspection and decision without further argument; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Grand Concourse are in a residence use, B area, class 1¼ height district; Bush street

MINUTES

is in residence and business use, B area, class 1¼ height districts; and

WHEREAS, the decision of the borough superintendent, dated May 6, 1953 acting on N.B. Applic. 553-53, reads:

"1. The construction of stores in a Residence Use District is contrary to Art. II Sect. 3 of the Z. R. and Art. IV Sect. 12 of the Zoning Resolution."

and
WHEREAS, the applicant states that the premises consist of a plot, 34.08 ft. and 93.88 ft. frontage by 60.81 ft. in depth, irregular, on which is located a three story frame dwelling (vacant); that it is proposed to demolish the existing three-story dwelling and erect a building 93.88 ft. front by 47 ft. in depth, irregular, one story, 13 ft. in height, of class 3 construction, to be used as stores; and

WHEREAS, the applicant contends that the cost of this site, which has been in the ownership of the Santini family for 25 years, is \$34,744.51; that the property, until 1952, has always been rented and during the past 22 years has brought in gross annual rentals, ranging from a low of \$900 and a high of \$1,800; that during this period the property has been carried at a cumulative loss, aggregating \$10,733; that the major item of carrying charges is the city real estate tax which amounts to \$1,190 for the year 1952-53; that until January 1952 the property was operated as a rooming house but has been vacant since that time; that if permission is granted for the erection of a business building, it will enable the owner to utilize the property for its best use; that there are other business uses in the immediate vicinity of the site on the Grand Concourse; that this site is presently zoned to permit the erection of a multi-family apartment building for residential use; that the plot is not sufficiently large to permit such use and could only be thus used if the several plots to the east were added to it, to provide the necessary plottage to make the venture economical; that this has proved impossible in the past; that on at least 5 occasions, the owner has endeavored to assemble the necessary plot or has cooperated with others having the same object in view, but as soon as any sign of activity in this direction has been noted, the prices of the interior plots have skyrocketed to prohibitive levels; that another factor contributing to the owner's hardship and practical difficulty is that the building on the site is vacant and although it has been boarded up it has been broken into and valuable fixtures have been ripped from the walls, at great damage to the owner; that it is too costly to maintain a watchman at the site and, good as the policing of the neighborhood is, the coverage cannot insure against a recurrence of this vandalism; that as the site now stands it cannot be said to beautify the neighborhood and the erection of the proposed building will be a distinct improvement; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application should not be granted; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under section 7, subdivision e of the zoning resolution, and that the applicant failed to substantiate a basis to warrant exercise of discretion to grant under section 21 of the Zoning Resolution and was therefore not entitled to relief on the grounds of practical difficulty or unnecessary hardship.

Resolved, that the decision of the borough superintendent, acting on N.B. Applic. 553/53, Objection 1, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

271-48-BZ—Vol. II

APPLICANT—Simeon Heller, for Herbert Kramer, owner.
SUBJECT—Application, October 10, 1951, reopened June 30, 1953 as Vol. II—re (decision of the borough superintendent) under sections 7e and 7h of the zoning resolution, to permit in a local retail use district, the erection and maintenance of a gasoline service station, lubritorium, motor vehicle repairs, storage and sale of accessories and office;

and to permit the parking of motor vehicles waiting to be serviced.

PREMISES AFFECTED—20-20 Francis Lewis boulevard and Willets Point boulevard, southwest corner (Block 4876, Lot 1), Flushing, Borough of Queens.

APPEARANCES—

For Applicant: S. Heller and Herbert Kramer.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative 0

Negative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on June 30, 1953 subject to regular procedure, to consider under section 7f; and

WHEREAS, a public hearing was held on this application on March 16, 1954 after due notice by publication in the Bulletin; laid over to April 20, 1954, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Francis Lewis boulevard and Willets Point boulevard are in a local retail use, D area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated October 8, 1951 acting on N.B. Applic. 1678-51 and superseded by N.B. Applic. 1678-53, dated December 3, 1953, reads:

"1. Use of premises located in a local retail use district as gasoline service station, lubritorium, office and sale of auto accessories, minor repairs with hand tools and parking for more than five cars waiting to be serviced is contrary to Art. II Sec. 4-C of the Zoning Res."

and

WHEREAS, the applicant states that the premises consist of a plot, 111.07 ft. by 132.62 ft. by 162.96 ft., triangular in shape, presently vacant; that it is proposed to erect an accessory building 55 ft. by 30 ft., one story, 14 ft. in height, of class 3 construction, to be used as office, lubritorium, motor vehicle repairs; that it is further proposed to install nine 550-gallon gasoline tanks and six dispensing pumps, and to install two curb cuts on Willets Point boulevard and one on Francis Lewis boulevard; that it is also proposed to permit the parking of motor vehicles; and

WHEREAS, the applicant contends that in 1948 this area was almost entirely vacant; that there were few houses in a 10 or 15 block radius and therefore there was little need for this station, except for transient traffic; that since that time the area has been built up and in a very short time will house thousands of families; that just diagonally across the street is a large housing development which houses over 2,000 families; that from 300 to 400 new residences have been constructed in the immediate neighborhood in the last few years; that a large shopping center has been constructed across the street and more stores are being planned; that there is a distance of over one mile in each direction along Francis Lewis boulevard to the nearest gas station; that most of the new residents in this area own cars and if no service station is provided will have to drive this distance to secure service; that this change in the surrounding area has become so marked that the local civic society has reversed its previous stand of 1948, when it opposed the gas station, and now has informed the owners of the property that they see the necessity for the station and hope it will be installed if proper safeguards are provided; that the Board is therefore requested, in view of the change in neighborhood conditions and the marked need for a gas station in this area, to reconsider its original action and permit the erection and maintenance of this use for a period of fifteen years; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application should not be granted; and

MINUTES

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under section 7, subdivisions e and h of the zoning resolution.

Resolved, that the decision of the borough superintendent, acting on N.B. Applic. 1678/41, Objection 1, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

315-50-BZ

APPLICANT—Dept. of Public Works, City of New York, owner.

SUBJECT—Application reopened March 23, 1954 for consideration as to extension of term of variance re Application (decision of the borough superintendent) under section 21 of the zoning resolution, permitting in a residence use, D area district, the erection and maintenance of a library, using more than the area permitted.

PREMISES AFFECTED—2150-2154-2158 University avenue, north side, 107.45 ft. west of East Aqueduct avenue (Block 3211, Lots 5 and 7), Borough of The Bronx.

APPEARANCES—

For Applicant: S. Greenhill.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Resolution of December 19, 1950 reaffirmed.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Klei-
ert and Keating 4

Negative 0

THE RESOLUTION—

WHEREAS, on December 19, 1950 this application was granted by the Board on certain conditions, under section 21 of the zoning resolution, to permit in a residence use, D area district, the erection and maintenance of a library, using more than the area permitted; and

WHEREAS, the applicant requested reopening of this application and extension of the term of variance, which had expired by time limitation; and

WHEREAS, this application was reopened on March 23, 1954 and set for hearing on April 20, 1954 at 10 A. M., subject to regular procedure, waiving all requirements except a new decision of the borough superintendent and two publications in the Bulletin; (time to complete expired December 21, 1951 and no work has been done); and

WHEREAS, a public hearing was held on this application on April 20, 1954 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the borough superintendent, dated March 10, 1954 acting on amendment to N.B. 252-50, reads:

"15. Board of Standards and Appeals Resolution 315-50-BZ dated Dec. 14, 1950 stipulates that 'all permits shall be obtained and all work completed within one year from the date of this resolution'."

Resolved, that the Board of Standards and Appeals does hereby *reaffirm* the resolution adopted on December 19, 1950, on condition that all requirements of said resolution shall be complied with; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the zoning resolution.

665-53-BZ

APPLICANT—Kitzler and Nurick, for George Massabni, owner.

SUBJECT—Application September 9, 1953 (decision of the borough superintendent), under section 7c of the zoning resolution, to permit in a business use district the use of more than the permitted percentage of structure for manufacturing use.

PREMISES AFFECTED—9108-9110 5th avenue, west side, 50 ft. south of 91st street (Block 6087, Lot 21), Borough of Brooklyn.

APPEARANCES—

For Applicant: Joseph D. Simone.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Klei-
ert and Keating 3

Negative: Deputy Chief Connors 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on April 6, 1954 after due notice by publication in the Bulletin; laid over to April 20, 1954, for applicant to file revised plans showing additional means of exit from the cellar and a sprinkler system; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, 5th avenue and 91st street, are in a business use, C area, class 1¼ height district; and

WHEREAS, the decision of the borough superintendent, dated August 11, 1953 acting on Alt. Applic. 3154-53, reads:

"4. Total area for manufacturing in Bldg. not to exceed area of lot as per Art. II sect. 4 par. C of Zone Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 37 ft. frontage by 101 ft. in depth, on which is located a building 30 ft. front, 94 ft. in depth, 3 stories, 34 ft. 8 in. in height, of class 3 construction, used as cutting room, store room in cellar, light manufacturing on 1st, 2nd and 3rd floors, for which certificate of occupancy No. 3142-22 has been filed, giving cellar as store room and boiler room; that it is proposed to permit the continuation of cellar as a cutting room; and

WHEREAS, the applicant contends that this building was erected in 1909 as a two-story and mezzanine, occupied in the cellar, ordinary; 1st floor, moving picture theatre; 2nd floor and mezzanine, manufacturing; that in 1920 the building was altered so that it became a full three-story building by raising the roof and converting the mezzanine to a complete third floor; that certificate of occupancy No. 3142 was issued on September 9, 1922 providing for the occupancy of the building as light manufacturing; that the work provided for in the 1920 alteration included the erection of a new fireproof stair and enclosure and the installation of an iron outside stairway at the rear from the 2nd and 3rd floors to the yard; that the manufacturing being carried on in the upper floors of the building require that very long cutting tables, about 4 ft. in width, be used, on which many thicknesses of material are *electrically* cut from a pattern; that these cutting tables consume so much space that they were set up in the cellar, where the cutting is being done; that the Department of Housing and Buildings issued a violation for the work being done in the cellar; that as to objection 4 issued by the borough superintendent, this building was legalized for manufacturing use in 1920 permitting 100% of each floor to be so used; that certificate of occupancy No. 3142 was issued on September 9, 1922 and is currently in force; that the plans approved in 1920 as Alt. 1946-20 designated the cellar use as store room; that the net area of each floor which could legally be used for manufacturing under certificate of occupancy No. 3142 is 2,376 sq. ft., and for three floors for which the area could legally be used for manufacturing is 7,128 sq. ft.; that the area actually being used for manufacturing is, cellar, 1210.95 sq. ft.; 1st floor 2095.25 sq. ft.; 2nd floor, 2232.25 sq. ft.; 3rd floor, 2228 sq. ft.; area permitted, 7,128 sq. ft.; excess area, 638.45 sq. ft.; percentage of excess, 9%; that the cellar will never have more than 4 occupants and will be used only for a few hours, two or three days a week; that the work performed consists of laying many layers of fabric on the long cutting tables; that an electric cutter is then used to cut the entire

MINUTES

thickness of fabrics to a pattern and the cut fabrics are then brought upstairs to the sewing rooms; that it is therefore requested that the Board grant the relief sought in view of the limited amount of work being done, the small area of space being used and the few times a week the cellar will be occupied; and

WHEREAS, the premises and the surrounding area were inspected by a Committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c, of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7, Subdivision c, to permit the space in the cellar to be occupied as proposed for factory work as indicated on plans filed with this application marked "Received September 9, 1953," 1 sheet, and "January 13, 1954," 5 sheets, and "April 13, 1954," 1 sheet, *on condition* that the requirements of such space shall comply in all other respects with all laws, and rules relative thereto, and to the occupancy other than as modified by the Board this day under Cal. #666-53-A; that all permits shall be obtained and all work completed within six (6) months from the date of this resolution and a new certificate of occupancy shall be obtained.

666-53-A

APPLICANT—Kitzler and Nurick, for George Massabni, owner.

SUBJECT—Application September 9, 1953—Appeal from a decision of the borough superintendent.

PREMISES AFFECTED—9108-9110 5th avenue, west side, 50 ft. south of 91st street (Block 6087, Lot 21), Borough of Brooklyn.

APPEARANCES—

For Applicant: Joseph D. Simone.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating 3

Negative: Deputy Chief Connors 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated August 11, 1953, acting on Alt. Applic. 3154-53, reads:

"1. Exits from all floors including cellar to comply with Sec. 270 Labor Law.

(2 story & balcony building was erected in 1909; 3rd story erected in 1920.)

3. Second floor to be adequate for 120 lbs. per sq. ft. live load as per Sec. 7.3.2.3 Bldg. Code."

and

WHEREAS, the applicant states that the building is 3 stories, 34 ft. 8 in. in height; 30 ft. by 94 ft. in area, of Class 3 construction; erected 1909; located on a lot 37 ft. by 101 ft. in depth; in a business use, B area, Class 1¼ height district, and used and occupied since 1921: cellar, cutting room, 4 persons; 1st floor manufacturing wearing apparel, 20 persons; 2nd floor, manufacturing wearing apparel, 40 persons; 3rd floor, manufacturing wearing apparel, 40 persons; no change in use or occupancy is now proposed; that the building is provided with one 3 ft. wide interior steel stairs, brick enclosed, equipped with kalamein self-closing doors and leading from roof bulkhead direct to street, and one fire escape on the rear of the building, extending to roof by stairs and to yard by stairs, with egress direct through the yard to the street; that window and door openings on the course of the fire escape are fireproof self-closing; and

WHEREAS, the applicant states that the building was erected in 1909 as a 2-story and mezzanine building to be

occupied as follows: cellar, ordinary use; 1st floor, moving picture theatre; 2nd floor and mezzanine, manufacturing; that in 1920, the building was altered to a 3-story building by raising the roof and converting the mezzanine to a complete 3rd floor; and Certificate of Occupancy 3142 was issued September 9, 1922, providing for the use of the building as a factory; that the alteration involved, including the erection of a new fireproof stair and enclosure; the installation of an outside iron stairway at the rear from 2nd and 3rd floors leading to yard; that the manufacturing being carried on in the upper floors of the building require long cutting tables about 4 ft. in width upon which material is cut from a pattern; that these cutting tables consume so much space that they have been set up in the cellar, where the cutting is now being done and a violation was issued by the Borough Superintendent due to this cellar use; and

WHEREAS, the applicant contends as to Objection 1, issued by the Borough Superintendent, that the building was actually erected in 1909 as a factory and motion picture theatre; that under Alt. Applic. 1946-1920, the full story was merely created to replace the mezzanine and the Department of Housing and Buildings at that time approved the plans and applications as complying with Section 271 of the Labor Law; that since no structural change are now contemplated, it is requested that the existing 3 ft. wide iron stair with fireproof enclosure and a rear iron outside stair be accepted for the upper three floors as satisfactory egress; that from the cellar there is an exit stair leading through the north wall to the side yard, in addition to the fireproof enclosed stairway at the front; that this stair is partially of wood and partially of concrete; that the door is 3 ft. wide and of wood; that although this stairs is of substandard construction, it can be maintained for use in an emergency; that in view of the fact that the cellar will not have more than four occupants at any one time it is requested that the Board accept the existing exit facilities from the cellar as adequate; and

WHEREAS, the applicant contends as to Objection 3, issued by the Borough Superintendent, that since no heavy machinery nor heavy materials will be used, it is requested that the existing live load capacity be accepted; that the 1st and 3rd floors are now adequate for 120 lbs. per sq. ft. live load; that certificate of occupancy No. 3142 issued in 1922, upon completion of Alt. 1946 of 1920, was based upon a plan which indicated the 2nd floor joists to be 3 in. by 12 in. long leaf yellow pine, 12 in. on centers, which were nominally good for 93 lbs. per sq. ft. live load; that under the present code, the net size of the joists reduced this figure to 87 lbs. per sq. ft.; that since the existing live load capacity was approved under Alt. Applic. 1946-1920 and since the manufacturing being done is of the light type, it is requested that the Board accept the existing live load.

Resolved, that the decision of the Borough Superintendent, acting on Alt. Applic. 3154-53, be and it hereby is *modified* and that the appeal be and it hereby is *granted* as to Objection No. 1, only as to exits in the cellar, *on condition* that such exits shall be maintained as shown on revised plan marked "Received April 13, 1954," 1 sheet, and that all exits in the building shall comply with the requirements; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; that the building shall not be increased in height or area; that the requirements of the resolution as adopted this day under Cal. No. 665-53-BZ, shall be complied with; as to Objection No. 3, that the live load of the 2nd floor may be continued as permitted by the Borough Superintendent in 1922, and as evidenced by Certificate of Occupancy No. 3142; that such signs showing such live load shall be posted on the 2nd floor and the use of the floor shall not be permitted to exceed such live loading.

(decision of the borough superintendent), under section 7c of the zoning resolution, to permit in a local retail use district, the re-erection and maintenance of a former gasoline service station, car-wash, lubritorium, motor vehicle repairs, storage and sale of accessories and to permit the parking and storage of motor vehicles on unbuilt upon portion of lot.

PREMISES AFFECTED—139-39 Merrick boulevard and 127-34 to 127-42 Farmers boulevard, northwest corner (Block 12494, Lot 1), Springfield, Borough of Queens.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION:

WHEREAS, a public hearing was held on this application on March 9, 1954 after due notice by publication in the Bulletin; laid over to April 6, 1954, to obtain Fire Department records; then to April 20, 1954, for further consideration; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a local retail use, D area, class 1½ height districts; Merrick boulevard is in local retail and retail use, D area, class 1½ height districts; Farmers boulevard is in local retail and manufacturing use, D area, class 1½ height districts; and

WHEREAS, the decision of the borough superintendent, dated September 9, 1953 acting on N.B. Applic. 3621-53, reads:

"1. Proposed erection of a gasoline service station, lubritorium, minor auto repairs (hand tools only), car washing, storage room, office and sales, parking and storage of motor vehicles on a lot in a local retail district is contrary to Art. 2, Sec. 4-c of the Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 100 ft. frontage by 99.64 ft. in depth, presently vacant, except for five 550-gallon gasoline tanks which were part of former gasoline service station, for which certificate of occupancy No. 49147-32 has been filed; that as of July 25, 1916 the premises were in an unrestricted use district and a class 1 height district; that the present local retail use district became effective on January 21, 1947 and the present ½ height district became effective June 30, 1952; that it is proposed to redevelop the plot to its former use of a gasoline station consisting of twelve 550-gallon storage tanks and four gasoline pumps; that a new accessory building will have a frontage of 67 ft. and a depth of 28 ft., one story in height, of class 3 construction, and contain the conjunctive uses of car wash, minor auto repairs, lubritorium, storage and salesroom; that a part of the site will be reserved for parking and storage of motor vehicles; and

WHEREAS, the applicant contends that the premises are presently vacant except for five 550-gallon gasoline storage tanks which were part of a gas station installed under N.B. 824/32 and certificate of occupancy No. 49147; that this gas station contained an accessory building which was used as a repair shop, car wash, office and lubritorium; that the fire department issued permit Alt. 1475-32 for a gasoline filling station including five 550-gallon gasoline tanks, three gasoline pumps, repair shop and a non-storage garage; that this gas station was in continuance use until 1941 at which time the tanks were sealed and the pumps removed; that the gas station was abandoned during the war and the building removed; and

WHEREAS, the applicant further contends that there are many non-conforming uses within the affected area; that block 12494, lot 18 contains a gas station and motor vehicle repair shop; lots 14 and 9, motor vehicle repair shop; lot 8, roller skating rink; lot 92, iron works; block 12983, lot 28, motor vehicle repair shop; block 12492, lot 1, welding

room; block 12541, lot 50, gas station; that block 12698 is in an unrestricted zone directly opposite the site in question and is developed with unrestricted uses as follows: lot 53, lumber yard; lot 1, open storage of auto parts; that Merrick boulevard has developed under purely unrestricted lines and in addition much of the affected area opposite the site is in an unrestricted zone; that inasmuch as the former gas station was a legal use and as evidence of its existence still remains and as the plot could not be used for a conforming use since 1941, it would be a hardship on the owner to prevent him from developing the site with its former use and with the only feasible use that could be developed on the site; that Merrick boulevard is not used by the public as a shopping center and therefore a store use on the site would not be feasible; and

WHEREAS, the premises and the surrounding area were inspected by a Committee of the Board; and

WHEREAS, it was stated in the Fire Department folder that the gas station was on these premises, 100 by 100 ft., from 1933 to 1941 with 5 buried 550 gallon tanks and permitted storage of 2750 gallons of gasoline, 100 gallons of oil and 50 gallons of kerosene, and on November 1, 1941, the Fire Department was notified by the owner that the premises were no longer occupied as a gasoline station and the pumps were removed and the tanks were sealed to the satisfaction of the Fire Commissioner; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions c, h and i, of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7, Subdivision c, to permit the reconstruction and reuse of the gasoline station use as previously permitted up to 1941, and to be arranged and constructed as indicated on plans filed with this application marked "Received September 30, 1953," 4 sheets, *on condition* that the premises shall be constructed and arranged as indicated on such plans; that there shall be no cellar under the accessory building; that the accessory building shall be of the general design and type as indicated and as arranged for servicing as thereon shown, and to be constructed of face brick on the exterior; that pumps shall be of a low approved type and shall be not nearer than 15 ft. to either street building line; that the sidewalks and curb around the premises shall be reconstructed or repaired to the satisfaction of the Borough President; that the curb cuts shall be limited to two 30 ft. curb cuts to Merrick boulevard and two 30 ft. curb cuts to Farmers boulevard, located where shown with no curb cut nearer than 5 ft. to a lot lines as prolonged; that at the intersection within the building line there shall be erected and maintained a block of concrete not less than 12 in. in height and extending for a distance of not less than 5 ft. along either building line from the intersection; that signs shall be restricted to a permanent sign attached to the facade of the accessory building and to the illuminated globes of the pumps excluding all roof signs and all temporary signs and all signs painted on walls of adjoining buildings but permitting the erection within the building line at the intersection of a post standard for supporting a sign which may be illuminated advertising the brand of gasoline on sale only and permitting such sign with two leaves to extend beyond the building line for a distance of not more than 4 ft. over the Merrick boulevard building line and the Farmers boulevard building line; that under Section 7, Subdivision i, there may be minor repairs for adjustments only with hand tools and maintained solely within the accessory building; that where not occupied by accessory building and pumps the premises shall be paved with concrete or asphaltic pavement; that under Section 7, Subdivision h, for a term of five years, there may be parking and storage of motor vehicles awaiting service or having been serviced; that such portable fire fighting appliances shall be maintained as the Fire Commissioner shall direct; that all permits shall be obtained and all work completed within the requirements of Section

MINUTES

22A of the zoning resolution and a certificate of occupancy shall be obtained.

APPLICANT—Burke, Green and Groh, for Oblong Realty Corp., owner.

SUBJECT—Application October 2, 1953—(decision of the borough superintendent) under section 21 of the zoning resolution, to permit in an unrestricted use, D area district, the extension to existing warehouse using more than the area permitted.

PREMISES AFFECTED—103-40 178th street, northwest corner of 104th avenue (Block 103.30, Lot 120), Jamaica, Borough of Queens.

APPEARANCES—

For Applicant: Robert T. Groh.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 30, 1954 after due notice by publication in the Bulletin; laid over to April 20, 1954 for consideration and decision by the Board; the premises have been inspected by a committee of the Board prior to hearing; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and 178th street are in an unrestricted use, C and D area, class 1 height district; 104th avenue is in retail and unrestricted use, D area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated September 14, 1953 acting on Alt. Applic. 1386-53, reads:

"1. The occupancy of more than 70% of the lot in a 'D' district is contrary to Art. IV, Sec. 14 Subsection (c) of Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 100 ft. frontage by 260 ft. in depth, on which is located a building 190 ft. front by 96 ft. in depth, one story in height, of class 3 construction, used as a warehouse, for which certificate of occupancy No. 88495-53 has been filed; that it is proposed to extend the existing building 60 ft. by 96 ft., one story in height, to be used as warehouse, factory and loading area; and

WHEREAS, the applicant states that a portion of the property within 100 ft. of Liberty avenue (30 ft. of the subject property) is in a C area district and the remaining portion is in a D area district; that the height, use and area designations have not been changed since July 25, 1916; and

WHEREAS, the applicant contends that the owner purchased the property in 1946 and finished construction, in 1952, of a warehouse for the storage of metal products; that on April 14, 1953 a certificate of occupancy No. Q-88493 was issued, which permitted a factory, warehouse and loading area; that due to crowded facilities of the existing building the owner wishes to erect an extension which will include an area of 60 ft. in width by 96 ft. in depth; that the use of the new premises will be the same as the former, namely, factory, warehouse and loading area; that this appeal is made to the Board because the area requirements of the D area district cannot be met and to conform with D area requirements would be both impractical and not of uniformity with the general structure of the existing buildings; and

WHEREAS, the premises and the surrounding area were inspected by a committee of the Board, and due consideration was given to the objections of the adjoining owners, which apparently was to the manufacturing use, which is permitted here as it is an unrestricted district; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the zoning resolution, and is therefore entitled to relief, as to area, on the ground of unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the area district regulations of the zoning resolution and that the application be and it hereby is *granted* under section 21 to permit the extension in area, substantially as proposed and as indicated on plans filed with this application, marked "Received October 2, 1953" (3 sheets) and "February 26, 1954" (5 sheets), *on condition* that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; that all equipment shall be arranged so that as far as possible noise therefrom can be eliminated or reduced; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

756-53-BZ

APPLICANT—Siegel and Green, for Rosedale Engineering Corp., owner.

SUBJECT—Application October 9, 1953 (decision of the borough superintendent), under section 7e of the zoning resolution, to permit in a residence use district the erection and maintenance of a gasoline service and oil selling station, lubritorium, auto wash, motor vehicle repairs, sales room and office, for a term of fifteen years.

PREMISES AFFECTED—1000-1008 Wheeler avenue and 1501-1509 Bruckner boulevard, northeast corner (Block 3713, Lot 5), Borough of the Bronx.

APPEARANCES—

For Application: Max Siegel.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative: Commissioner Kleinert 1

Negative: Chairman Murdock, Commissioner Keating and Deputy Chief Connors 3

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 9, 1954 after due notice by publication in the Bulletin; laid over to April 20, 1954, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a residence use, D area, class 1 height district; Wheeler avenue and Bruckner boulevard are in residence and retail use, D area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated September 28, 1953 acting on N.B. Applic. 1053-53, reads:

"1. Proposed gasoline service and oil selling station and accessory building for salesroom, lubritorium, auto washing and minor repairs in a Residence Use District is contrary to Art. II, Sect. 3 of the Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 100 ft. frontage by 100 ft. in depth, presently vacant; that it is proposed to erect a gasoline service station and accessory building, with an underground gasoline storage system, dispensing pumps, and two curb cuts on Bruckner boulevard and one on Wheeler avenue; that the subject premises are now zoned for residence use, D area, since April 26, 1945; that prior thereto from June 10, 1932 the premises were zoned for business use, B area and from July 25, 1916 until June 10, 1932 the premises were zoned for unrestricted use, B area; and

WHEREAS, the applicant further states that the station has been designed to be in harmony with and for safeguarding the existing dwellings on the side streets; that the accessory building will be of colonial type with a peaked roof

MINUTES

and face brick exterior; that brick fence walls are proposed on the interior lot line as well as on the Wheeler avenue building line to within 40 ft. of Bruckner boulevard; that the accessory building and the station are intended to enhance the neighborhood and for that purpose the open area of the plot adjacent to the north and east lot lines will be properly landscaped to form a buffer between the station and adjoining residential properties; and

WHEREAS, the applicant contends that Bruckner boulevard is a heavily trafficked main arterial automobile highway, carrying a large volume of through traffic, and consequently the subject site is adaptable and desirable for development as a gas station; that while the subject site is now zoned for residence use, it is not adaptable or desirable for a residential development, primarily due to the character of Bruckner boulevard; that Bruckner boulevard west of the subject site is now developed with many non-conforming uses; that the corners at Bruckner boulevard and Wheeler avenue are developed with gas stations, except for the subject site; that the northwest corner of Bruckner boulevard and Wheeler avenue (lot 1 in block 3712) is now being used as a gas station; that the southeast corner (lots 34-38 in block 3651) is now being developed for use as a gas station pursuant to a variance granted by the Board under Cal. 636-52-BZ, and the southwest corner extending to Evergreen avenue is capable of being developed for a gas station pursuant to variance granted by the Board under Cal. 863-51-BZ; that there is no profitable use that the subject premises can be put to other than a gas station, as proposed; that during the long ownership of these premises by the same owner, no reasonable offer has been made for its purchase nor has there been any demand for its development other than the proposed gas station; that the proposed layout and design of the gas station would not adversely affect the character of the neighborhood or adjacent properties; that it would assure more open spaces than that which would result from a conforming use and the granting of this variance would enable the owner to obtain a beneficial use of its property without harming anyone; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board deemed that the premises and the plots to the east should and can be developed conformingly and that ample facilities for gasoline exist to the west, without further extension into areas zoned for residence uses; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under section 7, subdivision e of the zoning resolution.

Resolved, that the decision of the borough superintendent, acting on N.B. Application 1053/53, Objection 1, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 16, 1954 after due notice by publication in the Bulletin; laid over to April 20, 1954, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Magenta street are in residence and retail use, C area, class 1¼ height districts; White Plains road is in a retail use, C area, class 1¼ height district; and

WHEREAS, the decision of the borough superintendent, dated November 20, 1953 acting on Alt. Applic. 1004-53, reads:

"1. In a residence and retail district the proposed use of the premises for light manufacturing is contrary to Art. II, Section 4-A of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 97.31 ft. frontage by 105.21 ft. in depth, on which is located a building 97.31 ft. frontage by 60 ft. in depth, one story in height, of class 3 construction, for which certificate of occupancy No. 13282-53 has been filed and was issued for retail stores; that it is proposed to permit the three southerly stores to be used for light manufacturing; and

WHEREAS, the applicant contends that the property to a depth of 100 ft. on White Plains road is located in a retail C, 1¼ zone, and the remaining 5 ft. is in a residential zone; that the location had been in a business district until it was changed to retail on February 7, 1949 at the time of the erection of the city housing project on the northeast corner; that the owners bought the plot at a high price and erected the building in 1950 for the use of retail stores; that the tenants of the project prefer to shop on Gun Hill road, one block to the north, so they have had difficulty in renting the stores at rents necessary to give them some return on their large investment; that the three stores nearest the project were finally rented as retail stores, but the remaining three were vacant, and in order to obtain some revenue, they rented the three southerly stores to be used for light manufacturing; that the large store, No. 3391, was rented for sewing and the other two for small shops employing less than four persons each, none of a hazardous or objectionable nature; that violation No. 1852-53 was served on the owners for making the change; that the owners request permission to use the three southerly stores for manufacturing for a term of years until the neighborhood changes, so that a demand for stores will be created; that the street, outside of the vacant plots, is predominantly business with many non-conforming uses; block 4628, lot 64 contains a dress factory; block 4629, lots 13 and 20—marble yard and stone works and lots 12 and 8 in the same block contain dress factories; that the character of the immediate neighborhood will not be changed by the use of this building for light manufacturing; that Safeway stores are now erecting a huge super market at Burke avenue and White Plains road south of these stores, and this operation will further make it more difficult for the owner to rent the stores to retail tenants; that in order to protect his investment, relief is sought to permit the use of the stores, as proposed, for selected type of light manufacturing; and

WHEREAS, the premises and the surrounding area were inspected by a Committee of the Board, which recommended that the application be granted for a temporary term under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7e for a term of five (5) years, to permit the manufacturing use throughout for the three stores to the south, as indicated on plans filed with this application, marked "Received November 24, 1953" (6 sheets), *on condition* that such portable fire-fighting ap-

MINUTES

pliances shall be maintained as the Fire Commissioner shall direct; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto other than as modified this day by resolution adopted under Cal. 837-53-A; and that all permits required, including a certificate of occupancy shall be obtained and all work completed within six (6) months from the date of this resolution.

837-53-A

APPLICANT—Robert Gottlieb, for Danrob Corp., owner.
SUBJECT—Application November 24, 1953—Appeal from a decision of the borough superintendent.

PREMISES AFFECTED—3387-3399 White Plains road, southwest corner of Magenta street (1st floor); (Block 4624, Lot 33), Borough of The Bronx.

APPEARANCES—

For Applicant: Robert Gottlieb.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated November 20, 1953, acting on Alt. Applic. 1004-53, reads:

"2. Required stairway shall be 44 in. wide and shall be properly ventilated to conform with Sec. 270 of the Labor Law."

and

WHEREAS, the applicant states that the building is 1 story, 15 ft. in height; 97.31 ft. front by 60 ft. in depth; of class 3 construction; erected 1950; located on a lot 97.31 ft. front by 105.01 ft. in depth; in retail and residence use, C area, class 1¼ height districts, and used and occupied: cellar, storage; 1st floor, 6 retail stores, 10 persons; proposed to be used and occupied as follows: cellar, storage, no persons; 1st floor, retail stores (3) and manufacturing (sewing) 20 persons; and

WHEREAS, violation No. 1852 of 1953 was issued September 25, 1953, for violation of Section C26-185.0 of the Administrative Code for changing the use from stores to manufacturing before obtaining a certificate of occupancy therefor; and

WHEREAS, Certificate of Occupancy #13282, issued November 20, 1953, permits the present use and occupancy; and

WHEREAS, the applicant states that it is proposed to use several of the stores for manufacturing; that one store, No. 3391, will be used as a factory with an occupancy of about 15 females and two males; that the present exit facilities consist of a pair of doors at the front, 5 ft. wide and a 3 ft. wide wood stair at the rear leading to the cellar, where it is enclosed in concrete block partitions; that there is a 3 ft. wide door leading out to a large yard with direct access to the street; that it is proposed to use a 3 ft. wide stair as a secondary means of egress; that this stair will be enclosed on the 1st floor with one hour partitions and with a skylight in the roof; that the cellar terminus of the stair will lead directly to the yard by fireproof hall; that the entire area of the space to be used for manufacturing is 1500 sq. ft. and is only 60 ft. in depth; that the number of persons employed is less than 20; and

WHEREAS, the applicant requests that in view of the non-hazardous use of the premises (sewing) and the small number of occupants a variation of Section 270 of the Labor Law is requested so as to permit the enclosed 36 in. wide stair as a second means of egress as it substantially complies with the Labor Law; and

WHEREAS, the premises and area were inspected by a Committee of the Board in connection with companion application No. 836-53-BZ.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the requirements of the Labor Law, as cited in a decision of the borough superintendent, acting on Alt. Applic. 1004-53, Objection 2, and that the appeal be and it hereby is *granted on condition* that the stairs as indicated on plans filed with this appeal marked "Received November 24, 1953" (5 sheets) shall be maintained and complied with; that means for access to the adjoining street from such rear portion of the building shall be maintained at all times; that there shall be no manufacturing in the cellar spaces, which may be used only in connection with the use of each store above; and that in all other respects the building shall comply with all laws, rules and regulations applicable thereto other than as amended by resolution adopted this day under Cal. 836-53-BZ.

Adjourned: 1:30 P.M.

JOSEPH J. DOYLE, *Chief Clerk.*

REGULAR MEETING

TUESDAY AFTERNOON, APRIL 20, 1954, 2 P. M.

Present: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors.

488-37-A

APPLICANT—U. S. Industrial Chemicals, Division of National Distillers Products Corp., for the Goodyear Tire and Rubber Company, Inc., owner.

SUBJECT—Application for consideration—reopening and amendment of resolution—re Appeal from a decision of the fire commissioner—re Transportation, storage and sale of inflammable mixture known as "Goodyear Super Anti-Freeze" in one gallon cans in New York City (containers not in conformity with Administrative Code requirements).

APPEARANCES—

For Applicant: I. D. Hall.

ACTION OF BOARD—Appeal reopened and resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, this application was granted by the Board on October 19, 1937, on certain conditions; and

WHEREAS, the resolution was amended from time to time and last amended on September 15, 1953; and

WHEREAS, the applicant requested a further amendment of the resolution.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on October 19, 1937, as thereafter *amended* by resolution adopted through September 15, 1953, by adding thereto:

"that the product may also be marketed under the name Goodyear Super Anti-Freeze, *on condition* that the requirements of the resolution above cited shall be complied with."

536-44-A

APPLICANT—Theodore L. Soontup, for Marion Spinnler, owner.

SUBJECT—Application for consideration—reopening and extension of term of variance—re Appeal from a decision of the borough superintendent, previously granted on condition.

PREMISES AFFECTED—216-16 28th avenue, southeast corner of 216th street (1st and 2nd floors); (Block 6019, Lot 103), Bayside, Borough of Queens.

MINUTES

APPEARANCES—

For Applicant: Theodore L. Soontup.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application reopened and term of variance extended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, this application was granted by the Board on October 31, 1944, on certain conditions; and

WHEREAS, the resolution was amended on June 11, 1946; and

WHEREAS, the term of variance was extended from time to time and last extended on May 6, 1952; and

WHEREAS, the applicant requested a further extension of the term of variance.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on October 31, 1944, as thereafter *amended* by resolutions adopted through May 6, 1952, only so far as it has reference to the term of the variance so that as *amended* this portion of the resolution shall read:

"* * * that the term of this variance for a nursing home shall be for a term of two (2) years from the date of this *amended* resolution; that a new certificate of occupancy shall be obtained and a new license obtained superseding the one issued by the Department of Hospitals, No. 558, which expired on October 31, 1951, and in all other respects the requirements of the resolution above cited shall be complied with." (Alt. Applic. 189/44)

288-48-A

APPLICANT—Bloch and Hesse, for F. W. I. Lundy, owner.

SUBJECT—Application for consideration—reopening and extension of term of variance—re Appeal from a decision of the borough superintendent, previously granted on condition.

PREMISES AFFECTED—1901-1929 Emmons avenue, north side, from Ocean avenue to East 19th street (1st floor); (Block 7493, Lot 41), Borough of Brooklyn.

APPEARANCES—

For Applicant: Walter Hesse.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Appeal reopened and term of variance extended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, this application was granted by the Board on November 3, 1948, on certain conditions; and

WHEREAS, the applicant requested an extension of the term of variance.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on November 3, 1948, by adding thereto:

"that the term of the variance heretofore granted which has expired may be extended for an additional term of five (5) years, commencing with November 5, 1953, and ending November 4, 1958, *on condition* that the requirements of the resolution above cited shall be complied with; and that a new certificate of occupancy shall be obtained." (Alt. 2937/46)

862-46-A—Vol. IV

APPLICANT—Lama, Proskauer and Prober, for Rochel-hesh Realty Corp., owner.

SUBJECT—Application reopened December 15, 1953 as Vol. IV—re Appeal from a decision of the borough superintendent.

PREMISES AFFECTED—249-251 West 28th street, north side, 154 ft. 9 in. east of 8th avenue (Block 778, Lot 13), Borough of Manhattan.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating 3
Negative: Deputy Chief Connors 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated November 5, 1953, acting on Alt. Applic. 1320/51, reads:

"Objection 6 repeated.

Provide two lawful means of egress. Stairs to lead in continuous enclosure to street as per 6.4.1.11-k B.C. Provide two hour stair enclosed as per 6.4.8.1(b) B.C.

15. Proposed use of roof of cl. 3 garage for parking and storage of motor vehicles is contrary to 4.2.1 B.C. since the building now exceeds tabular height limits.

16. Provide substantial 5 ft. parapet all around roof of building."

and

WHEREAS, the applicant states that the building is 3 stories, 44 ft. 1 in. in height; 49 ft. by 159 ft. 6 in. irregular in depth, of class 3 construction, erected prior to 1916, located on a lot 49 ft. front by 162 ft. 5 in., irregular in depth, in an unrestricted use, B area, class 1½ height district, and used and occupied since 1918 as follows: cellar, boiler room, no persons; 1st, 2nd and 3rd floors, garage, 2 persons each; proposed to be used and occupied as follows: cellar, boiler room, no persons; 1st floor, parking and storage of more than five motor vehicles, 2 persons; 2nd floor, same, 2 persons; 3rd floor, same, 2 persons; roof, same, 2 persons; that the building will be provided with two new 3 ft. 6 in. wide steel stairs, enclosed in fire retarded partitions, equipped with fireproof self-closing doors; one stair hall will lead to street and one stair hall to roof bulkhead, and a ladder and scuttle will be provided for access to the roof from the 2nd stairs; that Certificate #1098 was issued on November 18, 1918, on Alt. Applic. 2740/16, describing the building as a 3 story, non-fireproof garage and permitting its use throughout as a garage on the 1st and floors above, with 120 lbs. live load; and

WHEREAS, the applicant states that the building is now in use as a boiler room in the cellar and on the 1st, 2nd and 3rd floor for the parking and storage of more than five motor vehicles and there are two gasoline pumps on the 1st floor; and

WHEREAS, the applicant states that it is now proposed to maintain the present uses and to use the roof for parking and storage of more than five motor vehicles; and

WHEREAS, the applicant states that the present front stair will be replaced with a new steel stair 3 ft. 8 in. wide, leading from street to roof, enclosed in partitions of metal studs, fire retarded both sides with ¾ in. plaster on metal lath; that the present rear stair leading from 1st to 3rd floor will be altered and a new steel stair 3 ft. 8 in. wide installed leading from the 1st to the 3rd floors and thence by iron ladder and scuttle to roof; that these stairs will also be enclosed with metal studs, fire retarded both sides, and all doors leading thereto will be fireproof self-closing; that the present elevator extends from 1st floor to roof; that the roof will be reinforced so as to sustain the required live load per sq. ft. in addition to the dead load; that the building now has a 2 ft. 8 in. high parapet wall and a new woven wire fence will be provided around the roof to a total height of 5 ft. located inside the parapet wall, securely braced and made safe and provided with proper bumpers on the roof adjoining the parapet wall; and

MINUTES

WHEREAS, the applicant contends as to Item 6, issued by the Borough Superintendent, as the new steel stairs will be completely enclosed and will provide better exit facilities than existed heretofore, and as there will only be two occupants on any floor or on the roof at any time that the proposed exits are ample for the occupants; and

WHEREAS, the applicant contends as to Objection 15, issued by the Borough Superintendent, that the building has a legal garage use and the building code specifically states that a roof may be used provided a certificate of occupancy is obtained; that the volume of the building is not being increased and therefore no great hazard will be presented; that the building at its present height is legal and the mere use of the roof does not raise the building in height; and contends as to Objection 16, that the proposal to protect the existing 2 ft. 8 in. high parapet wall with substantial bumpers and provide a new woven wire fence to a total height of 5 ft. above the roof will give ample protection for the car parking and the occupants who will be on the roof; that the building is adjoined on both sides by buildings one story higher than the building in question.

Resolved, that the decision of the Borough Superintendent, acting on Alt. Applic. 1320/51, Objection 6, be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the means of exit shall be as proposed and as indicated on plans filed with this appeal, showing existing and proposed conditions, marked "Received November 20, 1953" (8 sheets); that the existing door at the rear leading to the space behind the building from which access can be had across a vacant lot to a public street shall be maintained; as to Objection 15, to permit the extension of use to the roof for the parking and storage of motor vehicles, *on condition* that the parapet shall be extended in height and properly reinforced so as to be not less than 5 ft. 6 in. above the average level of the roof surface; that the roof surface shall be concrete and cinder-filling between the roof beams and cemented so as to make a waterproof wearing surface; that the building shall not be increased further in height or area and in all other respects shall comply with all laws, rules and regulations applicable to the building and occupancy; that if the building to the east is higher than this building, a steel ladder shall be installed for access thereto in the event of necessity; that proper bumpers shall be maintained on the roof adjacent to the parapet walls for protection therefor; that the gasoline storage system and any other system within the jurisdiction of the Fire Commissioner shall be approved by him and subject to a proper license; that such fire-fighting appliances shall be maintained throughout the building as the Fire Commissioner shall direct; that this resolution shall supersede the resolution adopted by the Board on April 7, 1953, under Vol. III; that all resolutions adopted prior thereto relating to this building, where not inconsistent with this resolution, shall be complied with and that a new certificate of occupancy shall be obtained.

796-53-A

APPLICANT—Herman Kron, for Lucille Oppenheimer, et al., owners (Maxford Garage, Inc., lessee).

SUBJECT—Application November 9, 1953—Appeal from a decision of the borough superintendent.

PREMISES AFFECTED—111-115 Varick street, 564-568 Broome street, northwest corner (Block 578, Lot 71), Borough of Manhattan.

APPEARANCES—

For Applicant: Herman Kron, Arthur S. White, Bernard Alderman, Paul Benton and Wm. R. Altman.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated November 9, 1953, on Alt. Applic. 1538/53, reads:

"1. Garage use may not be extended to 5 & 6th floors—Exceeds the tabular height limit Section C26-254.0 B.C.

2. Means of egress inadequate. Section C26-276.0 & 278.0 A.C."

and

WHEREAS, the applicant states the building is 6 stories, 65 feet in height, 63.6 ft. front by 90 feet in depth, of Class 3 construction, erected in 1909 on a lot 63.6 feet front by 90 feet in depth in an unrestricted use, B area, Class 2 height district, used and occupied since 1929: Cellar—boiler room and non-storage garage, 1 person; 1st floor—gasoline service station, non-storage garage and office, 4 persons; 2nd, 3rd and 4th floors—non-storage garage, 1 person per floor; 5th and 6th floors—vacant; proposed to be used and occupied without change, except that the 5th and 6th floors will be used as non-storage garage, 1 person each story. The building is provided with one interior 3 ft. 8 in. wide fireproof stairway, enclosed with fireproof construction, equipped with fireproof self-closing doors and leading from roof bulkhead direct to street; there is one fire escape on the Varick Street front, extending to roof by stair and to street by counterbalanced stair; window and door openings on course thereof will be made fireproof, self-closing; and

WHEREAS, Certificate of Occupancy #16082 issued February 1, 1930, upon completion of work under Alt. App. 647/29 permits the following use and occupancy: Cellar—non-storage garage and boiler room, 1 person; 1st floor—non-storage garage and gasoline station, 1 person, 120 lbs. liveload; 2nd, 3rd and 4th floors—non-storage garage, 1 person, 120 lbs. liveload; 5th floor—not to be occupied—120 lbs. liveload; 6th floor—not to be occupied—120 lbs. liveload, and contains the note: "Gasoline station separated from garage by brick walls"; and

WHEREAS, the applicant states the building was erected in 1901 and converted to a garage in 1929; that when the building was altered, all floors were reinforced so as to sustain a liveload of 120 lbs. per sq. ft.; that the building has an elevator leading to all floors; that it is now proposed to occupy the 5th and 6th floors as a garage and to remove the present fire escape and erect a new Labor Law fire escape with a counterbalanced stair and doors leading from each floor to fire escape; that all wood floors will receive 2½ in. cinder concrete on wire lath and the ceilings covered with ½ in. plasterboards and 26 gauge metal; that the owner is willing to provide such additional safeguards as the Board may deem necessary; and

WHEREAS, the applicant states that Alt. App. 1538/53 was amended to show the floors being capable of sustaining a 75 lb. per sq. ft. liveload with 2000 lb. concentration and such amendment included the proposal to install 2½ in. of concrete on the existing floor beams, as indicated on plans filed with this appeal, and such amendment has been accepted by the examiner.

Resolved, that the decision of the Borough Superintendent, acting on Alt. Applic. 1538/53, Objections 1 and 2, be and it hereby is *modified* and that the appeal be and it hereby is *granted* to permit the building to be occupied throughout, as proposed, as a garage and as indicated on plans filed with this appeal marked "Received November 9, 1953" (3 sheets), "February 1, 1954" (2 sheets), "February 3, 1954" (1 sheet), and "February 16, 1954" (1 sheet), *on condition* that the building shall in all other respects meet with the requirements of all laws and rules relating to the building and occupancy and shall be maintained as proposed, including an exterior labor law type of fire escape with counterbalanced stairway as proposed and shown with access to such fire escape from each floor; that the floors and ceilings shall be protected as proposed with cinder concrete as shown on plan filed marked "Received February 16, 1954"; that there shall be installed throughout the building a sprinkler system complying with the requirements therefor with not less than one source; that such sprinkler system shall have 15 lbs. per sq. in. pres-

MINUTES

sure at the highest outlet and shall have a siamese on both street fronts.

854-53-A

APPLICANT—Lama, Proskauer and Prober, for Clarmin Realty Co., Inc., owner (Clarendon Laboratories, lessee).

SUBJECT—Application November 30, 1953—Appeal from a decision of the borough superintendent.

PREMISES AFFECTED—2163-2165 Clarendon road and 1133 Flatbush avenue, northeast corner (2nd floor); (Block 5165, Lot 58), Borough of Brooklyn.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated November 12, 1953, on Alt. App. 4242/53, reads:

"1. Means of egress to comply with the following:

(a) 6.2.1 as to width of doors

(b) 6.4.1.2 as to width of stairs

(c) 6.4.1.4 as to treads & risers & the prohibition of winders

(d) 6.4.1.8.1 as to enclosure & protection of openings."

and

WHEREAS, the applicant states the building is 3 stories, 34 feet in height, 22 ft. 7½ in. by 95 ft. 6¾ in. irregular in depth, of Class 3 construction, erected in 1904 on a lot 22 ft. 7½ in. front by 100 ft. 4¾ in. irregular in depth, in a business use, C area, Class 1¼ height district, used and occupied since 1943: Cellar—ordinary storage and boiler room, 0 persons; 1st floor—stores; 2nd floor—laboratory and one family, 8 persons; 3rd floor—two families, for which the applicant states no certificate of occupancy has been issued; and proposed to be used and occupied as follows: cellar—same; 1st floor same; 2nd floor—laboratory for medical analyses of urine, blood, premarital and pregnancy—8 persons; 3rd floor—dwelling, two families. The building is provided with two interior wood stairs, 2 ft. 6 in. wide, enclosed in plaster partitions with wood doors; stairhall leads direct to street and to roof bulkhead; doors to stairs from 2nd floor will be made self-closing; in addition there are two fire escapes on the front, extending to street by ladder; window and floor openings on course thereof are not fireproof, self-closing; and

WHEREAS, the applicant states that site is developed with two buildings erected in 1904 under NB 940/04 having a frontage of 22 ft. 7½ in. on Flatbush avenue and a depth of 95 ft. 6¾ in. on Clarendon road, three stories in height, of Class 3 construction, for which no certificate of occupancy has ever been issued; and

WHEREAS, the applicant states that under N.B. App. 940/04, the following use and occupancy was established legally: Cellar—storage and boiler room; 1st floor—stores; 2nd floor—one family dwelling each building; that the present use and occupancy is as follows: Cellar—storage and boiler room; 1st floor—stores; 2nd floor—laboratory and one family; 3rd floor—one family each building; and

WHEREAS, the applicant states it is proposed to combine the two buildings on the 2nd floor, extending the present laboratory by cutting a new 6 ft. wide opening in the present brick wall separating both buildings; and

WHEREAS, the applicant contends that the buildings are now equipped with two interior wood stairways, each 2 ft. 6 in. wide, enclosed with lath and plaster partitions, these stairs lead to a roof bulkhead and direct to the street; that each building is also equipped with a Multiple Dwelling Law

fire escape; that it is proposed to install one new Multiple Dwelling Law balcony at the second floor and a new sliding drop ladder to the street; and

WHEREAS, the applicant contends that the second floor will have four means of egress and its occupancy will not exceed eight persons and will be used as a laboratory for the medical analyses of urine, blood, premarital and pregnancy tests; that this is a non-hazard use; that only one 3 ft. wide stair would be required for this type of occupancy and the building is provided with two 2 ft. 6 in. wide stairways in addition to the fire escapes, acting as secondary means of egress; that the stairhall on the 2nd floor is provided with one 2 ft. 4 in. wide and one 2 ft. 6 in. wide door and only one 3 ft. wide door would be required; that inasmuch as the occupancy is small and there are two sets of stairways, the winders are not hazardous; that the stairs are now enclosed with partitions of wood studs, wood lath and plaster and will be maintained in good repair and both stairs are now separated by the present brick wall; that the present hall doors on the second floor will be made self-closing and such portable fire fighting apparatus will be installed as directed by the Fire Commissioner; and

WHEREAS, plans filed with this appeal indicate that all stairhall partitions and ceilings will be of wood, lath and plaster; that all interior stairs are of wood, soffits, wood lath and plaster; that stairs will have 8 in. risers and 9 in. treads; that all hall doors are of hard wood; that where the winders occur in the stairs they have a 9 in. average tread.

Resolved, that the decision of the Borough Superintendent, acting on Alt. Applic. 4242/53, Objection 1, be and it hereby is *modified* and that the appeal be and it hereby is *granted*, to permit the continuation of the existing stairways and proposed fire escapes on the Clarendon road side of the building, as shown on plans filed with this appeal, marked "Received March 24, 1954" (3 sheets) *on condition* that the occupancy of the building shall remain as proposed and that the laboratory throughout the second floor shall have not over five persons in connection therewith; that at the proposed new opening, 6 feet wide, between the existing buildings there shall be a self-closing shutter of a type as approved by the Board; that the building shall not be increased in height or area and in all other respects shall comply with all laws, rules and regulations applicable thereto; that there shall be no inflammable or combustible liquids on the premises in connection with such laboratory, except in such quantities as approved by the Fire Commissioner and subject to a permit issued by him and such portable fire fighting appliances shall be maintained as the Fire Commissioner shall require; that this variance shall continue only so long as the conditions herein cited are continued.

"Proposal to create a show window and doors in public corridor require that installations be in compliance with 6.3.1. B.C."

and

WHEREAS, the applicant states that the building is 20 stories, 265 ft. in height; 254 ft. front on West 27th street, 105 ft. 8¼ in. on Broadway, and 62 ft. 3½ in. on Fifth avenue, of fireproof construction, erected 1914, located in a business use, B area, Class 1½ height district, and used and occupied since 1914 as follows: cellar, boiler room; basement, storage and stores, 25 persons; 1st floor, stores and showrooms, 100 persons; mezzanine, store and showrooms, 35 persons; 2nd to 20th floors, stores, offices and showrooms, 75 persons each floor; no change in use or occupancy is now proposed; that the building is equipped with an approved standpipe system, an approved two-source sprinkler system throughout, and is provided with an A.D.T. fire alarm in cellar; that there is one interior stairs and there are three fire towers; that stairs are 3 ft. 9 in. wide of iron with slate treads, enclosed in terra cotta block, equipped with fireproof self-closing doors and leading from roof bulkhead direct to street, and one exterior stairway extending to roof by stair and to street by stair, with egress from its lower termination through the main lobby; that window and door-openings on the course of the exterior stairway are fireproof self-closing; and

WHEREAS, the applicant states that the building is entirely sprinklered and it is proposed to install a 3-hour rolling shutter in lieu of the 3-hour construction specified under Section 6.3.1 of the Administrative Building Code; and

WHEREAS, the applicant contends that it is desirable from a sales standpoint to have show windows with open backs so that the display of the entire store may be seen and it is felt that the proposed plan grants ample protection equivalent to that specified by the Code and at the same time allows a better display for the tenant.

Resolved, that the decision of the Borough Superintendent, acting on amendment to Alt. Applic. 49/53, dated December 7, 1953, be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that where new show windows are proposed opening on to the entrance hall, as indicated on plans filed with this appeal, marked "Received March 15, 1954" (2 sheets), such new proposed show windows in addition to those previously approved by the Borough Superintendent shall be protected as proposed by approved self-closing roller shutters; and that the fire-fighting equipment as cited shall be maintained to the satisfaction of the Fire Commissioner.

75-54-A

APPLICANT—Carmine T. Capria, for Good-Will Steam Laundry, Inc., owner.

SUBJECT—Application February 2, 1954—Appeal from a decision of the borough superintendent.

PREMISES AFFECTED—52-54 Grafton street, west side, 360.4 ft. north of Sutter avenue (Block 3512, Lot 70), Borough of Brooklyn.

APPEARANCES—

For Applicant: Carmine T. Capria.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated January 21, 1954 as to Alt. Applic. 4469-53, reads:

"3. Provide two stairs for mezzanine complying with all requirements of Sec. 270 Labor Law."

and

WHEREAS, the applicant states the building is one story, 16 ft. 2 in. in height, 50 ft. by 53 ft. 7 in. in area, of class 3

construction, erected 1914, located on a lot 50 ft. front by 53 ft. 7 in. in area, in a business use, C area, class 1 height district, and used and occupied since November 1931 as follows: 1st floor, laundry—16 persons; mezzanine, laundry—6 persons; that no change in use or occupancy is now proposed; that the building is provided with one 44 in. wide interior, unenclosed metal stairway; and

WHEREAS, Certificate of Occupancy #66856 was issued February 27, 1932 upon completion of work under Permit No. 291-31 and permits the building to be used and occupied as follows: cellar—boiler room; 1st floor—steam power wet wash laundry; and this certificate contains the note "Remove baking ovens to rear of building and convert same into boiler; occupancy changed from stores and bakery"; and

WHEREAS, the owner was convicted and fined in Municipal Term, Magistrates' Court, October 21, 1953 on a charge of violation of the Administrative Code; and

WHEREAS, violation #2873-53 was issued August 28, 1953 for violation of Section 270 and Section 272 of the Labor Law in that there is only one means of egress from the mezzanine floor; that exit signs were not provided and unobstructed passageway to exits not provided, and this violation contains the note, "Hazardous condition"; and

WHEREAS, the applicant states that the premises were altered to their present condition in July 1931 by installing the mezzanine as shown on plans of existing conditions, and laundry machines and equipment were added and the use of the building was changed to a high pressure laundry, for which the present certificate of occupancy was issued; and

WHEREAS, the Board is in receipt of a certificate from the Borough Superintendent dated February 5, 1954 certifying, pursuant to section 668, subdivision C of the Charter of the City of New York, that a stay on the prosecution of violation #2873-53 would in his opinion cause imminent peril to life; and

WHEREAS, the applicant states that the mezzanine has one means of egress which was accepted as complying with the Labor Law in force at the time of the issuance of the present certificate of occupancy; that the owner was notified by the Borough Superintendent in 1953 that the Labor Law now requires two means of egress from the mezzanine, and the owner was subsequently fined for failure to comply; that the owner engaged an engineer to prepare and file plans with the Borough Superintendent proposing to install a fire escape at the front of the building leading from the mezzanine to the sidewalk as a secondary means of egress; that the Borough Superintendent refused to accept the fire escape as a secondary means of egress, stating that the egress must lead from the mezzanine to the 1st floor inside of the building to comply with section 270 of the Labor Law; and

WHEREAS, the applicant contends that it would be impossible to provide a second stairway from the mezzanine without losing the use of two shirt pressing machines of the five machines now located on the mezzanine, and would also lose the use of part of the area below the mezzanine now used as a packing area; that to be compelled to comply strictly with a law that did not affect the building when the use was commenced would create a hardship by forcing the owner to lose the use of two machines which would possibly force him out of business; that the proposed fire escape would lead to the sidewalk 9 ft. below and require only one run of stairs; that the mezzanine is approximately 650 sq. ft. in area and accommodates 6 persons; and

WHEREAS, the applicant requests the Board to modify the requirements of the Labor Law so as to permit the erection of a fire escape as indicated on plan of proposed conditions as filed with this appeal, as a secondary means of egress from the mezzanine, as the proposed fire escape will in no way lessen the safety of the employees on such mezzanine; and

WHEREAS, a committee of the Board made an inspection of the building and area.

Resolved, that the Board of Standards and Appeals does hereby make a *variation* in the requirements of the Labor Law as cited in a decision of the Borough Superintendent, as to and that the decision be and it hereby is *modified* and

MINUTES

that the appeal be and it hereby is *granted* as to Objection No. 3, *on condition* that the second means of exit shall be an additional stairs from mezzanine leading to the street as indicated on revised plans marked "Received April 15, 1954" (3 sheets); that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; that the building shall not be increased in height or area; that this variance shall continue as long as the premises are occupied as at present.

141-54-A

APPLICANT—St. Vincent's Hospital of the City of New York, owner.

SUBJECT—Application February 19, 1954—Appeal from a decision of the fire commissioner.

PREMISES AFFECTED—7-15 7th avenue, east side, 43 ft. south of West 12th street (1st floor); (Block 607, part of Lot 1), Borough of Manhattan.

APPEARANCES—

For Applicant: Andrew Mornaghine and William J. Frank.

For Administration: Lieut. John P. Manfredi, Fire Dep't.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, the decision of the Fire Commissioner dated February 17, 1954, reads:

"Replying to your letter of February 16th regarding reissuance of the Fire Commissioner's objections relative to a proposed air conditioning installation in St. Vincent's Hospital Clinic Building, please be advised that this Department does not reissue violations.

However, we understand that the Board of Standards and Appeals will accept this letter in lieu thereof.

We repeat the objections as issued on January 7, 1954:

'Your letter of January 6th relative to a proposed air-conditioning installation in St. Vincent's Hospital Clinic Building, has been received and is hereby acknowledged.

Please be advised that this department cannot grant approval for a direct method of air conditioning in a hospital building unless the system is of the room cooling type, containing not over 4 lbs. of Freon. Your request to use a 9 lb. system between basement and 1st floor Eye Clinic must be denied as such an installation would be contrary to Rule 3 of the Freon Rules.'"

and

WHEREAS, the applicant states that the building is 6 stories and pent house, 87 ft. in height; 93 ft. 10½ in. front by 53 ft. 1 in. in depth, of class 1 construction; erected 1932, located on a lot 206 ft. 6 in. front by 337 ft. 6 in. in depth, in an unrestricted and residence use, B area, Class 1½ height district, and used and occupied since 1932 as a hospital; that the building is equipped with a standpipe system, and an interior fire alarm system; and

WHEREAS, the applicant states that it is proposed to install a 5 ton self-contained, package type, air conditioning unit, in the cellar of the Clinic Building of St. Vincent's Hospital within a fireproof machine room which will be used for no other purposes; that the unit will operate with Freon refrigerant and will be of a type approved by the Board as Chrysler Air Temp, 5 ton, self-contained, Unit Model #1005, as approved under Cal. No. 860-51-SA; that the supply of air will be conducted to the conditioned space on the 1st floor above the machine room by a system of duct work; that there will be no return air; that all air will be exhausted to the atmosphere by a separate exhaust unit; that all air to the air conditioning unit will be fresh air, directly from the outside through a separate duct.

Resolved, that the decision of the Fire Commissioner, dated February 17, 1954, be and it hereby is *modified* and that the appeal be and it hereby is *granted*, to permit the installation of the air-conditioning system using a Chrysler Air Temp machine as approved by the Board under Cal. No. 860-51-SA, provided such equipment is contained in a fireproof room in the cellar and is used only for air-conditioning the space on the first floor directly above used for eye examination and operating, as shown on plans filed with this appeal marked "Received April 2, 1954" (6 sheets) *on condition* that such system shall not be used for air-conditioning beyond the area now proposed and shown shall be maintained to the satisfaction of the Fire Commissioner with the amount and type of refrigerant as proposed.

ACTION OF BOARD—Laid over; date to be set; for further consideration by the Board for consideration at public hearing of revised rules.

Adjourned: 11:10 A. M.

JOSEPH J. DOYLE, *Chief Clerk.*

*CORRECTION

The minutes of the meeting of the Board of Standards and Appeals held on March 30, 1954, as they appeared in Bulletin No. 14, Vol. 39, are hereby corrected to read as follows:

816-53-BZ

APPLICANT—Paul Friedman, for Horace G. Fry, Frederick Doughty Wood and Maxwell R. Ginsberg, owners.

SUBJECT—Application November 16, 1953 (decision of the borough superintendent), under sections 7e, 7i, 7f, 7h and 21 of the zoning resolution, to permit in the local retail use, D area district portion of a plot located in a residence and local retail use, D and E-1 area district, the erection and maintenance of a structure to be used as an automobile showroom for authorized automobile dealer, office and storage of auto parts and accessories, including storage garage with gasoline tank and pump for dealer's use (no gasoline to be sold), motor vehicle repair shop and paint spray booth, using more than the area permitted; and to permit signs extending above top of roof beams and also on the side walls of pylon in the local retail use portion of plot, and to permit the parking of patrons' and employees' motor vehicles on unbuilt upon portion of plot (no fee to be charged).

PREMISES AFFECTED—218-25 Hempstead avenue, north side, 185.25 ft. east of 218th street (Block 10766, Lot 53 (53, 55 and 57), Queens Village, Borough of Queens.

APPEARANCES—

For Applicant: Paul Friedman and Peter J. Houser.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleiner and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on February 9, 1954 after due notice by publication in the Bulletin; laid over to March 16, 1954, for inspection and decision without further argument; applicant to submit information re excess coverage. The applicant amended his application by omitting Section 7, Subdivisions f and i, and relying on Subdivisions e and h, and Section 21, as to extension of area of the building only; and also withdrew from the application his request relating to the pylon sign above the roof, so as to omit such sign, which was passed on by the Borough Superintendent under Electric Sign No. 791-53 and 793-53; then to March 23, 1954, at request of the applicant, for his consideration as to revision of plans; then to March 30, 1954, for further consideration; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and 218th street are in residence and local retail use, D and E-1 area, class ½ height districts; Hempstead avenue is in a local retail use, D area, class ½ height district; and

WHEREAS, the decision of the borough superintendent, dated October 30, 1953 acting on N.B. Applic. 3042-53, and superseded by N.B. Applic. 3042-53 dated January 8, 1954 reads:

"1. The use of the premises located partly in a local retail use district and partly in a residential district for the erection of a structure to be used as Motor Vehicle repair shop with paint spray booth incident to authorized dealers use (including storage garage for more than five motor vehicles) is contrary to Art. II sec. 4-C B.Z.R.

2. The use of the premises located partly in a local retail use district and partly in a residential use district for the free parking of more than 5 (five) motor vehicles for patrons and employees is contrary to Art. II Sec. 3 and Art. II Sect. 4-C B.Z.R.

3. The erection of a structure in a "D" area district occupying more than 55% of the plot is contrary to Art. IV Sect. 11(c) B.Z.R.

4. Signs extending above the top of the roof beams and a sign on the side wall of a pylon in a local retail district is contrary to Art. 2 Sec. 4c B.Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 150.03 ft. and 96 ft. frontage by 147.41 ft. in depth, irregular, presently vacant, except for bill boards; that it is proposed to erect a building, 150 ft. front by 94.80 ft. in depth, irregular, one story and mezzanine, 13 ft. 6 in. and 17 ft. in height, of class 3 construction, to be used as automobile showroom for authorized dealer's use, office, storage garage, and to permit parking of patrons' and employees' cars; and

WHEREAS, the applicant states that as of July 25, 1916 the portion of the property within 100 ft. of Hempstead avenue was in a business use district and the remaining portion in a residence use district; that the present local retail use designation became effective January 21, 1947; that the present height and area designations became effective June 30, 1952 and no zoning amendment relating to this property is pending at the present time; and

WHEREAS, the applicant contends that the premises is vacant except for a billboard sign on the easterly end of the Hempstead avenue frontage for which permit No. 3412-37 was issued on August 25, 1937; that no violations are pending; that it is proposed to remove the bill board sign and to construct within the local retail use, D area district a building to be used for the conforming uses of automobile showroom for authorized dealer's use with incidental offices and storage of auto parts and accessories, including gasoline tank and pump for dealer's use (no gasoline to be sold), and for the non-conforming uses of motor vehicle repair shop and paint spray booth incident to authorized dealer's use, including storage garage for more than five motor vehicles, and occupying an area in excess of the limitations for a D area district; that it is also proposed to use the premises in the rear of the building for the free parking of more than five motor vehicles for patrons and employees; that no curb cuts or entrances or exits are proposed for the 101st avenue frontage, which would be enclosed by a 6 ft. high cyclone fence within which would be a 3 ft. wide seeded and landscaped area protected by a 6 in. concrete curb; that it is also proposed to maintain signs as shown on plans filed with this application; and

WHEREAS, the applicant further contends that the proposed motor vehicle repair shop incident to authorized automobile dealer's use is much less objectionable than the usual motor vehicle repair shop from the points of view of noise, odors and other manner of operation; that automobile manufacturers customarily require authorized automobile dealers to maintain service stations for servicing automobiles sold by them, and the efficiency of a dealer's operation is increased by maintaining all facilities at one location; that at present, Houser Buick, Inc. maintains its automobile showroom at 215-26 Jamaica avenue and its motor vehicle repair shop and used car lot at 215-02 Jamaica avenue; that the separation of these facilities and their inadequate size make efficient operation impossible and fail to provide adequately for off-street free parking for patrons and employees; that the proposed storage garage for more

MINUTES

than five motor vehicles will not be used as a general public garage; that the proposed building represents the minimum dimensions necessary to provide adequately for the facilities necessary to be maintained; that efforts to acquire the adjoining lot 60 have been unsuccessful; that the building would be located entirely within a local retail use and D area district and would not deprive neighboring owners of light and ventilation; that the land cannot yield a reasonable return if it is developed in a conforming manner; that the plight of the owners is due to unique circumstances and not to the general conditions of the neighborhood; that the proposed construction will not alter the essential character of the neighborhood; and

WHEREAS, the applicant states that as to the signs on the facade of the building (E.S. Applics. 792 and 794-53), the mezzanine arrangement brings these signs into unavoidable technical violation of Art. II, section 4-c, although the spirit of the law appears to be complied with; that as to the signs on the side walls of the pylon (E.S. Applics. 791 and 793-53) it is proposed to construct a sheet metal backing extending from the rear of the pylon a distance of 12 in. from each side thereof, so that the signs will not reflect to the rear, thus causing no inconvenience to property owners on 101st avenue yet permitting the owner to maintain signs in conformity with the modern trend for structures of this kind; and

WHEREAS, the premises and the surrounding area were inspected by a committee of the Board; and

WHEREAS, the applicant withdrew that part of this proposal as to a pylon sign above the main roof and amended the sections under which the application is based to section 7, subdivisions e and h and 21 and agreed to erect a masonry wall at the rear on lot lines; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions e and h of the zoning resolution, as to use, and that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21, and is therefore entitled to relief, as to area, on the grounds of unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use and area district regulations of the zoning resolution and that the application be and it hereby is *granted* under Sections 7e and h, as to use and Section 21 as to area, to permit the building as proposed to be occupied for the use proposed and for the rear portion of the premises within the residential district to be used as proposed in connection with this use, as indicated on plans filed with this application, marked "Received January 8, 1954" (8 sheets); that the building

shall be occupied only as proposed as an authorized automobile agency and for the uses proposed in connection therewith; that the rear portion of the premises shall be used only for the parking of motor vehicles belonging to patrons and employees of this agency, no fees to be charged, and for storage of such cars dealt in by the agency, *on condition* that the buildings shall comply in all other respects with the requirements of the Building Code and shall not be increased in height or area beyond what is proposed and shown; that there shall be erected on the lot lines to the north within the residential use district a masonry fence not less than 5 ft. 6 in. in height, properly coped and with no openings therein; that all entrance and exit to such portion of the premises shall be through the building facing Hempstead avenue, as proposed; that repairs may be permitted customary for such a sales agency within the building, including greasing and the proposed spraying of motor vehicles, *on condition* that the ventilation of the spray area shall be carried to the roof and across same to exhaust at a point near Hempstead avenue; that there may be a gasoline pump maintained within the building at the point shown toward the rear with a 550-gallon gasoline storage tank buried in the rear yard; that such gasoline supply shall be solely for the use of this building and not for sale to passing vehicles; that signs shall be restricted to a permanent sign attached to the building excluding all temporary signs and roof signs; that such signs on the building shall be in accordance with similar signs as permitted for a building in a restricted retail district and may be located as shown, *but not extending above the parapet on the Hempstead avenue front*; that parking under section 7h may be for a term of ten (10) years from the date of this resolution and the uses and area coverage herein permitted under sections 7e and 21 may be for a term of twenty (20) years; that the unbuilt upon portion of the site, including the portion in the residence district, shall be properly paved; that such fire-fighting equipment shall be maintained as the fire commissioner shall direct; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable to the construction and occupancy other than as amended this day by resolution adopted under Cal. 817-53-A; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution and a certificate of occupancy shall be obtained.

* Correction—The sections of the zoning resolution under which this application is predicated are corrected to read Section 7, subdivisions e and h and Section 21; and that portion of the resolution referring to signs, corrected by the insertion of additional words, as indicated in *italics*.

PUBLIC HEARINGS

Tuesdays at 10 a. m. to 2 p. m.

Special meetings as published in this Bulletin.

All hearings are held in Room 1013, Municipal Building,
Borough of Manhattan.

HOURS OF CONSULTATION

10 A. M. to 1 P. M.

Any person desiring to consult the chairman or the
engineers, pertaining to the work of the board, will be
seen only between the hours of ten in the morning and
one in the afternoon—Saturdays excepted.

NOTICE TO APPELLANTS AND APPLICANTS

No appeal or application will be entertained in connection
with which court proceedings are pending or in progress,
unless exception is granted by the chairman, nor accepted
which is not filed within thirty days from the date of the
action of the Administrative Official.

Any communication purporting to be an appeal or appli-
cation shall be regarded as a mere notice of intention to seek
relief until it is filed on the form required by the rules of
this board.

Upon receipt of any such communication the writer will
be supplied with the official forms for presenting his appeal
or application.

At the time of filing an appeal or application, the appel-
lant or applicant shall forward a signed notice of appeal
addressed to the administrative official either borough super-
intendent of buildings or fire commissioner and file with
this board a duplicate of said notice.

Appellant and applicants are advised that their plans must
indicate the points of the compass so as to establish the true
location and position of the property, the subject of the
appeal or application.

Appeals and applications will be simplified and disposition
of the same expedited by conforming to these directions.

HARRIS H. MURDOCK, *Chairman*

and 67-02 Juno street, southeast corner; 66-82 to 66-102
Selfridge street and 67-03 to 67-13 Kessel street (Block
3183, Lot 2), Forest Hills, Borough of Queens.

APPEARANCES—

For Applicant: Joseph C. Haus and C. L. Schley.

For Opposition: William E. Frost, James A. Scileppi,
Jeanne Kaller, Cecele B. Silverstein, Morris E. Silver-
stein, Sadie Stern, Sid Stern, Flora Goldberg, P. W.
Brand, W. H. Bradshaw, Theodore Fereance, Elso
Frost and Simon Fried.

For Administration: Samuel L. Becker, Dep't of Housing
and Buildings and John J. Saunders, B'd of Education.

ACTION OF BOARD—Laid over to May 25, 1954, at 10
A. M. for inspection and decision; hearing closed.

636-53-BZ

APPLICANT—Kenneth W. Milnes, for Lester W. Sofield,
owner.

SUBJECT—Application September 4, 1953—(decision of
the borough superintendent) under section 7f of the zon-
ing resolution, to permit in the business use district, the
erection and maintenance of a gasoline service station,
lubritorium, car wash and office, for a term of fifteen
years.

PREMISES AFFECTED—700 Post avenue, southwest
corner of Clove road (Block 227, Lot 74), West Brighton,
Borough of Richmond.

APPEARANCES—

For Applicant: Kenneth W. Milnes.

For Opposition: Vincent K. Drury and Joseph Furlong.

For Administration: Samuel L. Becker, Dep't of Housing
and Buildings and John J. Saunders, B'd of Education.

ACTION OF BOARD—Laid over to May 11, 1954, at 10
A. M. for further consideration.

641-53-BZ

APPLICANT—Norman Lederer and Leonard Joseph, for
James Ciccarelli, owner.

SUBJECT—Application September 3, 1953—(decision of the
borough superintendent) under section 21 of the zoning
resolution, to permit in a residence use district, the erec-
tion and maintenance of a garage for more than five fuel
oil trucks belonging to the owner.

PREMISES AFFECTED—359 Beach 85th street, west
side, 224 ft. north of Beach Channel drive (Block 567, Lot
100), Arverne, Borough of Queens.

APPEARANCES—

731-30-BZ—Vol. III

APPLICANT—Ingram S. Carner, for Morris Rosenberg, owner.

SUBJECT—Application October 27, 1953 (decision of the borough superintendent), under sections 7c and 7i of the zoning resolution, to permit in a business use district, the reconstruction and extension of accessory building on existing gasoline service station, to be used as a lubritorium, car wash, motor vehicle repairs, storage and sale of accessories and office, and to permit rearrangement of curb cuts, storage tanks and dispensing pumps (previously granted by the Board—never built).

PREMISES AFFECTED—193-203 Central avenue, 1288-1294 Myrtle avenue, southeast corner and 107 Stockholm street (Block 3244, Lots 4 and 6), Borough of Brooklyn.

APPEARANCES—

For Applicant: Ingram S. Carner.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. III on November 4, 1953 subject to regular procedure, to consider revised proposal; and

WHEREAS, a public hearing was held on this application on April 27, 1954 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Central avenue, Myrtle avenue and Stockholm street are in a business use, B and C area and class 1 and 1½ height district; and

WHEREAS, the decision of the borough superintendent, dated October 26, 1953 acting on amendment to N.B. Applic. 649-52, reads:

"1. Rearrangement of bldg. & curb cuts deviates from approval of BSA and reconstruction is contrary to Art. 2, Sec. 4a, sub. 29 & 46 of BZR."

and

WHEREAS, the applicant states that the premises consist of a plot, 109 ft. frontage by 83 ft. ½ in. in depth, on which is located a gasoline service station with a small accessory office and open grease pits; that adjacent to this existing gas station is an existing one story frame store which is being utilized for the storage of auto accessories; that it is proposed to raze the existing buildings, properly fill the cellars and erect a modern one-story accessory building to be used as a lubritorium, office, car washing, minor repairs and the storage and sales of auto accessories; that it is further proposed to install two pump islands consisting of two gasoline pumps each, to be set back a minimum of 10 ft. from the building line; that it is further proposed to install three additional approved type 550-gallon storage tanks in addition to the five existing 550-gallon storage tanks to make a total of eight; that it is also proposed to install one 550-gallon refuse oil tank, two hydraulic lifts and one grease pit, with proper mechanical ventilation; that two 30 ft. curb cuts are proposed for Central avenue and one 15 ft. and one 25 ft. curb cut respectively are proposed for Myrtle avenue; that the gas station area will be concrete or tarvia paved; and

WHEREAS, the applicant contends that both Central and Myrtle avenues are busily trafficked thoroughfares and the

MINUTES

existing gas station, in its present size and form, is unable to properly service its customers; that the new structure and arrangement as proposed will do away with the existing dilapidated buildings and will present a more feasible method of operation, in addition to enhancing the appearance of the neighborhood; and

WHEREAS, the premises have previously been inspected by a committee of the Board in connection with the prior application in 1952; and

WHEREAS, it is proposed to make minor changes and rebuild an existing building on the plot with a new accessory building without any increase in the size of the plot as previously approved.

Resolved, that the Board of Standard and Appeals does hereby *amend* the resolution adopted on December 9, 1952, by adding thereto:

"* * * that changes in the arrangement of the premises and curb cuts may be permitted as now indicated on plans filed with this application marked 'Received October 27, 1953' (4 sheets), *on condition* that in general the resolution as adopted by the Board on December 9, 1952, where not inconsistent with these revised plans shall be complied with; that all permits shall be obtained and all work completed within the requirements of Section 22A of the zoning resolution."

924-50-BZ—Vol. II

APPLICANT—Kitzler and Nurick, for Abraham Bell, President of Speed-O-Mat Car Wash Corporation, owner of Lot 70 and Abraham Bell, President of Kathleen Court Realty Corporation, as owner of Lot 72.

SUBJECT—Application July 3, 1953 (decision of the borough superintendent), under sections 7f, 7h, 7i and 7A of the zoning resolution, to permit, for a term of fifteen years, in the business use portion of plot located in a residence and business use district, the erection and maintenance of a gasoline service station, lubritorium, motor vehicle repairs and office, with show windows nearer to residence use district than is permitted; and to permit the parking of more than five motor vehicles in conjunction with an existing auto laundry.

PREMISES AFFECTED—2784-2806 Coney Island avenue and 741-751 Kathleen court, northwest corner, and 744-754 Gerald court (Block 7224, Lots 70 and 72), Borough of Brooklyn.

APPEARANCES—

For Applicant: Henry J. Nurick.

For Opposition: George Ross.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings and John J. Saunders, B'd of Education.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on October 20, 1953 subject to regular procedure, to consider new substantial facts; and

WHEREAS, a public hearing was held on this application on March 30, 1954 after due notice by publication in the Bulletin; laid over to April 27, 1954; the applicant has filed a correct affidavit as to ownership; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Kathleen court and Gerald court are in residence and business use, D area, class 1 height districts; Coney Island avenue is in a business use, D area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated June 10, 1953 acting on N.B. Applic. 75-53 and superseded by N.B. Applic. 75-53 dated December 8, 1953, reads:

"1. Proposed gasoline station, lubritorium, minor motor vehicle repairs, hand tools only, and parking for

more than 5 motor vehicles in conjunction with existing auto laundry constitutes extension of a nonconforming use in violation of Article II, P. 6 of the Zoning Resolution and Article II, P. 4a subsections 15, 29 and 46 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 200 ft. 8 $\frac{3}{8}$ in. frontage by 100 ft. 4 $\frac{3}{8}$ in. in depth, on which is located on lot 70 an auto laundry 40 ft. 8 $\frac{3}{8}$ in. front by 75 ft. in depth, irregular, one story in height, used as an auto laundry for which certificate of occupancy No. 22974 has been issued, and on lot 72 is a parking lot and a used car lot for which certificate of occupancy No. 135098-51 has been issued; that it is proposed to eliminate the exit from the laundry on Gerald Court (previously required to be eliminated) and restore the curb; that parking is to be for cars awaiting service in the laundry and the curb cuts will be on Coney Island avenue only; that on the balance of the block, 120 ft. by 100 ft., which is vacant, up to Kathleen court, it is proposed to erect a gasoline service station; that the building will be of colonial design with face brick and a hip roof, covered with plastic slate shingles; that there will be a brick wall of face brick on the building line of Kathleen court; that there will be a grass plot between Kathleen court and the station building and the entire area of the gasoline station will be paved with tarvia; that the operation of the gas station and the laundry will be under one control; and

WHEREAS, the applicant contends that Coney Island avenue is a very busy thoroughfare, 100 ft. wide, having trolley tracks and extending from Prospect Park to Coney Island, a distance of approximately 10 miles; that on the west side of Coney Island avenue, south of the proposed station, there is a one story building occupied by retail stores to Avenue Z and further south, there is a school playground and the ramp over the Belt parkway; that also on the west side of Coney Island avenue, north of Gerald court, is a three-story brick dwelling, stores and vacant land, a one-story brick store and a two-story dwelling at the corner of Avenue Y; that north of Avenue Y is a used car lot for an entire block; that on the east side of Coney Island avenue, opposite the site, is a lumber yard and brick warehouse, a one-story service building for batteries and ignition and a one-story building for the installation of auto glass and a two-story brick dwelling; that further south is vacant land and a one-story brick retail store building and a two story brick dwelling; that on the east side of Coney Island avenue going north is a two-story brick dwelling and vacant land to the corner; that the neighborhood generally, on both sides of Coney Island avenue and the residence portion of the neighborhood to the east and west, does not warrant conforming improvements at this time; that the erection of a gas station on a block having a non-conforming use will not deteriorate the neighborhood nor have an adverse effect on the value of the property; and

WHEREAS, the premises and area have been inspected by a Committee of the Board and the Board has taken full cognizance of the objections raised but believes that with the conditions as proposed that there will be no actual objection to the proposed gas station inasmuch as there are to be no entrances whatever to Gerald court or Kathleen court; and

WHEREAS, the applicant has filed a corrected affidavit of ownership showing that Abraham Bell, as President of the Speed-O-Mat Car Wash Corporation is the owner of lot 70 and that Abraham Bell as President of the Kathleen Court Realty Corporation is the owner of Lot 72; and

WHEREAS, it appears that the premises extend into the residence use district for a few inches; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions f, i, h, & A, of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the appli-

cation be and it hereby is *granted* under Section 7, Subdivision f, for a term of fifteen (15) years, to permit the construction of the proposed gasoline service station, within the business use area only, substantially as indicated on plans filed with this application marked "Received January 8, 1954, "5 sheets," *on condition* that all uses on the premises shall be removed except the existing auto laundry building on lot 70; that the premises shall be arranged substantially as proposed on plans as above cited; that the accessory building shall have no cellar and shall be arranged and designed substantially as proposed; that there shall be no windows opening on the rear lot line; that there shall be a brick wall not less than 5 ft. 6 in. in height along the rear line continuously from Kathleen court to Gerald court except where the rear wall of the proposed accessory building occurs; that a similar wall without openings therein shall be erected for the full building line of Kathleen court and also of Gerald court except where walls of laundry building are substantially on the building line; that street line walls may be reduced to a height of 4 ft. 6 in. within 10 ft. of the termination of the walls at the Coney Island building line; that the existing auto laundry may continue for the use as previously permitted, provided all signs are removed from the building on front and side walls and above the roof but permitting on the front of such building a new sign advertising the car washing; that the front of the building shall be refinished so as to add to its attractiveness; that signs on other portions of the premises to be occupied for gas station shall be limited to permanent signs attached to the facade of the accessory building and to the illuminated globes of the pumps, excluding all roof signs and all temporary signs but permitting the erection within the building line near the corner of Kathleen court of a post standard for supporting a sign which may be illuminated, advertising only the brand of gasoline on sale and permitting such sign to extend for a distance of not more than 4 ft. beyond the building line and in the direction of the building line of Kathleen court; that pumps shall be of a low approved type and shall be erected not nearer than 15 ft. to the street building line; that the number of gasoline storage tanks shall be restricted to eight (8) 550 gallon tanks; that planting where indicated shall be of suitable planting material and shall be properly maintained at all times and protected with curbing; that the curb cuts as proposed and as existing to Coney Island avenue, as shown on such plans, may be permitted; that there shall be no curbs to Gerald court or Kathleen court and any existing curb cuts shall be restored with curbing; that the balance of the curbing and sidewalks around the premises shall be repaired or restored to the satisfaction of the Borough President; that the balance of the premises shall be paved with concrete or asphaltic pavement; that such portable fire fighting appliances shall be maintained as the Fire Commissioner shall direct; that under Section 7, Subdivision i, there may be minor repairing with hand tools only for adjustments and maintained solely within the accessory building; that under Section 7, Subdivision h, for a term of ten years there may be parking and storage of motor vehicles having been serviced or waiting service and so located so as not to interfere with the other facilities of the premises; that under Section 7, Subdivision A, as it may be deemed to apply, there may be a show window as proposed, in the accessory building; that complete working drawings shall be submitted to the Board for further consideration and imposition of any additional conditions deemed necessary before further plans are filed with the Borough Superintendent; that such working plans shall be filed within two (2) months from the date of this resolution and after approval all permits shall be obtained, including a certificate of occupancy and all work completed within the requirements of Section 22A of the zoning resolution.

504-53-BZ

APPLICANT—Harold Bakerman, for Celia Bakerman, owner.

SUBJECT—Application June 29, 1953—re Application (decision of the borough superintendent), under section 21 of the zoning resolution, to permit in a residence use, E area district, the erection and maintenance of an accessory one car garage without the required set back from building line and without the required side yard.

PREMISES AFFECTED—573 Westminster road, east side, 128 ft. 6 in. north of Newkirk avenue (Block 5198, Lot 46), Borough of Brooklyn.

APPEARANCES—

For Applicant: Harold Bakerman.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Klei-
ert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 9, 1954 after due notice by publication in the Bulletin; laid over to April 27, 1954, for inspection and decision by Board; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a residence use, E area, class 1¼ height district; Westminster road is in residence and business use, E area, class 1¼ height districts; Newkirk avenue is in a business use, E area, class 1¼ height district; and

WHEREAS, the decision of the borough superintendent, dated June 3, 1953 acting on N.B. Applic. 611-53, reads:

"1. Proposed bldg. (1 car garage) located within the 10 ft. required setback from bldg. line within an E area district is contrary to Art. 4 Sect. 15d of the zone resolution.

2. Proposed bldg. located within required side yard in an E district, is contrary to Art. 4 Sect. 15a of the zone resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 57.2 ft. frontage by 100 ft. in depth, irregular, on which is located a two-story and attic frame and stucco dwelling; that it is proposed to erect a one-car garage at the front of the lot along the southerly lot line; and

WHEREAS, the applicant contends that along the entire southerly line of the subject property is the rear wall of a row of garages which serve the houses fronting on Newkirk avenue; that the existing garage is at the rear of the lot and at one point the driveway is so narrow, 6 ft. 6 in., that there is not sufficient space for a car to pass; that this driveway was built for narrower cars and before the erection of any structures on the south boundary; that it is proposed to place the garage on the southerly line of the property and to have the front of the garage at the building line; that there are two features which distinguish this plot—the irregularity, making for a very wide front and narrow rear and the wall along the southern boundary; that because of the front width, 57 ft., the further front the garage is placed the greater will be the distance between the house and the garage, and the side yard will therefore have greater width; that to place the garage further back would eliminate easy access from front to rear on the south side; that the existence of the wall on the southern boundary creates a situation where there will be no new projection caused by the erection of the garage, but the garage will blend into the existing situation; that the proposed plan will also permit of very attractive landscaping; that the purpose of the zoning regulations as applied to this application was to ensure a sufficient side area and that no structure project beyond a certain point; that because of the irregularity of the lot and the existing wall, this purpose is best served by placing the garage as proposed; and

WHEREAS, the premises and the surrounding area were inspected by a committee of the Board; and

MINUTES

WHEREAS, the applicant has filed revised plans showing the location of the proposed accessory garage off the building line; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the zoning resolution, and is therefore entitled to relief, as to area, on the ground of unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the area district regulations of the zoning resolution and that the application be and it hereby is *granted* under section 21, as to area, to permit the location of the proposed one car garage as indicated on plans marked "Received January 13, 1954," 4 sheets, as amended by revised plan marked "Received April 23, 1954," 1 sheet, *on condition* that the accessory garage building shall in all other respects comply with the requirements of the zoning resolution and all laws, rules and regulations applicable to the construction and use, and not nearer to the street line than shown on such revised plan; that the existing curb cut as indicated may be continued; that all permits shall be obtained and all work completed within the requirements of Section 22A of the zoning resolution.

842-53-BZ

APPLICANT—Maxfield Blaubeux, for Norma and Irma Gerystone, owners.

SUBJECT—Application November 25, 1953 (decision of the borough superintendent), under section 21 of the zoning resolution, to permit in a residence use, G area district, the demolition of existing one-car garage and the erection and maintenance of a two-car garage nearer to the side and rear lot lines than is permitted, and using more than the area permitted for residence and garage.

PREMISES AFFECTED—660 East 17th street, west side, 80 ft. 4½ in. south of Foster avenue (Block 5237, Lot 103), (rear building), Borough of Brooklyn.

APPEARANCES—

For Applicant: Maxfield Blaubeux and Max B. Weiner.
For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition.
THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on April 27, 1954 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, East 17th street and Foster avenue are in a residence use, G area, class 1¼ height district; and

WHEREAS, the decision of the borough superintendent, dated November 20, 1953 acting on N.B. Applic. 620-53, reads:

"1. Proposed garage within 5 ft. of side & rear lot lines within a 'G' area district is contrary to Art. 4 Sect. 16B of the zone resolutions.

2. Combined area of existing residence & garage will exceed allowable area within a 'G' district & violates Art. 4 Sect. 16B(e) of zone resolutions.

3. Proposed garage encroaches into required side yard as per Art. 4 Sect. 16B(c) of the zone resolutions."

and
WHEREAS, the applicant states that the premises consist of a plot, 50 ft. frontage by 100 ft. in depth, on which is located a one-family, two-story and attic, of frame construction, and a one-car accessory garage; that it is proposed to demolish the one-car garage and erect a two-car garage 18 ft. 4 in. by 22 ft., one story, 10 ft. in height, of class 3 construction; and

WHEREAS, the applicant contends that at the rear is a one-story cement block one-car garage (accessory use) erected in 1921 under N.B. Applic. 2734; that it is this rear garage only, standing near the north and west (rear) lot lines that is involved in this appeal; that the main building at the front will not be disturbed internally or externally; that this rear garage because of its position, which does not face East 17th street and is not in line with the present driveway at the south side yard creates an arduous task storing the car therein; that the driveway width is ample, but the difficult maneuver is in attempting to safely pass the rear corner of the main front building; that it is proposed to demolish the existing garage under separate application and permit from the Department of Housing and Buildings and to erect a one-story masonry two-car garage 18 ft. 4 in. by 22 ft. and 12 in. away from the west and south lot lines; that this new building will now face East 17th street and is in line with existing southside yard driveway; that the owners are fully aware that the new rear garage is in violation for a G area district with respect to lot area coverage, encroachment into side and proximity to lot lines; that, however, they feel that this appeal should be granted for the following reasons: that the area was changed from E to G as of July 28, 1939; that the owners feel this was somewhat unjust since they acquired these premises July 17, 1952 and were denied the privilege of voicing a protest in the public hearing changing the area district; that the street is of a quiet residential nature and they intend to maintain same in the future; that in approaching owners of adjoining lots, no one seems to object to the erection of this garage as their own block light and ventilation will not be obstructed as all adjoining garages are at the rear of the lots concerned; that if the new two-car garage were located 5 ft. from the side lot line, the existing available space would not permit the required 16 ft. width overhead door for a two-car garage and also, the same could not be placed entirely within rear yard as the necessary depth to enable to park cars within garage cannot be obtained; that because of this situation, the owners are forced to encroach on side yard and to locate this garage less than 5 ft. from the side lot line; that the existing one-story extension on the premises which will be adjacent to the garage has no window opening on side yard; and

WHEREAS, the applicant states that the area of present front building is 1665 sq. ft. and the area of the proposed garage building will be 403 sq. ft. for a total area of 2068 sq. ft.; that in a G area district, permissible area coverage for this particular lot at 35% is 1750 sq. ft., and the excess area coverage will be 318 sq. ft.; that the owners feel this extra space is not excessive in the sense that they are not going to use it for living purposes and over-occupy their lot; that it is intended utilizing this excess area for garage spaces only, restricted to a corner of the lot; and

WHEREAS, the applicant states that the owner has held title to the site since July 17, 1952 and further states the land is assessed at \$6,000 and the buildings at \$7,000 for a total of \$13,000, and were erected June 5, 1921; and

WHEREAS, the premises and the surrounding area were inspected by a committee of the Board; and

WHEREAS, a recent amendment by the Board of Estimate permits such garage as is here proposed to be constructed without being included in the area coverage of the lot; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the zoning resolution, and is therefore entitled to relief, as to area, on the ground of unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the area district regulations of the zoning resolution and that the application be and it hereby is *granted* under section 21, as to the requirement in connection with the side and rear lot lines, so as to permit the location and use of the proposed accessory two-car garage as indicated on plans filed with this application marked "Received November 25, 1953," 4 sheets, and "February 5, 1954," 1 sheet, *on condition* that the building shall not be erected nearer to the side lot line and rear lot

MINUTES

line than as indicated, and in all other respects shall comply with all laws, and rules relative to the building and occupancy as an accessory garage to the residence on the lot; that the existing garage at the northwest corner of the lot shall be entirely removed; that all permits shall be obtained, and all work completed within the requirements of Section 22A of the zoning resolution.

330-53-A

APPLICANT—Simeon Heller, for Estate of Raphael Tassi, owner (Express Service, Inc., lessee).

SUBJECT—Application April 22, 1953—Appeal from a decision of the borough superintendent.

PREMISES AFFECTED—45-47 Downing street, west side, 92 ft. 7½ in. south of Bedford street (Block 528, Lot 80), Borough of Manhattan.

APPEARANCES—

For Applicant: Simeon Heller.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, the decision of the borough superintendent, dated April 2, 1953 on Alt. Applic. 924-52, reads:

"2. Provide 2 lawful means of egress from each floor area as per Sec. 270 of Labor Law. Note: Statement of applicant that not more than 5 persons will be employed at manufacturing is not reasonable according to C26-273.0 Admin. Code, which is based on 60 sq. ft. per person. Plans filed indicate area available for manufacturing greatly in excess of 300 sq. ft."

and

WHEREAS, the applicant states the building is 3 stories, 45 ft. in height, 29 ft. 7½ in. front by 90 ft. irregular in depth, of fireproof construction, erected 1910, located on a lot 29 ft. 7½ in. front by 90 ft., irregular in depth, in a residence use, C area, class 1¼ height district, and used and occupied since 1913 as follows: cellar, garage; 1st floor, garage; 2nd floor, garage; 3rd floor, garage; proposed to be used and occupied as follows: cellar—general storage, no persons; 1st floor—garage for occupant's truck, general storage, shipping and baling, 5 persons; 2nd floor—general storage, shipping and baling, 7 persons; 3rd floor—general storage, shipping and baling, 5 persons; that the building is provided with one interior 3 ft. 6 in. wide concrete stairs, masonry enclosed, equipped with metal self-closing doors and leading from roof bulkhead direct to street, and one fire escape at the rear extending to roof by stair and to yard by stair; that egress from the lower termination of the rear fire escape is through adjoining yard; window and door openings on the course of the fire escape are fireproof, self-closing; and

WHEREAS, the applicant states that the building was erected under N. B. Applic. 1038-1913 for use as a public garage and at the time of its erection the Building Department and the Fire Department approved the fire escape in the rear as a secondary means of egress; that this fire escape exists and the applicant requests that it be permitted to continue to be used as a secondary means of egress for the new use; that the proposed use of the building will be mainly storage; that however, in connection with this storage, some of the merchandise delivered to the building must be repacked and recrated and the employees doing this repacking and recrating will be the only ones employed in the building except for two persons in the office area; that there will never be any more than 5 persons on any one floor; that the existing fire escape in the rear leads down to a fence and thence to an adjoining yard to which escape would be possible in case of fire; and

WHEREAS, the applicant contends that the existing front stairs leads direct to the street and are fireproof throughout; that no actual manufacturing operation, other than repacking and recrating, will take place in the building and in view of the proposed light occupancy, it is requested that the Board accept the exits as indicated on plans filed with this appeal.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the requirement of the Labor Law as cited in a decision in the Borough Superintendent, as to Alt. Applic. 924-52, Objection 2, and that the decision be and it hereby is modified and that the appeal be and it hereby is granted to permit the exits as proposed and as indicated on plans filed with this appeal marked "Received April 22, 1953," 4 sheets, on condition that a means of exit from the rear exterior fire stair shall be through the adjoining premises on lot 77 in accordance with permission filed at this hearing and dated February 4, 1954; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto, other than as modified by the Board under Cal. 743-52-BZ, by resolution adopted February 2, 1954.

Adjourned: 2:40 P. M.

JOSEPH J. DOYLE, Chief Clerk.

REGULAR MEETING

TUESDAY AFTERNOON, APRIL 27, 1954, 2 P. M.

Present: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors.

546-53-A

APPLICANT—Ingram S. Carner, for Schurmann Silk Dyeing Corp., owner.

SUBJECT—Application July 14, 1953—Appeal from a decision of the borough superintendent.

PREMISES AFFECTED—1022-1024 Myrtle avenue, south side, 81 ft. 1½ in. east of Sumner avenue (Block 1585, Lot 9), Borough of Brooklyn.

APPEARANCES—

For Applicant: Ingram S. Carner.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating 3

Negative: Deputy Chief Connors 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated June 22, 1953, on Alt. Applic. 1400/53 reads:

"1. Provide two legal exits from each floor including cellar, leading direct to street."

and

WHEREAS, the applicant states that the building is 2 stories, 32 ft. 6 in. in height, 40 ft. 6 in. front by 97 ft. in depth, of fireproof construction, erected in 1915 on a lot 40 ft. 6 in. front by 100 ft. in depth, in a business use, C area, Class 1 height district, used and occupied since 1930: Cellar—silk dyeing factory and storage, 2 persons; 1st floor—office, loading space, storage, and silk dyeing factory, 10 persons; 2nd floor—office, silk dyeing factory and storage, 6 persons, for which no certificate of occupancy has been issued. The building is provided with one interior stairway and one fire tower, each 3 ft. 8 in. wide, fireproof construction, 3-hour enclosed, equipped with 1½ hour self-closing doors; stair-hall leads direct to roof bulkhead but not to street. There are two fire escapes at rear extending to roof by stair and to yard by stair and ladder; there is no means provided for

MINUTES

reaching the street from the lowest termination of the rear fire escapes; and

WHEREAS, Exit Order #26/50 was issued by the Borough Superintendent November 20, 1950, for violation of Section 270 of the Labor Law in that exit conditions are inadequate, and directing that adequate exits be provided and plans filed for approval and application be made for certificate of occupancy for the existing use; and

WHEREAS, the owner was convicted and fined April 29, 1953, in Municipal Term, Magistrate's court on charge of violating Section C26-643.a-9.0 and Sec. C26-207.0 of the Administrative Code predicated on Section 270 of the Labor Law for failure to comply with Exit Order #26/50; and

WHEREAS, the applicant states the building was erected under N.B. 5139/15 and signed off February 19, 1917, as being completed for use as a beer bottling plant; that on March 5, 1917 the building was approved as a factory under Factory App. 1431/17; that the first floor was reinforced concrete and the second floor mill construction with approved live loads of 120 lbs. per square foot; and

WHEREAS, applicant states that under Alt. App. 8956/30, approval was granted to create new office in front and install new window and door at front and to install new brick stairs leading from grade to new office and the use was approved for a silk dyeing plant with a total occupancy of twenty (20) persons; that this approval was based on the prior factory approval of 1917; and

WHEREAS, the applicant contends that the premises have been continuously used for approximately 35 years by the same owner, the Schurmann Silk Dyeing Corporation; that on November 20, 1950, Exit Order #26 was issued; and

WHEREAS, the applicant contends that there exists one 3 ft. 8 in. wide fireproof stairs leading from roof to cellar and connected at all floors; that it is proposed that a second exit from the 2nd floor be permitted to be a Labor Law fire escape at the street front of the building as indicated on plans filed with this appeal; that on the first floor it is proposed to build a new 4 in. t.c. block partition and 3 ft. 8 in. passageway on the east wall leading directly to the prior approved platform and brick steps which, though the steps are only approximately 25 in. wide, the platform is less than 40 in. above the street; that in addition it is proposed that a new 4 ft. wide passageway be created on the west wall which will lead directly to the street. It is requested that the Board accept this passageway in fire-retarded construction, as to make the floor and ceiling fireproof would be a great practical difficulty; that in the cellar, which has a reinforced concrete ceiling and one fireproof stair enclosure, it is proposed to install a voluntary sprinkler system as it would create practical difficulty to install an additional stair; that the net area used for factory purposes in the cellar is approximately 1000 square feet and never has more than two employees at any one time; and

WHEREAS, the applicant contends that in view of the fact the owner realizes that the prior approval by the Department as to the fire escapes leading to the blind alley at the rear are inadequate, he now seeks an intelligent and practical solution to the problem by proposing the exits as shown on plans marked "proposed conditions" filed with this appeal.

Resolved, that the Board of Standards and Appeals does hereby make a variation of the Labor Law, as cited in a decision of the Borough Superintendent, acting on Alt. Applic. 1400/53, Objection 1, and that the appeal be and it hereby is *granted on condition* that the means of exit shall be provided for all floors, as proposed and as indicated on plans filed with this appeal, marked "Received July 14, 1953" (3 sheets) and amended plans marked "Received April 26, 1954" (2 sheets); that the building shall not be increased in height or area and in all other respects shall comply with all laws, rules and regulations applicable to the building and occupancy; that the exits as proposed on such plans and revised sheets above cited shall be maintained; that a sprinkler system shall be installed in the cellar and that a new certificate of occupancy shall be obtained.

98-54-A

APPLICANT—Howard H. Snyder, for Erwin Construction Corp., owner.

SUBJECT—Application February 10, 1954—Appeal from a decision of the borough superintendent.

PREMISES AFFECTED—24 West 58th street, south side, 325 ft. west of 5th avenue (5th floor); (Block 1273, Lot 51), Borough of Manhattan.

APPEARANCES—

For Applicant: Howard H. Snyder.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Klei-
ert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated January 26, 1954, on amendment to Alt. App. 2151/53 reads:

"1. Bldg. should be fireproof construction as it exceeds tabular height limit—4 stories or 50 feet—Sect. C26-254. B.C."

and

WHEREAS, the applicant states the building is 5 stories, 58 ft. 5 in. in height, 25 ft. by 100 ft. 5 in. in area at street floor, 25 ft. by 70 ft. in area at typical floor, Class 3 construction, erected in 1872 on a lot 25 ft. by 100 ft. 5 in. in area in a restricted retail use, B area, Class 1½ height district, used and occupied since 1924: Cellar—storage; 1st floor—store, 10 persons; 2nd floor—office, 15 persons; 3rd, 4th and 5th floors—dwellings, 1 family each; proposed to be used and occupied upon completion of alteration herein proposed as follows: Cellar—storage; 1st floor—store—15 persons; 2nd, 3rd and 4th floors—offices, 10 persons each; 5th floor—offices and one apartment, 10 persons. The building is provided with one 3 ft. 8 in. wide fireproof stair, enclosed in 2-hour partitions with 1½-hour fireproof, self-closing doors leading from roof bulkhead direct to street; and

WHEREAS, the applicant states that this appeal is for permission to use the fifth floor for offices and apartment purposes; and

WHEREAS, the applicant contends that the building is being completely renovated and a new fireproof stairway with 2-hour enclosure is being constructed from cellar to roof with fire-retarded passage to street; that the building is 5 stories, 58 ft. 5 in. in height and it would work a hardship on the owner not to be able to use the top story for office use; that all precautions are being taken to provide a safe occupancy for the building and it is therefore requested that this appeal be granted; and

WHEREAS, examination of the records of the Dept. of Housing and Buildings under Alt. Applic. 2151/53 indicates that a permit was issued on this alteration upon the filing of an amendment stating that the fifth floor will remain vacant and that on January 18, 1954, a revised specification sheet was filed showing the use of the 5th floor as now proposed and the objection herein appealed was issued on such amendment.

Resolved, that the decision of the Borough Superintendent, acting on amendment to Alt. Applic. 2151/53, Objection 1, be and it hereby is *modified* and that the appeal be and it hereby is *granted* to permit the building to be occupied as proposed and as shown on plans filed with this appeal marked "Received February 10, 1954" (6 sheets), *on condition* that the building shall not be increased in height or area and that in all other respects it shall meet the requirements of all laws, rules and regulations applicable thereto; that the apartment proposed on the 5th floor shall be used only by the occupant of the entire building in conjunction with the office space on the same floor.

THE VOTE TO REOPEN AND RECONSIDER—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4

Negative 0

THE VOTE TO GRANT—

Affirmative: Chairman Murdock, Commissioner Keating and Deputy Chief Connors 3

Negative: Commissioner Kleinert 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated March 3, 1954, on Alt. App. 4074/53, reads:

"1. Thickness of metal to comply with sec. 8-6-2-6 of Bldg. Code.

2. All compression members should not exceed 120 lbs. per sq. ft. per liveload as per sect. 7.4.5.2.1 B.C."

and

WHEREAS, the applicant states the building is one story in height, 22 ft. 2¾ in. by 27 ft. 9¼ in. in area, of Class 5 construction, erected in 1939 on a lot 47 ft. 6 in. front by 150 ft. in depth, in a business use, C area, Class 1½ height district; used and occupied since 1939: Cellar—storage and locker room; 1st floor—restaurant, 40 persons, for which Certificate of Occupancy #95308 was issued January 19, 1940, upon completion of work under N.B. Applic. 2690/39; and

WHEREAS, the premises are also used for the parking of employees' and patrons' cars, for which use no certificate of occupancy has been issued; and

WHEREAS, it is now proposed to extend the building to 39 ft. 2¾ in. by 32 ft. 1¾ in. in area, of Class 5 construction and use the altered building as a restaurant, 40 persons; and

WHEREAS, the applicant contends that although the thickness of the metal is not in accordance with the code for secondary members, the material to be used is fabricated from hot rolled carbon steel, copper bearing sheets; that the properties and resisting moment of each member are well within the requirements of the imposed loads; that strict compliance with the Code in this case would be unnecessarily harsh since the construction proposed will be of no different specification than that of the original building which was legally erected; that all structural members will receive a total of two coats of rust-resistant paint at the place of fabrication; that the system of construction employed consists of metal studs for all walls and partitions and metal joists for floor and roof construction; that these joists at present are of pressed steel of a cross-section developed by the owner and used in the construction of all the owner's buildings throughout the country; that the exterior and interior of the studs as well as the ceiling are covered with 20 gauge porcelainized metal sheets; that there is no wood in this construction except for cleats and fastening blocks; that the proposed work consists of the partial removal of present exterior walls on three sides of the building and the exterior of an extension on these three sides; that the construction to be employed in the extension is identical to that existing in the present building; and

WHEREAS, it is stated that the materials proposed for the extension are the same as to thickness as previously approved for the existing building; and

WHEREAS, the premises have been observed by the Board on many occasions since establishment of the present use.

Resolved, that the decision of the Borough Superintendent, acting on Alt. App. 4074/53, Objections 1 and 2, be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that in all other respects the addition to the building shall be as proposed and as indicated on plans filed with this appeal, marked "Received March 10, 1954" (11 sheets); that the building shall not be further increased in height or area; that in all other respects the building and use of the premises shall comply with all laws, rules and regulations applicable thereto; and that a new certificate of occupancy shall be obtained.

723-44-A—Vol. II
